Canadian Pacific Railway Company's Telegraph.

All Messages taken by this Company are subject to the following terms :

It is agreed between the sender of the following message and this Company that the said Company shall not be liable for damages arising from failure to transmit or deliver, or from any error in the transmission or delivery of an unrepeatable telegram, whether happening from negligence of its servants or otherwise, or for delays from interruption in the working of its lines, for errors in cypher or obscure messages, or for errors from illegible writing, beyond the amount received for sending same. To guard against error the Company will repeat back any telegram for an extra payment of one-half the regular rate, and in that case it shall not be liable for damages beyond fifty times the amount received for sending and repeating.

Correctness in the transmission of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon, at the following rates, in addition to the usual charge for repeating messages, viz.:—One per cent. for any distance not exceeding 1,000 miles, and two p.c. for any greater distance.

This Company shall not be liable for the act or omission of any other Company, but will endeavor to forward the telegram by any other Telegraph Company necessary to reaching its destination, but only as the agent of the sender, and without liability therefor. This Company shall not be responsible for messages until the same are presented and accepted at one of its transmitting offices; if a message is sent to such office by one of the Company's messengers, he acts for that purpose as the sender's agent; if by telephone, the person receiving the message acts therein as agent of the sender, being authorized to assent to these conditions for the sender. This Company shall not be liable in any case for damages unless the same be claimed in writing, within sixty days after receipt of the telegram for transmission. No employee of the Company shall vary the foregoing.

13th Sept. 1897

The ~~Deputy~~ ^{Sub} General
of Indian Affairs.
Ottawa.

Sir, Following up my telegram of this date in which I have said "When may I expect cheque Eleven hundred dollars Rejan Boarding School due Thirtieth June last." I wish to explain that that amount was authorized by the I.D. & to be spent on a new Boarding School. The School was commenced early in June, but delayed by floods etc. On 26th June copy of contract was sent to the Commissioner & on 6th July an application for a part of the money. On 21st July (2 weeks later) a request was received from the Commissioner for certified acrs. which it took to the 5th August to get owing to postal facilities not being particularly

good between here & Macleod. On the
16th August I received a letter from the
Commissioner stating that the last
day upon which payments were
made was 31 July & I was afraid
we would not get the money. but
states he has forwarded papers & and
had recommended payment.

I have been confidently expecting
to receive a cheque to cover the amount.
but at present it has not arrived.

The Contractor is waiting for his money.
The Church has already paid \$1200⁰⁰ on
acc. and we are not prepared to pay
more at present. I beg therefore to
appeal to you (the Bishop being absent in
England) to ~~see~~ see what you can do.

The total cost of the building & heating is
about \$3600⁰⁰. It is difficult enough for
us to find the \$2500⁰⁰ which we expected to
have to do without having to provide the \$1100⁰⁰
which is anyway impossible.

awaiting your reply.

I am, Sir, yours faithfully

J. W. Jones & address

PEIGAN AGENCY.

Indian Agent's Office,

September 18 1897

Sir,

In answer to your telegram
of the 16th inst. re. Church of England
Boarding School Peigan Reserve now
removed to Pincher Creek, I herewith
enclose voucher & statement signed by
Contractor and Rev. J. Hinckliffe
the missionaries in charge.

The Rev.
gentleman assures me that the
dimensions are exactly the same
as specifications which were a
Frame Building 70 x 26 ft. two stories
high.

The building is about complete
and is now occupied by Reverend
J. Hinckliffe, the teachers and pupils.

All the work done by the
Contractor is of a workman like
character.

I have the honor to be,

Sir

Your obedient servant

Dear Sir,-

I have to acknowledge the receipt of
your circular letter dealing with the danger of fire.

In reply I might state that the associ-
ated group of buildings which comprise the school proper
and old and antiquated. It is, therefore, my duty to
inform you that it is next to impossible to keep pails
of water on hand as there is no provision to keep the
water from freezing.

We have axes and fire extinguishers hung
at the most convenient points, but, in view of the
chemicals contained therein which has been on hand for
a number of years, would respectfully solicit a further
supply of these extinguishers from the Department.

Thanking you in anticipation.

Sir,—

I AM ATTACHING A LIST OF REPAIRS REQUESTED BY THE PRINCIPAL OF THE C OF E SCHOOL FOR THIS AGENCY.

I HAVE GONE OVER THE BUILDING THOROUGHLY AND AM CONVINCED THAT THE ESTIMATE IS IN NO WAY EXCESSIVE.

IF IT IS THE POLICY OF THE DEPARTMENT TO REPAIR THE BUILDING TO ENABLE THEM TO CARRY ON TILL A NEW SCHOOL IS BUILT I WOULD RECOMMEND THAT A GRANT OF \$1000.00 BE MADE TO DO THIS WORK, AS I AM CONVINCED THAT THE ENCLOSED ESTIMATE IS NOT SUFFICIENT TO COVER THE COST AS THE PRICES ARE BASED ON T. EATON CATALOGUE WITH NO ALLOWANCE FOR FREIGHT, FURTHER—ALL THESE REPAIRS ARE URGENTLY NEEDED AS THE BUILDING IN ITS PRESENT CONDITION IS A MENACE TO THE HEALTH OF THE CHILDREN AND THE STAFF.

THE LABOUR IS BASED ON USING EX-PUPILS WHERE POSSIBLE.

I HAVE THE HONOR TO BE,

SIR,

YOUR OBEDIENT SERVANT,

C. A. Arthur

ACTING INDIAN AGENT.

Ottawa, April 5, 1922.

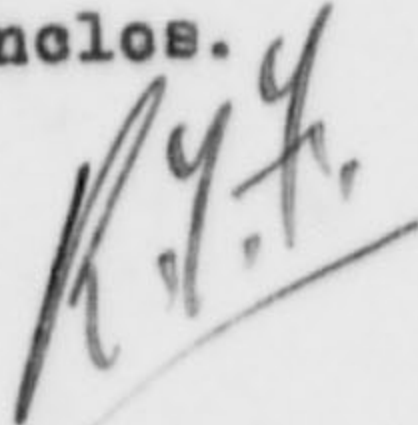

Dear Canon Gould:-

I am enclosing a list of repairs, forwarded by our agent, from the Principal of the Peigan C. of E. Boarding School.

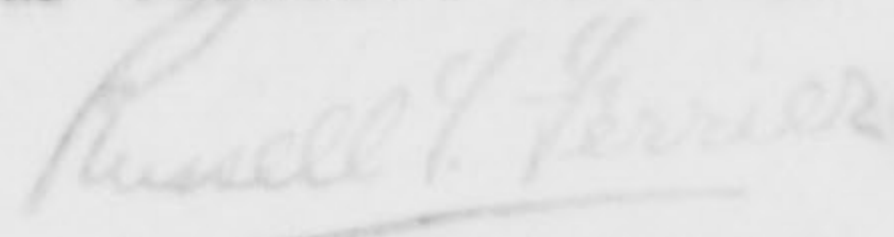

This Department has not, in the past, held itself responsible for this type of work in connection with residential schools owned by church societies. Further, in view of the unsettled policy in regard to the future of the Church of England schools in Southern Alberta, I hesitate to make any comment. I am sorry to inform you that the Deputy Superintendent General is absent from the office, due to an injury.

I am of the opinion that the new principal of the Peigan Boarding School was under the impression that the Department of Indian Affairs was responsible for the building under his care.

Enclos.

Your obedient servant,

Russell T. Ferrier,
Supt. of Indian Education.

Rev. Canon S. Gould, M.D., D.C.L.,
General Secretary, Missionary Society,
Church of England in Canada,

Sir:-

I have yours of the 28th ultimo, - your File No. 5/602-22 - enclosing a list of repairs requested by the principal of the Peigan C. of E. Boarding School.

I wish to inform you that this Department cannot hold itself responsible for the alterations and repairs needed for a building which is owned by the church authorities. I am forwarding to Canon Gould, General Secretary of the Missionary Society of the Church of England in Canada, the details furnished by the principal.

Your obedient servant,

Russell T. Ferrier

Dear Mr. Scott:-

With regard to the Church of England School on the Peigan Reserve, this building is absolutely beyond repair, according to Inspector Christianson, and he tells me he hardly knows where to begin to make recommendation as to the repair of the building, as there is so much to be done to make it at all habitable. However, something must be done if the school is to remain open this Winter, and what this should be is hard to say.

I would like, before making any definite recommendation to have an Inspector, or go myself and see what is required. It might be well however, for the Department to set aside an appropriation of money and when the Inspector goes over he could just authorize what he thought was absolutely necessary, keeping within the amount set aside by the Department for the purpose of repairing the School. Perhaps \$1500.00 or \$2000.00 would be sufficient.

Yours very truly,

W. M. Graham

June 23rd, 1922.

Dear Mr. Graham: -

I have your letter of the 17th instant, No. 406-14, regarding repairs which are required to the building at the Church of England Boarding School on the Peigan Reserve.

In reply I have to advise you that the Department will authorize an expenditure not to exceed \$1500 in having the most urgent repairs required to this building completed. As suggested by you, the Inspector should visit the school and ascertain what repairs are the most urgent, and arrange to have the work done. Arrangements should also be made for the purchase of the material required, and for the labour in carrying out the work. Competitive prices should be obtained in the purchase of all material. The expenditure incurred should not exceed the above authorized amount.

These repairs should be completed, if possible, during the summer vacation, and can be carried out under the supervision of the Agent.

Yours very truly,
Duncan C. Scott

Deputy Superintendent General.

ADDRESSED TO COMMISSIONER GRAHAM,
RE: PEIGAN R. C. BOARDING SCHOOL, Dated Oct. 10/22.

Original on #77-116.

X

X

573657

I did not visit the Catholic Boarding School, but I was informed by the Agent that a lot of minor repairs had been made to the school, such as painting, new screens, screen doors, etc. The matter of water works and sewerage was being held up awaiting instructions from this office, and on my return here I investigated this and found that you wrote to the Department on the 19th ultimo, asking for authority to go on with this work. If this expenditure is authorized it will put the school in good shape, and no doubt will give service for a number of years to come.

Sir,

When on a visit recently to the Peigan Agency, accompanied by Dr. Corbett, I directed Mr. Arthur, the Agent, to purchase material to make a tent for the Church of England School there, this being required in order that the school authorities might isolate tuberculous orphan children who were on the roll, and I now beg to enclose Peigan Agency voucher No. 60 covering the purchase of 56 yards to duck, payment of which I beg to recommend, and trust my action in making this purchase will meet with the approval of the Department.

Please note the endorsement made on the voucher by the Agent, stating that the purchase was made from the only available source of supply at the time.

131 CONFEDERATION LIFE BUILDING
COR. QUEEN AND VICTORIA STS.

Toronto, Ontario, Jan: 15th 1923,
41-43 The Bible House,
Alexander Ave., Winnipeg, Man.

The Secretary,
Department of Indian Affairs,
Ottawa.

Dear Sir:-

During my recent visit to the Victoria Home on the Peigan Reserve at Brocket, Alta., it gave me pleasure to observe the improvement made, since my previous visit, in the school building through repairs effected, especially to the floors and the walls. As practically all of these repairs were carried out by the School Staff, skilled workmen being engaged for only one or two days on the roof, it was impossible for the staff to complete the painting which was authorized, and the paint provided, before the winter set in, but this will be undertaken by them during the coming Spring.

During my visit there, which took place on January 3 and 4, I found the building exceedingly cold, and our staff, now one of the best at any of our Schools, still in need of a few inexpensive articles of equipment which would add greatly to their comfort and to that of the children. I talked the situation over with Mr. Arthur, the acting Indian Agent, and Mr. Roe, the acting Principal, and informed them that I would request your Department to come to our assistance in providing the following:-

1. Storm windows for the central part of the main building. If these could be of the French pattern and fixed permanently on the inside, they would not only help to keep out the cold in winter, but the dust in summer.
2. A Bath-Room. It appeared to me that the porch over the rear entrance might be raised and made into a bath-room for the staff at comparatively little cost.
3. A New Well. The present well under the school building was made, I learned, simply by driving a pipe into the ground. The water appears to be very good, but it is not very plentiful and has at times to be supplemented from other sources. The installation of a bath, along with the

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

The Secretary,
The Department of Indian Affairs.

provision of a better water supply for laundry purposes, would demand the sinking of a good well. This should not be very expensive, but great care would have to be taken in the selection of the spot, owing to the position occupied by some of the out buildings including the W.C's. in years gone by.

4. A Force Pump.
5. A chemically sanitary closet for use in the winter months or in case of sickness.
6. A Cupboard for the Kitchen.
7. An upstairs verandah in the front of the building.

It was estimated that the total cost of providing all the above items would not exceed \$1,000., and unless your Department is prepared to provide a new school to take the place of this one during the coming summer, or not later than next year, I shall be obliged if you will give the above items your earliest and most favourable consideration.

When provided they will not by any means render the building fit for occupation for any protracted period, but will enable our staff to carry on for a year or two at the most.

Believe me, Sir,

Yours very truly,

L B R Westgate

Field Secretary and Acting General
Secretary M.S.C.C.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

Ottawa, Jan. 23, 1923.

Memorandum.

Mr. Scott:-

Rev. Dr. Westgate has recently visited the Peigan C. of E. Boarding School, and he now informs the Department that more repairs are needed if it is the intention of the Department to make no provision for a new building within the next two or three years. This building was in very bad condition at the time of my visit in 1921, and the request of the Field Secretary is reasonable.

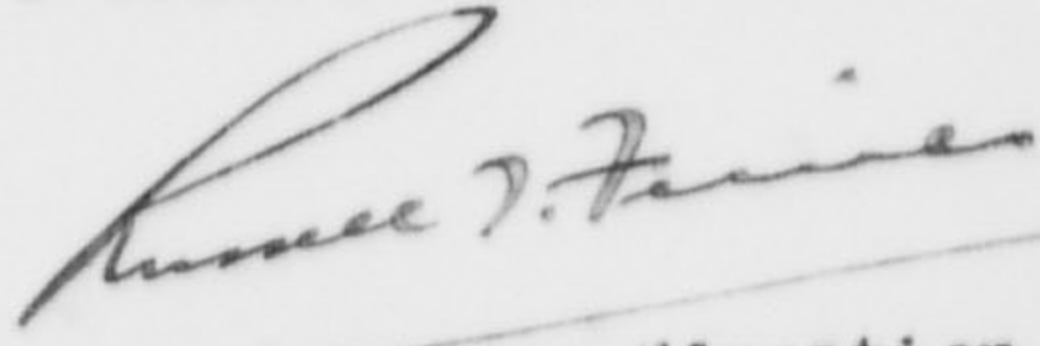

The alterations and equipment suggested are as follows:

1. Storm windows,
2. Staff bath room,
3. A new well,
4. Force pump,
5. Chemical sanitary closet,
6. Kitchen cupboard,
7. A front balcony.

Dr. Westgate estimates a total cost of \$1,000, but I am of the opinion that more would be needed.

I wish to recommend that the first six items be allowed. The building is so old that I cannot recommend the erection of a balcony.

No special provision has been made in the Main Estimates for this institution, but I believe funds could be found.

Supt. of Indian Education.

Ottawa, Jan. 23, 1923.

Reverend Sir:-

I have your letter of the 15th instant, with reference to certain repairs and equipment needed at the Peigan C. E. Boarding School.

In reply I beg to state that this matter has been brought to the attention of the Deputy Superintendent General and he is disposed to give favourable consideration to your request, with the exception, however, of the balcony for the front of the school. It is considered that the condition of the building is such that an addition of this type is hardly warranted. Before authority is given, however, I shall be pleased to have more definite information concerning the cost of having the storm windows put on the central portion of the building and of having a staff bathroom built over the rear entrance. You might secure prices, also, on the well that is proposed and the kitchen cupboard. Further, please indicate the type of force pump and sanitary closet required.

If the expenses in this connection are reasonable, and if funds can be found for the purpose, the necessary authority will be given.

Your obedient servant,

J. D. McLEAN

Peigan C. of E. Boarding School,
Brockton, Alta.

Feb. 27th, 23.

Dear Dr. Westgate,

Enclosed please find estimate of Repairs and Equipment. Upon considering the position for Bath-Room, I find that it would be just as well to utilize the small room at the back of the Boy's Day-room as such. It will save labour, just as convenient, warmer, and eliminate the cost of material etc. in making the Bath-room over the back porch.

I have been unable to get a quotation for Soil Pipe, Bath and Installation until to-day.

If you think it necessary to add the cost of Lumber for making good the Balcony, I think \$20. should meet it, and would you kindly add this to estimate. Please refer to Mr. J. D. McLeans's letter of Jan. 23rd re Balcony.

.....
.....
Yours sincerely,

(signed) G. A. Roe.

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

Ottawa, March 12th, 1923.

Sir: -

Rev. Dr. Westgate, Field Secretary & Acting General Secretary, M.S.C.C., who visited the Peigan Church of England Boarding School early in January last, drew the attention of the Department to the need of certain repairs and equipment. In a recent letter he furnished an estimate of the cost. The Department has approved the supplying of the equipment and the installation of the same, as follows: -

(Bath - Steel, White Enamel Paint & Fittings	\$25.00
Bath Room) Soil Pipe - 360 Ft.	99.00
(Installation	25.75
Storm Sashes 18 @ \$3.50	63.00
Kitchen Cupboard Lumber for same	25.00
Well, Force Pump (single-action) and Pipe, Lumber	38.25
Sanitary Chemical Closet, Chemical & Vent Pipe	14.00
Lumber - Repairing Balcony	<u>20.00</u>
Total Estimated Cost ...	\$310.00

I have, therefore, to request that you will arrange for the purchase of the above supplies and have them delivered to the school. It will be necessary before making the purchase to obtain competitive prices from a number of dealers, and the purchase in each case should be made from the firm quoting you the lowest price. The total cost should not exceed the sum of \$325.00.

Regarding the fitting up of a bathroom for the staff, the Principal considers that the small room at the back of the boys' day room could be utilized for this purpose, as it would save labour and the cost of material in having the bathroom built over the porch at the rear entrance. Any labour required in installing the above equipment should be performed as far as possible by the staff, but, if necessary to engage the services of skilled labour in fitting up the bathroom, etc., you may engage the same. However, no undue expenditure for this purpose should be incurred.

When these supplies have been purchased by you, and the work has been performed, you should forward properly certified vouchers, in duplicate, covering the expenditure incurred, to which you should attach an abstract of the prices received, and the names of the firms asked to quote.

D. A. Arthur, Esq.,
Indian Agent,
Brockton, Alta.

- We -

- 2 -

We are informing Rev. Dr. Westgate that you have been given authority to make the purchase of the above equipment, and to see that the necessary work is carried out.

Your obedient servant,

J. D. McLEAN

Rev. Sir: -

I have to acknowledge the receipt of your letter of the 7th instant, in reply to ours of the 23rd January, last, enclosing an estimate prepared by the Principal of the cost of the repairs and equipment required at the Peigan Church of England Boarding School.

In reply I beg to say that we are authorizing Mr. Agent Arthur, Brocket, Alta., to purchase the equipment mentioned in the Principal's letter to you, including lumber to the amount of \$20.00 in making certain repairs to the balcony, and to arrange for any necessary skilled labour in having the work done.

We hope that, when this equipment has been provided and installed, it will place the building in a sufficiently suitable condition to meet the requirements until such time as a new school can be erected.

MEMO FOR FILE:

Dr. Westgate, upon the occasion of his visit to the Department, drew our attention to certain needs at the Peigan C. of E. Indian Boarding School: -

1. A cheap laundry and equipment (not power).
 - 2 washing machines,
 - 2 wringers,
 - 1 mangle,
 - 2 - 10 gallon copper boilers,
 - 2 tubs, to be connected with present drain pipe.
2. A hen house.
3. A horse and buggy.
4. An extra quarter section of land.
5. Increase pupilage to 40.

I suggested to Dr. Westgate that they write regarding the pupilage and have the Principal take up with the Agent the matter of extra acreage.

With reference to the additions and replacements to plant, it was suggested that they recommend improvements with estimates, up to \$1,000. The Deputy instructed me to give favourable consideration.

Dear Sir:-

The Principals of a number of our Indian Boarding Schools are finding that a refrigerator is a very necessary part of the school's equipment, and are asking our Society to provide the same. In reply I am informing them that our Society is financially unable to furnish this item of furniture, but that I would lay the matter before your Department.

115-1-5

I shall be glad, therefore, if you will let me know if you will sanction the purchasing of refrigerators for our Peigan and Onion Lake Schools. It is estimated that the cost of each refrigerator would not exceed, including freight charges, \$40.00.

Believe me, Sir,
Yours very truly,

T B R Westgate

Field Secretary, M.S.C.C.

Reverend Sir:

I have your letter of the 18th instant, in which you request the Department to purchase refrigerators for the Peigan and Onion Lake C. of E. Indian Residential Schools. I have noted that the cost of this equipment will not exceed \$40.00.

In reply I beg to state that the Department has given favourable consideration to your request, and we are directing the respective agents to purchase this equipment in the case of the Peigan and Onion Lake Institutions.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

Sir:

I have to inform you that the Missionary Society of the Church of England in Canada has requested that the Department purchase a refrigerator for the Peigan C. of E. Indian Boarding School. Will you, after communicating with the Principal concerning the type desired, arrange for the purchase of a refrigerator for the use of the school. Competitive prices must be secured, and when you forward the vouchers, you should attach an abstract of tenders showing the firms asked to quote and the prices quoted. The Department considers that a refrigerator valued \$40 would be suitable for the purpose.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

July 16th. 19 23

Sir,—

The principal of the C.of E. school for this reserve has advised me that he has been instructed by the Rev.Dr.Westgate to apply for the building of a laundry for the use of the school, and has asked me to recommend that the department authorize the building of the same.

The letter to the Principal also states that an unofficial undertaking has been given that the department will spend \$1000.00 for this purpose and advises the requisitioning of \$1500.00 for this and other repairs to the school.

I have no information from the department as to what their policy is in regard to this school, but I have been informed from sources connected with the C.of E. that the building of a new school on this reserve for the C.of E. was under advisement and in all probability would be built in a very few years.

There is absolutely no question as to the need of a suitable laundry building for this school and it is only a question of how long this present building will remain in use.

For your information I would say that the present room used as a school room has cubic feet of air space for only fourteen or fifteen children and the average attendance is around thirty. This room also was built for a laundry but was converted into a school room while a suitable building for use as a school remains idle, situated only a few feet away from the present building and used at rare intervals as a church. I have been informed that the ownership of this church rests with the diocese of Calgary and for some obscure reason cannot be used as a school.

Looking at this from a business point of view I cannot recommend the expenditure between \$1100.00 and \$1200.00 for a new laundry building before an attempt has been made to acquire this church to use as a school room. This will effect a vast improvement in the sanitary conditions of the school

oxxx

by providing an increased amount of air space for the children and will at the same time provide a suitable laundry by the vacating of the present school room.

In this way the department will be saved what might prove a useless expenditure in a few years and improve the conditions now obtaining at this school.

Your obedient servant,

B. A. Arthur.

Indian Agent.

Ottawa, July 25, 1923.

Reverend Sir:

I have to refer to certain requests, made upon the occasion of your last visit to Ottawa, in connection with the Peigan C. of E. Indian Boarding School. The most important matter brought to our attention was the provision of a small laundry and certain equipment for it.

I have to inform you that we have had some correspondence with our representative, in this connection, and he is of the opinion that the room used at present as a classroom is entirely too small for the present purposes. There is air space for but 15 children, and the Department understands the average attendance is nearly 30.

I have to request you to look into the possibility of utilizing the present school room as a laundry and making arrangements for the use of the chapel for classroom purposes. Our agent reports that this chapel, which is situated only a few feet from the present building, is only used at rare intervals as a church. He was informed that the chapel is under the control of the Diocesan Authorities. I shall be pleased to learn whether, or not, arrangements can be made for the use of the chapel building as a classroom.

Later, the provision of certain laundry equipment can be undertaken. As you were informed, the Department is favourably disposed to ameliorate conditions at the Peigan C. of E. Boarding School; but it is considered that whatever buildings are at present available should be fully utilized before any construction is contemplated. This institution, as you are aware, cannot be carried on under the present conditions for any length of time, and the Department hesitates to make any major improvements to plant.

Your obedient servant,

A. F. MacKenzie

41-43 The Bible House,
Alexander Ave.,
Winnipeg, Aug. 30th, 1923.

The Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:

Re Laundry for the Piegan C. of E. Indian
Boarding School.

In reply to your letter of July 25th #116-1-5,
which awaited me on my return from a visit to our school at
Hay River in the N.W.T. I beg to state---

1. Better Laundry facilities for our Piegan School are
indispensably necessary.
2. That the Church which is situated by the school,
being the property of the Diocese of Calgary and a
consecrated building is not available for use as a
class-room.
3. That the present class-room, although not as large
as it should be for the purpose for which it is being
used, may safely be utilized for that purpose for
another year.

To build a new class-room which would be warm enough
throughout the winter months would cost a great deal more than
to build a Laundry which would not require to be heated every
day and I would respectfully suggest that the best and most
economical solution of the difficulty at this school is to have
a new Laundry building erected and furnished with some inexpensive
laundry equipment such as hand-worked washing machines, wringers,
etc.

Indian Affairs. (RG 10, Volume 6369, file 763-5, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

I have not had time since my return from the Far North to go carefully into the question of the cost, but I feel quite certain that it could be met by the sum of \$1,500. This would enable the School authorities to erect a building of such a size and nature that it could be moved to the site of the new school when it has been provided on the Reserve and utilized as a work shop, wood shed or for some other useful purpose. As the building season is rapidly passing I shall be obliged if you will let me know if expenditure to this amount is authorized and if you will kindly instruct your agent on the Piegan Reserve to take the matter in hand at once.

I have the honor to be, Sir,

Your obedient servant,

L. B. R. Neutgate

Field Secretary, M.S.C.C.

Memorandum:

Honourable Charles Stewart.

The Missionary Society of the Church of England in Canada and local Department representatives have drawn my attention to the extreme desirability of providing, without delay, laundry facilities at the Peigan C. of E. Indian Residential School, in southern Alberta. The buildings and equipment at this institution are quite unsatisfactory and I feel that we should grant the request for a laundry building.

It has been suggested that a small laundry be erected, by day labour, under the supervision of the Indian agent. The school staff and the older boys could assist. If this arrangement is made and the Department supplies the materials, the cost of the building itself will be in the neighborhood of \$1200, and the equipment for it, some \$300.

I should be pleased to have your authority to incur the expense. Funds can be found in the Appropriation for Indian Education.

Ottawa, September 18, 1923.

Dear Sir,-

With reference to the providing of a laundry building for the Peigan C. of E. School, I beg to advise you that you are authorized to proceed with the erection of a small frame laundry building at a cost not to exceed \$1,300.00.

The question of utilizing the chapel for class-room purposes was taken up with the church and they have submitted good reasons why same cannot be used.

The laundry building should be constructed on wooden posts and wooden sills, and it would be well to keep in mind, when building same, the possibility of this building being moved to some other location at a future date.

In the purchasing of materials, competitive prices should be obtained and the purchase made from the firm quoting the lowest price. Time sheets should be kept for all labour and an advance will be made to you for the payment of labour, on application.

Your obedient servant,

A. F. Mackenzie

Sir,-

(Incl.)

I have to return herewith voucher No.506 as receipt No.14 for \$310.00 covering carpenter work on the laundry building of the school cannot be accepted as being complete. Full details of how this amount is arrived at should be given. If there was a contract entered into with Mr.Lambert it should be forwarded to the Department. Full details of time employed and rate of wages paid should be given if there was no contract.

I have also to point out that you have failed to furnish the explanations asked for in letter of the 17th instant, and you should do so without further delay. As you have not observed the instructions respecting the advance made you and used the funds for purposes which they were not intended, in face of instructions to the contrary, no further advances will be made to you.

IN YOUR REPLY REFER TO
No.....
ALSO
TO DATE OF THIS LETTER

Sir.—

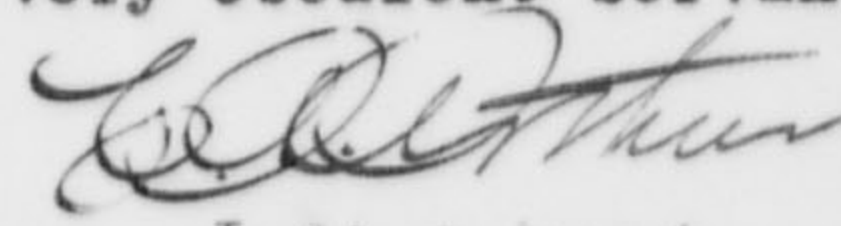

In reply to your No. 116-1-5 of the 29th ultimo I would say that on re-reading your letter No. ditto of the 18th September and noting the last sentence, I realize that I have been guilty of a very greivous error in the method of paying the workmen at the construction of this building.

In extenuation I can only say that when this last mentioned letter was received we were just starting threshing on this reserve and as you are aware all the duties of a Farming Instructor devolve on the Agent at this Agency, I was absent from my office nearly all the time.

In looking through the mail the major fact of proceeding at once with the building evidently overshadowed the minor one of the technicalities to be observed in obtaining the necessary specie with which to pay the craftsmen their wages.

I am extremely sorry that this blunder on my part has caused so much inconvenience and in assuring you that I shall guard against a repetition in the future of like errors, I trust you may be influenced to mitigate in a measure the severe penalty you have stated in your letter No 116-1-5 of the 29th ultimo, in the last sentence.

Your very obedient servant,

Indian Agent.

The Secretary,

Sir,-

Referring to the last paragraph of your letter of the 14th instant, I beg to say that in future when you require an advance you should make application through the Indian Commissioner, and if he considers it should be made an accountable cheque will be sent you.

You should explain fully to him why an advance is necessary; otherwise he may not recommend it.

Your obedient servant,

J. D. McLEAN

CANADA

Ottawa, April 19th, 1924.

Sir:

With further reference to the request of the Principal of the Peigan C. E. Indian Residential School to be supplied with 12 adjustable school desks and a teacher's desk and chair, I beg to say, with reference to the school desks, that in June, 1920, 12 Globe steel single desks were supplied. As there should be uniformity in the seating equipment, you should state whether it would not be necessary to supply desks of the same type as at present in the school. I may say that we do not, on account of the cost, supply adjustable desks.

You should also state the sizes of the desks required and the number of each size. The Globe No. 4 desk is for pupils 9 to 14 years, and the No. 3 is for pupils 12 to 18 years. As soon as we have the information asked for, prices will be obtained, and the firm of F. E. Osborne, Calgary, to which the Principal refers in his requisition as supplying the above equipment, will be given an opportunity to quote a price. You should state whether single or double desks are required, also whether any front and rear seats are needed, and the size of same.

Your obedient servant,

J. D. McLEAN

J. D. McLean,
Asst. Deputy and Secretary.

The Secretary,
Department of Indian Affairs,
Ottawa, Ontario

Dear Sir:-

Every year about this time the Principals of our Society's Schools present to me for payment bills similar to the enclosed. As the items included on these bills are for the purpose of exhibition work I write to ask if your Department will be good enough either to make our Society a small grant of, say \$100., to meet such bills or else to pay the bills themselves upon presentation to you, the total amount of the same not to exceed that sum.

As the enclosed bill will be required by our Auditor I shall be obliged if you will kindly return the same to me.

Believe me

Sir
Yours very truly,

T. B. R. Westgate

Reverend Sir:

I have your letter of the 14th instant, enclosing a receipted account for classroom equipment which has been purchased for the Peigan C. of E. Indian Residential School. I have noted your request that the Department reimburse the M. S. C. C. for small expenditures of this nature.

In reply I wish to inform you that this Department is required to order from the King's Printer all stationery, books, etc., used in Indian school classrooms. If principals will place all their requirements on their requisitions and anticipate their wants a few weeks in advance, it should not be necessary to make purchases of this kind of equipment. I wish to advise you to write to your principals to this effect. The account forwarded is enclosed herewith.

Your obedient servant,

Enclos.

Gentlemen:

Your quotation of the 27th instant for the supplying of the desks required for delivery at Brocket, Alta., has been accepted. I have, therefore, to request that you will arrange to ship as soon as possible addressed to Mr. C. A. Arthur, Indian Agent, Brocket, Alta., the following school furnishings, viz:

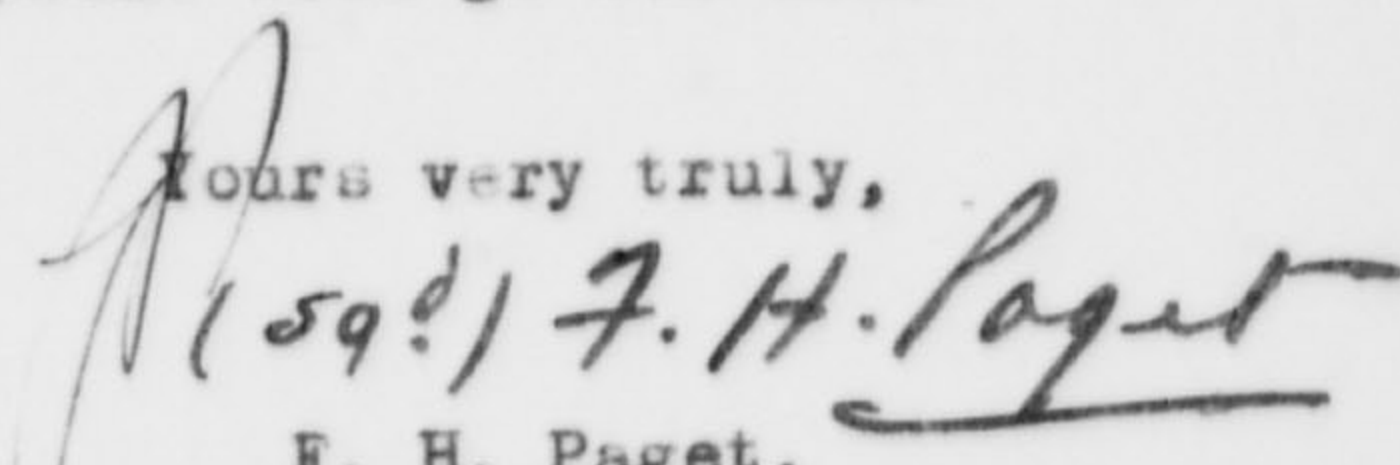

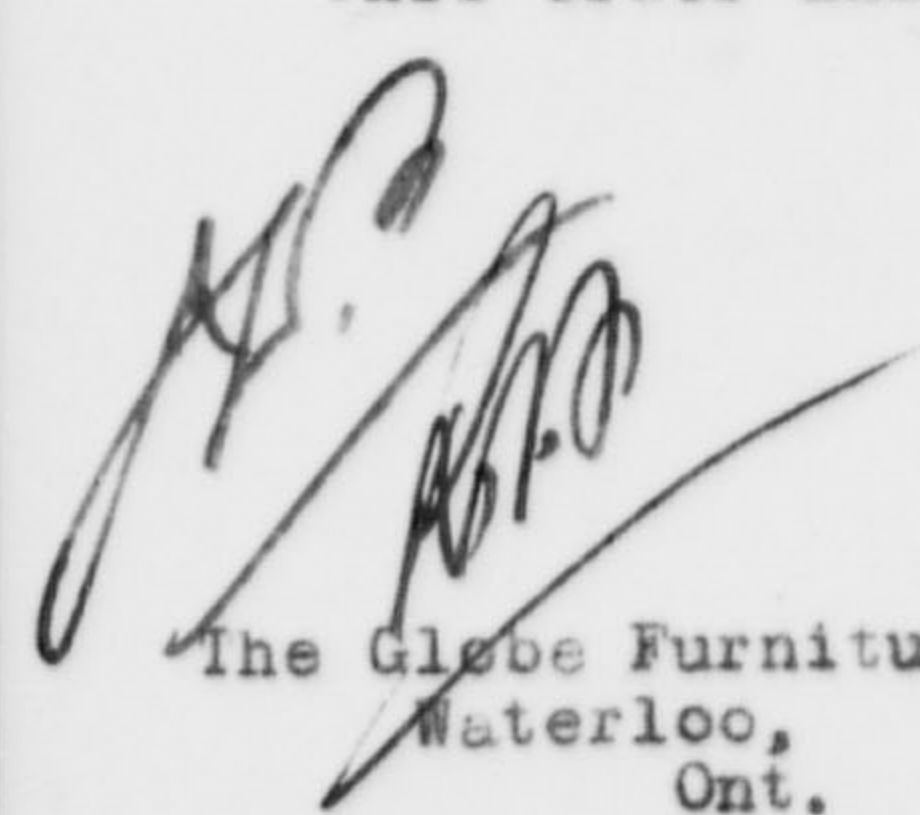

- 8 - No. 3 New Globe Automatic Single Desks,
- 4 - No. 4 " " " " " " ,
- 1 - No. 121 Teacher's Desk,
- 1 - No. 1563 Teacher's Arm Chair.

These should be supplied F.O.B. Brocket, Alta., at the total aggregate price quoted, viz: \$126.10. The school desks should be shipped in a knocked down condition; ink wells to be supplied with each.

Please forward your account, in duplicate, to Mr. Arthur, who is being informed that the order has been placed with you, and requested, upon receipt of the above equipment, if in good condition, to certify the account and send it to the Department when payment will be made.

I shall be pleased to have an acknowledgment of this order and the date when shipment will go forward.

COMMISSIONER'S OFFICE,

D REGINA, SASK. July 25th, 1924

Sir:-

I beg to inform you that while on the Peigan Reserve recently, the matter of painting the Victoria Home and the Sacred Heart Home was brought to my attention.

I examined the latter building and it is in sad need of paint, in fact it is not painted at all.

I would be glad if you would authorize me to spend \$200.00 on the Victoria Home and \$250.00 on the Sacred Heart Home.

This work would be done at the same time that the Agency buildings are being repainted.

Your obedient servant,

W. M. Graham

Brockett, Alta.,
Sept. 3rd, 1924.

Herein is respectfully submitted a report of visit
to Victoria Home Anglican I.B.S., Peigan Reserve.

x

x

x

As it is a most difficult task to keep
things sanitary with such awful floors to scrub, I
trust may be permitted to draw attention to some
small improvements which are urgently required.

Floors...Dining-room (pupils)

Dormitories.

Girls and boys porches and lockers.

Girls washroom.

The Staff dining room, hall, stairway, and five staff
bed rooms are very badly in need of paint.

If some suitable material were supplied to
fill up holes in plastered walls also it would give
the Staff a better chance to have things looking well.

There is great need as well for two new
out-houses.

The principal has built three neat cupboards
One for the prize goods in the class-room, another for
medical supplies, another for clothes and I am confident
if material were provided he would be able to put things
in good shape.

I happened in one wash day and was delighted
with the way the new laundry is enabling these children
to get the very best kind of instruction for use in
homes.

Sir:

Miss Brandon, travelling nurse, in a report on a recent visit to the Peigan C. of E. Indian Residential School, states as follows: -

"As it is a most difficult task to keep things sanitary with such awful floors to scrub, I trust I may be permitted to draw attention to some small improvements which are urgently required:

Floors	Dining-room (pupils)
	Dormitories.
	Girls' and boys' porches and lockers,
	Girls' washroom.

The staff dining room, hall, stairway and five staff bedrooms are very badly in need of paint.

If some suitable material were supplied to fill up holes in plastered walls also it would give the staff a better chance to have things looking well.

There is great need as well for two new out-houses."

I have to request that you will report on each of the items referred to by the travelling nurse, stating what work is required to be done, the material necessary for the purpose and the approximate cost. You should also state whether, if any material is supplied, such as flooring, paint and other supplies, the school authorities could perform the labour required. Only the repairs considered absolutely necessary should be reported on, as, if authority is granted to undertake any repairs, it is not intended to incur any large expenditure.

Your early reply giving full information as asked for will oblige,

C. A. Arthur, Esq.,
Indian Agent,
Brocket, Alta.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

EXTRACT FROM REPORT OF INSPECTOR CHRISTIANSON
on Peigan Agency, dated November 26, 1924,
forwarded under cover of Commissioner Graham's
letter of December 1, 1924. His No. 406-9.

Original on 77-116.

[Signature] *[Signature]*
VICTORIA HOME. CHURCH OF ENGLAND

I also visited this school and found everything in fair shape. The children seemed to be in the best of health and the building was quite comfortable. The only repairs that are necessary to the building at the present time should be made to the children's dining-room and the porch. About 600 feet of flooring is required for this purpose.

The sum of \$200.00 was authorized last summer by the Department for painting the school. The paint was purchased, but the Principal claimed he did not have time to get the work done this fall: he would do so, however, first thing in the spring. There was sufficient money left over after purchasing the paint to buy the flooring material that is necessary, and the work will be done by the staff.

I am of the opinion that both schools could have been painted outside this Fall, and I censured the Agent for not going on with this work as soon as the paint was purchased.

Sir:

I beg to forward herewith and recommend for payment Peigan Agency voucher #738 in favor of T.H. Hinton of Pincher Creek for \$41.90 representing material bought and used for repairs to the Church of England School on the reserve. These repairs were urgently needed and as it was found that the allowance for painting at the school, authorized under Department #116-1-5 A, would not all be used the Agent was directed to proceed with the needed repairs, and I trust my action will be approved.

Your obedient servant,

ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE,

M

REGINA, SASK., Sept. 11th, 1925

Sir:

I am advised by the Indian Agent at Brocket that considerable repairs are required at the Church of England School there, and that the new Principal will provide the necessary labour if the Department will furnish the material.

One hundred and five panes of glass are needed and about \$600.00 will be required to calsomine and paint the interior, repair broken walls, put linoleum on floors where needed, repair kitchen range and chimney.

I am asking the Agent for a detailed statement of what is required and in the meantime I shall be glad to receive the Department's authority to purchase the material and have the work done, in order that there may be no delay.

Your obedient servant,

W. M. Graham
Indian Commissioner,

The Secretary,
Dept. of Indian Affairs,
Ottawa.

Ottawa, Sept. 17, 1925.

Sir:

I have your 406-11 A of the 11th instant, informing the Department that comprehensive repairs are necessary at the Peigan C. of E. Indian Residential School. There are no funds provided for this purpose and I regret that it will be impossible to effect any improvements that are not absolutely necessary at the present time. I note that 105 panes of glass are required. It is the practice of the Department to ask the school management to replace window glass, except in the event of storm or other disaster. When you have received a detailed statement from the agent, concerning what is required, please estimate the cost and place the repairs in order of importance in your further report to the Department. Consideration will then be given to authorizing what is found most necessary.

Your obedient servant,

A. F. MacKenzie
A. F. MacKenzie,
Acting Asst. Deputy & Secretary.

Sir:

With reference to Department #116-1-5 dated the 17th ultimo I append a list of requirements in the way of repairs at the Peigan Church of England School set out in the order of their importance. I should say however, that there is a very pressing need of all the repairs being done, and I trust the Department will sanction all of the expenditure which is as follows:-

OK
act for info
no

Paint and Varnish for Interior	\$100.00
Calsomine, upstairs	25.00
Material for 3 Lavatories	125.00
Repair to Kitchen range & chimney	50.00
Hanging lamps for 5 rooms	40.00
Beaver Board to repair walls	75.00
Linoleum for Staff Bed-rooms & halls	150.00
Glass for windows and repair doors	40.00
	<u>\$605.00</u>

Ottawa, October 31, 1925.

Sir:-

I have your number 406-11 A of the 27th instant giving a list of requirements in the way of repairs at the Pelgan C. of E. Indian Residential School.

In reply I beg to say that you may arrange for the purchase and delivery of the paint and varnish required for the interior of the school also the quantity of calomine required for the upstairs, also the Beaver Board to repair walls and the quantity of linoleum required for staff bed rooms and halls.

If possible competitive prices should be obtained for the purchase of these supplies. It is expected that the school authorities will supply all labour.

You may also arrange for the repairs required to the kitchen range and chimney and any repairs required to the doors.

The expenditure for the above purposes should be kept down to the lowest minimum cost possible.

With reference to the material required for the three lavatories, I shall be pleased to have further information as to the nature of the requirements, the present condition of lavatories and the urgency for having the work done. Favourable consideration cannot be given to the supplying of the hanging lamps and glass for windows.

Your obedient servant,

2. PEIGAN

A New School on the Peigan Reserve to take the place of "Victoria Home". The existing building is old and so comfortless as to be all but uninhabitable. To undertake extensive repairs would be waste of money as these could never convert it into a modern educational institution.

Along with the erection of the main school building, provision should be made for securing not less than one section of land on the Reserve and also for the following buildings:-

- (a) Principal's residence (Separate from the School)
- (b) Farmer's residence,
- (c) Stock barn,
- (d) Poultry house,
- (e) Piggery,
- (f) Implement shed,
- (g) Granary.

It is estimated that a modern type of building could be established on a new site at a total cost not exceeding \$35,000.00.

The Secretary,
The Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:-

I regret to have to inform you that at 10 o'clock on Tuesday morning Nov. 16th, the small frame building used as a residence for the Principal at our Society's Peigan School was completely destroyed by fire with all the contents, including furniture, books, clothes, etc. The Principal estimates his loss at \$600.00, none of which was covered by insurance. The Society's loss although considerably greater is covered by insurance to the extent of \$500.00 only.

At the time of the fire the Rev. W. Barlow the Principal, was absent in Calgary having been asked to appear there by the Bishop of Calgary in order to receive his Lordship's license to officiate within his Diocese. He was advised by telegram of the fire and loss sustained, and immediately reported the same to me. As I left for Saskatoon, Onion Lake, and other points North and West very shortly after Mr. Barlow's message came to hand, I was unable to send you a written communication at that time.

The Principal received instructions to take up residence with his wife and daughter, in the main school building and as our Society has already made a special grant towards equipment, every effort will be made to continue the work under these conditions until the Spring

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

and summer of next year when it is hoped and expected that a complete new school building will be provided.

With regard to the cause of the fire the Principal states that, so far as he can make out, it must have commenced with the kitchen stove, but is unable to explain how. His wife being Head Matron and Boys' Supervisor on the staff was on duty in the main school building at the time, a distance of about 100 yards away, and his daughter was with her. Before the fire was discovered it had taken so strong a hold on the building that nothing could have saved it.

Regretting the loss sustained and the delay in furnishing you with this report.

I remain, Sir,
Your obedient servant,

L. R. Westgate

Dear Sir:-

I enclose herewith an account in triplicate for \$83.20 presented by the Fraser - McRoberts Co., Pincher Creek, Alta., for certain articles supplied by them to our Peigan School. You will observe that the bills are dated Sept. 1925, and are certified correct by the Principal and the Indian Agent.

In presenting these bills to your Department for payment, I beg to state that when Mr. Barlow arrived at this School from Carcross he found many things necessary in the way of repairs, and conferred with Mr. Arthur the local Indian Agent who authorized the expenditure set forth in this account.

I shall be obliged therefore if you will accept the same for payment and forward a cheque direct to the Fraser - McRoberts Co. Ltd., Pincher Creek, Alta.

I have the honour to be, Sir,
Your obedient servant,

Dear Doctor Westgate,-

With reference to the new Church of England School on the Peigan Reserve, I am sending you, under separate cover, two blue print copies of the plans of the McIntosh Indian Residential School, which it is proposed to use for the Roman Catholic School on this reserve. Will you please look these plans over, and return them to me with your comments as to whether they will meet the requirements of the proposed new Church of England School at this point.

I would like to have them back at your earliest convenience, in order that I may have the plans prepared and ready in the event of the money being provided by Parliament for this work.

Yours very truly,

R. GURNEY ORR.
Architect for the Department.

MEMORANDUM:

For file.

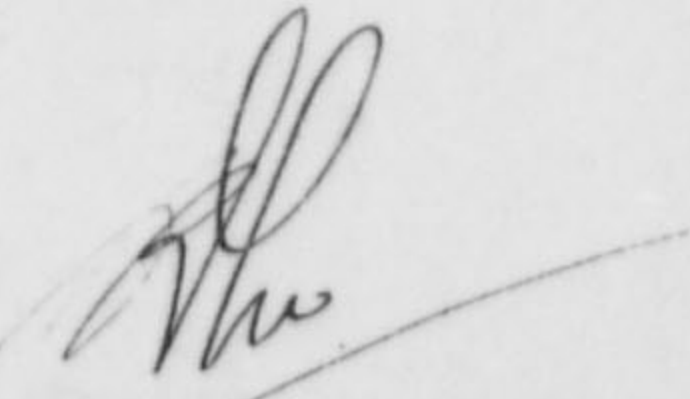

RE PEIGAN CHURCH OF ENGLAND SCHOOL.

Reverend Canon Gould called at the office this morning, and we discussed the plans of the new Peigan Church of England School. Canon Gould expressed himself as being favourable to the layout that has been provided for the Peigan Roman Catholic School with the following changes.

BASEMENT. Staff room at rear of building to be changed to dairy, and the staff dining room, adjacent to boys' recreation room to be changed to staff bedroom.

A partition to be erected in the boys' recreation room in order to place the door leading to the boys' toilet in the corridor.

GROUND. Chapel to be removed to first floor, to the space now occupied by the Sisters' dormitory and community. Space on ground floor occupied by Chapel to be arranged to provide living quarters for Principal, and to consist of a bathroom, three bedrooms, dining room and living room, with direct entrance from the outside.

The Secretary,
The Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:-

In view of the possibility of a new School being erected on the Peigan Reserve for our Society during the coming fiscal year, I beg to state that if action be taken for the building operations to be completed before the end of the current calendar year, it will be a very great help to our Society if the following items of equipment were provided immediately, in order that steps may be taken by the school management towards the development of the farming and gardening side of the work:-

- 4 horses.
- Harness for the same.
- 1 John Deer 2 furrow 12 inch gang plow.
- 1 Disc Seed Drill.
- 1 Duckfoot 4 horse Cultivator.
- 1 3 section Drag Harrow.
- 1 Wagon and Box complete.

Should the site chosen by your Department contain land which has already been broken, the school management would be able, if provided with equipment immediately, to raise sufficient oats, hay, vegetables, etc., to meet the needs of the institution for the first winter. Our Society would provide the seed, but implements such as a mower, hay rake and binder would be required when the time for harvesting operations comes.

Indian Affairs. (RG 10, Volume 6369, file 763-5, part 2)

Reverend Sir:

I have your letter of the 17th instant, asking the Department to supply work horses and harness and certain agricultural machinery for the use of the Peigan C. of E. Indian Residential School. I realize that it may be possible for this institution on a new site to commence farming in earnest; but I regret that the new buildings and furnishings will require all the funds that are provided. The school authorities should work the new site with whatever ~~assets~~ and equipment they have on hand, supplemented by what your Society can do for them in this connection.

Your obedient servant,

J. D. McLEAN

COMMISSIONER'S OFFICE,

REGINA, SASK., April 22nd, 1926.

Sir:-

I beg to forward herewith and recommend for payment, Peigan Agency voucher #64, in favour of B. V. Sill, representing work performed in an effort to clean out the old well near the site selected for the new Church of England school on the reserve. It was first decided to endeavour to clean out this old well which it was thought might be used as water had been definitely located at that spot. However, so much debris had accumulated in the well that the effort was abandoned. I reported by telegram dated the 13th inst., the securing of an adequate flow of 600 gals. per hour in the new well. In a subsequent report, however, it has been ascertained that the present actual flow is 1200 gals. per hour.

Sir,-

I am sending you today, under separate cover, for your information a copy of the plans and specifications for the proposed new Indian Residential School on the Peigan Reserve.

Tenders are now being invited for this building, which close here on the 31st day of this month.

You will note that it is proposed to build both schools from the same plan, but if a contract is awarded we will make some changes in the interior of your school to meet your requirements.

Your obedient servant,

J. D. McLean.

What is
TEN-TEST
INSULATING BUILDING BOARD

TEN-TEST Insulating Building Board is a manufactured lumber especially created for the purpose of insulating buildings against heat, cold and noise.

It is the only hydraulic compressed *insulating* building board obtainable, and is not laminated. It is tough, durable, easy to apply, unaffected by dampness, cannot warp, shrink or sag when nailed or screwed.

The millions of tiny, sealed air-cells in Ten-Test Insulating Building Board resist the passage of heat, cold and noise as rubber resists that of electricity.

Ten-Test is made of the best grades of wood-pulp fibre. Used in place of ordinary board sheathing there are no knot holes or cracks through which cold can penetrate. There is no wastage in applying Ten-Test to walls or roofs. Its cost is amazingly low. It outlasts the building.

Ten-Test Insulating Building Board supplies the most important feature of a modern building. **INSULATION** against cold, heat and noise.

Why You Should Use
TEN-TEST
INSULATING BUILDING BOARD

Because—

- Ten-Test is the best insulation against cold and heat obtainable, in its form.
- Ten-Test is sound deadening, and at the same time corrects acoustical faults.
- Ten-Test will not warp, buckle, check, crack or chip at corners or edges.
- Ten-Test will not expand or contract when in place.
- Ten-Test is the most highly recommended base for plaster and stucco.
- Ten-Test is fire-resisting and moisture and damp proof.
- Ten-Test strength and texture cannot be obtained in any other board. It outlasts the building.
- Ten-Test is the only board that can be safely used for both inside and outside construction.
- Ten-Test takes the place of sheathing, and adds insulation, so is the most economical board to use.
- Ten-Test is easily and quickly applied with no waste.
- Ten-Test can be transported and handled without fear of breakage or damage.
- Ten-Test is vermin proof.
- Ten-Test will hold a screw firmly and *perlastingly*.
- Ten-Test can be used by anyone *ment* can handle a hammer and saw.

Dear Sirs:

Since writing you regarding Hardwood Flooring it has occurred to me that you might consider using insulation in these Buildings, and would respectfully suggest that you consider using TEN-TEST Solid Fibre Board.

"TEN-TEST" is not an ordinary wallboard built up with layers of paper but is a solid wood fibre board made from selected Spruce and Pine Pulpwood. It is used extensively as a plaster base, doing away with the necessity of lathing, and is an excellent insulation against heat, cold and noise. "TEN-TEST" may also be used as an ordinary wallboard and when kalsomined or painted gives every appearance of a special plaster finish.

In preference to all similar wallboards, over 4,000,000 feet of TEN-TEST Solid Fibre Board was used in the Canadian Building at the British Empire Exhibition.

If you are interested in using insulation for your buildings and would like sample and further particulars regarding "TEN-TEST", kindly drop me a line and I will be glad to give you any further information you may want to know.

Hoping that I may hear from you, I am,

Yours very truly,

FRED M. BEATTY,

Dear Sirs:

RE. "SEAMAN KENT" HARDWOOD FLOORING We notice by Trade Report that you are preparing plans for two Schools to be erected on the Peigan Reserve, Alberta, and would respectfully suggest that you give the matter of using a Hardwood Floor your serious consideration. Prices on "SEAMAN KENT" Hardwood Flooring are quite reasonable now, and when you figure up the extra wear a Hardwood Floor will give you as compared with other floors you will find that it is an economical floor and of course, there is no question about its advantages as regards cleanliness and looks. In buildings such as these, there would, no doubt, be no necessity of getting the best grade as No. 1 Grade or even No. 2 Grade of Maple flooring makes a very satisfactory floor, and I may mention that our No. 2 Grade of Maple Flooring does not cost very much more than Edge Grain Fir, but at the same time you will appreciate that it will give considerable more service. A Hardwood Floor would also make these buildings more sanitary and easier to keep clean.

I may mention that I am carrying a complete stock of Hardwood Flooring in my Edmonton Warehouse and this warehouse is kept Heated and if the flooring is shipped direct from here to the job, when ready, you will be assured of having a good floor. Insist, however, on getting "SEAMAN KENT" Hardwood Flooring - this is manufactured by Seaman Kent Co. Limited of Toronto, who specialize on the manufacture of Hardwood Flooring and their flooring is "CANADIAN MADE".

Taking everything into consideration such as service, sanitation, etc. I am sure it would pay you to specify "SEAMAN KENT" Hardwood Flooring in place of softwood even though you used the cheaper grade.

Trusting that I may hear from you that you intend specifying Hardwood Flooring in these two buildings, I am,

Yours very truly,

FRED M. BEATTY

Ottawa, June 8th, 1926.

His Excellency

The Governor General in Council.

The undersigned begs to report that the same being necessary, tenders were called for the construction of an Indian Residential School, on the Peigan Indian reserve, in the Peigan Indian Agency, in the Province of Alberta, under the Church of England, the same to be receivable by the 31st of May, 1926, and that the following tenders were received, together with the required deposit security:

P. W. Graham & Sons, Ltd., Moosejaw, Sask.	\$51,990.00
R. N. Wyatt, Winnipeg, Man.	52,526.00
J. H. Simmons, Winnipeg, Man.	53,330.00
Wilson and Wilson, Regina, Sask.	53,800.00
The Wyndels Construction Co., St. Boniface, Man.	54,865.00
Bennett & White Construction Co., Calgary, Alta.	59,550.00
Fraser McRoberts Co., Pincher Creek, Alta.	60,338.00

The Architect of the Department of Indian Affairs has reported that the lowest of the above tenders, namely that of P. W. Graham & Sons, Limited, of Moosejaw, Saskatchewan, is fair and reasonable and the undersigned has the honour to recommend that it be accepted pursuant to the requirements of Sub-section 2 of Section 36 of the Public Works Act. Funds for this purpose are available from Parliamentary appropriation for Indian Education for the current year.

Dear Sirs:

Attention Mr. Duncan Scott.

We wired you as per the attached copy. We would like very much to know the successful tenders of the two Indian Schools which are being built in Western Canada.

As you know we represent in Western Canada the Canadian Laundry Machinery Co. Ltd., and it is in this connection that we would like to know who are the contractors in each case.

Yours very truly,

STANLEY BROCK LIMITED.

 Certified copy of a Minute of a Meeting of the Committee
 of the Privy Council, approved by His Excellency the
 Governor General on the

15TH JUNE

R

copied

The Committee of the Privy Council have had before them a report, dated 8th June, 1926, from the Superintendent General of Indian Affairs, submitting that, the same being necessary, tenders were called for the construction of an Indian Residential School, on the Peigan Indian reserve, in the Peigan Indian Agency, in the Province of Alberta, under the Church of England, the same to be receivable by the 31st of May, 1926, and that the following tenders were received, together with the required deposit security:

P.W.Graham & Sons, Ltd., Moosejaw, Sask.,	\$51,990.00
R.N.Wyatt, Winnipeg, Man.,	52,526.00
J.H.Simmons, Winnipeg, Man.,	53,330.00
Wilson and Wilson, Regina, Sask.,	53,800.00
The Wyndels Construction Co., St.Boniface, Man.,	54,865.00
Bennett & White Construction Co., Calgary, Alta.,	59,550.00
Fraser McRoberts Company, Pincher Creek, Alta.,	60,338.00

The Minister recommends,- the Architect of the Department of Indian Affairs having reported that the lowest of the above tenders, namely that of P.W.Graham & Sons, Limited, of Moosejaw, Saskatchewan, is fair and

reasonable

The Honourable
 The Superintendent General of Indian Affairs.

.....July 28th, 1926..19.....

R.Guerney Orr Esq.
Architect.
Department of Indian Affairs.
OTTAWA.

Dear Mr.Orr:-

Mr.P.W.Graham, of Moose Jaw, the contractor for the Anglican School here, arrived on the 26th inst. and spent two days in the locality before returning to Moose Jaw. While here he staked out the school building, and let a sub-contract for the taking out of the excavation for basement. He proposes coming again, with his outfit, within a fortnight.

I took up with Mr.Graham the matter of his price of \$825.50 for the suggested change in studding from 2x4 to 2x6 in outside walls and bearing partitions, and endeavoured to get him to lower his price. He contends that Mr.Scanlon is too low in quoting \$430.00 for this change, and that his ^(Graham's) price is based on the increase of 50% in the quantity of studding, plates and girts in the walls affected; also extra cost in transportation and setting; and in cost of wider frames as quoted by his millwork people, and \$38 extra for the painting of same. However, he promised to check over his figures, and see if it is possible to lower his ~~figure~~ quotation.

Regarding the proposed change in layout of floors, Mr.Graham took with him the blue prints you sent me showing the changes desired, and said he would wire me his quotation for same within a day or two. He will also quote on the enlarged coal bin, and extension to machinery room, at the same time. On receiving these quotations I shall promptly advise you, and await your instructions before giving orders for this work.

I do not see in the plans or specifications any mention of a ceiling over the boiler room, and on mentioning the subject to the contractors, they said they had not figured on any ceiling for this room. I therefore deemed it best to send you a wire, for in case of your wishing a laminated ceiling such as you have specified elsewhere, the contractors wish to include the necessary material in their lumber orders about to be shipped. No doubt I shall hear from you promptly regarding this.

Indian Affairs. (RG 10, Volume 6369, file 763-5, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

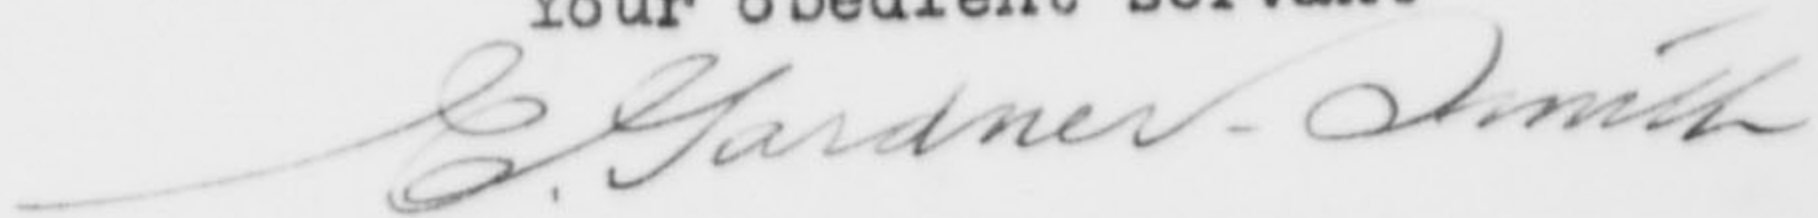

In the painting specifications provision does not seem to have been made for the painting of the metal ceilings throughout the school, and I should like you to let me know what is your wish in this respect. The contractors state that they have not included the painting of metal ceilings in their tenders.

I enclose herewith the drainage plan of the R.C. School submitted by Mr. Scanlon's sub-contractors for the plumbing and heating (Marsh & Scott, of Moose Jaw). Please mark what changes, if any, you require, and return it to me. You will note that some changes are shown in basement toilets, in accordance with the request of the Reverend Fathers, but these changes are not yet authorized, nor have any orders been given for them. I shall deal with these proposed changes, and a few others asked for, in a separate letter.

If you have any extra plans & specifications which you can spare, I should much like an extra set, which would save my carrying the one set backwards and forwards between the two jobs.

Mr. Scanlon is getting well ahead with his contract. The excavation is finished, the footing trenches dug, and all is in readiness for the pouring of concrete as soon as a repair part is received for the mixer. About 220 yds. of gravel are hauled, also a car of cement, and lumber, and the temporary buildings are erected. The weather has been hot and dry during the past month, and rain is needed for the filling out of the crops.

Your obedient servant

Inspector of Construction.

MEMORANDUM

Mr. Scott.

R

I have today received a letter and telegram from Mr. E. Gardner Smith with reference to the necessary changes in the layout of the Peigan Church of England School to meet their requirements. The extra cost for these changes will be \$985.00. This includes in addition to the rearrangement of the rooms the enlargement of the machinery room and coal bin, as was done in the case of the R. C. School. It is also thought necessary to increase the size of the outside studding from 2 x 4 to 2 x 6 on account of the exceedingly high winds which prevail at this point. The cost of this change will be \$607.00. As these prices are fair and reasonable and the work necessary I would recommend that the changes be authorized.

TENDERS WANTED

Sealed tenders, addressed to the undersigned and endorsed on the form "Tender for Two Indian Residential Schools on the Peigan Indian Reserve, Province of Alberta," will be received up to noon of the 31st day of May, 1926, for the erection of the above mentioned buildings.

Plans and specifications may be seen at the Post Office at Calgary, Lethbridge and Macleod, at the office of the Indian Agent at Brocket, and the Indian offices at Regina and Winnipeg, and at the Department of Indian Affairs at Ottawa.

Each tender must be accompanied by an accepted cheque on a chartered bank of Canada for ten per cent of the amount of the tender, payable to the order of the undersigned, (War Bonds of the Dominion or Canadian National Railway Bonds will also be accepted as security or Bonds and cheque if required to make up an odd amount) which amount will be forfeited if the person or persons tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for.

The lowest or any tender not necessarily accepted.

Report on Anglican School, Peigan Reserve

Dear Sir:-

Messrs. P.W. Graham & Sons, Ltd., of Moose Jaw, Sask. the contractors for the above mentioned school, do not seem to be hurrying themselves in carrying forward their contract.

On July 8th I wired them asking when their principal proposed arriving on the ground, to which telegram I received a reply stating that they were awaiting the receipt of their signed contract from Ottawa before commencing. As the contractor for the R.C. School was getting ahead, I wired again on the 22nd ult. and received a reply that Mr. P.W. Graham would arrive at Brocket on the 26th July, I met him at the station at 6. A.M. and took him to the Anglican site. He spent two days in the locality, and I helped him stake out the site of the building.

On 27th July he sub-let the excavation to the same local man who had done similar work at the R.C. site. This work is reported to be completed, and there matters stand at present. Mr. Graham returned to Moose Jaw on 27th.

There is nothing done on the Anglican site except the excavation for the basement. No gravel has yet been hauled, nor have any materials been delivered to the site. One workman that Mr. Graham left here, presumably to look after things, reported to me to-day that he had advised Mr. Graham of the completion of the excavation, and that he had received a reply stating that Mr. Graham will be back here "as soon as he can".

Possibly the contractors for this school will rush things when once they establish themselves on the ground, and thus make up for lost time. My only complaint is that the season is advancing, and it is doubly difficult to get good work done during inclement weather.

I have the honour to be, Sir,

Your obedient servant,

Sgd. E.Gardner Smith.

Re - Peigan Schools

Sir:-

With regard to the tar and gravel roofing specified for these schools, I am strongly of the opinion that they will not withstand the heavy winds to which this locality is subject, for the following reasons:

First, because there is not sufficient protection around the edges of the roof as shown on plan, which would result in wind damage before very long, and once a tar-and-gravel roof starts to go it is very difficult to hold it. The Architect shows a very good detail of a protection wall around the edge of the verandah roof, and if this detail (with slight modifications) were extended around the main roof, the weakness to which I refer would be overcome. I enclose a rough pencilled sketch of a roof finish that I think would meet the requirements. It is an adaptation of the veranda cornice and protection-wall prepared by the Architect, but with the two by fours carried right down and spiked to the rafters instead of resting on a plate, which change would give greater stability against the wind. This suggested change calls for considerably more woodwork, labour and sheet-metal than the cornice shown on plan, and the contractor asks \$515.00 additional for making the change.

Secondly, the roofing itself as specified will prove too light to successfully resist the high winds for any length of time, and I would suggest, in addition to what is called for in the specifications, a heavy pouring of pitch, into which there should be imbedded a heavy coating of gravel. This might consist of 50 lbs. of pitch and 400 lbs. of gravel per square as a final finish, and we should thus get the necessary weight to withstand the drawing and buckling tendency of the strong prevailing winds, which as you know, often blow with almost cyclonic force in this Chinook district. The contractor asks \$375.00 additional to add the extra finish in the manner described, - or a total of \$890 for the alteration mentioned in the preceding paragraph, and the extra pitch and gravel. I might mention that the contractor (Mr. Scanlan) is also of the opinion that unless the suggested changes in the roof are made, trouble from wind will develop in a short time. The extra sum asked by him for the additional labour and materials involved does not seem excessive.

As the work on the R.C. School is advancing steadily, it is desirable that as early a decision as possible be made regarding the suggested changes in the roof.

The changes suggested for the roof of the R.C. School will apply also to the Anglican School, although the latter building is not yet started except for the excavation for the basement.

I have the honour to be, Sir

Your obedient servant,
(Sgd.) J. GARDNER SMITH

2 letters

Sir:-

I beg to make the following report in connection with the new C. of E. School on the Peigan Reserve.

I may say that the contractors for this school allowed a long time to elapse before sending a crew to the job. Apart from letting a sub-contract for the excavating, and the hauling of some gravel by the Indians, nothing was done until the first week of September, although the contract was let in June, and not until the 14th. instant was a start made at running the concrete footings. At the present time there is a small crew of about eight men at work, and the pouring of the concrete walls should be completed within a week. The work, no doubt, was delayed somewhat by inclement weather. The contractors, P. W. Graham & Sons, assure me that as soon as the concrete walls are completed they will put on a good sized crew and push the job ahead with all possible speed.

Your obedient servant,

W. M. Graham

Dear Sir:-

I duly received your telegram, as follows:

Ottawa, Sep. 28, 1926.

E. Gardner-Smith.
Brockton, Alta.

REPLYING YOUR LETTER SEPT 20TH CANNOT AUTHORIZE
ANY FURTHER CHANGES PEIGAN SCHOOLS THAT WILL ADD
TO COST.

(Sgd.) J. D. McLean.

Regarding the above telegram, I am taking it for granted
that the changes you authorized for the R.C. School, Peigan
Reserve, in answer to my letter of July 31st last, will also
apply to the C. of E. School, provided the cost is no greater.
If I am wrong in this assumption please correct me. I enclose
a list of the changes referred to in said letter. I might
mention that Rev. Dr. Westgate was here on the 17th ultimo, and
both he and the new Principal, Mr. Lord, wish the same changes
in the Anglican School.

I have the honour to be, Sir,

Your obedient servant

E. Gardner-Smith

Inspector of Construction.

Sept; 7th 1926

Duncan C Scott Esqr
Deputy Superintendant General
Of Indian Affairs. Ottawa.

Dear Sir.

Re Church of England Indian Residential School
Peigan Reserve Brocket. Alta.

Your Telegram to hand, and in reply we beg to state the
reason of delay on the above contract.

We were advised of acceptance of our tender by telegram on June 18th
and confirmed by letter from your department on the 19th.

We received the signed contract on the 23rd July.

We started operations on July 26th, and had the excavations for
basement completed by Aug 13th.

We received a telegram from Inspector Mr E Gardner Smith to quote
for increasing main studs for walls to 2 x 6 in lieu of 2 x 4, on
June 22nd, and quoted on June 30th.

We visited Brocket again on July and took up the matter of
changing studs to main building only, together with quotations
for other structural changes on July 28th.

We wrote Mr Smith for definite decision on these changes on Aug 6th
and pointed out delay.

We received word by telegram authorising acceptance of changes
on Aug 10th.

We then got in touch with our sub-contractors for Millwork
and Lumber and instructed them to proceed with deliveries to suit
the changes, which had been held up pending instructions.

Our general superintendant Reynolds left here on Aug 30th
to rush the work to completion, but hit bad weather, in fact it took
him until the 4th of Sept to get there by Road, and the storm lasted
until Sept 27th.

We trust this explanation is satisfactory, and wish to express
our regret that the job looks in bad shape at this date, but believe
we can make up the lost time, and are picking up a good gang of men,
who have been scarce up to now.

Yours truly.

Dear Sir:-

This School is in urgent need of a Typewriter
in order to establish efficient office facilities.

Would you be good enough to request the Depart-
ment to supply in advance a machine, which I
understand is to be destined for our new C.F. School.
I would undertake to be responsible for same as
Department property & place it in the office at the
new School when the time comes.

The use of a Typewriter and modern office
equipment greatly facilitates clerical work for all
concerned.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

Ottawa, September 20, 1926.

Memorandum:

Dr. Scott.

Mr. Agent Arthur forwards a request from the Principal of the Peigan C. of E. Indian Residential School to be supplied with a typewriter. Equipment of this nature is now being furnished to new Indian residential schools, and, as the new building at the Peigan School will be ready for occupancy in the near future, the Principal requests that a typewriter be supplied and be on hand when the new school building is opened. He states that the use of a typewriter would greatly facilitate clerical work at the school.

I would recommend that the request of the Principal receive favourable consideration and that a typewriter be supplied him. If this machine is supplied now, it will anticipate, by a brief period, the supplying of same when the new school building is opened.

SPECIFICATIONS FOR PUMPING PLANT FOR ANGLICAN SCHOOL; PEIGAN RESERVE.

- NOTE. This well is 127' deep, and is cased 100' with 5 5/8" casing; and the lower 30' is cased with 5" casing, with perforations to admit the water.
- WORKING HEAD. to be Hoosier Working Head No. 1701, with cut gears.
- WORKING BARREL. to be All Brass, Figure #9222, 3 3/4" x 38", with ball valves.
- DROP PIPE. The Drop Pipe to be galvanized P&R of 4" diameter, and to extend 100' below grade, with 10' of gal. Intake Pipe attached to Cylinder.
- SUCKER RODS. The Sucker Rods to be 2 1/4" Octagon Ash Wood Rods, with gal. Screw Joints and Forged Couplings.
- AIR COMPRESSOR. There shall be an Air Compressor, 2 1/2", Curtiss or equal, mounted on a secure bracket, and furnished with belt to connect with drive pulley of engine.
- AIR CHAMBER. An Air Chamber shall be installed as close as is practicable to the Working Head on the delivery line of water, to insure freedom from pounding noise and smooth running of pump.
- VALVES, ETC. & CONNECTIONS. One 3" main discharge pipe shall be placed from pump to near the pressure tanks where it will be divided into two 2" lines, one to each tank, and these branch lines shall each be fitted with a 2" globe valve. The 3" main shall be fitted with one 2" relief valve and leather seated check valve. The pressure tanks shall be twinned with 1" air equalizer with valve. The feed lines from tanks shall each be 2", with globe valves for each line. The Air Compressor shall be piped to the main line to tanks, and fitted with 1/2" safety valve, globe valve and check valve.
- CAPACITY. The capacity of the Pumping Plant to be approximately 1200 gals. per hour (Imperial) on the medium stroke at 25 strokes per minute.
- GUARANTEE. It is required that the Contractor give a 12 months guarantee against defects. He shall also test the Plant after its installation and demonstrate to the satisfaction of the Department's Building Inspector that the system is complete in every respect, and that it works satisfactorily.

Brocket, Alta. Sep't 10, 1926.

COPY OF TENDER.

We the undersigned agree to install the Pumping Plant above described, in accordance with the Specifications herewith given for \$1207.50.

IN YOUR REPLY REFER TO

No. 406-11A

ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE,

REGINA, SASK., October 8th, 1926.

Sir:-

I beg to forward herewith specifications for the proposed pumping plant for the Anglican School on the Peigan Reserve.

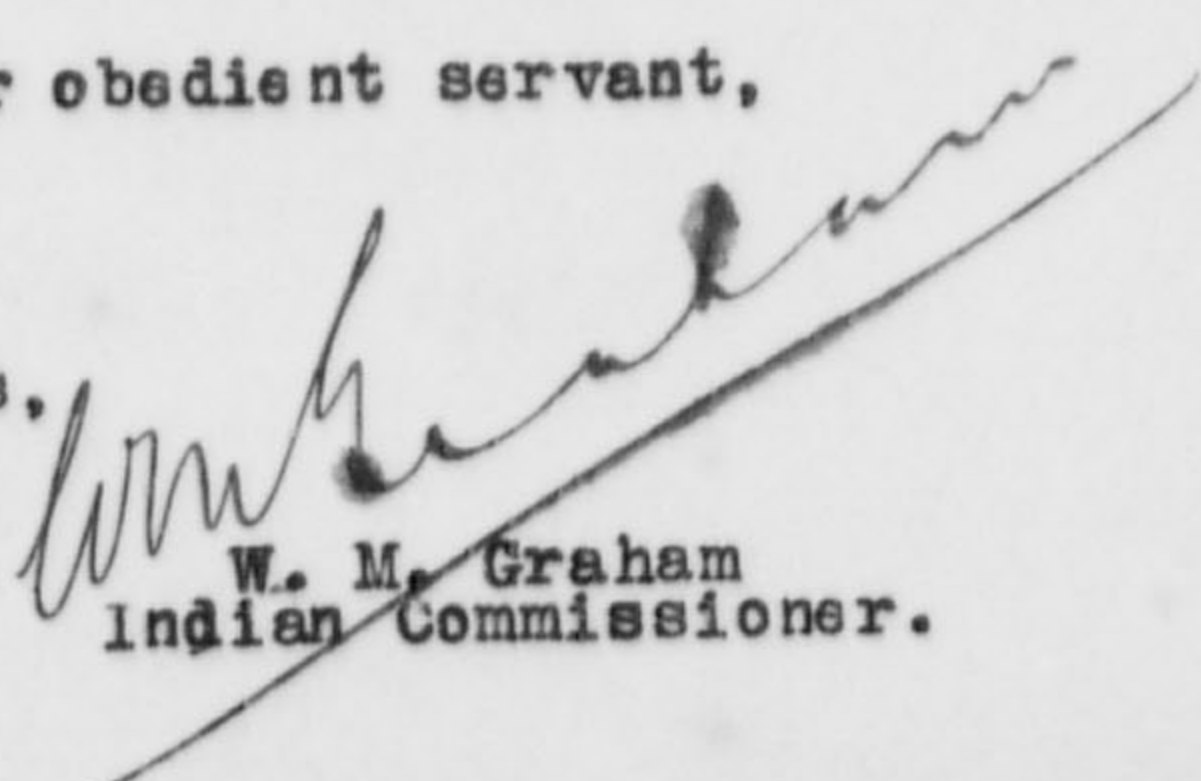

The tender for this work made by P. W. Graham & Sons, Ltd., who have the contract, is \$1207.50. The specifications are practically the same as was approved for the Old Sun's School, Crowfoot School, Gleichen Hospital, St. Paul's and St. Mary's Schools. In all cases, it has stood up well and has cost practically nothing for renewals and delivers water fully up to guarantee. Slight improvements have recently been added to the Hoosier Line, such as Cut Gears instead of Cast ones, and an air intake valve is now supplied with the medium and smaller models. The pump will, of course, be driven by the same engine, that is yet to be decided upon, which will generate the electric current and run the laundry line shift, etc.

The tested capacity of this well is 1200 gals. per hour, and it is 127 ft. deep.

I would be pleased to have your authority for this expenditure so that I may notify the Contractor as soon as possible.

Your obedient servant,

The Secretary,
Dept. of Indian Affairs,
Ottawa, Ont.

C/O Indian Office.
Brockton, Alta. Oct. 10th, 1926.

Duncan C. Scott Esq.
Deputy Superintendent General.
Department of Indian Affairs.

Re- Anglican School; Peigan Reserve.

Dear Mr. Scott:-

I duly received your telegram, as follows:

Ottawa, Oct 7th.

E. Gardner-Smith.

Brockton.

Why have you not reported backward condition work
Anglican school. Have wired contractor to explain
cause of delay.

Duncan C. Scott.

To the above telegram I wired the following reply:
Brockton, Oct 8th

Duncan C. Scott.

Dep't of Indian Affairs.

Ottawa.

Delay starting Anglican school fully reported in
reports to Indian Commissioner. Stop. Contractor now
has crew at work and construction proceeding rapidly.
Writing. E. Gardner-Smith.

I enclose a copy of my Report addressed to Mr. W. M. Graham
under date of Aug. 15th --nearly two months ago--from which you
will see that I fully reported on the tardiness of the Contractors
for the Anglican school getting ahead with their contract. In a
later Report (Sep't 19th) I again drew attention to the backward
condition of this work. I also made reference to it in my general
correspondence with the Indian Commissioner's office.

Messrs P. W. Graham & Sons, Ltd. now have about 15 men
at work. The concrete walls were being completed last night, and
their foreman assures me that from now on rapid progress will be
maintained. Inclement weather and very heavy roads have also been
factors in delaying the work.

I have the honour to be, Sir,

Your obedient servant

E. Gardner-Smith

Inspector of Construction.

COPY.

REPORT ON ANGLICAN SCHOOL; PEIGAN RESERVE.

Messrs P.W.Graham & Sons, Ltd., of Moose Jaw, Sask. the contractors for the above-mentioned school, do not seem to be hurrying themselves in carrying forward their contract.

On July 8th I wired them asking when their Principal proposed arriving on the ground, to which telegram I received a reply stating that they were awaiting the receipt of their signed contract from Ottawa before commencing.

As the contractor for the R.C.school was getting ahead, I wired again on the 22nd July, and received a reply that Mr. P.W. Graham would arrive at Brocket on 26th July. I met him at the station at 6 A.M. and drove him to the Anglican site. He spent two days in the locality, and I helped him stake out the ~~xx~~ position of the building.

On July 27th he sub-let the excavation to the same local man who had done similar work at the R.C.site. This work is reported to be completed, and there matters stand at present. Mr. Graham left for Moose Jaw on the 27th.

There is nothing done on the Anglican site except the excavation for the basement. No gravel has yet been hauled, nor have any materials been delivered to the site. One workman that Mr. Graham left here, presumably to look after things, reported to me to-day that he had advised Mr.Graham of the completion of the excavation, and that he had received a reply stating that Mr.Graham will be back here "as soon as he can".

Possibly the contractors for this school will rush things when once they establish themselves on the ground, and thus make up for lost time. My only complaint is that the season is advancing, and it is doubly difficult to get good work done during inclement weather.

I have the honour to be, Sir,

Your obedient servant

(Sgd.) E.Gardner-Smith.

Re- Church of England School; Peigan Reserve.

Sir, —

Dear Mr. Orr: —

I have to-day issued a first Certificate for \$7341.30 to Messrs P.W.Graham & Sons, Limited, the contractors for the above-mentioned school, in payment of 90% of the value of labour and materials supplied by them to date.

I enclose a copy of the contractors' Progress Estimate, which is substantially correct.

Within a few days I will send you the contractors' Schedule of Prices aggregating the amount of their tender. I received something of the kind but it was so long-winded and elaborate I have asked the contractors to abbreviate it, and to condense scattered items. I sent them a sample form, and when the amended list is received I will send you a copy. The copy of the Progress Estimate which I am enclosing conforms to the form I have asked the contractors to adopt.

After a long delay in starting, and further delay from bad weather, this job is making good progress at last.

With kind regards,

Your obedient servant

E. Gardner Smith

COMMISSIONER'S OFFICE,

IN YOUR REPLY REFER TO

NO. 406-11A C.E.

ALSO TO DATE OF THIS LETTER

H.

REGINA, SASK. October 26, 1926.

R

Sir:

Upon his return from a recent visit to the Peigan Reserve, Inspector M. Christianson discussed with me certain changes which were deemed necessary in the Church of England School and I have in turn taken these matters up with Mr. E. Gardner Smith with a view to getting an estimate of the cost and beg to make the following recommendations:

- (1) The provision of a sink in the Principal's kitchen which, installed complete with hot and cold water, waste and vent would cost \$88.00 or with the addition of a deep apron, a drain-board and back all in one piece - \$159.50.

I think the cost of this can be reduced by putting in a drain board of a less expensive type.

- (2) The enlargement of the Staff Dining room in the basement, which however will entail only the cost of an extra window at a figure of \$25.00.
- (3) The placing of a range boiler in the kitchen of 80 gallon capacity installed complete, including connection to stove and with hot water line to the kitchen sink, at a cost of \$143.00.
- (4) Providing Burlap in the stairways, halls and corridors at a cost of \$386.25, or if the rear corridor of the basement is omitted and I do not think it is necessary there, the cost will be reduced to \$338.75. This with the baseboard and moulding will give a four foot protection to the walls.

I shall be glad to receive authority to incur the above named expenditures.

Mr. Gardner Smith reminds me that no provision is made in the Specifications for the painting of the metal ceilings in this school and has procured from the Contractor a price of \$330.00 "To paint all metal ceilings and cornices in two coats, using best White Lead and pure Linseed oil". Will you please grant the necessary authority.

In another letter Mr. Gardner Smith asks if it is desired to anchor the brick chimney, pointing out that this will extend 32' above the roof of the rear extension. He then adds that it is unlikely that the chimney would blow down, even without anchors

The Secretary,
Dept. of Indian Affairs,

even without anchors and while I draw attention to Mr. Gardner Smith's remarks in this connection, I am not prepared to recommend the expenditure.

Your obedient servant,

Report on Church of England School; Peigan Reserve

Dear Sir:-

During the past month good progress has been maintained by the contractors, Messrs P.W. Graham & Sons, Ltd., of Moose Jaw, in the construction of the above school.

As previously reported, the contractors allowed two months to elapse before putting a crew to work, and with the exception of the excavation which they had sub-let, nothing was done at the job until the first part of September. During the past six weeks a fair sized crew has been employed under an efficient foreman, and the contractors seem to be making serious effort to make up for lost time.

The main building is now about closed in, and to-day the roofing sub-contractor is putting on the paper, tar and gravel. As authorized by the Department, we are making the roof heavier than originally called for. We are laying an extra ply of heavy roofing felt, and applying a heavy pouring of asphalt pitch, into which a large quantity of screened gravel is being embedded; and in addition to this we have carried up a protection wall 18" high around the edge of the roof, which will be flashed down over the turned-up roofing. By taking these precautions we should have a roof that will successfully withstand the heavy winds of the locality, and the sudden changes in climate.

On the whole there is not much ground for complaint over the quality of materials delivered. The lumber is largely spruce, supplied by McLaren Lumber Co. from their mills at Blairmore, Alta. I visited the mill in company with Inspector Christianson and Indian Agent Arthur, and looked over the stocks the Company proposed sending. I objected to some of the lumber, particularly the drop siding, and they promised to supply us with a better grade cut from special stock. It is impossible to get lumber from mountain mills entirely free from knots, but the drop siding is otherwise very good, and is the very best that can be procured from local sources. It is thoroughly seasoned, and I am hopeful that the knots will remain fast. This siding has all been primed by the painter, and is now

Indian Affairs. (RG 10, Volume 6369, file 763-5, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

being put in place by the carpenters. The millwork is being supplied by the Cranbrook Sash & Door Co. and so far is proving satisfactory. The window frames were primed at the factory. Slight mistakes were made in some of the details but are being rectified.

The general framing work has been well done, and we have used every precaution in bracing the building at all points. Diagonal bracing has been placed in all corners on all floors, and at other points where helpful in making the building rigid. The sub-floors have all been laid diagonally, and all openings are being properly trussed.

The plumbing and heating sub-contractors (Snyder & Co. of Calgary) now have men at work, the basement drains are laid, and the roughing-in for plumbing fixtures is being done on all floors. I expect to make a water-test on Monday of the drains, stacks and vents. The heating boiler is now on the site, but has not yet been admitted to the building. The radiators are also here and have been distributed throughout the main building, and the steam-fitters are running their various lines. The pressure-tanks for water supply, and the hot water storage tank, are expected during the coming week, and the pumping plant is expected shortly. On this job we have a peculiar condition to take care of in consequence of having a "flowing well", but shall adopt means of controlling this surplus water and turn it to advantage.

The interior outside walls of main building have been sheeted with shiplap in readiness for the "house-line" covering, and this insulation should add materially to the warmth of the finished structure. I expect the electrician next week to lay his conduits for the wiring.

The rear extension is not yet framed. The concrete work is done, but owing to shortage of materials the framing is being deferred. Except for the footings, the chimney is not started.

The septic tank is completed, and sewer line laid. I checked over the levels, and had to order some correction work. I shall check this again before the tiles are covered.

The weather during past month has been favourable and practically no time has been lost during this period.

The contractors are dilatory in placing Fire Insurance and I notified them that unless the Policy asked for reaches me by Monday I would ask the Department to withhold further payment.

note: Policy for \$10,000 just rec'd & a 2nd Policy for same amount on the way

I have the honour to be, Sir,
Your obedient servant
E. Gardner Smith
Inspector of Construction.

DIARY FOR MONTH OF.....NOVEMBER.....1926..

- 1 Fine day. At R.C. job storm sash were being fitted & house line put on walls. At C. of E. job framing of partitions being done.
- 2 Fine day. At R.C. job the cornice was being painted & other work. At C. of E. job the sheeting of main roof was completed.
- 3 Fine day. At R.C. job fitting windows, lathing, painting & hanging houseline. At C. of E. job sheeting of walls & erecting partitions.
- 4 Windy day. At C. of E. job tarring of concr. walls was done. A start was made pouring concr. for septic tank. Plumbing & heating lines laid.
- 5 Windy day. At R.C. job 2 painters were giving 3rd coat to siding. At C. of E. job the work on tar-and-gravel roof commenced.
- 6 Cool day. At C. of E. job windows fitted & siding placed. The roofers cont'd their work but were hindered by wind. Plumbing work cont'd.
- 7 Fair day. I gave permission for roofing work to continue on Sunday. At C. of E. job. By night this work on main roof was about finished.
- 8 Fine day. At R.C. job lathing cont'd. Sewer line covered in. At C. of E. job sheeting of walls cont'd. Plumbing & heating lines laid.
- 9 Fair day. At C. of E. job carpenters nailed up siding & inside sheeting. At R.C. job I conferred re placing of heating boiler, etc.
- 10 Fine day. At R.C. job painters were finishing exterior walls. At C. of E. job putting on siding & fitting storm sash cont'd.
- 11 Fine day. Arrived in Calgary by early train. In aft. I drove to Morley & attended official opening of new school. Inspected work.
- 12 Fine day. Spent the day in Calgary procuring prices & specs. of power & lighting plants for Peigan schools. Took night train back.
- 13 Fine day. At C. of E. job the placing of siding cont'd. The plumbing & heating work cont'd. A good crew working at outbuildings.
- 14 Fair day. I attended to correspondence and accounts. Sunday.
- 15 Cool & cloudy. At R.C. job bricklayer started chimney. Plasterers arrived. Painters finishing siding. At C. of E. job siding erected.
- 16 Fine day. At C. of E. job wiring started. Siding erected. At R.C. job chimney being built. Lathing, painting, etc being done.
- 17 Fair day. At C. of E. job carpenters completing cornice & putting houseline on walls. Wiring of top floor being done.
- 18 Cold stormy day with snow. I drove to Macleod & spent some time in the office of McLaren Lumber Co. helping straightening out bills.
- 19 Cold day. 10 below zero. Plastering at R.C. job halted by the cold. Bricklayer cont'd. Heating lines being run. & other interior work.
- 20 Cold day. 10 below zero. I wrote W.M.G. re power & lighting plants. Plastering at R.C. school still stopped. Few men working at jobs.
- 21 Cold day. Spent the day at correspondence & accounts. Sunday. Inspector Christianson arrived from Regina.
- 22 Milder day. Spent most of day at jobs conferring with Insp. C. particularly with reference to the outbuildings for both schools.
- 23 Cold again to-day. At R.C. job plastering resumed. Brickwork of chimney cont'd. Lathing & other interior work being done.
- 24 Cold & cutting. At R.C. job steam heat was turned on for 1st time at noon, & in one hour radiators were hot. Plastering cont'd.
- 25 Zero weather. At R.C. job the bldg. comfortably warm, and plastering and other interior work going on. At C. of E. job ceiling boards put on.
- 26 Cold zero weather. At C. of E. job framing of rear extension started. The cold weather retarding progress. Painters & electrician idle.
- 27 Zero weather continues. At C. of E. job framing of extension cont'd. Electrician & heating men at work again. Painters idle.
- 28 Clear cold day. Brickwork of chimney at R.C. school cont'd. A temporary extension above chimney protects bricklayer from smoke.
- 29 Cold zero weather. At C. of E. job construction of rear extension cont'd. Heating work, plumbing & wiring done. Painter idle.
- 30 Cold day. Brick chimney at R.C. job finished except for concr. cap. Fire escapes being erected. Plastering, interior work cont'd.
- 31 At C. of E. job the work on rear extension cont'd. Electrician and plumber & heating men running their lines. Work hampered by cold.

C/O Indian Office.
Brocket, Alta. Dec. 2nd, 1926.
ACCOUNTANTS
DEC 9 1926
The Secretary.
Department of Indian Affairs.
OTTAWA.

Dear Sir:

I beg to submit herewith my Time and Expense Accounts for the month of November for services performed on the Peigan Reserve, all of which I trust will be found in order.

There is one item on the list which, perhaps, calls for a special explanation. It is the item, dated Nov. 11th, "Fare Calgary to Morley and return, \$3.10". I went to Calgary on that date to procure data and prices on Power and Lighting Plants suitable for the Peigan Schools. I had received an invitation to attend the official opening of the Morley Indian School on the 11th, and as I wished to look the building over again, particularly with regard to the Fire Escapes and Plumbing, I decided to combine business with pleasure, and attend the opening ceremony. As the train connections did not suit, and would have detained me overnight, I hired a car in Calgary, and drove my wife and daughter to the school opening, returning to Calgary the same afternoon. The hiring of this car cost me \$13.50, the receipt for which is attached to my November vouchers. Thinking, perhaps, that it might be deemed irregular if I charged the hiring of this car to the Department, I hesitated to do so, and after thinking it over I decided to charge only the actual train fare of \$3.10, and the difference of \$10.40 I am absorbing myself.

Trusting my action in this instance meets with the Department's approval,

I have the honour to be, Sir,

Your obedient servant

E. Gardner Smith
Inspector of Construction.

BROCKET, Alta.

Dear Sir,

Find enclosed list of fixtures for the new ^{b.o.f.} Indian
School, Brocket. This is considerably over the amount allowed
in our contract.

But as there are 120 outlets in the building, this
would only cover drop lights all around.

Yours truly,

BROTHERSTON ELECTRIC CO LTD

MEMORANDUM OF AGREEMENT MADE (in triplicate) this 29th day
of September, A.D. 1926,

BETWEEN:-

HIS MAJESTY in the right of the Dominion of Canada
as represented by the Superintendent General of
Indian Affairs, hereinafter called the
PARTY OF THE FIRST PART,

and

Oulette & Buchan

~~THOMAS H. HINTON~~, Contractor, of the Town of Pincher
Creek, Alberta, hereinafter called the PARTY OF THE
SECOND PART.

The Party of the Second Part agrees and under-
takes in consideration of the sum of *Twelve Hundred
and Eighty Dollars (\$1280⁰⁰)* to perform all labour in
connection with the erection of a Stock Barn, Hen
House, and Implement Shed on the premises of the
Church of England Indian Residential School, near
Brocket, Alberta, in accordance with Plans and
Specifications furnished to the said Party of the
Second Part by William Morris Graham representing
the Party of the First Part. The said labour is to be
performed in a workmanlike manner, satisfactory to
and subject to the approval of an Officer of the
Department of Indian Affairs.

It is understood that all the material
required by the Party of the Second Part for the
erection of the aforesaid buildings will be trans-
ported to the site of the said buildings without
expense to the Party of the Second Part.

IN WITNESS WHEREOF the Parties of the
First and Second Parts have hereunto set their hands
and seals the day and year above written.

SIGNED, SEALED AND DELIVERED
by William Morris Graham on
behalf of the Party of the
First Part.

COMMISSIONER'S OFFICE,

REGINA, SASK., December 24th, 1926.

Sir:-

I am enclosing herewith for payment Peigan Agency Voucher No. 215, amounting to \$1461.52, in favour of Buchan & Ouellette, Brockst, Alta., for the labour in connection with the outbuildings of the Church of England School.

The original contract shows \$1280.00 but the doubling of the poultry house, etc., as shown on their invoice and receipts, accounts for the extra cost.

Abstract of Tenders and the labour contract is attached herewith.

Department authority is dated August 27th, 1926, File 116-2-5.

Your obedient servant,

W. M. Graham
Indian Commissioner.

The Secretary,
Dept. of Indian Affairs,

Re-Peigan Schools.

Sir,—

With reference to the lighting fixtures required for the above schools, only \$200.00 is allowed for each school in the specifications. I enclose a list of suggested fixtures, and when last in Calgary I submitted this list to Brotherston Electric Co., Ltd. (the electrical contractors for the C. of E. School here) and this firm's quotation is \$301.81.

It is impossible to light these schools efficiently for the sum allowed. In the suggested list of fixtures, which I respectfully submit for your consideration, I have followed the lines you have approved for other schools, and have aimed at avoiding extravagance, but have tried to secure efficiency in lighting.

I have not yet received the quotation for the fixtures for the R.C. School, but it will be substantially the same.

Will you kindly instruct me regarding the lighting fixtures for these schools.

I have the honour to be, Sir,

Your obedient servant

Sir:

Will you please advise me if it is the intention to supply a school bell for the two new schools on the Peigan Reserve. Bells were furnished for both the schools on the Blood Reserve and I would suggest their being supplied in these two instances also. The approximate cost would be \$10.00 for each school.

Your obedient servant,

W.M. Graham,
Indian Commissioner.

Ottawa, January 15, 1927.

Sir:

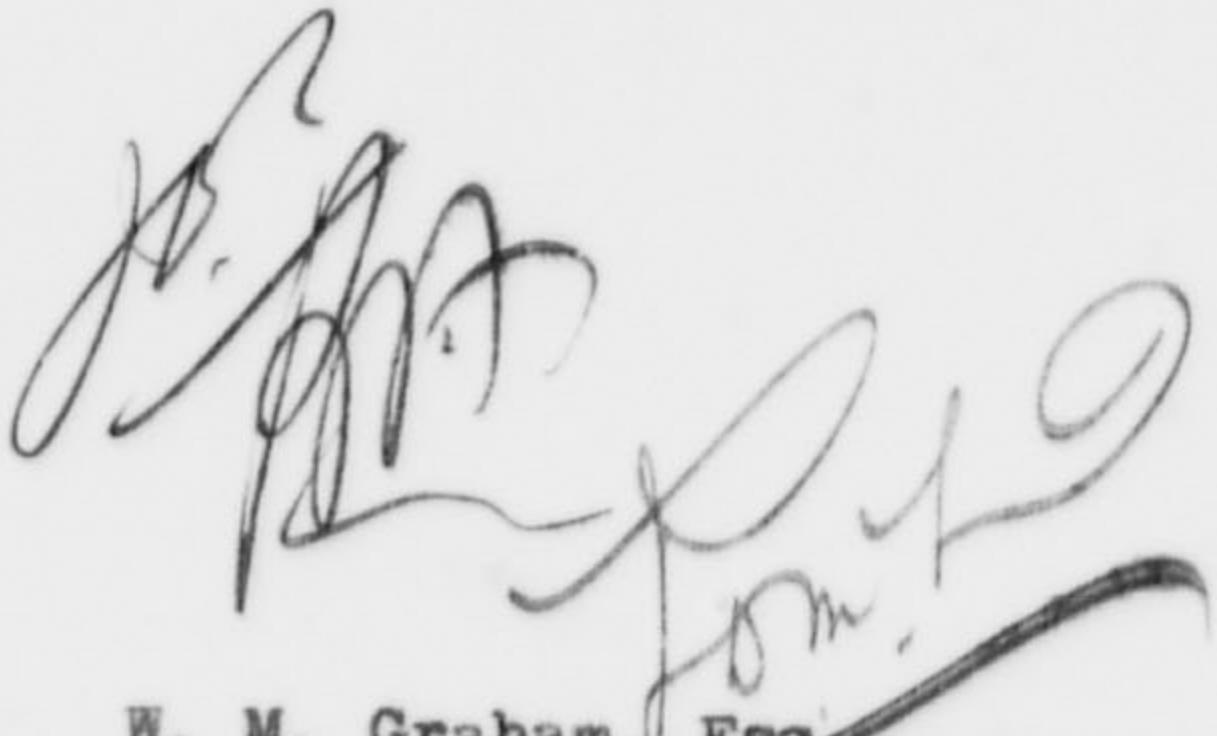

I have your No. 406-11A C.E. of the 11th instant, relative to the supplying of a school bell for each of the new Indian residential school buildings on the Peigan Reserve.

In reply I beg to say that you may arrange for the purchase of a school bell for each of these schools, and the cost should not exceed the sum of \$50 in each case. In this connection I would refer you to the catalogue of the Western School Supply Co. Ltd., Regina, who supply a bell, No. 24, which is the type we usually furnish residential schools. If you consider this bell would be satisfactory for the Peigan schools, you may purchase and have same delivered. Please forward vouchers in the usual manner covering the cost.

Your obedient servant,

J. D. McLEAN

COMMISSIONER'S OFFICE,

H.

REGINA, SASK., February 19th, 1927.

Sir:

I have received a letter from Dr. T.B.R. Westgate asking that the St. Cyprian School on the Peigan Reserve may be furnished with an ice house, cold storage, root house and piggery. Of course nothing can be done until the spring and between now and then the requirements at the school can be looked into a little more closely and the Department advised as to what are the requirements here.

Your obedient servant,

W.M. Graham,
Indian Commissioner.

H.

REGINA, SASK., February 18th, 1927.

Sir:

I have received a letter from Dr. T.B.R. Westgate urging the advisability of providing a telephone system at the St. Cyprian School on the Peigan Reserve, which is distant three miles from the town of Brocket. I think this is necessary and beg to recommend that the telephone be installed.

The same necessity would obtain in the case of the Sacred Heart School, which is five and one-half miles from Brocket, and I would recommend the installation of a telephone there also.

The cost of installation would be covered by an expenditure of \$300 in each case. I shall be glad if the Department will authorise this.

Your obedient servant,

W.M. Graham

Sir:

I have your 406-11A C.E. of the 19th instant, with reference to an ice house and cold storage, root house and piggery at the St. Cyprian Indian Residential School. I note that you will look into the requirements at this institution and report to the Department.

I have also your 406-11A C.E. of the 18th instant, recommending the installation of telephones at the two Indian residential schools on the Peigan reserve. I note the cost of \$300 in each case in this connection. You are authorized to arrange for this work, but it is understood that the cost will be kept as low as possible.

Your obedient servant,

REGINA, SASK.. February 25th, 1927.

Sir:

The Rev. W.R. Haynes of the Church of England Missionary on the Peigan Reserve has requested permission to make use of the old building at one time used as a laundry at the Church of England School on the reserve. This building is of frame construction, 18 x 24 feet, and he wishes to move it near the site of the Mission in order to use it as a store house and morgue, provided the School Authorities do not wish to make use of it.

I shall be glad to know if the Department will allow the Missionary to make use of it as stated.

Your obedient servant,

W.M. Graham

IN YOUR REPLY REFER TO

NO. 406-11A C.E.

ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE,

H. REGINA, SASK., March 15th, 1927.

Sir:-

Mr. E. Gardner Smith writes stating that the sub-contractors engaged on the electrical work at the two new schools on the Peigan Reserve quote the under-mentioned prices for wiring the barns, implements sheds and poultry houses, namely:

	<u>Barn</u>	<u>Implement Shed</u>	<u>Poultry House</u>
R.C. School	\$269.00	\$18.00	\$16.00
C.T. School	\$257.00	\$17.00	\$15.00

I think this work ought to be done and I shall be glad if the Department will advise me if it may be proceeded with. As a check on the above quotations, I procured a price from a local electrician which was approximately the same.

Your obedient servant,

W.M. Graham

Sir:-

I beg to acknowledge the receipt of your letter of the 2nd. instant #116-1-5 with reference to the request that the old laundry building at the abandoned St. Cyprian Indian School be handed over to the church authorities.

This building is not of any value to speak of. At the outside it would not be worth more than \$200.00, and in view of the fact that you have given the R.C. authorities all the material in the old building, which is perhaps ten times as valuable as this, it seems to me that it would not be a bad plan to give this building to the church authorities.

Your obedient servant,

W. M. Graham

Dear Sir:-

In a letter dated Brocket, Alta.,
February 16th, Mr. V. S. Lord, Principal of St. Cyprian
School writes in part as follows:

"Some time ago Mr. Gardner Smith suggested to
Commissioner Graham that on account of the high winds
the high chimney at the new school ought to be anchored.
The request was turned down, I was up there some days ago
when the wind was moderately high, and the chimney was
swaying visibly enough to crack the plaster on the wall
at the junction between the frame and the brickwork, and
one could feel, by putting a finger over the crack, the
motion, about 1/16th of an inch. All chimneys are supposed
to sway, but I am wondering whether these high winds do
not create a situation out of the ordinary. It would not
cost much to guy or anchor the chimney."

In view of the above information I
shall be obliged if you will take whatever action you
may consider necessary in this connection. As stated
by the Principal, the cost of anchoring would not be
very much and the additional strength which it would
give to the chimney would be sufficient to make it
secure against the strong winds which prevail in that
part at times, and possibly prevent a collapse, which
could not but be attended with very serious results.
Believe me Sir.

Yours very truly,

T. B. R. Westgate

A start has been made in the erection of the garage authorized by the Department. This addition occupies the corner at the rear of the school, and will be lighted and heated from the school plants.

The additional millwork, consisting of tables, benches, pews, cupboards, shelving, etc, has not yet arrived. There seems to have been an unaccountably long delay on the part of the factory in filling the order, but I am advised the car is now being loaded and should be received in a day or two.

From present indications the school people will be able to move into the new school about the first week in May.

I have the honour to be, Sir,

Your obedient servant

E. Gardner Smith

Inspector of Construction.

RECORDS

% Indian Office.
Brockton, Alta. April 21st, 1927.

The Secretary.
Department of Indian Affairs.
OTTAWA.

Re- C.of E.School; Peigan Reserve.

Dear Sir:

I beg to advise you that I have to-day issued a seventh Certificate, for \$4554.00 to Messrs P.W.Graham & Sons, Ltd., the general contractors for the above building, in payment of 90% of the contract price, and in full payment of authorized extras to date.

I enclose a copy of the contractors' 7th Progress Estimate, which shows how the amount of the Certificate is arrived at.

Regarding Item 31, I might explain that we have had an unique problem in the controlling of the flowing well, and in the utilization of the surplus water. The water rises to the top of the casing and overflows at the rate of about 120 gals per hour. Under pumping, the water level drops to about 50' below grade, and remains at that level even when we are pumping at the rate of 1200 gals. per hour. In order to provide against the flooding of the pumping room we found it necessary to "seal" the well, - that is to make the top of the well where the working head is placed absolutely water-tight. This required the welding of a flange to the top of the casing, and setting a concrete base about 18" above the floor level. A 2" relief outlet is taken from the casing below the welded flange with two branches, - one to the trench outside the building leading to the barn water-trough; and the other to the room opposite the laundry to be used as a dairy, where we have placed a concrete vat, with overflow to a floor drain. The work was done by Mr. Snyder, the plumbing & heating sub-contractor, and the charge of \$164.45 is for labour and material thus employed, and including 10% for the general contractor.

I think the other items are self-explanatory, but if further explanation is desired I shall be pleased to furnish it.

The general contract for this building is practically completed, just a few days' work remaining to be done, and which is more than offset by work performed additional to the contract. The contractor requests that his deposit security be now released, as he wishes to use his funds for other tenders. I promised to bring his request to your attention, and to recommend the return of his deposit. The fire insurance of \$40,000.00 expires at the end of this month, by which date I expect to accept the building on behalf of the Department.

Reverend Sir:

I wish to refer to that portion of your letter of the 29th ultimo which has reference to a workshop for the St. Cyprian Indian Residential School. I regret that there are no funds for the purpose of erecting this building at the present time. The old laundry building has been reported on by Mr. Commissioner Graham as of no particular value and it was turned over to the Rev. Mr. Haynes for use at the mission. If you find that Rev. Mr. Haynes does not move this building and if you believe it is suitable for a workshop, you might let me have a recommendation in due course.

The Secretary,
The Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:-

In reply to your letter of the 12th instant, 116-1-5, and with special reference to the disposal of the old laundry building at our Peigan School, I beg to state that in a letter just received from the Rev. W. R. Haynes, and dated Brocket, April 20th, he writes, in part, with regard to this particular building, as follows:-

"I would draw your attention to the fact that the Indian Commissioner refused to allow the building to be moved from the old school to the new. I then asked the Commissioner through the Indian office here for the building which he granted, and I have made arrangements to have it moved as soon as the School is vacated."

In the light of the above information it is clear that the old laundry building can not be moved to the site of the new School and be utilized as a workshop.

As a workshop, however, is a necessity at this School I trust that funds may be available for the erection of this building in the near future.

Believe me, Sir,
Yours very truly,

T. B. R. Westgate

% Indian Office.
Brocket, Alta. May 1st, 1927.

Asst. Secy.
R. Guernsey Orr Esq.
Architect.
Department of Indian Affairs.
OTTAWA.

Re- St. Paul's School; Blood Reserve.

Dear Mr. Orr:

The matters pertaining to St. Paul's School which I discussed with you when in Ottawa consist as follows:

1. St. Paul's Sewage System discharges in a shallow ravine, where it forms a pool, and offensive odours reach the school and playground.
2. The well-water is strongly impregnated with deleterious matter resulting in the blocking of the cooling system of the power plant, and the hot water lines throughout the school. Also it cannot be used in the heating boilers, nor in the high-pressure steam boiler.
3. A heavy-guage boiler breeching is needed before the next heating season.
4. The roof water from rear of school is discharging along the foundation walls, and will cause damage to the building.

Regarding Item No. 1, on the 28th instant I called at the school, and surveyed a line of drain from the present outlet of the sewer to a point 750' away, which when completed will transfer the pool to where it can no longer give offense. The cost of this work should not exceed \$100.00. This will be for an ~~an~~ open trench running straight with the ravine, instead of the present winding, sluggish course, and it will average about 2½' in depth.

Before making a recommendation dealing with the water supply, I am awaiting the receipt of a letter from Mr. Chene, Departmental Engineer, which he promised to send me, giving data, costs, etc., of an approved water-softening system adapted to the needs of the school. I am in daily expectation of Mr. Chene's letter.

I have asked Messrs Snyder & Co., of Calgary, for a quotation for supplying and installing a #10 guage iron breeching, and insulating that portion of the laminated wood ceiling directly over the breeching. As soon as this is received, I will write you further on the subject.

Regarding the roof water which at present discharges along the foundation walls at the rear of the school, and which threatens very serious damage to the building, this has caused

Indian Affairs. (RG 10, Volume 6369, file 763-5, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

me much concern, and was more than anything else the ^{reason for} ~~cause of~~ my going to Ottawa. Already we have foundation cracks resulting from this cause, and unless remedial measures are taken, I fear the ultimate ruining of this splendid building. I drew Commissioner Graham's attention to it time and again, but my letters and recommendations were consistently ignored, and the damage has been allowed to go on unchecked. Not being a technical man, I can only assume he did not appreciate the nature and extent of the threatening damage, nor my proposals for overcoming same. Early in the construction of the building I asked him for authority to conduct the water from the downspouts at rear of school (where the surrounding ground slopes to the building) by underground drains to discharge in the drain taking the laundry waste, which could have been done for \$150.00 before the basement floors were laid, but he would not authorize the outlay. We now have to find less efficient and more expensive means for taking care of this water. At present after a heavy rain a miniature lake forms at rear of school, and gradually soaks away along the foundation walls, as already stated.

In order to take care of the roof water, I recommend that a length of iron sewer pipe be placed under ~~the~~ ^{each} downspouts, and then by means of vitrified tile drains, conduct the water to discharge in the main sewer beyond the septic tank. I hope within the next few days to send you a sketch of the proposed drains, with estimate of cost.

Indian Agent Pugh was unable to go to St. Paul's School the day I was there, having been called to Lethbridge to attend a police court trial, and he has asked me to return next Thursday so that I may point out to him my various proposals. He also wishes my advice regarding the proposed completing of the attic of the main building. I shall therefore go again to St. Paul's School on Thursday, after which I hope to be ready to report to you fully concerning the proposals outlined, with estimates of cost.

Your obedient servant

E. Gardner Smith

May 13, 1927.

Sir,-

Referring to your letter of the 1st instant, regarding certain work required at the St. Paul's Indian Residential School, you may arrange to have 750 feet of trench provided in order to carry away the discharge from the septic tank. It is noted that the cost of this work will be approximately \$100.00.

As soon as I hear further from you with reference to the other items mentioned in your letter instructions will be sent you.

Your obedient servant,

J. D. McLean.

May 27th 1927. MAY 31

Sumner Smith
The Secretary,

Department of Indian Affairs,

OTTAWA.

Dear Sir,

We have been looking to receive the cheque to cover Retention moneys on the Church of England Indian Residential School on the Pelgan Reserve.

Inspector Smith's last Certificate showed this to be released Thirty Days from April 20th, and we require this money to carry on our new work.

Mr Smith also advised us last month that he had recommended that the War Bonds which you have as Deposit, should be returned to us. We should appreciate the return of these.

We require the use of this money, and feel our Contract would have been finished long ago but for the continual change from plan, and disorganisation of the way of the job, by having to wait for extra material deliveries, and carry on in the meantime with a small crew, whilst we had to bear the expense of extended Insurance and Camp expenses, not to mention interest on our money tied-up.

We trust to receive your early favours.

Yours truly,

P.W.Graham & Sons Ltd.

The Secretary.
Department of Indian Affairs.
OTTAWA.

Re- C. of E. School; Peigan Reserve.

Dear Sir:

The general contract for this school was completed some weeks ago, and the school people moved into the new building on the 22nd of May.

Work additional to the general contract has since been going on, principally the installing of the extra millwork consisting of shelving, cupboards, lockers, tables, benches, pews, etc. The millwork people seemed an unaccountably long time in making delivery of the required materials, and about six weeks elapsed after the placing of the order and the arrival of the goods. This work is now completed.

The erection of the Garage was finished a day or two ago, this work being much delayed by the incessant rains.

The outbuildings, consisting of the barn, implement shed and poultry house, were completed some time ago, including the painting of them.

At present the extra chimney authorized for the Principal's kitchen is now being built, and should be completed in a day or so if weather permits. It is raining again to-day.

The anchoring of the main chimney is being deferred until the roads permit gravel being hauled for the concrete anchorages. This work can be done by local help.

The carrying of water for the use of the live stock to a point as near as possible to the barn will be undertaken when fine weather returns, and the digging of the trench will be done by Indian labour. It is my intention to utilize the water from the flowing well for this service.

I expect to issue the final Certificate to the contractor (Messrs P.W. Graham & Sons, Ltd) some time next week.

Last Tuesday the school was visited by Bishop Sherman, and accompanying clergy, and the school chapel was dedicated.

I have the honour to be, Sir,

Your obedient servant

Inspector of Construction.

CLASS 39-1

CLAIM

R

THE WORKMEN'S COMPENSATION BOARD

EDMONTON, ALBERTA

June 13th, 1927.

Department Indian Affairs,
Ottawa, Canada.

Dear Sirs:

Re: P. W. Graham & Sons Ltd.,
Contractors of Moose Jaw, Sask.

The above concern advised us under date of April 6th, 1927 that on July 26th, 1926 they had commenced the construction of certain buildings on the Peigan Reserve in Alberta, and which operations most certainly come within scope of the Workmen's Compensation Act of this Province and if any of their employees had been injured this Board would most certainly have been liable in the matter of compensation and medical service. The contractor is most seriously delinquent in reporting the commencement of his operations in this Province.

They have been assessed in the regular way and we have written to them several times pointing out the fact that such assessment still remains unpaid. May I here under quote Section 36 (2) of the Workmen's Compensation Act of this Province which reads as follows:-

"Where any work within the scope of this Act is undertaken for any person, in this section referred to as the principal, by a contractor, it shall be the duty of the principal to see that any sum which the contractor or any sub-contractor is liable to contribute to the accident fund in respect of the work so undertaken is paid, and if any such principal fails to do so he shall be personally liable to pay it to the Board, and the Board shall have the like powers and be entitled to the like remedies for enforcing payment as it possesses or is entitled to in respect of an assessment."

In view of the foregoing will you therefore please refrain from making final settlement with P.W. Graham & Sons Ltd. until they have produced to you a certificate of clearance from this office, showing that all liabilities

Gentlemen:

I am in receipt of your letter of the 17th instant, with enclosed copy of a telegram from Mr.Duncan C.Scott advising you of the return of your deposit security.

I note that you are unable to come to Brocket for a few days yet, but that you would like a Certificate for \$3000.00 on account of the additional millwork, and garage.

Enclosed you will please find Certificate No.8, for \$3092.75, in payment of additional millwork, \$2317.75, and Garage \$775.00, thus totalling the amount of said Certificate.

As soon as you can come to Brocket I shall be pleased to go over any other outstanding items with you, and shall then be in a position to issue the Final Certificate, which will include the 10% retention of \$5199.00 on the general contract.

Please endeavour to come to Brocket before the end of the month, and if possible, let me know in advance just when you will arrive, so that I may be sure of being here.

Yours faithfully

E. Gardner Smith

Dear Sir:-

Attention- R. Gurney Orr.

In the month of February we shipped two 6K.W. Lister-Bruston Plants to the Brotherston Electric Company at Calgary, Alberta, to be installed in the Indian Schools at Brocket.

We have been after the Brotherston Electric Company for payment of the two plants and they advise that they have never received payment from the Department. We are getting a little anxious as it is now over three months, and we should be glad to know if such is the case.

Yours very truly,

OTTAWA.

Re- C. of E. School; Peigan Reserve.

Dear Sir:

I beg to advise you that I have to-day issued an eighth Certificate, for \$3092.75, to Messrs P.W. Graham & Sons, Ltd., of Moose Jaw, Sask. in payment of the additional work performed in connection with their contract for the above school, as shown on the accompanying list. I am also enclosing a copy of my letter of to-day to this firm.

In Item #36, for additional millwork, etc, of \$2317.75, I would say the contractors' original figure for the first list of millwork, etc, submitted on behalf of the Principal, amounted to approximately \$3000.00, but in consequence of severe pruning and eliminations, this was reduced to the sum shown. When in Ottawa last April, Mr. Orr authorized the restoring of some of the items which had been cut out in the effort to reduce the total price, and these will appear in the final Certificate.

Item #37 is for the new Garage, which has been made 4' longer than originally intended, and includes a passage. This change was specially asked for at both schools, so that the pupils coming in and out of the rear entrance would not have access to the Garage.

I expect to issue the final Certificate on this job just as soon as Mr. P.W. Graham can come to Brockton with his necessary cost data. I am trying to get everything cleaned up by the end of the month.

I have the honour to be, Sir,

Your obedient servant,

Inspector of Construction.

DEPT. OF INDIAN AFFAIRS
JUL 16 1927
RECORDS
C/O J.R.Sayers Esq.
2801 Sheffield Avenue
Chicago, Ill. July 12th, 1927.
The Secretary.
Department of Indian Affairs.
OTTAWA.

Dear Sir:

Re- Peigan Church of England School, Brocket, Alta.

I beg to advise you that I have issued to-day the Final Certificate, for \$8377.10, to Messrs P.W.Graham & Sons, Limited, in full payment for their contract and authorized extras in the erection of the above-mentioned school, and including also the 10% holdback of \$5199.00 from previous requisitions., as the job progressed.

I enclose the contractors' complete account of work additional to the contract, stated at \$14,925.79. I have gone over every item in this list, and have made reductions and deletements to the best of my ability, having regard to any fair claims made by the contractor, but also keeping before me my duty to the Department, and have felt compelled to reduce the contractors' bill by \$1246.14. By comparing the two columns "Charged" and "Allowed", you will readily see wherein I have amended the contractors' charges.

Having been notified by the Department that my appointment as Inspector of Construction, under the Civil Service Commission, would expire on June 30th, I made every effort to have all work completed, and accounts disposed of by that date. I notified Mr. P.W.Graham to come to Brocket so that we might go over the final accounts together, but he replied that he had not his data all completed, and was at the moment closely tied by a contract his firm were completing in his own city. I then wired him that I could not wait indefinitely, and that I should arrive at Moose Jaw on the 8th instant for the express purpose of having a final settlement made, and requested him to have everything in order. I arrived there on that day, and we spent several hours together going over his final bill. The account as approved by me represents a compromise; Mr. Graham seeming to think he should receive much more, and I wondering if I ~~was~~ not somewhat exceeding my authority in passing as much as have done. I have used my best judgment, and acted conscientiously, and believe the Department has received fair value for each item I have approved.

I think most items on the list of Additional Work are self-explanatory, but shall make explanations regarding some of them, and shall gladly give any further information on request.

Item 38. The sheet-metal contractor said he had not figured on a cornice for the extension to the machinery room, and when I insisted that there should be one there, he charged extra for it. Also, a ventilator, with control damper, was placed in sky-light over the power-plant.

" 39. The contractor states that in his tender for the change in floor lay-Out, he only figured a "stoop" for the Principal's verandah. He showed me his actual costs of this extension, to which he has added 10%, bringing the cost to \$617.00. It is an enclosed verandah similar to what was provided for the Principal at St.Paul's School, Cardston.

" 40. Extra windows were placed in P's Draw. Rm. & Mach.Rm

" 43. The Cranbrook Sash & Door Co., who supplied the millwork for this school, scaled the plan slightly less for the windows than I decided was called for. Not being any detail, they

Indian Affairs. (RG 10, Volume 6369, file 763-5, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

Item 43.(cont'd) did not read the 1/8 scale quite the same as I did, and had a number of windows and storm sash framed to a smaller size. On being notified that these were unacceptable, they have charged their factory cost in this connection. As they have treated us generously in other respects, and did did some additional work without cost to the Dep't, I should like to see this charge passed.

" 45. The admitting and placing of the heavy "Chef" range accounts for the \$25.00 shown. A window and frame had to be removed and replaced, and other work done in this connection.

" 55. In an attempt to keep down the cost of the additional millwork, the Dormitory Lockers were deleted from the list of fixtures asked for, but on authority from Mr. Orr, given to me when in Ottawa, these conveniences were installed. The sum shown is the same as on the original list.

If any further explanations are desired, I shall be pleased to furnish them, but otherwise I shall try to avoid writing in excessive length on items that are probably readily understood as they stand.

I am spending a little time in Chicago, and can be readily reached at the address shown.

I have the honour to be, Sir,

Your obedient servant

E. Gardner Smith

RE: St., Cyprian's School.

Dear Sir,

In a letter just received from the acting Principal
of the St. Cyprian School, Brocket, Alberta he writes in
part, as follows:

"As you know we have had some torrential rains
here both in June and again last night and to-day. We
have bailed out with a bucket, twice to-day, about 3 inches
of water from the coal cellar and boiler room. The fault
lies in the fact that the lowest point in the school draining
system is below the basement floor, and not below the boiler
room floor level, which is about 4 ft. below the basement
floor level. Could the Dept: be approached re supplying
some pumping device for such contingencies? Fortunately
the plumbing contractor foresaw such a contingency and put
in, surplus to specifications, an outlet in the wall of the
boiler room which connects with the main drain, about 4ft
above the boiler room floor level."

I shall be obliged if your department will kindly
give the above suggestion prompt consideration and furnish
the pump requested.

Indian Affairs. (RG 10, Volume 6369, file 763-5, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

-2-

It seems to me, however that a permanently satisfactory remedy for the situation can only be provided by having the drain pipe lowered another 4 ft. from the basement floor level to the floor level of the boiler room and I trust that this action may be taken at the earliest convenience to your department.

Believe me Sir,

Yours very truly,

L. A. Westgate

H. REGINA, SASK., July 14th, 1927.

Sir:-

May I please be furnished with an accountable cheque for \$183.97, representing the balance of the appropriation for the erection of telephone lines to the two schools on the Peigan Reserve, authorized under Department No. 116-1-5 dated the 24th February last.

I am asking for the cheque to be forwarded here in order that I may instruct the Agent that the amount of the balance is not to be exceeded and is to be used only for the purpose of paying for labour in the erection.

Your obedient servant,

W.M. Graham,
Indian Commissioner.

The Secretary,
Dept. of Indian Affairs,
Ottawa.

Ottawa, July 26th, 1927.

Sir:-

Referring to your letter of the 15th instant inclosing final certificate in your favour for work done in the erection of the porch of the Church of England Indian School on the Peigan Reserve, I beg to state that a cheque for \$8,149.10 is being sent you in payment of that certificate.

The reduction of \$228.00 made from your certificate is due to the fact that Mr. Percy H. Reynolds, of Moose Jaw, has filed with the Department a claim against you for that amount in payment of wages due him, and asked to be protected to that amount. This sum will be withheld here pending receipt from you and Mr. Reynolds of evidence that his claim has been satisfied. The amount will then be forwarded to you.

Your obedient servant,

A. F. MacKenzie.
Acting Assistant Deputy & Secretary.

Dear Sir,

We have received notice from the Department of Indian Affairs that you have filed a claim for \$228.00, which amount has been withheld from the final payment for work done on C. of E. Indian School, Peigan Reserve.

We herewith give you Three days notice to produce the level and staff belonging to us at our office, 216 Hammond Building, also all papers and records in connection with the work, together with amounts you have received and paid out on our behalf as Agent.

For your records your account with us stands:-

Agents advance, Cash	109.29
Money borrowed by you from Bassenberry Store, Brocket.	20.00
and repaid by us	
April 21/1923 Loan to you.	<u>50.00</u>
	\$179.29

Your time charged according to your own Time Sheet is; /

218 hours @ \$1.00 per hour.	\$218.00
--------------------------------------	----------

When you return all data belonging to us we will be pleased to make settlement. A copy of this letter is being sent to the Department.

Yours truly,

P.W.Graham & Sons Ltd.

Department of Indian Affairs,
OTTAWA, Canada.

Dear Sir,

We are in receipt of yours of the 26th inst.
No. 116-1-15, and beg to thank you for same.

It is quite satisfactory to us for you to withhold Reynolds' claim, so long as you are sending the balance through to us as we require the money to find cash to put up a marked cheque on a \$250,000.00 Community Hotel here.

Reynolds is with an opposition firm and possibly has an object in view.

We herewith enclose copy of our letter to Reynolds which explains itself, and would ask you not to pay until we get a settlement.

Yours truly,

P.W.Graham & Sons Ltd.

Re- C. of E. School; Peigan Reserve.

Dear Sir:

On the 8th ultimo I went over the final accounts for the Church of England School, Brocket, with the general contractors, Messrs P.W. Graham & Sons, Ltd., in their office at Moose Jaw. At that time they lacked a bill from Messrs Snyder & Co., of Calgary, for transmission outlays in the machinery room. We sent a wire to Mr. Snyder, asking for his charges in this connection, but up to the time of my leaving Moose Jaw no reply was received, hence this expenditure was omitted in the final certificate. I told the general contractors that when Mr. Snyder's bill reached me I would certify it, if correct, and that no doubt the Department would pay for it separately.

I now enclose Snyder & Co's memo of \$75.00 for additional 2 hangers and 2 extra pulleys, and other fittings which were found to be necessary. The other items on the enclosed bill are, I think, self-explanatory, all of which have been supplied, and economically performed.

You will see from the above heading that I am still in Chicago. I am taking a special "post-graduate" course, and am getting a little employment at the same time which will about offset my expenses. I am prepared to return to Alberta, or go elsewhere, on short notice, should the Department have further employment for me.

I would have forwarded the contractors' bill sooner, but expected to be in Ottawa before this, and intended taking the account with me.

In replying, please address me as above.

I have the honour to be, Sir,

Your obedient servant

E. H. Gardner-Smith

Dear Sir:-

I am writing you for some information. I had the painting contract on the E. C. Indian School, Brocket. P. W. Graham & Son, Moose Jaw, General Contractor. I sent him my statement which was O.Ked by Mr. Smith, Inspector but Mr. Graham won't allow me all my extras, namely, on the Burlap and Millwork. I wrote Mr. Smith but have received no reply and I have been informed he is in Chicago. I would like to know if he is still with the Department. Would like to know if you have P. W. Grahams statement for extras and if he has received his final payment. Would be obliged, if you would reply as soon as convenient as I would like to have this settled. It is over two months since I finished

Trusting to hear from you,

I remain, yours,

(Sgd.) J. A. Tobin.

With reference to the heating
boilers in above schools, as you are aware I
was there yesterday for the purpose of inspect-
ing and testing them but could not do so as they
were not prepared. Before these boilers could
be tested the main steam outlet will require to
be blanked off or a valve fitted next to boiler
so that system could be shut off.

As boilers will be tested once a
year I would suggest that a valve be fitted.

As I wish to see the inside of
boilers previous to testing, man hole and all
hand holes will require to be removed and inside
of boilers washed out. Fire bars removed, fire-
boxes and smoke boxes and flues cleaned.

Your obedient servant,

INSPECTOR OF BOILERS.

Indian Agent,

Dear Sir,

I have just received and enclose for your information copies of the reports of the Inspector of Boilers for the Province of Alberta after his inspection of the heating, lighting and water systems of the St. Cyprian School, Brocket, Alta. I have been informed by the Principal of the school that copies of the reports have already been forwarded to the Indian Agent for transmission to your Department, but as the Inspector requested the Principal to likewise forward copies, he has sent ~~he has sent~~ them on to me for this purpose. I trust that the Inspector's reports may receive your careful consideration, and that the recommendations he has made with regard to the provision of certain items, as well as with regard to certain alterations may be carried into effect.

Believe me Sir,

Yours very truly,

Oct 27/27

Sir:-

I am directed by the Secretary of the Indian & Eskimo Commission, S.C.O. to bring to your attention the matter of storm doors and windows at the St Cyprian C of E. school on the Peigan Reserve.

There were no storm doors fitted to the fire escape doors in this building, whereas screen doors were fitted when the building was under construction. Since the spring of this year, when the doors were fitted, all the doors, outside and inside have shrunk about $\frac{1}{4}$ inch: Thus, during exceedingly high winds, which are prevalent here in the winter, a great deal of cold air blows into the building through the doors and windows on the West side of the building. This is especially a cause of much discomfort to the Girls supervisor, whose room adjoins the girls' dormitory, and is the outlet to the fire escape, the door of which opens immediately into her room from the west. This same thing happens through the west door from The Principal's sitting room, and also in the girls Infirmary. Besides being inconvenient, such leakage is the cause of extra expenditure in fuel to keep the building warm. The shrinkage of the doors must be due, I think, to the fact that the lumber was partly green, or to the excessive dryness of the atmosphere here.

With regard to the storm windows all over the building. These fitted well when first put in in the spring, but now they are all too big. I have asked Mr Indian Agent Arthur to have a carpenter come and fit the windows, and he said he would, as it is a work for a mechanic, especially at the windows of the upper stories. So far this has not been done and we are advancing into the winter and expect bad weather any time.

I might also mention that I have reported to Commissioner Graham, the fact that the fire-escape doors open inwards in the building. Perhaps this could be remedied at the same time.

I have the honour to be
Sir,

Your obedient servant

Vivian S. Lord
(Rev Vivian S. Lord) Principal.

Ottawa, 10th November, 1927.

Sir,

On the 17th July last you wired the Department asking to be protected to the extent of \$228.00 wages due on Church of England School at Pegan. This matter was brought to the attention of Mr. P. W. Graham & Sons Limited, who forwarded us a copy of their letter to you July 30th setting forth the statement of your account showing that you had received \$179.29 of this claim and that they were awaiting from you the return of a level and staff belonging to them. In this letter you were given three days to adjust the matter. We have not heard whether this has yet been adjusted. I may say that in view of the statements set forth in this letter we are unable to understand what you meant by asking the Department to protect you to the extent of \$228.00. Unless we hear from you by return of mail showing a substantial reason for the Department withholding any part of this \$228.00 it will be immediately forwarded to Messrs. Graham & Sons Limited.

Your obedient servant,

Asst. Deputy and Secretary.

The Secretary,
The Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:-

I beg to direct your attention to the need of telephone communication between the St. Cyprian School and the village of Bocket, about $3\frac{1}{2}$ miles away. It would appear from information which the Acting Principal received from the local Indian Agent that an appropriation of \$600.- was made available for this purpose during the past summer, but no authorization was given at that time, for the school management to proceed with the work of installation. The only action taken in the matter since then is set forth in the following extracts from the Acting Principal's letter just received, and dated Dec. 1st :-

"The scheme which the Indian Agent had, whereby he was going to get the Indians to do the work if the schools fed them, fell through on account of fairs, farm work, etc., and we have been marking time since then. The Agent states that the material cost about \$400.- and that there is only \$200.- left to buy another $\frac{1}{2}$ mile of wire, and pay an expert to string it. He asks the school to haul the posts, dig the holes, and put the poles up. My objection to this is (1) This is no weather to dig holes, and frozen soil will not tamp, so that next summer the poles will lean all over the place. (2) We have only four big boys who could help with the work

In the light of the above information it seems to me that the school management can not fairly be blamed for the failure to have this telephone communication established before the winter began, and that your Department should undertake all the work required in this connection, with the exception of the haulage of the posts. Whether this work can be undertaken before the spring, will depend on the

Indian Affairs. (RG 10, Volume 6369, file 763-5, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

weather conditions which prevail in that part.

I beg to recommend, however, that instructions be forwarded to the Indian Agent to have the work completed as soon as favourable weather conditions obtain, and that the school management be not asked to render any farther service beyond what I have mentioned in connection with the hauling of the posts.

Believe me, Sir,

Your obedient servant,

L. A. R. Westgate

Ottawa, December 12, 1927.

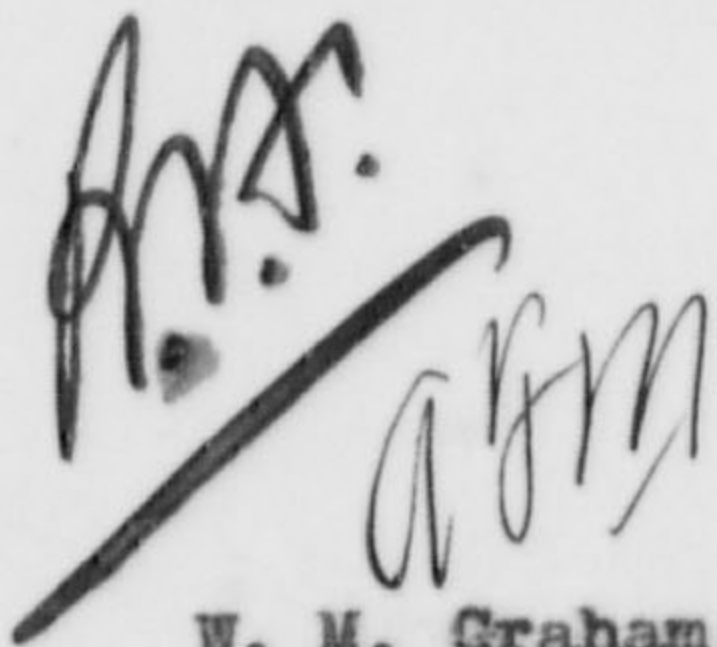

Sir:

With reference to your No. 406-11A C.E. of July 14th, last, concerning the erection of a telephone line from the St. Cyprian School to Bocket, I should be glad to know how this matter stands at present. The Principal reports that the telephone has not been installed and that the authority which the Indian Agent has includes digging the holes and putting up the poles by the school management. It appears that the school is willing to haul the posts, but that they have no big boys for the other purpose. Please let me have a report and recommendation.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy and Secretary.

COMMISSIONER'S OFFICE,

D

REGINA, SASK. December 20th, 1927

Sir:-

I beg to acknowledge receipt of your letter of the 12th. instant #116-1-5, concerning the erection of a telephone line from the St. Cyprian School to Brocket, and asking me for a report as to how the matter stands.

I regret to say that there has been a great deal of delay in the matter of getting the telephone lines to both the schools on the Peigan reserve erected, and Mr. Arthur must accept most of the responsibility for this, as he was instructed to purchase the necessary material and arrange for the erection of the lines with the assistance of the bigger boys at the schools. He did purchase the material and a voucher amounting to \$416.03 covering same was received here on April 8th. On July 8th. Mr. Arthur wrote to this office asking to be furnished with an accountable cheque for the balance of the \$600.00 authorized for this work, which was \$183.97, and this was obtained from Ottawa and forwarded to him on July 28th. On August 24th. he was written to from this office, and asked to submit a voucher accounting for this money. To this he never replied and on November 2nd. he was again written to and to this he replied on the 16th. idem as follows,-

" I beg to say the advance for telephone line is still
" intact. The two Principals of the schools were ready
" to commence operations building the lines when this
" storm arrived and at present it is almost impossible
" for them to do anything until the weather moderates."

From this you will see that he did not get this work started at all during the long summer and well on into the Fall and did not reply to letters that were sent to him. This is not the first time that Mr. Arthur has bungled matters, and as I have often said
-before-

D

REGINA, SASK. FEB. 17th, 1928

[Handwritten signature]

Dear Mr. Graham:

[Handwritten signature]

I have the honour to report that during my recent trip to Alberta and while at the Peigan agency I called at the two residential schools on the reserve.

At the R.C. School everything was in first-class order, the children all looked well and things in general seemed to be progressing very favourably. The only trouble there was in connection with the water supply, the well having practically gone dry. There has been an abundance of water in this well and at the time it was drilled it was thought that there would be an unlimited supply. The impression was that sand or quicksand had cut off the supply and they were cleaning it out when I was there. As there is nothing on the file here concerning the matter it is probable that the water has come back into the well.

EXTRACT
ON 116-2-17

At the Anglican School everything seemed to be in fair shape also. The school was clean and tidy and matters in general seemed to be running along smoothly. When I was at Hobbema I received a wire from you instructing me to purchase five cows for the school, which I did. I may say that at the present time it is a very difficult matter to buy milch cows.

Inspector Christianson's report on Peigan Schools.

I was in touch with most of the stockmen in Alberta and the only place I could find any cows was at the C.P.R. Farm at Strathmore. The cows which I bought are Holstein. They are not pedigreed; two of them are pure bred but have no papers and the other three are practically pure bred. All have passed the tuberculin test and two of them had just freshened, while the other three are due to freshen around the end of this month. The price paid for these cows was \$125.00 each, which I consider very reasonable. They are from three to six years of age and if properly looked after will produce a lot of milk.

Regarding the telephone lines to the schools, the material was purchased last April with the understanding that whatever money was left over out of the amount of \$600.00 could be used by the schools to assist in erecting the lines and that whatever labour could not be paid for the schools would perform with their own staff and the bigger boys. I outlined this both to the Principals and the Agent when I was there a year ago and instructions in writing to this effect were also sent by yourself. From that time on this matter was evidently dormant until it froze up last Fall, when several letters passed between yourself and the Agent. When I arrived there in January I found that the R.C. School had erected the poles for their part of the line, but were waiting for the Anglican School to start putting their end of the line in which commences at the agency, and I found that they had made no preparation whatever. I looked thoroughly into this matter, interviewed both Principals and threshed it out with Mr. Arthur, and the following is just what happened. From the time the material was purchased in April until some time in October no real effort was made by Mr. Arthur to have this work performed. He probably mentioned it once or twice to

-the Principals-

Indian Affairs. (RG 10, Volume 6369, file 763-5, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

Inspector Christianson's report on Peigan Schools.

the Principals, and some time in June he evidently thought of having the Indians make a bee and erect all the poles. This, however, he failed to do and nothing further was done in the matter until some time late in October. Father Levern immediately started in and he told me himself that he and the boys put up the poles in something like four days, so you can see it is no great task. The Principal of the Anglican School, however, did not go on with his part of the work. He evidently advised his Farming Instructor to start the work but the Farming Instructor refused. The matter was then taken up with the Commission and Dr. Westgate and the action of the Farming Instructor was upheld, so that as far as Mr. Lord was concerned his hands were tied. While I was there I got the work under way and the only extra cost will be for the purchase of a little wire if we happen to run short. I do not know how the work is progressing but I hope it will be finished before the end of the fiscal year. By the foregoing you will see that the reason for the delay in erecting the lines is the lack of interest shown by our Agent. If he had taken the lead the work would have been completed long ago, but he just simply sat back waiting for the others to commence.

I have the honour to be,

Sir,

Your obedient servant,

M. Christianson

Mission, Schools Doors and Fire Escapes.

This work includes changing doors on fire_ escape l~~a~~ing so as to swing outside
Chiseling and planing a rebate in jamb
outside to recieve doors, sandpapering and
varnishing inside and painting outside of d
doors (the doors had to be hung in the same
order as they were before that is leaving the
hinges as they were and changing from one end
of the building to the other consequently the
varnish side of the door was outside and had
to be painted and the painted side varnished.)
Making and fitting head jambs on all the frames
for the doors at the Catholic Mission School.
Drilling holes and bolting a piece of band
iron halfway between floor and rail of fire_
escape platforms of the Anglican Mission School.

The St. Cyprian Indian Res. School
Peigan Reserve,
Brockton, March 15/28.

The Secretary,
Indian & Eskimo Commission M.S.C.C.
WINNIPEG? Man.

Dear Sir:-

I feel it necessary to bring to your notice certain needs with regard to the drainage and water plant at this school, with the request that you approach the Department to have them remedied.

1. From time to time bad drain smells seem to come up through sink or toilet traps, mostly in the basement, and percolate up through the building. There is no stoppage in the drains, but it seems to me as if bubbles form in the drain pipe and force themselves up through the traps. These smells are unhealthy and nauseating, and should be dealt with at once.

2. There is no valve to let the water out of the main water pressure tanks for cleaning purposes. The water pumped from the well at times contains much sediment and this is accumulating in the tanks. The tanks are placed horizontally one above the other, and when the water is low, the top tank being empty, the sediment flushed from the upper to the lower tank, makes the water very muddy which is forced through the pipes. A valve could be placed in the engine room for draining the tanks fairly easily. It also seems to me that a mistake was made in embedding some of the piping in concrete, making future repairs hard.

3. The return gasoline pipe from the engine to the underground gasoline tank is also embedded in the concrete of the engine room floor. Some time ago the coupling at the end of this pipe at the carburetor broke, and I had to make a temporary joint. There is no way of taking the pipe away so as to weld or solder it and it would be too dangerous to weld it as it is connected with the gas tank, with its inflammable fumes. This ought to be remedied.

4. When the school was being built I asked for the basement windows, especially those of the boys and girls play-rooms to be fitted with wire mesh screens, the same as at the Elkhorn school. These were not fitted, and their necessity has been proved to my satisfaction since. Would the Dept. fit these now, on all the basement windows.

I feel that the health of all the inmates of the school depend on the drain smells being remedied, and if it is bad now in the winter, it will be much worse in the summer.

(Sgd) Vivian S. Lord.
Principal

Indian Affairs. (RG 10, Volume 6369, file 763-5, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

C O P Y

Brocket, Alberta, April 26th, 1928

Sir:-

Replying to your letter No. 406-11A C.E. of the 31st ultimo I would say that in company with Mr. Stanley Pearson I have made a careful survey of the sewage system at the C.E. School here and we can find no fault with the workmanship of installation nor can we determine any cause for the alleged non-working of the plant.

There is a possibility of gas returning in small quantities should there be a temporary stoppage in the sewer pipe and a toilet in the upper part were tripped. This might give a small amount of gas at some of the outlets lower down in the building but a small amount of water run into the sink or other opening to the sewer would immediately remedy this.

Regarding the second complaint I find that at times there is quite a lot of sediment in the water of this well and as there was no provision made in the installation for cleaning the tanks the sediment has accumulated till now the water is always cloudy. A valve would be useless for this purpose but a hand hole in the end of the lower tank near the bottom would serve the purpose and I would recommend that this be done.

Regarding the gasoline pipe from the engine to the tank has been broken by what appears to be pure carelessness and I cannot see how the matter could be improved by exposing more of the pipe line. The plumber states that he can make a joint at a small cost with perfect safety and I have tried to impress on the staff the necessity of using ordinary care with this equipment.

As regards the breakage of the lower windows an enquiry elicits the information that during the last year only twelve lights were broken which amount does not seem to call for the expenditure of the amount necessary to protect these windows with coarse wire screen.

Your obedient servant,

(Sgd) C.A. Arthur,
Indian Agent.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

IN YOUR REPLY REFER TO

No. 406-11A C.E.

ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE,

W. REGINA, SASK., 5th May, 1928.

Sir:-

On the 19th of March I received a letter from the Rev. T.B.R. Westgate, enclosing copy of one received by him from the Reverend Principal of the St. Cyprian Indian School on the Peigan Reserve, a copy of which I attach hereto.

I wrote to the Indian Agent requesting him to look into the various matters complained of and furnish me with a full report on the subject. This, I received yesterday and attach a copy hereto. You will note that Mr. C. A. Arthur made a survey of the school in company with an experienced plumber, Mr. Stanley Pearson, and that the complaints lodged by the Principal appear to be exaggerated. However, some expenditure will be incurred in remedying certain conditions, an estimate of which the Agent did not supply me with. I should like to have the Department's authority to put into effect the suggestions made by Mr. Pearson, which will be attended to as economically as possible. As Mr. Pearson made the survey with the Agent, it would probably be as well to engage him to do the necessary work.

Your obedient servant,

W. M. Graham

W. M. Graham,

Ottawa, May 11, 1928.

Sir:

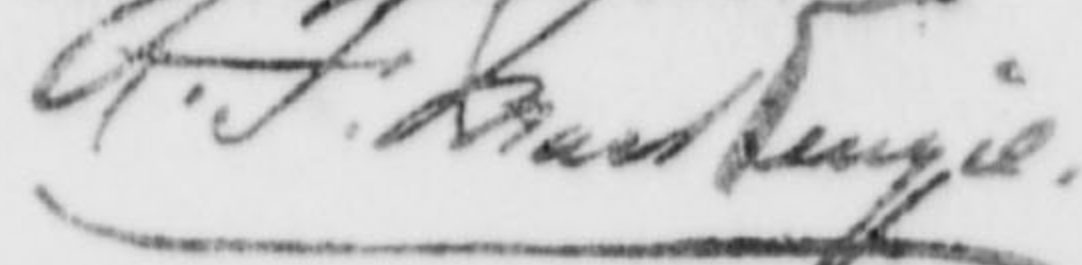

I have your No. 406-11A C.E. of the 5th instant, enclosing copies of communications from the Principal of the St. Cyprian Indian Residential School and from Mr. Agent Arthur, with reference to the sewage and water plant.

In reply I beg to say that you may arrange to carry into effect the suggestions made by Mr. Stanley Pearson, who made a survey of the conditions complained of by the Principal. In the carrying out of any work in placing the sewage and water system in a good state of repair, the cost should be kept as low as possible.

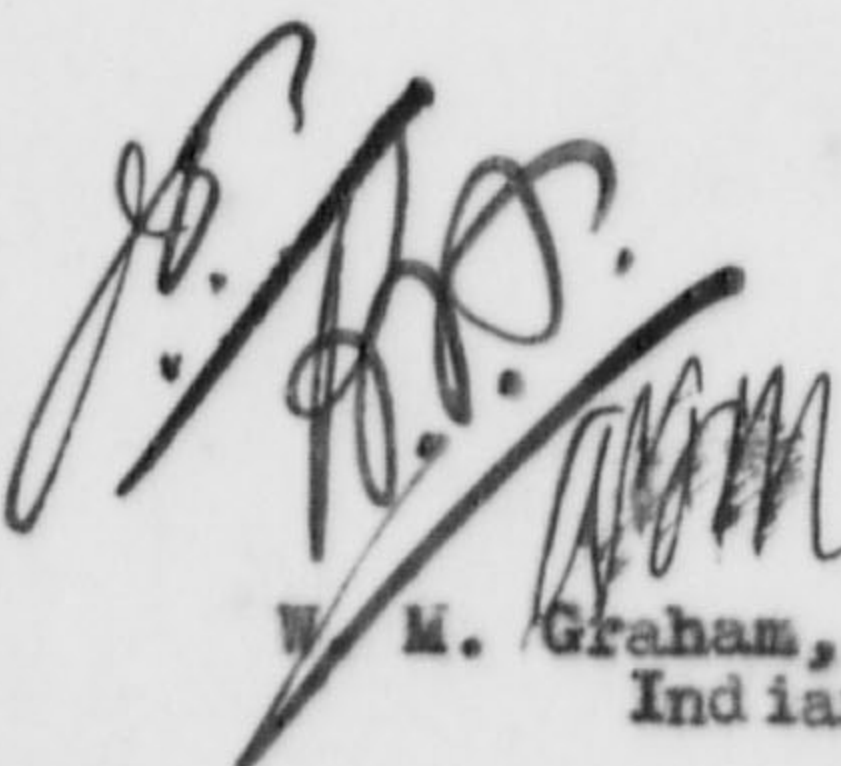

It is noted from the Agent's report that the breaking of the gasoline pipe from the engine to the tank was caused through carelessness on the part of the school authorities.

The Department is not prepared at the present time to install wire screens on the basement windows.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy and Secretary.

ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE,

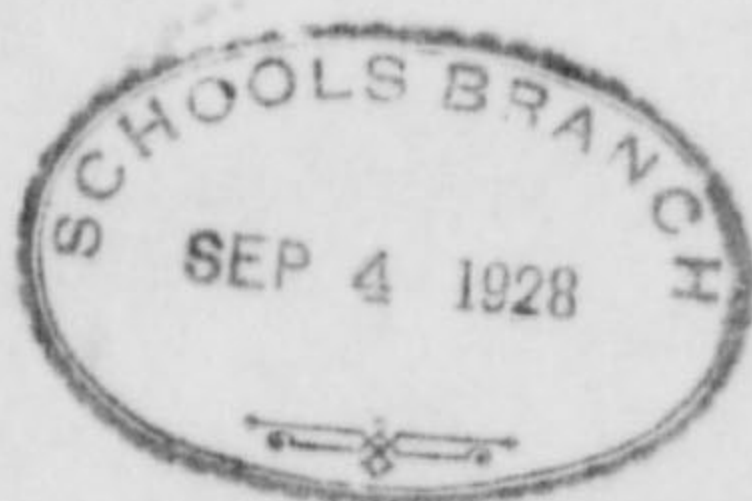

D REGINA, SASK., Aug. 29th, 1928

Dear Mr. Scott:-

You will recall that I received a request from Dr. Westgate for several articles for the St. Cyprian School, at Brocket, Alta., among other things requested being doors on the cupboards in the sewing room. I have told him that this could stand for awhile. He has also asked for an underground tank for gasoline. This should not be supplied. None of our Agents who use gasoline is supplied with an underground tank, and I think the school can very well get along without this expenditure.

I would ask for authority to purchase five additional class-room seats for this school.

Yours very truly,

W. M. Graham,
Indian Commissioner.

OFFICE OF THE
DEPUTY SUPERINTENDENT GENERAL
OTTAWA

April 19, 1926.

MEMORANDUM:

The Honourable Charles Stewart.

Funds are provided in this year's estimates for the building of two small Indian Residential Schools on the Peigan Reserve, Alberta, one for the Roman Catholic Church and one for the Church of England.

Plans and specifications have been prepared and suitable sites with adequate water supply have been selected by the representatives of the Churches and Mr. Graham.

Will you please advise me the names of newspapers in which advertisements might be inserted inviting tenders for these buildings. It is proposed to invite tenders for both buildings at the same time, as they will be practically identical in plan.

PERSONAL

Mr Duncan C. Scott,
Deputy Superintendent General,
Department of Indian Affairs,
OTTAWA, Ont.

Dear Mr Scott:-

Rev. Fr J.L. Levern O.M.I., Principal of Peigan Indian Residential School has brought to my attention a fact which is a cause of worry for him.

The case is that of the construction of a stable in connection with the new building. Work on this stable was started on the 17th inst and to quote the Principal's words: "this stable had to be built only where Commissioner Graham wished to have it. That means that an extra \$100.00 had to be paid to afford us the great disadvantage of having the north end two feet above the ground and the south end one foot in the ground in such a way that there will always be a large hole of mud, snow or ice at the door of the stable. We have protested and protested again, but to no avail and finally Inspector Smith had to yield."

I do not understand the reason of Mr Graham's attitude in this and similar cases. I may add that the principals of our schools do not understand how the Commissioner can exercise such unlimited power over their schools and over the Indians at large. He seems to be the whole Department of Indian Affairs by himself. Really at times one would think that he considers himself as holding the monopoly of intelligence and judgment. Yet he should think that as a rule principals on Indian Schools are in a better position than himself to choose most suitable sites for outbuildings and most practical types of constructions and also that they as much at heart as himself the development and success of their respective institution.

For example, at Blood R.C. School and at Thunderchild's barns were built in spite of the repeated protests of

Indian Affairs. (RG 10, Volume 6369, file 763-5, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

page 2

the principals. The result was in the case of Blood School that even in Mr Graham's estimation the barn is hardly fit to be used even as a granary and that the Commissioner had to promise another more substantial barn. At Thunderchild the barn was too small and unfinished. I could bring to your knowledge other facts all illustrating that our poor and devoted men in the field are simply the victims of a nearly tyrannical authority.

Really the situation is becoming every day more unbearable and I must admit to you that I am presently studying the most appropriate means to obtain a favorable change. May I be allowed to state that in my estimation such a change would be welcomed by the members of the other denominations interested in indian educational work and even by a large number of officers of the Indian Department.

Yours very truly,

Joseph H. Ouellet

C/O Indian Office.
Brockton, Alta. Sep't 4, 1926.

W.M.Graham Esq.
Indian Commissioner.
REGINA, Sask.

Re- R.C.School; Peigan Reserve.

Dear Sir:

At the request of the Reverend Principal (Father Levern) and the Procurator of the Oblate Fathers (Rev. Father Naessens) I am bringing to your attention their wish for a Garage as part of the school building now being erected.

The Reverend Fathers state that they had intended making this request known earlier, but it was overlooked, or rather they thought they had done so, but I replied that I had not received any definite request to write about it, although I recall hearing them discussing the subject. I promised I would refer their request to you.

I enclose a floor plan of the rear part of the basement. You will notice there is an offset, or unbuilt corner, between the laundry and a staff room presumably intended for the engineer, and it is the wish that this space be made use of for a Garage.

The Contractor quotes a price of \$839.00 for extending the structure to include this corner as a Garage, with roof and walls to match adjoining work, with concrete floor, window, small and double doors, painted, and with steam heat and light extended to same.

I have the honour to be, Sir,

Your obedient servant

(Sgd) E.Gardner-Smith.
Inspector of Construction.

Commissioner's Office.

Regina, Sask. Sep't 14th, 1926.

Re- Garage at R.C. School.

Dear Sir:

I beg to acknowledge your letter of the 4th instant, and note that you are again writing letters on behalf of the Reverend Principal with regard to changes. If the Reverend Principal has anything to suggest to the Department it must come direct to this office. I strongly object to your conferring with the Principal on matters of this kind. As far as having a Garage in the basement is concerned, this is the last thing I will recommend. In the first place it would be expensive, and in the second place this is the wrong location for a Garage.

In due course the Department may be prepared to spend about \$150.00 to erect a Garage. This I would point out to you would be a saving of about \$700.00.

Once more I would ask you to exercise economy.

Yours truly

(Sgd) W.M. Graham.

Duncan C. Scott Esq.
Deputy Superintendent General.
Department of Indian Affairs.
OTTAWA.

Re- R.C. School; Peigan Reserve.

Dear Mr. Scott:

Your letter dated the 10th ultimo did not reach Brockton until the 29th, and in this connection I might add that the Ottawa postal stamp on the envelope is dated Nov. 24th.

With regard to the request of the Reverend Principal for a Garage, I enclose copies of correspondence which passed between me and the Indian Commissioner on this subject.

In the quotation originally given by Mr. Scamman he figured in matching the existing construction of the adjoining building. After receiving your letter I went into the matter with him again, and by making reducing the concrete wall from 13" to 8", and by making other structural changes, he is now able to quote a price of \$600.00, instead of \$839.00 previously quoted,--a difference of \$239.00. Even with the changes indicated we can have a very satisfactory Garage.

The entrance to the Garage would be from grade level, and not down into a basement as the Commissioner seemed to imagine. The location is suitable in every way, and without question such a Garage as is suggested would prove a great boon to the local people, particularly in wintry weather.

I might mention that the Principal of the Church of England school asked some time ago if it would be possible for them to have a heated Garage similarly attached to the building, but I informed the Principal of the Commissioner's reply to the R.C. request, and the matter was temporarily dropped.

With reference to the location of the new barn at the R.C. School, I do not think it was placed to the best advantage owing to there being a drop of 3' 7" in the ground in the 70' length of the barn. This will mean considerable additional cost in concrete, in inside filling to build up the floor level, and in outside grading. I wired Regina suggesting that the position of the barn be changed to avoid these drawbacks, but it was refused. Apart from the additional cost, I do not think there is any serious ultimate detriment from the barn being placed where it is.

I have the honour to be, Sir,

Your obedient servant

E. Gardner Smith

MEMORANDUM

Hon. Charles Stewart -

The principals of the two new Indian Residential schools now under construction on the Peigan reserve have asked that a garage be provided at each institution. They recommend that an addition be erected adjoining the rear portion of the main building adjacent to the machinery room, in order that the garages might be heated during the winter, the cars being in use during the entire season. The cost in this event would be \$600.00 each.

On the other hand Mr. Graham recommends that separate buildings, unheated, be erected. These could be constructed for approximately \$280.00, each.

In view of the fact that the cars are in use during the winter, I am of opinion that the convenience of having the garages heated in the winter would warrant the additional expenditure. As the work on the main buildings is almost completed immediate decision is desirable.

afm

Sacred Heart Indian Residential School, Brocket, Alta, Dec. 15th, 1927

The Honourable Duncan G. Scott,

Deputy Superintendent General of Indian Affairs, Ottawa.

Dear Sir,

It is with the greatest pleasure that I come again to offer you my most sincere wishes for a merry Christmas and a happy new year, and to thank you again for your great kindness towards me.

It is with good reason indeed that, on the 29th of last August, you told us here "not to measure by the shortness of your visit the interest you take in our work". That same day, you kindly invited me also to write you and let you know about our little crop: it is the remembrance of these new tokens of sympathy, joined to the numerous ones of the past, that has prompted me to add a few lines to this letter, which I started with the only intention of fulfilling a duty of gratitude.

You will be surprised to hear that this crop, which looked so promising, has turned out a failure: the frost came before it was ripe; we did cut and thresh it and got 1765 bushels of wheat & 535 bus. of oats. I am holding all the oats for the spring work and have sold the wheat, which was graded "feed wheat", and the returns are not even sufficient to pay my expenses: for instance, my threshing bill, which I just received from the Peigan Agency, amounts to \$614.90, that is, over 26¢ a bushel, for the oats as well as for the wheat!

I frankly admit that I feel somewhat disappointed, and the more so because I absolutely need two more teams of good horses and two sets of harness to put in the next crop - 160 acres -, and have no way now

Indian Affairs. (RG 10, Volume 6369, file 763-5, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

to make that purchase, which would cost about \$550.00, viz. \$400.00 for the horses and \$150.00 for the harnesses.

Such is the reason why I have thought of showing you my situation by giving you these details, in the hope that you may see your way in granting me that amount,

Thanking you once more from my heart for all you have done for me, I remain, dear Sir,

Yours respectfully,

J. L. Levesque, a.m.c.m.

Strictly Confidential

Nov 26th 28,

Dear Mr Scott

Please forgive me for not writing to you before
You asked me to inform you in detail regard to
what was going on here,
so first of all.

Mr Lord Principal of the school here, a returned
Veteran of the Aviation Corp, has just rec'd a
letter from the M. S. C. C. telling him that his
services will not be required after the end of
January, upon statements made by you to
the society, from information you have
gathered when you visited this Reserve, last
year, or what you have read from other sources.
In the first place may I say, who ever gave
you the information, did not stick to facts,
and I am afraid altogether to the truth.
The work at the school to my mind
has been most satisfactory, considering
the difficulties it has had to contend with.
This year they have grown and threshed, 12 Acres
of wheat 177 Bushels, Barley 19 Acres 380 Bushels,
oats 45 Acres 770 Bushels, and put up all the
hay and feed required for the stock, besides
growing all the vegetables they will require.
They had 7 tons of potatoes - stores of surplus
inside and out small and, such a thing has
not been done before in the history of the Mission.
Then considering the school land is mostly old
farms, and nothing but a mass of thistles.
I think they have done remarkably well.
Your orders to the Indian Agent re those
farms have not been carried out.
I have been on most of the Reserves in Alberta,
but nowhere have I seen such a creditable
farm as here.

Indian Affairs. (RG 10, Volume 6370, file 763-5, part 3)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

I again repeat the school has done wonderfully
considering the difficulties with which the
house had to contend.
They have a very competent staff all working
in harmony, and very good progress has been
made, which will compare very favorably with
any other school in treaty 7.
The Indians all like Mr Lord and trust him.
Yet some statements have been made to you
upon which you have based your action to
ask for his removal. (Mr Lord)
I am afraid those statements are not founded on
fact.

I will abstain from further comment, which I
could make upon the state of affairs here,
because I feel you will not be in sympathy with
them, you having received information of one
side only. I cannot help but feel that Mr Lord
is not getting a fair show. There are other Culprits
who should be brought to time, and unless they
are, you cannot expect any progress.
I maintain you do not know all the facts, and
on what you know of one side only, you have
based your stand for his removal.
Constant changes are not good either for the
children or Indians.

I am not asking any favors for Mr Lord, only
British fair play.

I think he should know the reasons for this
action, and who gave you the information,
so that he may have the satisfaction of proving
or disproving them.

Thanking you for all your past
kindness,

Yours sincerely,

W. R. Hayes

December 4th. 1928.

Dear Mr. Haynes,

I have your confidential letter of November 26th. I can only say that doubtless those in authority on the M. S. C. C. Board had good grounds for making the change. They must realize that competent principals are required if their schools are to be a success. For my own part I am rather weary of putting money into equipment which is not fully made use of.

Yours very truly,

W. R. Haynes

Calgary, Alta.

August 30th, 1928

The Peigan Indian Agency,
Brockett, Alta.

Gentlemen:

On June 19th we billed Mr. G. S. Roberts,
of Pincher Creek, Alta., with 2 Hand Hole plates, with
bridges complete, the amount of our invoice being \$11.59.

These plates were shipped by express to
the Peigan Indian Agency of Brockett.

As our bill was not paid, we drew on
Mr. Roberts at Pincher Creek, and are now informed that
he has left for the Coast, to stay.

Under the circumstances, we shall be
glad to learn if you are able to give us protection for
our account.

Yours very truly,

RIVERSIDE IRON WORKS LIMITED

Department of Indian Affairs,
Dominion of Canada,
Ottawa, Ont.

Gentlemen:

On June 19th last we billed Mr. G. S. Roberts, of Pincher Creek, Alta., with the sum of \$11.59, as per the enclosed invoice.

The shipments are made this way, to ensure that they get to the right place, although it is our impression that this material was for the Peigan Indian Agency, at Brockett.

We understand that Mr. Roberts has left the Agency, but we have not yet been able to find out who would attend to the passing of our invoice, although we addressed a letter to the Agency, as per copy enclosed, on August 30th last.

We shall be glad if you will write us, letting us know just how we should go about obtaining payment of our bill.

Yours very truly,

RIVERSIDE IRON WORKS LIMITED

Ottawa, January 29th., 1929.

Dear Sir,-

I beg to enclose herewith an invoice received from the Riverside Iron Works amounting to \$11.59 for two hand hole plates said to have been shipped to the Peigan Indian Agency, Brocket. The company states that although the invoice is made against Mr. G.S. Roberts, of Pincher Creek, the shipment was made to the Peigan Agency, as they were under the impression that the material was for the Department. They understand that Mr. Roberts has since left the locality and would like to have a settlement of their account made. If the goods referred to were purchased on behalf of this Department and the account is properly payable by the Government, kindly certify to the account and return the same in duplicate with full explanations.

Yours truly,

F.H. Paget
Chief Accountant and Purchasing Agent.
C.A. Arthur Esq.,
Indian Agent,

Ottawa, January 29th., 1929.

Dear Sirs,-

Referring to your letter of the 24th instant, enclosing an invoice against Mr. G.S. Roberts, of Pincher Creek, Alta., for the sum of \$11.59 for two hand hold plates said to have been shipped to the Peigan Indian Agency, Brocket, I beg to state that Mr. Roberts is not an employee of this Department and nothing is known of him in this Department. The account has, however, been sent to Mr. C.A. Arthur, Indian Agent, Brocket, with a request to furnish explanations in the matter if he knows anything about this transaction.

Yours truly,

F.H. Paget
Chief Accountant and Purchasing Agent.

OFFICE OF
INDIAN AGENT

18/343-9

[Handwritten signature]

Peigan Agency, Brocket, Alta.

February 4th. 1929

Sir.-

In reference your letter no. F.2I-II6C of Jan. 29th. I beg to say that Mr Arthur, late agent, arranged with Mr Roberts of Pincher Creek to go out to the C of E school and measure the boiler for Hand Hole plates and his agreement with Mr Roberts was that Mr Roberts would order the plates, install them and his account was to cover cost of plates and work.

Mr Roberts ordered the plates, received them from the express office, took them out to the school and found they were not the right shape (although I understand they were made to his specifications) and took them away with him.

Mr Roberts has since left Pincher Creek and his present residence is unknown.

The Iron Works Co. have written this office twice in regard to this account and Mr Arthur would not give me any instructions re settling the matter and I think that morally the agency owes for the plates.

I have the honour to be,

Sir,

Your obedient servant,

H.C. Lancaster

Clerk.

The Secretary,
The Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:-

During my recent visit (on January 29th) to the St. Cyprian School, I gave careful attention to the shrinkage in the wood work, especially in connection with the doors and windows, and satisfied myself that some immediate remedial action was required to add to the comfort of the staff and pupils, and to reduce our Society's heavy bill for fuel at this institution. The shrinkage to which I refer was too great to be remedied by the School management, and after reporting the situation to our Commission they instructed me to ask if your Department would kindly look into this important matter. I suggested to our Commission that as Mr. Gardner Smith, who was Inspector of Construction when this building was being erected, and was now discharging a similar duty at the new Blood hospital, his services might be available in this connection at but small expense to your Department, and the members authorized me to submit this suggestion to you for your consideration.

While writing, our Commission instructed me to direct your attention also to the need of another staff room. At the present time, the engineer and his wife are both filling staff appointments, the latter holding the position of Kitchen Matron. As she has been in our Society's service for many years but is now finding the work beyond her strength, our Commission have decided to appoint a younger person to this position. The lack of staff-room accommodation, however, presents a formidable difficulty, unless the "guest-room" be taken for this purpose, and our Commission feel that this should not be done if it can be avoided. They are of the opinion that as the School has been provided with a second class-room 15' x 30' on the first floor, the whole of which is not likely to be required at any time for class-room purposes, that a suitable staff-room could be partitioned off at one end of the same, and I was instructed to lay this suggestion before you. Beyond the installation of the partition

Indian Affairs. (RG 10, Volume 6370, file 763-5, part 3)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

and the provision of a doorway from the main corridor to the room, very little more would be required, and comparatively little expenditure involved.

Our Commission were of the opinion that your representative could report to you on this matter at the same time, as on the matter referred to above.

Further urgent requirements which I noted at this School were a shed for soft coal, and storage space for storm windows and mosquito screens. I found the screens stored in the granary, as there was no available space for them in the main School building, and our Commission instructed me to direct your attention to these two requirements also. In the opinion of our Commission the shed for the soft coal and the storage space for the storm sash and screens, could be combined in the one building.

I commend the above requirements to your earliest and most favourable consideration, and remain, Sir,

Your obedient servant,

L. A. R. Westgate

Sir:-

With reference to the heating boilers in above schools, as you are aware I was there yesterday for the purpose of inspecting and testing them but could not do so as they were not prepared. Before these boilers could be tested the main steam outlet will require to be blanked off or a valve fitted next to boiler so that system could be shut off.

As boilers will be tested once a year I would suggest that a valve be fitted.

As I wish to see the inside of boilers previous to testing, man hole and all handholes will require to be removed and inside of boilers washed out. Fire bars removed, fire boxes and smoke boxes and flues cleaned.

R

OFFICE OF
INDIAN AGENT

Peigan Agency, Brocket, Alta.

March 11th. 1929

5/391-9

Handwritten signature: H.C. Lancaster

Sir.-

I beg to enclose herewith copies of three letters from the Boiler Inspector in reference to the two schools on this reserve, setting forth certain work to be done in order that the machinery installed shall comply with the law.

You will note the date of these letters Aug. 3/27 and as no action has been taken in the matter I would ask for permission to have the work done as requested as in a short time the Boiler Inspector will probably be around again and in any event hand holes will have to be made in the water tanks in order that they may be cleaned out.

The Principal of the C of E school requests a gallon of graphite paint to be used on the boiler and 2 gallon would be required for use of the two schools.

The C of E School have been troubled by a smell from the sewer trap and the plumber thinks the only cause may be that the ventilator pipe may not be high enough and suggests an addition of a foot or so to same.

I have the honour to be,

Sir,

Your obedient servant,

Handwritten signature: H.C. Lancaster

Sir,-

I beg to acknowledge receipt of your letter of the 11th instant, with reference to the recommendation made by the Boiler Inspector regarding the mechanical plant at the two Peigan Schools. You may arrange to have the necessary alterations made in order to comply with his recommendations.

Please have this work done as economically as possible and forward the vouchers for payment in the usual way.

Your obedient servant,

A. F. MacKenzie.
Acting, Asst. Deputy and Secretary.

Sir:

Relative to the request for refills for fire extinguishers for the use of the St. Cyprian Indian Residential School which was made on a requisition forwarded for drugs, I beg to say that we are today placing an order with the Pyrene Mfg. Co., Toronto, to ship, charges prepaid, addressed to the Principal of the school, 6 refills for the 1½ quart Pyrene extinguishers and 2 refills for the 5 gallon Guardene extinguishers. We are also placing an order with the LaFrance Fire Engine & Foamite, Limited, Montreal, to ship 5 refills for the 5 gallon Foamite extinguishers.

The above firms have been requested to forward their accounts, in duplicate, covering the cost of the refills, together with receipts for charges prepaid, to the Indian Office, Brocket, Alta. Upon receipt of the refills, you should certify the accounts and send them to the Department for payment.

When these refills arrive, I have to request that the Principal will see that they are placed in the extinguishers.

I have to request that, in future, no supplies other than drugs will be asked for on the drug requisitions.

Your obedient servant,

S. PEARSON

Pincher Creek, Alberta.
April 27th, 1929.

Mr. H. Lancaster,
Acting Indian Agent,
Brockton, Alta.

Dear Sir:-

The approximate cost of the changes on the heating system at the R.C. School, recommended by Mr. N. Marshall, boiler inspector, will be in the neighborhood of Two hundred and seventy Dollars.

To install a larger radiator in the farm-hands rooms, and install one air compressor for use with the domestic water system. Two hundred and thirty five dollars. The last two items were taken up with Mr. Christensen, by the Rev. Father Lavern.

This would bring the total to Five Hundred and Five dollars.

It is quite a costly job to install these valves and hand-holes etc., now, and a very difficult one. This work on the boilers should have been done at the time the building was in progress. However, I will do all I can to keep the price down, at the same time having due regard to efficiency.

Sincerely Yours,

(Sgd) S. Pearson.

INDIAN AGENT'S OFFICE

Peigan Agency, Brocket, Alta.

April 29th. 1929

IN YOUR REPLY REFER TO
No. 5/38-9
ALSO
TO DATE OF THIS LETTER

Sir,

In reference your letter No. II6-15 of March 26th with authority to make changes in the two schools as per Boiler Inspectors report, I took Mr Pearson to the two schools to look over the proposed work and give me an estimate of the ~~xxx~~ approximate cost of the work required.

In installing the various boilers and machinery the contractors did not install valves and unions etc which they should have done in order to make replacements easy and of small cost and any repairs or replacements put in now will be costly, as the whole system will have to be drained out by hand and disconnected in order to put in valves etc and the labour entailed will be as costly as the new material.

In regard to the heater mentioned by Mr Pearson for the C of E School it will be necessary to have a new one for the R.C. School as well, as the quality of the water at both schools fills the jacket and pipes of the heater with a cement like substance which makes it impossible for the water to circulate through.

I have not had any work started on this authority owing to the extent of the probable cost and have been waiting for Mr Pearson to make his report with approximate cost and am herewith enclosing letters from Mr Pearson in regard to the proposed changes.

I have the honour to be,

Sir,

Your obedient servant,

H.C. Lancaster.

H.C. Lancaster.

The Secretary,
The Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:-

With further reference to my letter of Feb. 19th. last, and your reply to the same on March 4th. #116-1-5, relative to (1) the urgent need of having the St. Cyprian School made weatherproof, and (2) the installation of a partition in the class-room on the first floor of this School so as to provide an additional staff room, I shall be glad to know what action is being taken by your Department in connection with these matters. From the standpoint of administration they are both extremely important to our Commission, and I trust that they may receive your prompt and sympathetic consideration. The necessity of the additional staff room was clearly set forth in my letter of Feb. 19th. and need not be repeated here.

With regard to the necessity of having the building made weatherproof, I beg to state that during the March Quarter our Commission met bills for coal alone amounting to \$517.72. Since that time a further expenditure for coal has amounted to \$515.00 making a total expenditure of this one item for the first six months of this year \$1,032.72. When this expenditure is placed side by side with our receipts under per capita earnings for the March Quarter, and which amounted to - \$1,278.75 - on an average attendance of 31, you will be able to understand the difficulty and anxiety which confront our Commission in the administration of this School. As there can be no doubt that the heavy expenditure for coal is partly due to the shrinkage in the woodwork of the School, and referred to in my letter quoted above, you will understand, I think, and appreciate, the reasonableness of our request that the main school building be made as nearly weatherproof as possible.

Indian Affairs. (RG 10, Volume 6370, file 763-5, part 3)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

I shall be deeply obliged, therefore, if your Department will kindly give this matter and that of the additional staff room space as early attention as possible. If you can find, at the same time, any means of increasing the pupilage at this School to capacity, such increase will be a great help to our Society and will be very greatly appreciated.

I have the honour to be, Sir,

Your obedient servant,

OFFICE OF
INDIAN AGENT

Peigan Agency, Brocket, Alta.

August 29th. 1929.

5/203-9

Sir.-

For some time there has been a complaint at the St. Cyprian's Indian Residential School of a very bad stench and altho we knew it was caused from the sewage system we have only now been able to ascertain the direct source.

Mr Pearson, the Plumber, is sure it is caused from the vents in roof of kitchen, there are 5 or 6 of these leading from sinks etc, and he recommends that the vents be connected with the chimney, entering below the ceiling and also that two rain water leads from the roof be also connected.

Mr Pearson was able only to give an approximate cost of the work required, about \$175.00 and something should be done to do away with the smell and I should be glad if you would advise me in the matter.

I have the honour to be,

Sir,

Your obedient servant,

H.C. Lancaster

Dear Sir:-

During my recent visit to our Peigan School (St. Cyprian) my attention was again directed to the need of a coal shed for storing the coal required for the kitchen range. At the present time, this coal is stored in one end of the implement shed which is some distance from the main school building. This is very inconvenient in many ways, and I trust that your Department may be able to provide storage space for this coal in closer proximity to the main school building. An underground bin on the Kitchen side of the basement might be made, with a hole in the top for dumping the coal in direct from the waggon or sleigh. This would necessitate the conversion of one of the windows on that side of the kitchen into a doorway.

I commend this need to your sympathetic consideration and trust that it may be made at an early date.

I have the honour to be,

Sir,

Your obedient servant,

T. B. R. Westgate

Field Secretary, M.S.C.C.

The Secretary,
The Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:-

In reply to your letter of the 27th ultimo, 116-1-5, in which you state that you have no funds available at the present time to provide a coal shed for storing the coal required for the kitchen range at the St. Cyprian Indian Residential School, I have been instructed by our Commission to request you to kindly make provision for this very necessary improvement in your Estimates for the ensuing fiscal year. In the list of our general requirements submitted to you last autumn, for inclusion in your Estimates for the fiscal year 1930-31, this item was mentioned, and it was suggested that the coal shed might be combined with a store house and work shop, the total cost being estimated at \$700.00. Our Commission, trust, that the improvement requested may be provided, as the staff are greatly inconvenienced at present without it.

I have the honour to be

Sir,

Your obedient servant,

T. B. R. Westgate

TBRW/JF

Field Secretary, M.S.C.C.

Ottawa, January 29, 1930.

Reverend Sir:

I have your letter of the 18th instant, with further reference to a coal shed for the St. Cyprian Indian Residential School. The recommendation in your letter of the 23rd ultimo was that extra storage space be provided at the main building. This, of course, could not be considered by the Department.

An item has been placed in the Estimates for the coming fiscal year for the erection of a store house and work shop. There is no reason why provision for storing the kitchen coal cannot be made when this building is being constructed.

Your obedient servant,

A. F. MacKenzie
A. F. MacKenzie,

SCHOOLS BRANCH
APR 23 1930

Dear Sir:-

The Principal of our St. Cyprian School on the Peigan Reserve has directed the attention of our Commission to the need of 400 ft. of piping for the purpose of irrigating the school garden, and I shall be obliged if you will authorize an expenditure not exceeding \$50.00 to provide this piping with the necessary fittings.

You will recall that this School is situated in a dry belt, and that extensive irrigation work has been undertaken by the Government to help the settlers in that part. The St. Cyprian School is fortunate in having a flowing well, and the Principal feels that he could make good use of the overflow if he had the necessary piping to conduct the water to the School garden.

I trust, therefore, that your Department may be able to help our Society by authorizing the expenditure I have indicated.

I have the honour to be

Sir,

Your obedient servant,

T. B. R. Westgate

Ottawa, April 23rd, 1930.

Sir:

A request has been received from the Missionary Society of the Church of England in Canada, under whose auspices the St. Cyprian Indian Residential School is conducted, for approximately 400 feet of piping for the purpose of irrigating the school garden. It is stated that there is a flowing well and that the overflow could be used if piping were supplied to conduct this water to the garden.

I have to request that you will arrange for the purchase of the piping required and have same delivered at the school. Please take this matter up with the Principal and ascertain the quantity and size of the piping required. The total expenditure incurred should not exceed approximately \$50. The purchase of the piping should receive your early attention.

After the purchase has been made, please forward an account, in duplicate, properly certified, covering the cost.

Your obedient servant,

A. F. MacKenzie

5/30

Sir.-

In reference your letter no. II6-I-5 of 23rd inst. re 400 feet of piping for C of E School, I beg to say it is garden hose the school authorities want and not piping.

They have garden and trees planted on both sides of the school and the idea is to use garden hose so that it could be moved from one side to the other of the school.

The hose can be purchased for 10½ cents per foot and a reel would cost approximately \$4.00.

On receipt of your authority to purchase the above items I will immediately procure same for the school.

I have the honour to be,

Sir,

Your obedient servant,

H.C. Lancaster.
Indian Agent.

ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE,

W. REGINA, SASK., 26th May, 1930.

[Handwritten signature]
Sir:-

I have to acknowledge your letter No. 116-1-5 of the 8th instant, advising me that the school authorities at the St. Cypriss Indian Residential school have recently engaged a new farm instructor, a married man, for whom it is suggested accommodation might be found in the second classroom in the school, and that an expenditure of about \$80.00 might be incurred to divide this room into two to form bed and sitting rooms. I would not recommend this action. The change might be made and at a later date found inconvenient because the purpose for which it was effected might no longer exist. The room could be comfortably converted into two compartments by running a rod across the middle and providing curtains, if, indeed, it is necessary to make two compartments. I would not recommend the Department's giving consideration to the proposal of the school authorities.

Your obedient servant,

[Handwritten signature]
W. M. Graham,
Indian Commissioner.

Sir:

I have your 406-11A C.E. of the 10th instant, submitting an estimate of the cost of the erection of a combined workshop, storeroom and coalshed at the St. Cyprian Indian Residential School. In this connection I have to say that you may proceed with the erection of this combined building, of the dimensions stated in your letter. It is noted that you state the cost will be approximately \$750. The Department will be pleased if you will keep the expenditure as low as possible and be guided by the general instructions, concerning the purchase of materials and the engagement of labour, etc., as set forth in letters of the Deputy Superintendent General of May 6, 1929, and the 14th ultimo.

You have not given an estimate of the cost of providing storm windows, and I shall be pleased to have this information.

Your obedient servant,

A. F. MacKenzie

Ottawa, December 3, 1930.

Sir:

I have your letter of the 25th ultimo, requesting information regarding the construction of the Church of England and Roman Catholic Indian residential schools on the Peigan Reserve.

In reply I have to inform you that the information on our files shows that Messrs. P. W. Graham & Sons, of Moose Jaw, contractors for the St. Cyprian (Church of England) School, began work late in July, 1926. The contract appears to have been finished in May of the following year and the building taken over by the Department a month later. Mr. B. P. Scanlon, of Medicine Hat, contractor for the Sacred Heart (Roman Catholic) School, commenced work in July, 1926, and turned the completed building over to the Department in March, 1927.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Gentlemen:

I have to request that you will please forward chemical refills for Foamite fire extinguishers on hand at each of the Indian residential schools on the Peigan Reserve as follows:

4 refills for 2½ gallon Foamite extinguishers,
8 " " 1 quart size extinguishers,

addressed to:

J. M. Selam
Rev. J. L. Levern, O.M.I.,
Principal,
Sacred Heart Indian Res. School,
Brocket, Alta.,

also:

7 refills for 2½ gallon Foamite extinguishers,
7 " " 1 quart size extinguishers,

addressed to:

Rev. W. Barlow,
Principal,
St. Cyprian Indian Res. School,
Brocket, Alta.

The price charged for supplying the above refills should be F.O.B. Brocket, Alta.

I shall be pleased if you will prepare accounts, in duplicate, covering the cost of the refills for each school separately, and forward same to H. C. Lancaster, Esq., Indian Agent, Brocket, Alta., who is being informed of the order placed with you, and requested, upon receipt of these refills at each of the above named schools, to certify the accounts and send them to the Department for payment.

Yours truly,

Ottawa, August 11, 1931.

Sir:

Replying to your letter of the 1st instant, I have to say that the Department is today placing an order with Lafrance Fire Engine & Foamite Ltd., Toronto, to ship, addressed to the Principals of the Sacred Heart and St. Cyprian Indian Residential Schools, the number of refills for the Foamite extinguishers as mentioned in your letter.

The above firm have also been requested to prepare separate accounts, in duplicate, covering the cost of the refills for each school F.O.B. Brocket, and to forward same to you. Upon receipt of the refills at each school, you should certify the accounts covering the cost in the usual manner and forward same promptly to the Department for payment.

When these refills are received at each school, you should arrange with the respective Principals to see that they are installed in the extinguishers in a satisfactory manner.

Your obedient servant,

A. F. MacKenzie

OFFICE OF
INDIAN AGENT

Peigan Agency, Brocket, Alberta.

February 23rd. 1932.

Sir,

In reference to Dr. Westgate's letter of February, 17th. 1932 to the Department re Electric Bells and Fire-escape at the C. of E. school here, I beg to say the principal, Rev. W. Barlow, called here and requested that the Department install 4 electric bells, the wiring outlets for these are already installed, I believe.

In reference to the Fire-escapes, the lower sections of these are on the premises I believe, but at time of building the school they were never installed, and this causes a jump of from 9 to 11 feet by the pupils when coming down the escape, and the principal urges that they be completed.

I have the honour to be

Sir,

Your obedient servant,

H. C. Lancaster

EX. 1.

Ottawa, March 2, 1932.

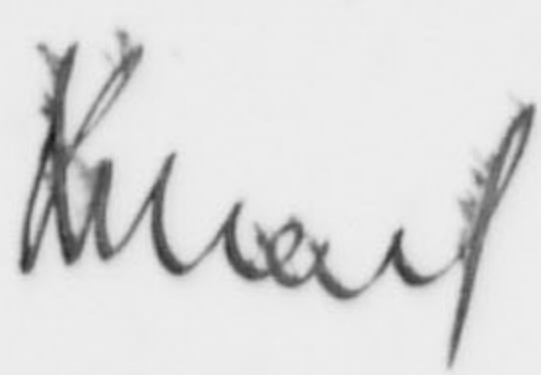

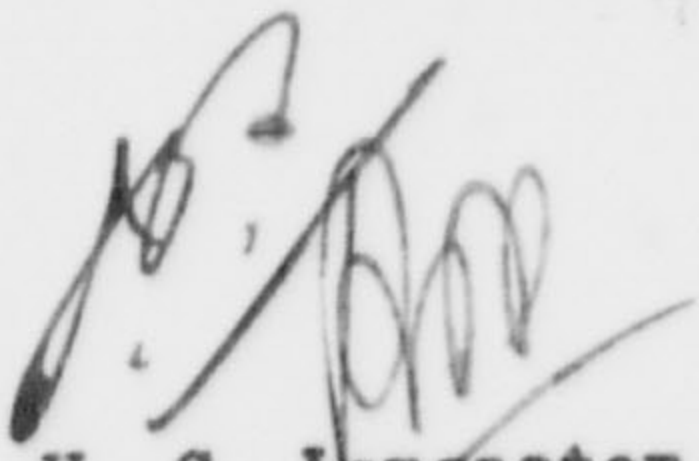

Sir:

I have your letter of the 23rd ultimo, with reference to the providing of electric bells and an extension to the fire escapes at the St. Cyprian Indian Residential School.

Regarding the installation of electric bells, which, it is understood from the communication referred to by you from the Rev. Dr. Westgate, are to prevent access to the school dormitories when the exits to the fire escapes are kept locked from the outside, it is considered there is no reason why a suitable door lock could not be supplied - one where the outside knob refuses to turn the lock and the inside one opens freely. There are comparatively inexpensive sets of this kind on the market - for example, a lock of the Yale type. It is thought that this would be less expensive and just as suitable as an electric alarm bell, and you may arrange for the purchase of locks of the type mentioned for the doors leading to the fire escapes.

Regarding the extension of the fire escapes, I have to say that you may arrange to have a few feet added to each in order to overcome the necessity of the pupils having to pump the distance from the end of the present escapes. No unnecessary expenditure should be incurred for the purpose or in the purchase of the locks for the doors leading to the fire escapes. After this work has been carried out, you should forward an account, in duplicate, properly certified, covering the expenditure incurred.

Your obedient servant,

H. C. Lancaster, Esq.,
Indian Agent,
Brockton, Alta.

T. R. L. MacInnes,
Acting Secretary.

Sir,-

Re: Inspection and Report on
Sacred Heart Indian Residential
School - Peigan Reserve.

sch
Miss [unclear]
In May 1931 your Department advanced
\$100.00 to Mr. J. S. Tempest our engineer at Calgary
to cover expense incurred in connection with work on
the above school. I now enclose account, in duplicate,
covering the above expenditure. The account is
considered to be in order and shows expenditures amount-
ing to \$99.54, leaving a balance unexpended of
forty-six (.46) cents. Mr. Tempest's personal
cheque in your favour, for this unexpended balance,
is attached to the original copy of the account.

Your obedient servant,

J. T. Johnston
J. T. Johnston,
Director.

EX 41

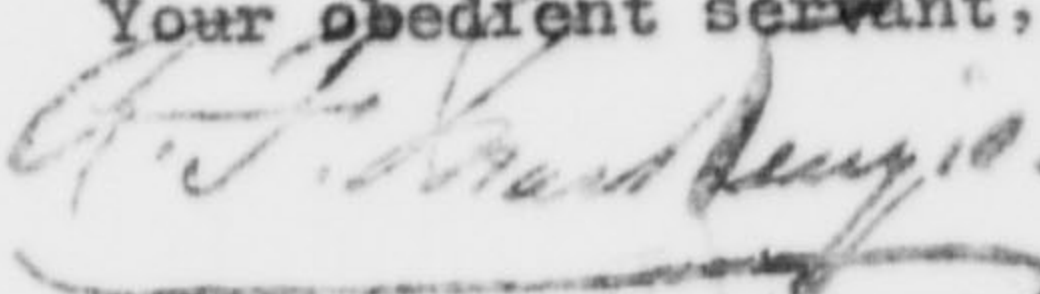

Ottawa, July 19th, 1932.

Sir,-

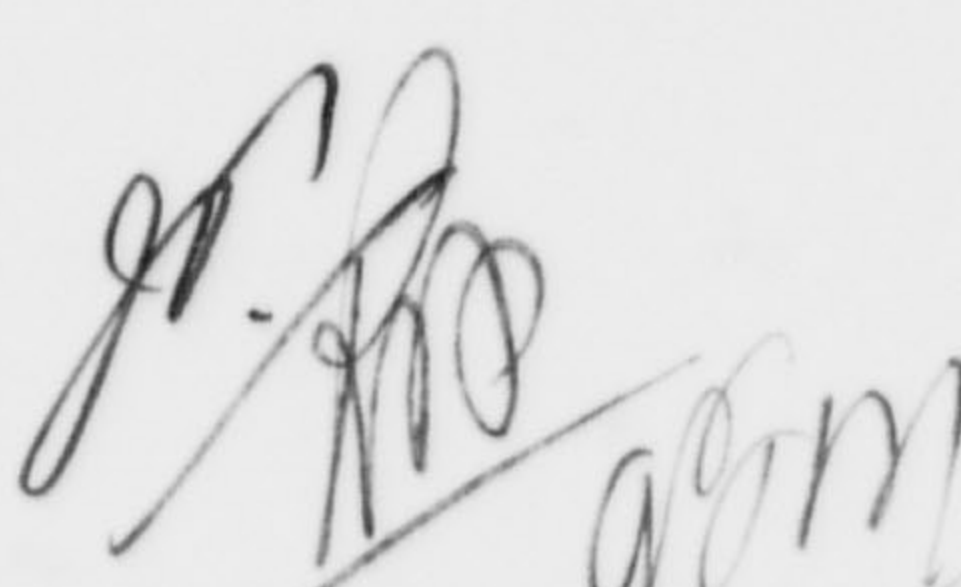

I have your Voucher No. 78 of the 12th instant, in favour of Stanley Pearson, covering the cost of repairs to the plumbing at the St. Cyprian Indian Residential School to the amount of \$52.70. It is noted that you quote the authority for this expenditure as "Estimates 1932-33". In this connection, I have to say that, although you provided for this expenditure in the estimates which you forwarded, this does not mean that the Department included same in the estimates which it submitted to Parliament. It is necessary that full details be given, stating the nature of the proposed repairs or improvements and an estimate of the cost, and the necessary authority received before incurring any expenditure. You will please be guided by these requirements in future.

The account referred to above will be paid in due course.

Your obedient servant,

A. F. MacKenzie.

Ottawa, November 17, 1932.

Gentlemen:

I have to request that you will please supply, charges prepaid, chemical refills for Foamite extinguishers at each of the Indian residential schools on the Peigan Reserve, as follows:

4 refills for 2½ gallon Foamite extinguishers,
8 " " 1 quart size extinguishers,

addressed to:

Rev. J. M. Salaun,
Acting Principal,
Sacred Heart Indian Res. School,
Brockton, Alta.,

also:

7 refills for 2½ gallon Foamite extinguishers,
7 refills for 1 quart size extinguishers,

addressed to:

Rev. W. Barlow,
Principal,
St. Cyprian Indian Res. School,
Brockton, Alta.

These refills should be supplied at your lowest possible price.

Please prepare accounts, in triplicate, covering the cost of refills for each school separately and forward same to H. C. Lancaster, Esq., Indian Agent, Brockton, Alta. Receipts covering the amount of transportation charges should be attached to the accounts, as these are necessary before payment can be made. Mr. Lancaster is being informed of the order placed with you, and requested, upon receipt of the refills at each of the above named schools, to certify the accounts and send them to the Department for payment.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Ottawa, November 17, 1932.

Sir:

Replying to your letter of the 10th instant, I have to say that the Department is today placing an order with Lafrance Fire Engine & Foamite Limited, Toronto, to ship, addressed to the Principals of the Sacred Heart and St. Cyprian Indian Residential School, the number of refills for the Foamite extinguishers as mentioned in your letter.

The above firm is being requested to prepare separate accounts, in triplicate, covering the cost of the refills for each school, and to attach thereto a copy of the receipt for the transportation charges paid by them. Upon receipt of the refills at each school, you should certify the accounts in the usual manner and forward to the Department for payment. You should see that the receipt for the freight charges prepaid is attached thereto.

Your obedient servant,

A. F. MacKenzie,
Secretary.

August 16th. 1933.

Sir.-

Rev. Barlowe, principal C of E School here reports the Lister Engine at the school requires a general overhaul and would like to have this done before school commences the first of September. I understand the Main Shaft and bearing require attention and if this is done we should get an expert mechanic from ~~the~~ Calgary as I have not much confidence in the work of the mechanics of the garages here for this class of work.

It is impossible for me to estimate the cost of this work, together with replacements, as this can not be ascertained until the engine is dismantled.

The school is dependent on the engine for Light, water and power and the principal states he is afraid this work, if not done now, would have to be done later in the winter when they would be without its services for a number of days.

I have the honour to be,

Sir,

Your obedient servant,

H.C. Lancaster

Sir:

I have your letter of the 16th instant, regarding the condition of the Lister engine at the St. Cyprian Indian Residential School, on the Peigan reserve. In this connection I would request that you have a representative from the nearest agency of the Lister Company visit the school, examine the engine and give an estimate, in detail, of the work required, supplying a list of any new parts needed, with estimate of cost involved in placing the engine in a good, serviceable condition. When we have full information as to the work required, the cost involved, etc., consideration will be given as to whether funds for the purpose can be provided. This matter should receive your early attention.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Mr. Lancaster, Indian Agent,
Peigan Reserve, Brocket.

Dear Sir:

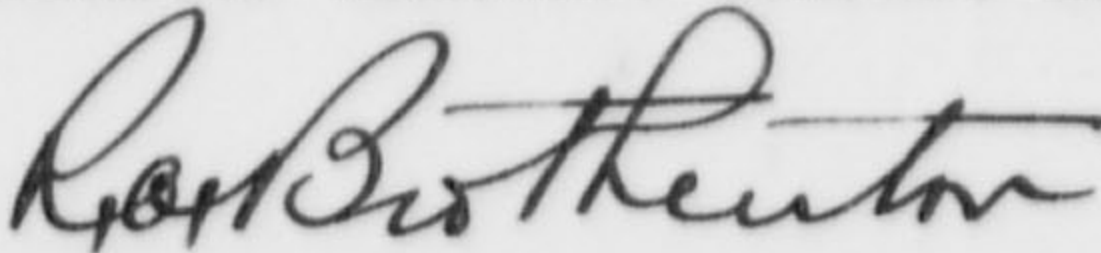

I have checked up the lighting Plant at the Church of England School and I find that the following work is necessary to put this plant in first-class condition: 4 New Valves and Valve Stem Guides, new piston pins and new rings. I find the pistons are slightly worn but I do not think there is wear enough to warrant new pistons yet. The exhaust valves need valve seat inserts as they have been ground considerably into the head, also the main bearings and the con-rods need to be taken up and new plungers for the gasoline pump.

To supply the necessary parts and do this work will cost \$68.00.

Trusting we may have the pleasure of doing this work for you.

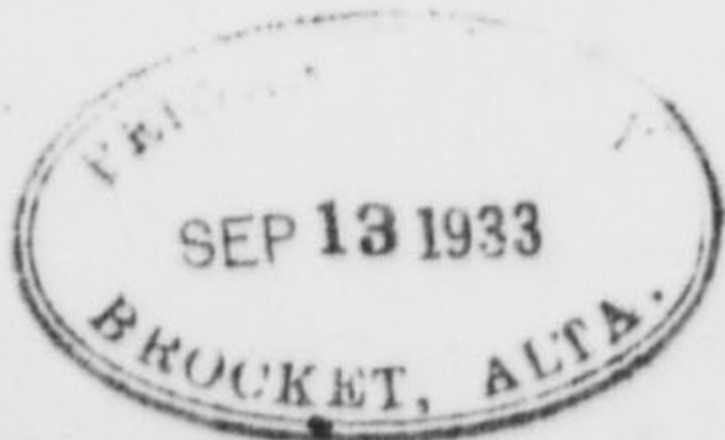

Yours truly,

BROTHERSTON ELECTRIC COMPANY LIMITED.

INSPECTOR'S OFFICE,

CALGARY, ALTA., November 30th, 1933.

Sir:

I beg to bring to your attention that sometime ago the Rev. Mr. Barlow called at the office and brought to my attention that the palliasses that were supplied to his school some years ago to be used as mattresses, were completely worn out. I informed him at the time that I would be down at the Peigan Agency and intended visiting the school and would look into the matter then. I learned that the school had been supplied with two or three sets of palliasses when it was first opened. They were filled with straw and hay and answered the purpose of a mattresses but this is not very satisfactory. At any rate, they are completely worn out and they have now only those left on the beds, the others having been used for patching. Those on the bed are in such shape that they are past repairing and either mattresses or more palliasses will have to be supplied.

I pointed out to Mr. Barlow that the Department probably would not have funds for this at the present time. If this is the case the school can get along with what they have until next spring. After the beginning of the next fiscal year, if the Department could see its way clear to furnish mattresses, I would recommend that this be done. The number of children at the school is 33 but I believe there are more to come in about Christmas time.

Your obedient servant,

M. Christianson,
Inspector of Indian Agencies,
Alberta Inspectorate.

The Secretary,

Sir:

I have your 406-11A C.E., of the 30th ultimo, regarding the condition of the paillasses which were supplied some years ago, to be used as mattresses at the St. Cyprian Indian Residential School, and requesting that new ones be provided.

In reply I have to say that the Department will have no funds during the present fiscal year to supply this equipment. I would suggest, however, that you forward another request next spring for the quantity of mattresses required. You should give sizes, that is, length and width of the mattresses and, if possible, state the approximate cost. Consideration will then be given as to whether funds for the purpose will be available in our Appropriation for the coming fiscal year.

Your obedient servant,

A. F. MacKenzie,
Secretary.

INSPECTOR'S OFFICE,

PB CALGARY, ALTA., April 10th, 1934.

Sir:

I beg to bring to your attention Department's letter No. 116-1-5 of December 5th last, in connection with the purchase of mattresses for the St. Cyprian Indian Residential School in the Peigan Agency. I was instructed to bring this matter to the attention of the Department after the end of the fiscal year.

In this connection I wish to state that the number of mattresses the Principal has asked for is 40. When I inspected the school last November 33 children were present, but I understood there were more children to come. The size of mattresses required is 6' X 2'6". As to the price of the mattresses: These can be purchased as low as \$4.00 or \$4.50, but at this price they would not be very durable. In conversation with the Manager of Simmons Bedding Company here, he advised me that a good mattress that would last for years is worth from \$8.00 to \$10.00. If the funds of the Department are limited the cheaper mattress would, of course, answer the purpose for a short time, but buying a cheaper article is expensive in the long run. I am, however, leaving this matter to the discretion of the Department.

Your obedient servant,

The Secretary,
Department of Indian
Affairs,
OTTAWA.

OFFICE OF
INDIAN AGENT

APR 28 1934

Peigan Indian Agency, Brocket, Alberta.

April, 18th, 1934.

[Handwritten signature]
Sir,

I have a request from the principal of the Anglican School (St. Cyprian's) to have brick boxings placed around the stove pipes where they pass through the various partition walls at the school.

These walls are of lath & plaster construction, and the present insulation is the ordinary stove thimble, this considering the excessive high winds in the district, he does not consider sufficient protection, should the stove pipes get hot, in this I quite agree with him.

I have known a fire originate in the old school (Anglican) over on the Blood Reserve, during the time I was there, from a similar source.

OK -
A price has been obtained to supply all material, and complete this work from Mr Sam Faser, Pincher Creek, for \$15.00, I would be pleased to receive instructions to have this done.

I have the honour to be,

Sir,

Your obedient servant,

IN YOUR REPLY REFER TO
No. 406-11A.C.E.
ALSO TO DATE OF THIS LETTER

Sir:

I beg to bring to your attention that the Rev. Mr. Barlow, Principal of St. Syrian School at Brocket was in a few days ago and he informed me that they very nearly had a fire at the school a week or so ago, the cook having put too much coal in the cook-stove and left the dampers open. The pipes got red hot but fortunately no fire got started in the partitions through which the pipes run. He informed me that there are 6 different partitions at the school that pipes run through. For instance, the stove pipes run from the cook stove through one partition and then into the chimney.

The partitions are lath and plaster with an ordinary thimble and the stove pipes run through this thimble. Mr. Barlow is of the opinion that it would be safer if the holes in the partitions were made larger and brick put in with cement, and then the thimble through the bricks. He informs me that he can get this work done for \$15.00 and of course it would only take a few bricks. It appears to me that this might afford greater protection from fire hazard. Mr. Orr, our Architect might have something better to suggest in the matter.

I might say that Mr. Barlow discharged the cook as this had happened before and she had been warned on several occasions to be very careful not to allow the stove-pipes to get too hot.

MEMORANDUM:

The Honourable the Superintendent General,-

New batteries are required for the lighting plants at the Sacred Heart (R. C.) and the St. Cyprian (Anglican) Indian Residential Schools, on the Peigan Reserve, No. 147, Electoral District of Macleod, Alberta.

The present batteries at both schools were supplied in November, 1931, and they are now worn out. The batteries at the Sacred Heart School were supplied by the Brotherston Electric Company, Limited, Calgary, and the ones at the St. Cyprian School, by George H. Scougall, Macleod, Alberta.

The cost of the batteries for each school will be, approximately, \$500.00. Funds for the purpose are available in the Appropriation for the current fiscal year.

I would be pleased to be advised of the names of the firms with whom the orders are to be placed.

Original on 116-2-5.

October 3, 1934.

Dear Mr. Christianson:

A request has been received, through the office of Mr. Lancaster, Indian Agent, Brocket, to have the batteries replaced at each of the Sacred Heart and St. Cyprian Indian Residential Schools. The batteries at present in use at each of these schools have been in operation since November, 1931. The cost of supplying new batteries will be, approximately, \$500.00 for each school.

It has occurred to me that it might be possible to have these schools connected up with the lines of the Calgary Power Company and thus obtain light and power, obviating the necessity of renewing batteries for the lighting plants from time to time.

I would request that you report as to the advisability of supplying these schools with light and power and installing the necessary power line from the Calgary Power Company plant to the schools. You should state the distance it would be necessary to extend the power line to each school and the approximate cost. I shall be pleased to have as complete information as possible in this connection.

Yours very truly,

HAROLD W. MCGILL

Ottawa, November 2, 1934.

Sir:

I beg to refer to your 406-11 of the 10th ultimo, in which you stated you were obtaining from the Calgary Power Company an estimate of the cost of connecting the Sacred Heart and St. Cyprian Indian Residential Schools, on the Peigan reserve, with their power line. As you have been informed, both these schools have requested new batteries for their electric light system. The Department is anxious to come to a decision as to whether it would be cheaper in the long run to continue present lighting arrangements and supply the new batteries or provide the cost of connecting these schools with the Calgary Power Company's lines. I should be pleased, therefore, to have the estimate of the cost of making the connection with the Power Company's lines, for each school, as soon as possible.

Original on 116-2-5.

Ottawa, November 14, 1934.

Sir:

I have been directed to acknowledge receipt of your letter of the 7th instant, enclosing a communication from the Calgary Power Company, Limited, with reference to the cost of supplying the Sacred Heart and St. Cyprian Indian Residential Schools and the agency on the Peigan reserve with electric service.

In reply I have to say that, owing to the cost involved, it is considered that this project is out of the question, and we are therefore not prepared to proceed further in the matter.

As you were informed, it will be necessary to have the batteries replaced at the Sacred Heart and the St. Cyprian Schools, and I would request that you arrange for the purchase of same. You should obtain prices for the supplying of the batteries, of the type required at each school, from the following firms:-

George H. Seougall, Macleod, Alta.
Pincher Creek Motors, Pincher Creek, Alta.

Purchase should be made from the firm quoting the lowest price. After the batteries have been delivered, you should obtain an account, in triplicate, covering the cost for each school, separately. These accounts, you should attach to proper voucher forms, certify in the usual manner and forward for payment.

Your obedient servant,

A. F. Mackenzie,
Secretary.

Sir:

I beg to bring to the attention of the Department that while inspecting the Peigan Reserve the earlier part of the winter, I found quite a number of children of school age on the reserve who were not attending school. I went into the matter of recruiting at that time, and quite a number have already been signed up, and Mr. Lancaster and I expect that we will have them all registered before the holidays. There are, I believe, 8 ready to go into the Anglican School now, but there are some cases of Measles on the Reserve and the children will not be sent to the school until the epidemic is cleared up.

Mr. Lancaster advises me that the Anglican School has made a request for 12 additional mattresses. He did not give the size of these, but I shall get him to do this and inform the department.

Your obedient servant,

M. Christianson,

Mr. H. Lancaster,
Indian Agent,
Brocket, Alta.

Dear Sir:-

I beg to submit the cost for the repairing of the tank at the St. Cyprian School.

The size of the tank is twenty two feet by eight feet. There is about five feet six inches of earth on the top of the septic tank, I will remove this and place, either a creasote treated plank cover at the price of Eighty five dollars. Or I will construct an eight inch reinforced concrete cover on the tank. The gravel will be clean, and the mixture will be six parts of gravel to one of cement, with five-eighth rods a foot apart, and hog wire over the whole top of the tank. For the sum of One hundred and twenty dollars. For the pipe and fittings that broken in the tank, please add to the above seven dollars and fifty cents.

These prices include all material and labor for a complete job, but would strongly recommend you have the concrete, on account of the great weight the cover must support. All of which will be done as specified,

Yours Truly,

S. Pearson.

APR 8 1935

Peigan Agency, Brocket, Alta.

April 5th. 1935.

Sir.-

In reference the Septic Tank at the Church of England school here.-The principal reported their drain stopped up and on my getting Mr Pearson "Plumber" of Pincher Creek to investigate, it was found the trouble was in the Tank. On digging down six feet to the top of the tank, the plank top was found to be rotten, making it extremely dangerous for any one to go down into the tank to make necessary repairs or investigate conditions. It was also found that an essential "T" Pipe in the tank had broken off and it will be necessary to replace it with a new one, also there will have to be a new top and I am enclosing Mr Pearson's Letter, stating what he would do the work for, and I would strongly recommend that a concrete top be installed, the difference in price would be only \$35.00, but the job would be permanent and satisfactory.

I have the honour to be,

Sir,

Your obedient servant,

H.C. Lancaster

H.C. Lancaster.
Indian Agent.

Ottawa, April 11, 1935.

Sir:

I have your letter of the 5th instant, regarding the condition of the septic tank at the St. Cyprian Indian Residential School and enclosing an estimate of the cost of the work required in installing a cover.

In reply I have to say that the Department will approve of an expenditure for the purpose of installing a concrete cover on the tank and replacing the necessary pipe and fittings. It is noted that the cost of the above will be \$127.50. You may therefore arrange to have this work carried out. Please see that a satisfactory job is completed. When the work has been performed to your satisfaction, you should forward accounts, in triplicate, properly certified, covering the expenditure incurred, which should not exceed the above mentioned amount.

Your obedient servant,

A. F. MacKenzie
A. F. MacKenzie,
Secretary.

Ottawa, April 17, 1935.

Sir:

I have your 406-11A of the 12th instant, requesting to be informed if any funds are available for the outside painting at the St. Cyprian and Sacred Heart Indian Residential Schools, on the Peigan reserve, and also if there are funds for the purpose of having two engines overhauled.

In this connection I have to say that provision is made for the following in our Estimates for the current year, 1935-36:-

St. Cyprian School:-

Cattle shed	-	\$200.
Repairs and painting	-	300.

Sacred Heart School:-

Miscellaneous repairs and painting - \$300.

I would request that you submit an estimate of the cost of the outside painting which you would recommend be carried out to the buildings at the two above named schools, including material and labour. You should state whether the school authorities could perform the labour in connection with the painting or if it would be necessary to engage outside help. You should also give an estimate of the cost of having the engines overhauled by a competent mechanic. When this information is received, the Department will be in a position to advise the amount of the painting that can be authorized at each of the schools.

You might also forward information regarding the erection of a cattle shed at the St. Cyprian School, giving full particulars as to type, cost of materials, and any outside labour required.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Ottawa, June 5, 1935.

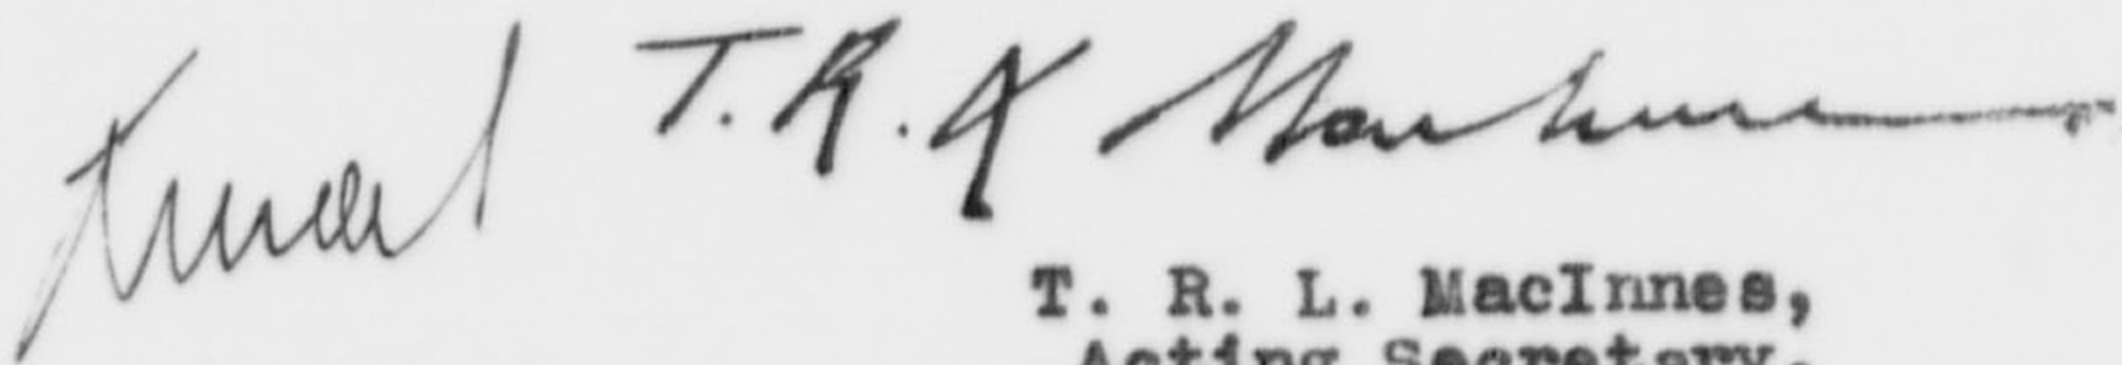

Sir:

It is necessary to return the voucher which you submitted, covering the cost of installing a reinforced concrete top on the septic tank at the St. Cyprian Indian Residential School. On Stanley Pearson's account, the quantity of lumber supplied, the rate charged, and also the quantity of cement, hog wire and other materials should be stated. Particulars should also be given with reference to the labour, the number of hours or days employed and the rate paid. When this information has been obtained by you, the amended voucher should be returned to the Department for payment.

In future, when forwarding accounts, it is necessary that full details be given regarding any material supplied and, especially, with reference to the labour, that the number of days and hours and the rate be shown.

Your obedient servant,

Encl.

Dear Sir,

Re: ST. CYPRIAN'S RESIDENTIAL
SCHOOL.

I also visited this School on the 4th inst., and authorized the following:

noted
\$150.00 for minor repairs
75.00 " Engine repairs,
60.00 " a new stove for the Principal's residence.
185.00

The Agent is arranging for the purchase of the lumber for the shed. This will cost approximately \$200.00, and the work will be done by the School staff.

*185
200
385*
Mr. Christianson is arranging to have the boilers repaired by an expert. This is very necessary, and whatever it costs will have to be paid.

Your obedient Servant,

The Secretary,
The Department of Indian Affairs,
Ottawa, Ontario.

Dear Sir:-

During my visit to our Peigan School last September, I was strongly impressed by the need of a "pavilion," or shelter of some kind, especially for the girl pupils, on their playground. The Principal is endeavoring to get trees and hedges to grow around the main school building, but it will be sometime before his desire in this matter can be achieved, and even then, the shelter thus provided will scarcely meet the need I have mentioned.

It is the wish of the School management that the pupils should spend as much time as possible in the open air, but at present the open air periods are greatly curtailed by the strong winds which prevail in that part of the country, and I am convinced that a "pavilion" would be a very great help in extending these.

I have fully explained the situation to our Commission, and the members agreed to meet the cost of a comparatively small but substantial structure, if your Department would kindly prepare plans and specifications. It seems to me that a floor space of about 15' by 21', raised about 18" above the ground level, with walls boarded up to a height of say 4', and then open from there to the eave of the gable or cottage roof, would be sufficient, and if your architect will kindly prepare a plan and specifications I shall be deeply obliged.

Your obedient servant,

T. B. R. Westgate

ALSO TO DATE OF THIS LETTER

INSPECTOR'S OFFICE

PB CALGARY, ALTA., May 4th, 1936.

Sir:

I beg to refer you to my report dated March 27th last, on St. Cyprian's Indian Residential School, (C.E.), on the Peigan Reserve, wherein I recommended that the same quantity of paint be supplied to this school as to Sacred Heart, for interior decorating; stating that the work would be performed by the staff. To date I have had no word from the Department in this regard.

OK
The paint has been provided for Sacred Heart School at a cost of \$92.17, and I would ask for the same consideration for the other school.

Ottawa, November 27, 1936.

Dear Sir,-

The Department is in receipt of your voucher No. 200, for \$63.70, in favour of Stanley Pearson, covering the cost of emergency repairs to the kitchen range at the St. Cyprian Indian Residential School.

I am returning this account in order that you may let us have a full report regarding the necessity for incurring this expenditure. The cost of the water front appears excessive and the time required to make the repairs seems rather long. When replying, you should state whether or not you consider the charges made are reasonable and why the Department's authority was not obtained before the expenditure was incurred.

Yours truly,

A. F. MacKenzie.

H.C. December 5th. 1936.

Sir.-

In reply to your letter no. II6-I-5 of November 27th returning voucher no. 200 in favour of Stanley Pearson for \$63.50, repairs to Kitchen Range at C of E School, I beg to say the water front in this big range was burst so that no hot water could be obtained, and as I considered this an ~~extra~~ emergency repair I did not wait to write the Department for authority. In regard the cost Mr Pearson lives in Pincher Creek, the only plumber in town, a distance of 16 miles from the school, two and one half hours labour were expended on the Bake oven, and the balance of time on the Range which had the top warped so that it was necessary to cut all the bolts in order to get the old water front out and the new one in, also it was necessary to replace all the firebrick and cement in the firebox, and I think, under the circumstances, the charges are fair.

I have the honour to be,

Sir,

[Signature]
Sir.-

I have a request from Rev. W. Barlow, Principal of St. Cyprian's Indian School that the Department furnish him with a new lining for the back of the fire-box for the range in his apartments.

The cost would be, as near as I can ascertain around \$5.00 to \$6.00.

A new front lining was purchased for this range some little time ago, but apparently the back lining is burned out now.

I have the honour to be,

Sir,

Your obedient servant,

Sir:

I beg to enclose herewith copy of a communication received from Mr. H. C. Lancaster, Indian Agent, Peigan Agency, Brocket P.O. re condition of the fire extinguishers at both Residential schools on the reserve.

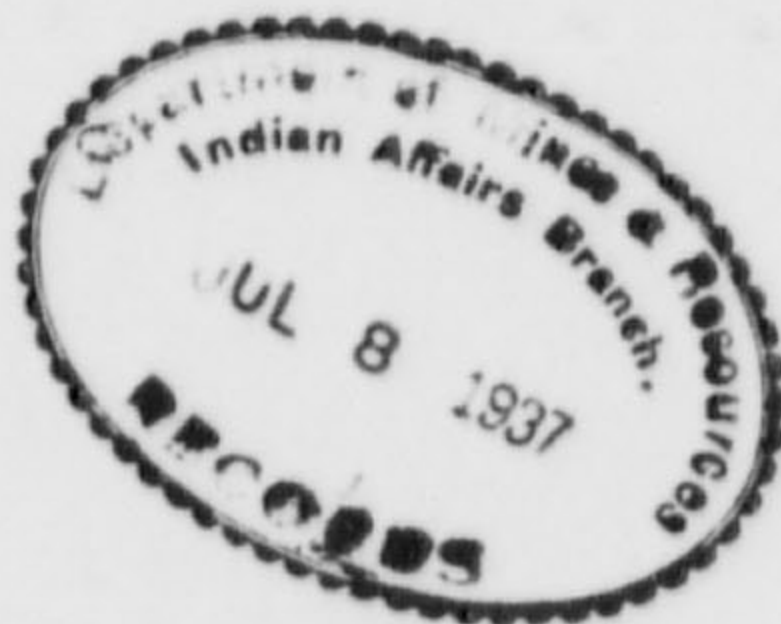

X X X

I instructed Agent Lancaster to check those at the C. of E. (St Cyprian's school) and if they were in bad repair to requisition direct to the Department for new ones.

I strongly recommend that these extinguishers be renewed and would ask that the matter be taken up direct with the agent Mr. Lancaster.

RECORDS

Indian Reserve No. 147.

Peigan Agency, Brocket, Alta.

July 19th. 1937.

R

Sir.-

In reference the engines at the two schools on this reserve-. I beg to report these engines are in very bad shape and will require several parts as well as re-boring, and probably the crank shafts will require to be re-turned.

I think it will be necessary to have the engines taken to a proper work shop to have a first class job done, and a new Magneto is also required.

The Bruce Robinson Electrical Co. of Calgary are the agents for these engines and repairs and I would request authority to have them put these engines in good shape.

It is impossible to estimate the probable cost of this work, as the engines will have to be taken down before the extent of repairs can be ascertained.

I have the honour to be,

Sir,

Your obedient servant,

H.C. Lancaster

EX'D.

Ottawa, July 28th, 1937.

Dear Sir:

The Department is in receipt of your letter of the 19th instant, in which you report that the engines at the St. Cyprian and Sacred Heart Indian Residential Schools are in bad condition and require considerable repair.

You may have these engines put in good condition at as reasonable a cost as possible. The work should, of course, be done by a firm on the approved list. Please let me know as soon as you can the cost of this work, as we intend to take the amount from that provided in the current year's appropriation for these schools.

Until we know what the cost of repairing these machines will be, the Department will be unable to authorize any further expenditure for repairs and improvements at the two schools mentioned above.

Yours truly,

R. A. Hoey

Sir:

A reasonable amount was provided in the current year's appropriation for repairs and improvements at St. Cyprian Residential School. I should appreciate your advising me, as soon as possible, the repairs that you consider necessary, and a list of any equipment that you believe should be supplied this year.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Peigan Agency, Brocket, Alta.

August 10th. 1937.

Sir.-

Under date of June 22nd I wrote Mr Schmidt re the Fire extinguishers at the two schools on this reserve, and understand the matter was taken up with the Department, but to date no action has been taken. The fire guns at the R.C. School are useless and will require to be replaced, as follows.-

R.C. School.

- 3 quart size Canadian Fire Gun No. 0, made by Foamite Childs of Canada, Ltd., Toronto, Ont.
- 3 one quart La France VL fluid. Re-fills.
- 4 2 1/2 gal Foamite Crusader recharges.

C of E School

- 7 one quart La France VL fluid re-fills
- 7 2 1/2 gal Foamite Crusader recharges

At present these schools are without protection in this regard.

I have the honour to be,

Sir,

The Secretary,
Indian Affairs Branch,
Dept. of Mines & Resources,
Ottawa, Ont.

Dear Sir:

With reference to your letter of the 10th instant, I may state the records here indicate that Inspector Schmidt was authorized to purchase the refills required for the fire extinguishers at both the St. Cyprian and Sacred Heart Indian Residential Schools.

If Inspector Schmidt has not purchased these supplies or if you have not heard from him in respect to the matter, you are authorized to make the purchases, yourself, just as soon as you can conveniently do so.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Dear Sir:

I have for acknowledgment your letter of the 14th instant, in which you submit for our consideration a list of repairs and improvements which, in your judgment, should be undertaken at the St. Cyprian Indian Residential School.

I may state that, in view of your recommendations, you are authorized to purchase 10 beds and mattresses, and one new mower at an approximate cost of \$100. In addition to this, you are authorized to purchase paint for this school, details of which are contained in your letter, on the understanding that the actual work will be undertaken and accomplished by members of the staff.

Yours truly,

Dear Sir.

I am just writing to ask if it would be possible to replace our two sewing machines with new ones. The two we have in the sewing room are old and broken down; we have had them in continual use for the past 12 years; with the girls using them for making and sewing of garments. We would be very grateful if the Department would grant us two new machines.

I remain

Yours Resp^t

Buildings & Grounds, (Cont'd),-

The floors need paint: Rev. Mr. Barlow said he would requisition for material through the Agency office, and that they would do the work themselves.

Fire Escapes:

These are steel staircases -- one at each end of the building. I noticed there were no lights (electric) over same. Therefore in a rush on a dark night there is danger of missing the steps and falling, which would cause a congestion and danger of injury. The last lower flight on the West end -- girls' section -- lands on the roof of a porch (brick walls with flat roof). From the top of this the pupils have to jump to the ground, some seven feet, which is rather high for young children. There should be another stairway erected here: This could be raised by pulleys and weights to prevent ascending from the ground, and could be lowered when needed to descend. The East end -- boys' section -- has this extra flight.

Should a fire break out in the hallway of the main floor, or this become filled with smoke while the pupils are in the classrooms, the exit would have to be made through a window onto a porch (brick walls, flat roof) at the East end of the building; then jump to the ground. It would be better and safer if this ordinary two-piece lifting sash in the window were changed for a casement window. The cost of these alterations, the extra steel stairs at the girls' end, and electric lights over the fire escapes, would not be very high. I suggested to Mr. Barlow, who seems to be much concerned about it, that he place the matter before the Department through the Agent's office. I told him I would report on it as well.

Ottawa,
June 30, 1938.

Dear Sir:

The Department is in receipt of Inspector Schmidt's report regarding his visit to the St. Cyprian Indian Residential School on June 12 and he advises that considerable painting is required.

For your information I may say that in the current year's appropriation an amount of \$700.00 was provided for repairs, improvements and purchase of new equipment at the St. Cyprian School. We have already supplied two sewing machines at a cost of \$79.48. This reduces the amount available to \$620.52.

You should consult the Principal at once and let us know in what manner you consider this amount could be expended to the best advantage.

As all purchases have to be made through our Purchasing Branch you should let me have full particulars regarding any material or supplies that may be necessary. In the case of paint the quantities, colours etc. should be stated.

Yours truly,

Philip Phelan,
Chief, Training Division.

[Handwritten signature]
Sir,

I beg to enclose herewith three requisitions amended covering the painting of Exterior St. Cyprian's Indian Residential School & Outbuildings, estimate of which has been prepared with the assistance Mr Victor D'Acoust of Pincher Creek. He is painter who the Department engaged to the Agency Buildings in 1936.

The requisition for paint for the interior of this school is also enclosed along with the one for a new hay rake. Trust these are in order,

I have the honour to be

Sir,

Your obedient servant,

[Handwritten signature: T. W. Victor Webb]

EXD.
H. 5

5-38

Ottawa, July 5, 1938.

Dear Sir:

I am in receipt of your letter of the 26th ultimo, enclosing requisitions for painting the exterior and interior of the St. Cyprian Indian Residential School and also a requisition requesting that the school be supplied with a new hay rake.

In this connection I would refer you to my letter of the 30th ultimo, in which you were informed that there is only an amount of \$620.52 available for repairs, improvements and purchase of new equipment at the St. Cyprian Residential School during the current fiscal year. Under these circumstances, it will not be possible to favourably consider the exterior painting, the cost of which is estimated at \$751.90.

I am, however, requesting the Purchasing Agent to secure the paint for the interior painting and also the linoleum for the two infirmaries.

There will be sufficient money remaining to purchase a new hay rake. You should let me have full particulars regarding the rake required. I would appreciate having a catalogue number, also the size of the rake. Full particulars are necessary, in order that the matter may be placed before our Purchasing Agent.

Yours truly,

Philip Phelan,

116-1-5
PLEASE QUOTE
FILE 5-38.

Peigan Indian Agency, Brocket, Alberta.

July, 14th. 1938.

Adams
R

Sir,

With reference to your letter No. 116-1-5 under date of the 5th instant, dealing with the repairs asked for the St. Cyprian's Indian Residential School on this Reserve, I am informed that there is \$620.52 available, and that the Dept. intends to procure painting supplies & linoleum, also a Hay Rake out of this.

Today I was out to the school, and I find the old rake has been put in serviceable shape & working quite well, I would therefore ask that this be not replaced this year. The interior was all painted last year & they have a surplus of paint on hand, may this also be cancelled. The Linoleum asked I consider is a secondary consideration to protecting the outside of the School Building with paint from the elements.

I would therefore strongly urge that the above requests be allowed to stand over until next year, and the requisition herewith- herewith being submitted be given consideration, as the building is in very bad condition, devoid of paint in places, and the roof needs repairing as it is leaking.

It will be noted I have mentioned Mr V.D'Acoust of Pincher Creek for the labour, he painted Agency Buildings in 1936, and the work was entirely satisfactory.

I have the honour to be

Sir,

Your obedient servant,

T. W. Victor Webb

Memorandum:PURCHASING AGENT:

On July 5th, last, I forwarded you a purchase requisition for paint, varnish, linseed oil, turpentine, aluminum paint, brushes and inlaid linoleum for the St. Cyprian Indian Residential School, Brocket, Alberta. There is a limited amount available in our appropriation for repairs and improvements at this school, and the above paint and linoleum was intended for interior use. The acting Indian agent now advises me that he considers it would be better policy to expend the amount available this year in painting the exterior of the building and repairing the roof.

Under these circumstances, I should appreciate it if you would cancel our purchase requisition of July 5, 1938.

T.R.L.M.

Ottawa, July 19, 1938.

Memorandum:DEPUTY MINISTER:

Re: St. Cyprian Indian Residential School,
Peigan Indian Agency,
Electoral District of Macleod, Alberta.

In the current year's appropriation there is an amount of \$600.00 available for repairs and improvements at the above mentioned school. The acting Indian agent reports that, after carefully considering what should be done at this school, the Principal and himself have decided the best method of expending the funds available would be to paint the exterior of the building and repair the roof. He has forwarded a statement of the paint, etc., that will be required and estimates the cost at \$265.50.

To do the necessary work, the acting Indian agent states he has received a tender from Mr. V. D'Aoust, of Pincher Creek, who has quoted a price of \$275.00. The agent considers that this is reasonable and he further advises that Mr. D'Aoust will do satisfactory work as he painted the agency buildings in 1936.

I should appreciate receiving the approval of the Honourable the Minister for painting the exterior of the St. Cyprian C. E. Residential School and, in that event, the purchase requisition should be forwarded to the Purchasing Agent.

Please advise me if you approve of our engaging Mr. D'Aoust to do the work.

5-38

Ottawa, July 23, 1938.

Dear Sir:

In further reference to your letter of the 14th instant, the Purchasing Agent is being requested to arrange for the purchase of the paint required for the exterior painting of the St. Cyprian Indian Residential School.

The Department approves your arranging with Mr. V. D'Aoust, painter, of Pincher Creek, Alberta, to do the necessary work at a cost of \$275.00. You should supervise the work and, when the painting is completed, to your satisfaction, you may forward a voucher in favour of Mr. D'Aoust.

Yours truly,

Philip Phelan,
Chief, Training Division.

PLEASE QUOTE
FILE 5-38.

Peigan Indian Agency, Brocket, Alta.

September, 6th. 1938.

Sir,

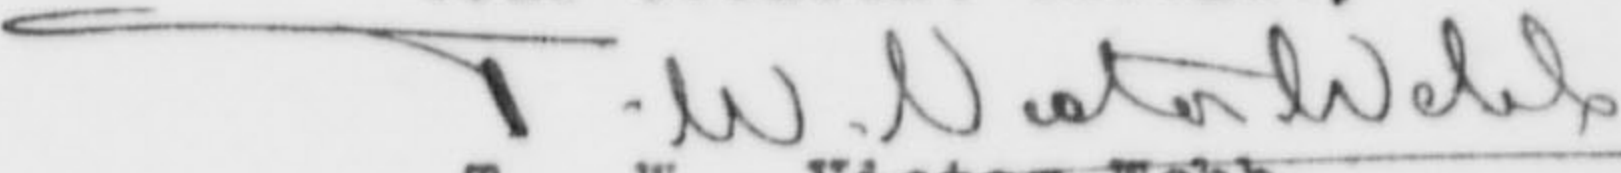

On Mr Inspector C.P. Schmidt's inspection to the St. Cyprian's Indian Residential School on this Reserve, Mr Barlow requested an extension be put on the Fire Escape on the girls' side of the School building, as it was not completed to reach the ground.

The extension asked for will reach the ground when needed, and when not in use will be suspended by a counter-balance, a quotation has been obtained from The Lethbridge Iron Works Co. Ltd, who are the only firm catering to this class of work, and I would recommend that this work be done.

I have the honour to be

Sir,

Your obedient servant,

T. W. Victor Webb,
Clerk in Charge.

The Secretary,

EXD.

Dear Sir:

I am in receipt of your letter of the 13th instant enclosing correspondence with reference to an extension to the fire escape at the St. Cyprian Residential School.

I am inclined to feel that the price quoted by the Lethbridge Iron Works is high. I would appreciate it if you would review this matter again with a view to determining whether some other procedure could be taken to obtain the same results but at less cost.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Peigan Agency, Brocket., Alberta.

October, 21st. 1938.

Bill submitted for Painting exterior of St. Cyprian's
Indian Residential School building, on Peigan Reserve,
September & October. 1938. By Mr V. D'Aoust, Pincher Creek., Alta.

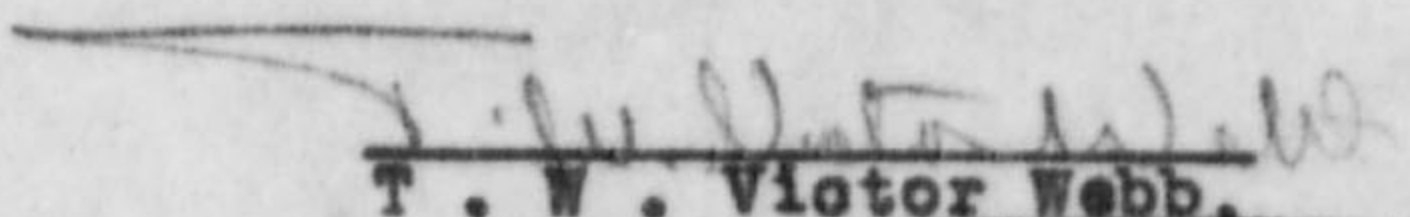

For Painting 1275 sq.yds of walls @ .20¢ per yd...\$255.60

For labour repairing roof, chimney, and lean-to
over extension of building, 40 hours @ .65¢ hr.....\$ 26.00

Total cost of painting & repairing Exterior of
St. Cyprian's School building.....\$281.60

Mr D'Aoust's offer to paint & repair building
for \$275.00 was accepted by Department, ~~11/11/~~
The above statement shows more, but some emergency
repair was necessary to the brick chimney stack
& I authorised it to be done as they had the
scaffolding there.

Certified Correct,

T. W. Victor Webb,
Clerk in Charge.

EXD.

Dear Sir:

The Department finds it necessary to return the enclosed accounts which you forwarded in connection with repairs to the watchman's clock at the St. Cyprian Indian residential school. No authority was given for this expenditure and as funds in the current year's appropriation are completely assigned it is impossible to consider payment. Provision will have to be made for this expenditure from school funds.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

1938

OPERATING OFFICE:
CALGARY, ALTA.

Mr. M. Christianson,
General Superintendent of Agencies,
Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Canada.

Dear Sir:-

Several weeks ago you requested us to advise you of the terms and conditions under which electric service could be provided to the Indian Agency at Brockett, and also to the Sacred Heart Indian School and to St. Cyprian School located respectively west and south-west of Brockett.

As you know, these loads are comparatively small and are located at considerable distances from our existing lines, the connection to Brockett requiring about 3 miles of transmission line with an additional 8 miles of line being required to serve the two above-mentioned schools. Thus the maintenance and depreciation costs on these lines would alone be a considerable item.

We would propose for this service the following:

Contract Term - To be 5 years.

Construction Cost - The customer to contribute the sum of \$3500.00 if the service is to be extended to serve only the Indian Agency at Brockett, and an additional sum of \$5500.00 if the service is to be extended to also serve the Sacred Heart and St. Cyprian Schools. The customer also to provide any required right-of-way over and through land over which the customer has ownership or control.

The Company to provide, construct, and maintain the necessary transmission lines, transformers, switches and other equipment necessary to bring energy to the above-mentioned localities together with the distribution system required to serve the several premises which constitute the Indian Agency at Brockett.

Mr. Webb,
Indian Agent,
Brocket Alta.,
Dear Sir:

While wiping the engine when it was running the cloth caught in the timing chain under the guard, went between the camshaft sprocket and the chain thus throwing the chain off, at the same time pulling on the magneto causing it to break.

This breakage was purely accidental and I am very sorry that it has happened.

Yours Truly,
E. R. Wigby.

Sir,

I am enclosing a letter of explanation received from the engineer employed at St. Cyprian's Indian Residential School on this Reserve, regarding an accident which caused the magneto on their engine to be out of commission.

As far as I can see the magneto may be ruined, the casing is cracked, and the shaft will not turn, it is in the office at present, and I await your instructions in regard to having it repaired or replaced with a new one. If a new one is necessary it will cost in the neighbourhood of \$50.00, is the cost of it to be borne by the engineer, the school or Department.

An early reply will be appreciated, please.

I have the honour to be

Sir,

Your obedient servant,

T. W. Victor Webb,

EX'D.

Dear Sir:

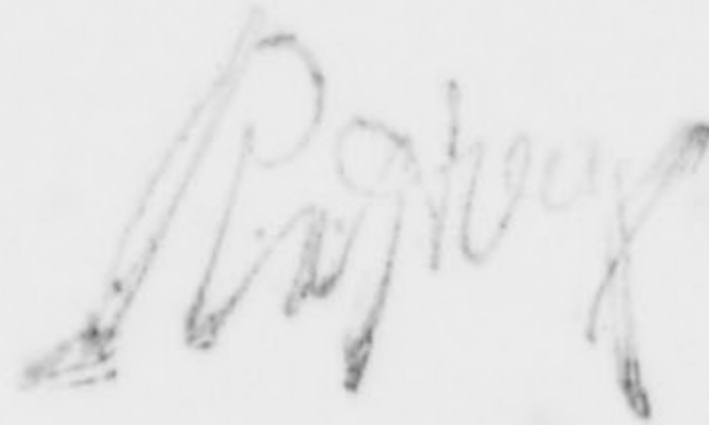

With reference to your letter of the 17th instant you may arrange for either the repair or replacement of the magneto on the engine at the St. Cyprian Indian residential school. It is noted that the cost will not exceed \$50.00.

It is considered that the damage to the magneto was caused by the carelessness of the engineer and in future machinery damaged in this way will not be either replaced or repaired by the Department.

Yours truly,

T. W. V. Webb, Esq.,
Indian Agent,
Brocket, Alta.

Peigan Indian Agency, Brocket, Alberta.

February, 3rd. 1939.

Sir,

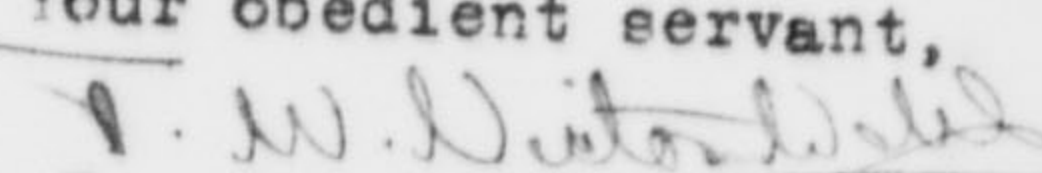

With reference to The St. Cyprian's Indian Residential School on this Reserve, I beg to report the Principal requests immediate repairs to their deep well pump.

This pump is placed in the flowing well and the cylinder is quite a depth from the surface, something is wrong with the leather valves, (I presume it is the leathers worn out & needing to be renewed). In order to repair this it will be necessary to have the plumber & his assistant come out from Pincher Creek, erect a tripod & necessary equipment to hoist it up. On enquiries I have made, the plumber informs me that it may be possible to pull up the rods with valves attached, instead of having to pull the whole string of pipes up. In the event of only the rods being pulled up, it will cost around \$30.00 to \$40.00 to repair it. If the whole assembly pipes & rods need to be pulled up it will cost considerably more.

May I have authority to repair, by telegram please, this being an important matter & emergent.

I have the honour to be

Sir,
Your obedient servant,

T. W. Victor Webb,
Indian Agent.

Shook
Sir,

I beg to enclose herewith Voucher in favour of Mr Stanley Pearson (Plumber) for repairing the water well pump at the St. Cyprian's Indian Residential School on this Reserve. It will be noted the cost is considerably more than was anticipated, it was found necessary to pull up the piping out of the well, the leathers were completely worn away, and considerable silt was accumulated in the pipe.

This is a big & heavy repair job as it is a deep well, and the pump is a 4 inch pipe, expenses were kept down by using the services of the staff as well as the plumber and his helper. Furthermore the pump was set in concrete, & this had to be cut away.

I have the honour to be

Dear Sir:

The Department finds it necessary to return your voucher No. 172. Please issue two vouchers, one for the expenditure incurred at the Sacred Heart residential school and the other for the expenditure incurred at the St. Cyprian school.

We keep separate files in regard to each school and unless separate vouchers are forwarded it involves considerable extra work for the Department.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

December, 3rd, 1939.

Sir,

On my recent visit to the St. Cyprian's Indian Residential School on this Reserve, I was looking at the main chimney or smokestack which towers approximately 50 ft above the school building over the annexe.

Where this smokestack (brick approximately 6 ft x 4 ft around) penetrates the roof, cracks are apparent, and one brick is dislodged. This appears to me to be in a very unsafe condition owing to the extremely high winds in this district, therefore if it should fall at any time it would endanger the lives of anybody in the building or within range outside the building. I would certainly recommend that an expert be authorised to examine this smokestack as soon as possible. The principal (Rev. W. Barlow) asked me to inspect it when I was there, hence my report.

I have the honour to be

Sir,

Your obedient servant,

T. W. Victor Webb

STANLEY PEARSON
PLUMBING & HEATING

Pincher Creek, Alberta
Dec 1st/39

Mr. WEBB,
Indian Agent,
Brocket, Alta.

Dear Sir:-

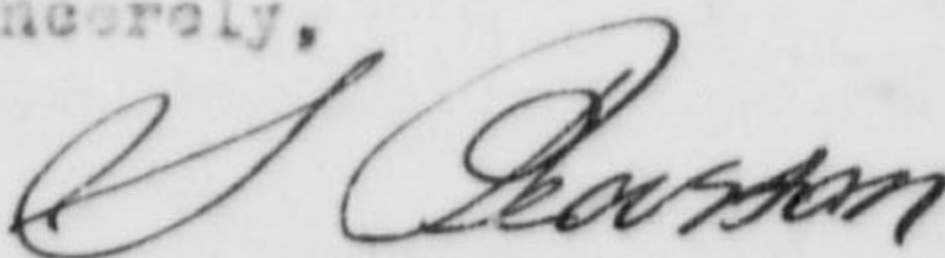

I beg to submit to you the following suggestions, so that the Fire escape on the west side of the St. Cyprian school would be completed, and in such a manner as to comply with the fire underwriters requirements.

I would continue the fire escape down to the ground level, the bottom resting on a slab of concrete. This would take approximately sixteen feet of new fire escape, and it should be built to the same specifications as the one now there. The new section should be stationary, and to overcome anyone entering the building from the outside there should be installed on each door opening onto the fire escape, a panic door latch. The doors then would never be locked to any one inside the building, but would prevent anyone entering from the outside.

I can assure you that the suggestions I have made are the least costly, and at the same time the most practical. I can undertake to do this work as stated and provide all materials for the completion of same. For the consideration of \$154.00

Hoping to hear from you at your convenience,

Yours Sincerely,

Indian Affairs. (RG 10, Volume 6370, file 763-5, part 5)

December, 3rd. 1939.

Sir,

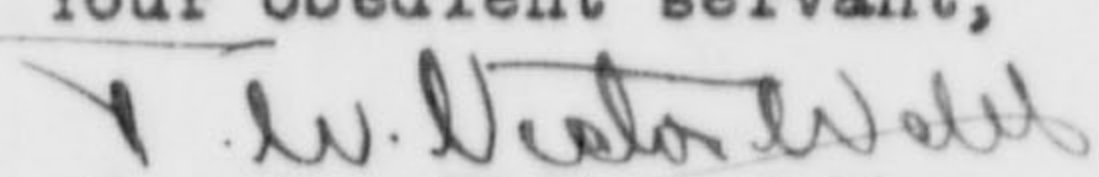

Re Fireescapes St. Cyprian's Indian Res. School.

This week I was out to the St. Cyprian's School, and inspected the Fire Extinguishers, also the Fire Escape on the Girls side of the building. On this side the fire-escape does not reach the ground but is within 10 feet of the ground, it ends on the top of a porch, from here the children would have to jump to the ground. This is not safe, and I have priced an extension from Mr S. Pearson, of Pincher Creek, also the doors leading out to Fire-escape should be fitted with special bars that would cause the doors to open immediately from inside of the building, but would prevent access from outside, this is necessary owing to young Indian men trying to enter at nights.

I trust the Department will authorise the expenditure for this as soon as possible, I think the quotation should be accepted as it compares favourably with the Lethbridge Iron Works price which I got last year. Copy of Mr Pearson's quotation enclosed.

I have the honour to be

Sir,
Your obedient servant,

T. W. Victor Webb,
Indian Agent.

The Secretary,
Indian Affairs Branch.,

AIR MAIL

Dear Sir:

The Department is in receipt of a letter from Mr. T.W.V. Webb, Indian Agent, dated December 3 with reference to the smoke stack at the St. Cyprian Indian residential school. The Agent states that he has forwarded a copy of this letter to you.

Is this smoke stack in as dangerous a condition as the Agent considers? We are approaching the end of the fiscal year and so many unexpected expenditures have occurred during the past three months that our funds are such as will not permit our incurring any expenditure that can possibly be avoided. If this chimney was properly erected when the school was built there is no reason why it should require extensive repairs at the present time. However, if you feel it advisable you might have some competent person examine the smoke stack and following this examination you should report to the Department.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Sir,

With reference to your letter No. II6-2-5 of the 16th ultimo, referring to my requisition for 13 refills for the St. Cyprian's Indian Residential School on this Reserve, I can now submit prices for supply of the new hoses asked for.

These can be obtained from Factory Distributors, Calgary, for the following price..

Foamite ..5 hose....	\$.95 ea	\$4.75
Guardene, 2 "	\$.95 "	\$1.90
Washers.. 7 @	.15 "	\$1.05

Total.....\$7.70

It will be noted that I now refer to 7 hoses & washers, when inspecting the Fire fighting equipment at this school, I discovered the Two Guardene 2½ gal ones that had not been listed,, these should be filled, and I would asked authority to purchase refills for these two also the hose & washers, ~~also~~ from the firm mentioned above.

INSPECTOR OF INDIAN AGENCIES

406-11A. C.E.

CANADA
DEPARTMENT
OF
MINES AND RESOURCES

INDIAN AFFAIRS BRANCH

Calgary, January 31st, 1940.

Sir:

Reference your letter No. 116-1-5 of the 9th ultimo re the smoke stack -- brich chimney -- at St. Cyprian's Indian Residential School, Peigan Agency, I beg to report that I made arrangements with Mr. C. Sellens, District Resident Architect, Dept. of Public Works, (Dominion), Calgary, to check same over for us. This was done on the 17th instant by his assistant, Mr. D. A. Freeze, whom I met at the school while at the Agency on an inspection visit. I beg to enclose herewith copy of the report received from Mr. Freeze in this connection.

I am also forwarding a copy of this report to Agent Webb, asking him to show same to the Rev. Principal of the School, in order that the repairing of the flashing at the roof surface, and the raking out and re-pointing with mortar of the joints between the roof and ceiling may be clearly understood. This was explained to the Principal by Mr. Freeze at time of his visit.

The removing of loose bricks on top of the small chimney and installing a cement cap in their place was also mentioned by Mr. Freeze. The loose bricks were removed immediately, but the cement cap had not been made prior to my leaving the Agency.--The weather was quite cold at the time.-- The stove in the Principal's room leads into this small chimney, which is built against the wall on the outside of the school building, and projects three or four feet above the roof.

Both small jobs can be done by a member of the School Staff.

Your obedient servant,

C. Pant. Schmidt
C. Pant. Schmidt,
Inspector of Indian Agencies,
Alberta Inspectorate.

The Secretary,
Indian Affairs Branch,

MEMORANDUM

To: Inspector C.P. Schmidt,
Indian Affairs Branch,
507 Public Building,
Calgary, Alberta.

FROM

The Office of the Resident Architect

DEPARTMENT OF PUBLIC WORKS

415 Public Building,
Calgary, Jan. 26th 1940

-copy-
Sir:-

Re: Chimney, St. Cyprian,
Peigan Reserve,
Brocket, Alberta.

In accordance with your request I visited the site of the above mentioned chimney in company with yourself on the 17th instant.

In view of my findings there, and in accordance with information gained through careful study of the plans and specification for the above building, I beg to submit the following,-

BEARING:

The calculated weight of the chimney is approximately 143000 lbs. The calculated area of the footings is 60 sq.ft. This gives a bearing pressure on the soil of 2400 lbs per sq.ft. approximately which is well within the allowable bearing load on the type of soil found in that locality.

STABILITY:

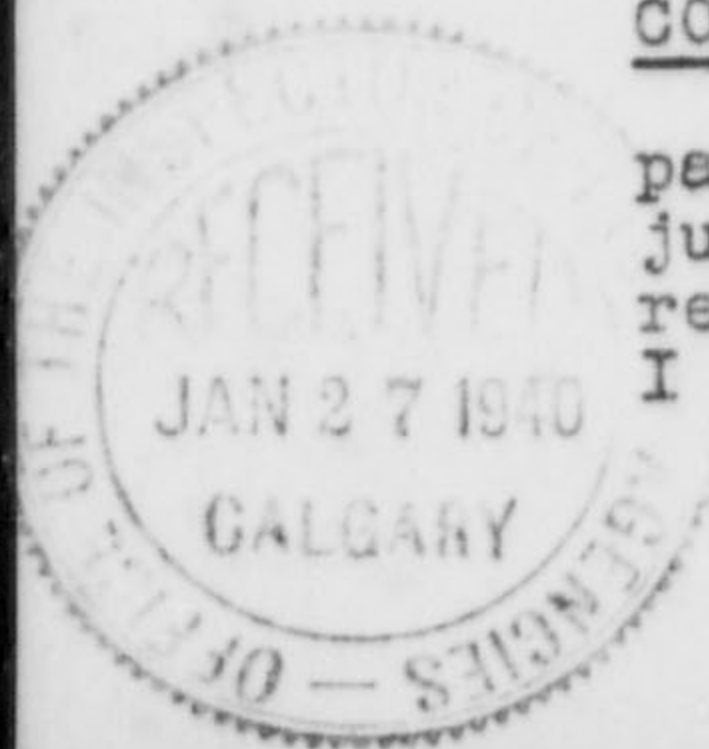

Allowing a wind pressure of 25 lbs. per sq.ft. of surface which is approximately equal to that of 80 mile per hour wind, by calculation it is found that the total wind load on the exposed part of the chimney would be 4950 lbs. The over-turning moment of such pressure would be 185500 foot lbs. The moment of the mass of the chimney and foundation are considerably more than three times this figure so from this point of view the structure is stable. Further, the resultant of a horizontal force of 4950 lbs and a vertical force of 143000 lbs. falls well within the middle third of the foundation and so the structure is stable.

GUY WIRES:

While it is unusual for masonry chimneys to be reinforced with guy wires I see no harm in leaving the wires as they stand. They are at present rather loose and I do not believe that even in a maximum wind would they be pulled taut. This is a good feature as if tautness occurred at any point during the swaying of the chimney it would cause an impact at the point where the wires are attached to the chimney and might have a damaging effect on masonry. However as they are they undoubtedly take some of the strain due to the wind and have a further stabilizing effect on the stack.

CONDITION OF THE MASONRY:

The brick work and mortar are for the most part in a very good state of repair. The flashing at the junction of the roof surface and the chimney is in need of renewing, most of it in fact is not in place at present. I would recommend that this be done immediately.

1458
406-11A.CE

Indian Affairs. (RG 10, Volume 6370, file 763-5, part 5)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

I would further recommend that the joints in the masonry in the space between the roof and the ceiling be raked out and repointed with a mortar mix made up as follows:- To $3\frac{1}{2}$ parts of sand and one part of portland cement add a small amount of water sufficient only to dampen the mix. Allow this mix to stand for from one and one-half to two hours or until the initial set is just taking place. At this time the mix should be re-tempered with water and 20% lime in the form of a paste added to it. Work this mix until it is plastic and use immediately. This will prevent more of the present mortar from falling out of the masonry joints.

I would also recommend that the sump pit located beside the boiler be cleaned out and that a concrete bottom be installed. At present there is no bottom to this sump and a good deal of water is lost into the subsoil structure below the foundations.

FINALLY:

It is my considered opinion, in view of the above findings, that the chimney is at present thoroughly stable and in a very good state of repair and that if the above recommendations are carried out it presents no danger whatever to the building or to its occupants.

Regarding the small chimney on the south side of the main building, I would recommend that the loose bricks on top be removed in whole and that a cement cap be installed in their place.

Trusting that this is the information that you require, I am,

Yours truly,

Chas. Sellens

Chas. Sellens,
Dist. Resident Architect,
Calgary.

February, 1st. 1940.

Sir,

Re Fire Extinguishers at St. Cyprian's School.

With reference to the small quart size fire extinguishers installed at this school, when I was out there with Mr Schmidt (Inspector) last week, the principal Rev. Barlow said that the 7 small extinguishers were no good when they examined them to re-fill them. I had these taken to the Factory Distributors in Calgary, who report that they are worn out from corrosion, inside.

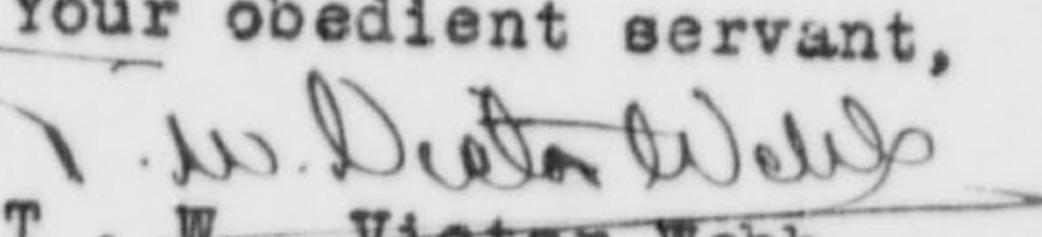

I would strongly urge that these be replaced as soon as possible with new ones of a different make, the present ones are Canadian Fire-Guns, I would ask to be supplied with "Fyr Fyter" - new type Model "A", the reason that this type does not need refilling every 12 months, this means economy and greater fire protection.

A requisition in triplicate is enclosed.

I have the honour to be

Sir,

Your obedient servant,

T. W. Victor Webb,
Indian Agent.

Peigan Indian Agency, Brocket, Alta. No. II6.

August, 16th. 1940.

Sir,

I beg to enclose triplicate copies of requisition for supplies, requesting the supply of a new set of batteries to replace those at present used at the St. Cyprian's Indian Residential School, which were installed in 1935, but are now completely worn out.

It will be noted that they have given good service having been in operation for the last five years, I would ask that the new set be installed as soon as possible as the school will be opening again for the winter term, and they will be needed.

I have the honour to be

Sir,

Your obedient servant,

T. W. Victor Webb

Ottawa,
August 20, 1940.

Dear Sir:

I have for acknowledgment your letter of the 16th instant and also a requisition for the replacement of the electric batteries at the St. Cyprian Indian Residential School attached thereto.

In the estimates of this year a sum of \$460.00 was set apart for painting and the purchase of farm machinery at the St. Cyprian School. In view of the fact, however, that the batteries requested by you will cost approximately \$400.00 it will be impossible to undertake additional repairs or to make provision for the purchase of equipment exceeding \$60.00 at the St. Cyprian School during the present fiscal year and you should so inform the Principal.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Mr. T.W.V. Webb,
Indian Agent,
Brockton, Alta.

CONDITIONS UNDER WHICH MESSAGES ARE ACCEPTED FOR
TRANSMISSION BY CANADIAN GOVERNMENT
RADIO TELEGRAPH SERVICE
ADMINISTERED BY DEPT. OF NATIONAL DEFENCE

(1) Unless otherwise indicated on its face, this is an unrepeatd message, and paid for as such. (Note—To guard against mistakes or delays, the sender of the message may order it repeated; that is, telegraphed back for comparison with the "sent" copy. For this repetition an extra charge is made of one-half of the unrepeatd message rate.)

(2) It is agreed by the sender of this message that neither the Government of Canada (hereinafter referred to as the Department) nor its connections shall be liable for mistakes or delay in transmission or delivery, nor for non-delivery of any unrepeatd message beyond the amount of the tolls collected for transmission; and that neither the Department nor its connections shall be liable for mistakes in the transmission or delivery, nor for delay or non-delivery of any repeated message beyond the extra sum collected from the sender for repeating such message. It is further agreed by the sender that neither the Department nor its connections shall be liable in any case for delay arising from unavoidable interruption in their service, or for errors in cipher or obscure messages.

(3) No responsibility attaches to the Department or its connections concerning a message until the same has been accepted at a transmitting office of the Department; if a message is sent to such office by one of the messengers of the Department, such message acts for that purpose as the agent of the sender.

(4) Neither the Department nor its connections shall be liable for damages or statutory penalties (if any) in any case where the claim is not presented in writing to the Minister of National Defence within sixty days after the message was filed for transmission.

(5) The Department or one of its connections is hereby made the agent of the sender.

(6) No employee of the Department or of its connections is authorized to vary the foregoing.

Peigan Indian Agency, St. Mary's, Alberta. No. 116.

October, 2nd, 1940.

Sir,

Re New Lighting Plant Batteries for Sacred Heart
and St. Cyprian's Schools, Peigan Reserve.

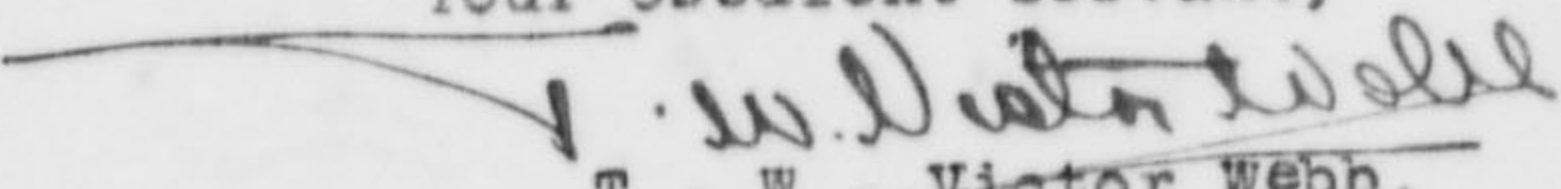

With reference to my letter to the Department under date of August, 16th, 1940, requesting new batteries for the lighting plants at The Sacred Heart Indian Residential School & St Cyprian's Indian Residential School on this Reserve, I beg to ask that these batteries be supplied as soon as possible.

These batteries as I explained in my letters of the 16th of August, have been in use 5 years and are now useless, it is with difficulty therefore that they are carrying on now.

I have the honour to be

Sir,

Your obedient servant,

T. W. Victor Webb,

Sir,

Re Nightwatchman at Sacred Heart & St Cyprian's Schools.

With reference to the above noted schools on this Reserve it has been customary for the principals of each school in the past to hire a night watchman for the prevention of fire, during the winter months.

Will the Department please advise me if this may be done this winter & the grant of \$40.00 per month be allowed to each School from November 1st to March, 31st inclusive.

I gave the honour to be

Sir,

EXD.

Dear Sir:

With reference to your letter of the 2nd instant the Department will allow the following grants for the night watchmen at the residential schools in your Agency:

Sacred Heart Indian Residential School

November 1, 1940, to April 30, 1941, 6 months @ \$40 a month

St. Cyprian Indian Residential School

November 1, 1940, to April 30, 1941, 6 months @ \$40 a month

With reference to your other letter of the 2nd instant an order for the batteries for the schools in your Agency was forwarded to the Ashdown Hardware Company, Calgary, Alta., on the 25th ultimo. It is hoped that these batteries have now been installed.

Yours truly,

R.A. Hoey,

Dear Sirs:

In November of 1939 two shipments made by us according to the enclosed invoices were apparently never settled for on account of the lack of freight bills proving delivery.

On a number of occasions this question has arisen due to the difficulty of having consignees forward the invoices with the receipted freight bills.

To overcome this difficulty we first of all had the receipted freight bills stapled to the invoices, expecting that in this way they would be forwarded without being separated. As this was not successful we finally resorted to having the freight bill glued to the invoice. Since this last device has been adopted we have found that the freight bills are forwarded to you and payments come through satisfactorily.

From the above explanation we think you will see that we have genuinely tried to have your instructions followed out, and the two invoices which date back to November, 1939 we believe are not settled for on account of their being issued before we adopted these later methods of insuring that the freight bill went to the agent and was forwarded to you.

Copies of the two invoices in question amounting to \$38.58 are enclosed herewith.

Yours truly,

PYRENE MANUFACTURING COMPANY

Reverend Sir:

In a letter dated November 9, 1939, the Indian Agent forwarded a requisition for 8 - 1 quart Pyrene refills and 5 - 2½ gallon recharges for fire extinguishers at the St. Cyprian Indian Residential School. The order was placed with the Pyrene Manufacturing Company of Canada who claim that they shipped the goods to you and also forwarded their account to you. On reviewing our files we find that we did not receive from you the certified account of the Pyrene Manufacturing Company. The Firm has recently written to us and requested payment of this overdue account. I, therefore, enclose duplicate account which you should certify and return for payment.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

[Signature]
Sir,

Re Peigan Agency Voucher No. 261...\$83.26 enclosed.

With reference to our Voucher No. 261, for emergency repairs to the sewage system at the St. Cyprian's Indian Residential School located on this Reserve, this covers labour and material supplied the local Pincher Creek plumber, cleaning out the septic tanks & the drainage pipes leading to the tanks from the school buildings.

These septic tanks were originally installed by Mr Pearson, when the school was built, and they have been operating for the last five years without attention, but owing to the large amount of refuse passing through, too much solids accumulated resulting in them clogging up. When this occurred the Principal Mr Barlow informed me that the toilets would not clear, it being an emergency I ordered Mr Pearson to work on the system immediately for the health & continued operation of the school. The ground was frozen, and about 5 feet of the surface earth has to be removed which covers the tank under the ground, both compartments were practically in solid formation, also part of the drain, minor repairs were needed & new wooden shafts from the ground surface to the top of tanks. In future I have requested Mr Barlow to have his staff clean out these tanks, spring and fall to prevent a repetition of this.

Incidentally the plumber was quite sick after working in in the septic tank, from the effects of the gases.

I have the honour to be

Sir,

Your obedient servant,

[Signature]
T. W. Victor Webb,
Indian Agent.

Attention : Mr. R. A. Hoey, Sept. of Welfare & Training,

Dear Sirs,-

SUBJECT: Reference 116-1-5

With further reference to the question raised in your letter of February 1st and our reply to February 12th as to the checking up of two invoices that have been outstanding since 1939, upon going through our records we do not appear to have received payment of the amount involved.

May we have your further assistance with regard to these, and also another item of September 16th, 1940, our invoice E912-2 for Soda & Acid Charges amounting to \$3.90.

We shall be very pleased to hear from you in regard to these, and trust you will find them in order for payment at an early date.

Yours very truly,

PYRENE MANUFACTURING COMPANY

Reigan Indian Agency, Brocket, Alta. No. 116.

August, 22nd. 1941.

Sir,

Re Estimates. 1941-42 . Page, 8. St Syprian's School.

In reference to our Estimates submitted last year for the Fiscal Year, 1941-42, and applying to the residential schools on this Reserve, I beg to enclose herewith a tender submitted to this office by Mr Maugham (Well driller) for the cleaning out of the well at St Cyprian's School.

I took Mr Maugham over to the school to see and find out the condition of this well, it is approximately 125 feet deep, flowing well, but has become silted up to within 40 feet of the surface, at present it is being used by disconnecting two lengths of pipe and leaving one length of 24 ft under the pump.

It is very important that this well be cleaned out as soon as possible, or it is quite likely to injure the well permanently, I would therefore ask for immediate attention while it is possible (the well drilling outfit being on the reserve) to proceed with the work. May I be advised by return airmail.

I have the honour to be

Dear Sir:

When forwarding your estimates for the current fiscal year you requested that funds be provided for a Diesel engine for lighting purposes at the St. Cyprian School. This has not been supplied during the current year and it is noted that in your estimates for 1942-43 you repeat the request.

If this new engine is really necessary funds for its purchase are available in the current year's appropriation and I should appreciate receiving from you as soon as possible detailed information regarding the type of engine required. As you are aware, we have to have such information for our Purchasing Branch.

116-1-5
No. II6.
Pelgan Indian Agency, Brocket., Alberta.

November, 5th. 1941.

Sir,

Re Estimates 1941-42. New Diesel Engine for St. Cyprian's School.

With reference to your letter No. II6-I-5 of the 17th ultimo regarding our requisition in the Estimates 1941-42 for a new engine to replace the present one at the St Cyprian's School, I have been away on sick leave and on return had other matters to attend to, but finally took this matter up with the Principal, Rev. W. Barlow.

The present engine Lister Brunson, 12 H.P. 2 cylinder gasoline is running alright, but for how long I cannot estimate, the last time it was overhauled I believe was in 1936, then the engineer reported that a new one should replace it when it needed another overhaul, this was the same engine type as the Sacred Heart School, that we replaced with a Diesel. The proper way I would suggest is that a Department engineer from Banff be sent to give his report to the Department and if he thinks it advisable to replace, the Department would then have competent advice.

There is this much that in view of the age of the engine, and difficulty in getting repairs, also the fact of the Diesel using other fuel than gasoline, it might be advisable to replace this engine this year.

I have the honour to be
Sir,
Your obedient servant,

T. W. Victor Webb
T. W. Victor Webb,

Memorandum:

DIRECTOR

Surveys & Engineering Branch

Re: St. Cyprian Indian
Residential School

The above residential school is in the Peigan Indian Agency at Brocket, Alberta. The Indian Agent is Mr. T.W.V. Webb.

Mr. Webb has reported as follows regarding the engine used for operating the electrical plant:

"The present engine Lister Brunson, 12 H.P. 2 cylinder gasoline is running alright, but for how long I cannot estimate; the last time it was overhauled I believe was in 1936, then the engineer reported that a new one should replace it when it needed another overhaul. This was the same engine type as the Sacred Heart School that we replaced with a Diesel. The proper way I would suggest is that a Department engineer from Banff be sent to give his report to the Department and if he thinks it advisable to replace, the Department would then have competent advice.

"There is this much that in view of the age of the engine, and the difficulty in getting repairs, also the fact of the Diesel using other fuel than gasoline, it might be advisable to replace this engine this year."

It would be appreciated if you could arrange to have your engineer visit this school at an early date and report fully regarding the condition of the present engine. If he recommends a new engine full particulars should be given regarding the type of engine required in order that we may supply the necessary details to the Purchasing Branch.

[Handwritten signature]

Director.

December 9, 1941.

Memorandum:

Mr. WardleRe: Lighting Plant,
St. Cyprian Indian School, Brocket, Alta.

In reference to your memorandum of the 18th ultimo, an inspection was made on the 2nd instant by Mr. Snelson who was accompanied by Mr. Chadwick. It was found that the engine which was purchased in 1926, is now capable of operating the generator only to 50 per cent of its capacity. Needed repairs are estimated to cost \$250.00 and include replacement of governor mechanism, reboring cylinders and fitting two over-size pistons and rings, adjustment of crank shaft, tightening fly wheel and new spark plugs. This overhaul might extend the life of the unit for ten years.

A comparison of the estimated annual operating costs of the repaired unit and a new Diesel engine are as follows:

Present Gasoline Engine -	
Annual fuel cost	\$350.00
5% interest on repairs (\$250.00)	12.50
Total -----	\$362.50

New Diesel Engine -	
Annual fuel cost	\$80.00
5% interest on cost (\$900.00)	45.00
Total -----	\$125.00

This difference in favour of the latter will in ten years amount to \$2,375.00.

In view of the foregoing and the fact that it will be difficult or probably impossible to get repairs for the gasoline engine, Mr. Snelson recommends that it be replaced with a Type 10-2 Lister Diesel Engine similar in every respect to the engine purchased for the Sacred Heart School at Brocket in 1939. This engine can be mounted on the same base as the old engine without alteration and operates at the same speed. It is hardly likely that any other type or make of engine could be direct-connected to the generator without considerable difficulty.

2.

We concur in Mr. Snelson's recommendation and suggest that tenders be invited for a type 10-2 Lister Diesel engine to be installed in the school at Brocket to replace the present engine. It is understood that Messrs. Bruce Robinson Electric, Limited, Calgary, are the Alberta representatives of the manufacturer and have such an engine in stock which can be delivered immediately on receipt of an order with priority authorization.

The cooling water tank 30" in diameter and 66" in height is in poor condition, being rusted through in places. It is recommended that it be replaced at the same time.

Respectfully submitted,

J. A. Mills

Chief Engineer.

15th December, 1941.

Memorandum:

Dr. McGill

Re: Lighting Plant, St. Cyprian Indian
School, Brocket, Alberta.

In reply to your memorandum of November 14th relative to the above, I am enclosing for your information copy of a memorandum from the Chief Engineer, Mr. Mills, dated December 9th, which is self-explanatory.

In view of the fact that it will be difficult, if not impossible, to get repairs for the gasoline engine now in use, and that the savings, which will be effected by the installation of a Diesel engine of the type recommended by Mr. Snelson, will be sufficient to pay for the cost of its installation for three years, Mr. Mills' recommendation to purchase such engine is concurred in.

It will be noted that the cost of the Diesel engine recommended may be about \$900. The cost of the proposed new water tank will probably not be more than \$30.

We should be pleased to be advised if you approve of the installation of a Diesel engine of the type recommended. If so, we will submit specifications for a complete job including supplying both engine and water tank and their installation. Bruce Robinson Electric, Limited, Calgary, which at present appears to be the only firm in a position to supply such an engine, can then be asked to quote a price upon these specifications.

J. M. Wardle
Director.

Memorandum:

DIRECTORSurveys & Engineering Branch

Re: Lighting plant, St. Cyprian
Indian Residential School,
Brocket, Alberta.

I am in receipt of your memorandum of December 15 in which you recommend the purchase of a new type 10-2 Lister Diesel engine. It is noted that you consider this can be purchased at a cost not exceeding \$900.00.

Please submit specifications for a complete job including the supplying of both engine and water tank and their installation. As soon as we have this information the matter will be submitted to the Purchasing Branch.

Director.

ENGINEERING AND CONSTRUCTION SERVICE,SURVEYS AND ENGINEERING BRANCH,DEPARTMENT OF MINES AND RESOURCESSpecifications for Diesel Engine and Cooling Water Tank
for St. Cyprian Indian Residential School, Brocket, Alberta.

- One - Type 10-2 Lister Diesel Engine. The engine shall be tank cooled and shall be direct-connected to the 6 K.W. 550 R.P.M. generator now installed at the school.
- One - Cylindrical Cooling Water Tank, Diameter 30 inches, height 70 inches.

The tank shall be constructed of 14 gauge galvanized iron, strengthened at the top with a rim or band of flat iron $1/4"$ x $1-1/2"$. The bottom of the tank shall be of $3/16"$ galvanized plate. If 14 gauge galvanized iron is not available 10 or 12 gauge may be substituted and if no galvanized iron is available, black iron of the same thickness may be substituted provided that after fabrication it is painted inside and outside with a good metal preservative paint such as Kem Kronik or equal.

The tank shall be tapped at a height of 3 inches above the bottom for a 2-inch outlet pipe and fitted with a $1\frac{1}{2}$ -inch drain plug with nipple and $1\frac{1}{2}$ -inch gate valve in the centre of the bottom. It shall also be tapped 3-inches below the top for a 2-inch inlet pipe. All 2-inch taps as above shall be fitted with removable plugs.

Memorandum:

Dr. McGill

Re: Lighting plant, St. Cyprian
Indian School, Brocket, Alta.

In reply to your memorandum of December 18th last, I am enclosing herewith specifications covering a new engine and cooling water tank to be purchased for the above school.

In calling for tenders it is presumed that the Departmental Purchasing Agent will advise prospective bidders that their tenders are to be for the engine and water tank installed and in operating condition at St. Cyprian Indian school at Brocket, Alberta.

REQUISITION FOR SUPPLIES File No. 116-1-5

January 10 19 42

This space for use of Head Office only

Requisition No.

Order No.

To The Departmental Purchasing Agent, Ottawa,

PLEASE FURNISH THE FOLLOWING SUPPLIES FOR USE OF St. Cyprian Indian Residential School

VOTE 76 Allotment 12-422

SHIP TO Rev. W. Barlow, Principal, St. Cyprian Indian Residential School, Brocket, Alta.

Purpose for which required Lighting plant

NOTE:—Requisition for non-consumable equipment, state if New Issue or Replacement.
" consumable equipment and supplies use columns 1 and 2.

Quantity		Quantity on hand (1)	Quantity used per month (2)	Unit Price	TOTAL
1	Type 10 - 2 Lister Diesel engine.				
1	Cylindrical cooling water tank, diameter 30", height 70".				
Note: The above are required as soon as possible for the St. Cyprian Indian Residential School. The electrical plant at this school was recently inspected by an official of the Surveys & Engineering Branch who reports that the above equipment is necessary and he has prepared the attached specification. The Surveys & Engineering Branch estimate that the Diesel engine can be secured for approximately \$900.00 and the water tank for \$30.00. They further state that Bruce Robinson Electric Limited, Calgary, appears to be the only firm in a position to supply a Diesel engine.					

I hereby certify that I have personal knowledge that all the above articles are required in the Department and for Departmental purposes only. The expenditure required by this requisition is strictly unavoidable and the public interest will suffer if it is not made.

EXP.

Dear Sir:

I desire to refer to your letter of November 5 and previous correspondence with reference to a new engine for the St. Cyprian Indian Residential School. As you are aware, an officer of the Surveys & Engineering Branch visited the school in the latter part of November and inspected the mechanical plant. He suggested the purchase of a new engine and extensive inquiries have been made with a view to ascertaining if one could be secured. However, I regret that owing to present conditions it does not appear possible to purchase a new engine at the present time and you should so inform the Reverend Principal.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

OFFICE
DEPUTY MINISTER

116-1-5

Memorandum to:

Dr. H.W. McGill

Some months ago a requisition was received for the purchase of a Lister Diesel Engine and other equipment for installation in the St. Cyprian Indian Residential School at Brocket, Alberta. This was held up because it was thought that before a large expenditure of this kind was authorized, consideration might be given to the possibility of closing the two residential schools in this Reserve. It is assumed that the school has got along without this engine and will be able to do so until after the summer vacation.

*Discussed with
Mr. Doucet
before
P.P.*

In discussing the matter with Mr. Hoey he thought it would be advisable to have Mr. Doucet, if he should visit the west this summer, thoroughly explore the educational system on the Reserve and see if it might not be possible to establish day schools in place of the two residential schools that are there now.

Ken Jackson
Chief Executive Assistant.

R. A. Hoey, Esq.,
Supt. of Welfare & Training,
Department of Mines & Resources,
Ottawa, Ontario.

Dear Mr. Hoey:

I have been instructed by our Commission to ascertain through you the regulations of the Oil Controller's Department regarding the gasoline required at our Indian Residential Schools.

The question has been raised by the Principal of one of our Schools in Alberta (Peigan) who states that he can no longer buy gasoline by the barrel in the way he has always done, but must secure the same from a retail dealer or filling station, the nearest of which is fifteen miles away.

This School is not provided with a truck, but the Principal uses his car for any trucking work required by the School.

As our Commission feel that some arrangement may have been made (or can be made) which would be applicable to all the Indian Residential Schools, they will appreciate any official ruling which you may be able to secure for them in this important matter.

Faithfully yours,

T. B. R. Westgate

Secretary of the Commission.

Ottawa,
May 1, 1942.

Dear Sir:

One of our Indian residential schools is located on the Peigan Reserve in Southern Alberta and it is operated for us by the Church of England.

The Principal of this school has written for information regarding gasoline regulations. He states that he can no longer buy gasoline by the barrel the way he has always done, but must secure same from a retail dealer or filling station, the nearest of which is 15 miles away.

The gasoline the Principal wants to secure is used for the school car which does any trucking required by the school.

It is possible that some arrangements might be made where special consideration would be given to our Indian residential schools in view of the fact that the majority of them are located at a considerable distance from either a retail dealer or a filling station. I should appreciate hearing from you in the matter as soon as convenient.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Dear Sir:

We beg to acknowledge receipt of your favour of May 1st.

We would advise you that the Oil Controller's Orders prohibit the servicing of passenger cars at any point other than a service station. We cannot permit the purchase of gasoline for use in private cars by drum or otherwise. We would suggest that if the car used by the principal of your school could be licensed as a commercial vehicle he would be relieved of the obligation to purchase his supplies at a service station.

Yours truly,

D. Robinson

Dear Mr. Phelan:

In connexion with Departmental letter of June 30 last, #160-2, giving a list of the current year's appropriation for repairs etc. for our various Schools, I beg to state that I informed the Reverend Principal Barlow of our St. Cyprian School on the Peigan Reserve that there was an appropriation of \$300.00 but that this amount had already been expended. In his reply just received this morning, he states that he has no knowledge whatever as to how this sum was expended. His letter reads, in part, as follows:-

"We have had no new equipment that I remember, unless it is school material. Neither have we had any improvements, and very few repairs."

Mr. Barlow admits the possibility that the expenditure may have been made through the local Indian Agent, but if so, he has no knowledge of it, and refers to the possibility that the expenditure may have been made at the R.C. School on the Peigan Reserve instead of his School.

It will be appreciated if you will let me know exactly how the matter stands.

Yours very truly,

L. B. R. Westgate

Secretary of the Commission.

Reverend Sir:

I have your letter of the 8th instant, with reference to the amount provided in the current year's appropriation for repairs, improvements and purchase of new equipment at the St. Cyprian Indian Residential School. Let me assure you that the amount provided is not being spent at any other school. Last January an officer of the Surveys & Engineering Branch visited this school and recommended that a new Lister Diesel engine be supplied. It was not possible to proceed with the purchase of this engine at that time but we are now endeavouring to secure it and, if we do, the amount of \$300.00 will be required as part payment and the balance will be taken from a small unallotted amount which we have included in our appropriation. If it is found impossible to secure the engine, due to present conditions, the \$300.00 will still be available at the St. Cyprian School.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

ENGINEERING AND CONSTRUCTION SERVICE,
SURVEYS AND ENGINEERING BRANCH,
DEPARTMENT OF MINES AND RESOURCES.

Specifications for Diesel Engine and Cooling Water Tank
for St. Cyprian Indian Residential School, Brocket, Alberta.

- One - Type 10-2 Lister Diesel Engine. The engine shall be tank cooled and shall be direct-connected to the 6 K.W. 550 R.P.M. generator now installed at the school.
- One - Cylindrical Cooling Water Tank, Diameter 30 inches, height 70 inches.

The tank shall be constructed of 14 gauge galvanized iron, strengthened at the top with a rim or band of flat iron $\frac{1}{2}$ " x $1\frac{1}{2}$ ". The bottom of the tank shall be of $\frac{3}{16}$ " galvanized plate. If 14 gauge galvanized iron is not available 10 or 12 gauge may be substituted and if no galvanized iron is available, black iron of the same thickness may be substituted provided that after fabrication it is painted inside and outside with a good metal preservative paint such as Kem Kronik or equal.

The tank shall be tapped at a height of 3 inches above the bottom for a 2-inch outlet pipe and fitted with a $1\frac{1}{2}$ -inch drain plug with nipple and $1\frac{1}{2}$ -inch gate valve in the centre of the bottom. It shall also be tapped 3 inches below the top for a 2-inch inlet pipe. All 2-inch taps as above shall be fitted with removable plugs.

Dear Mr. Hoey:

In your letter of the 12th ulto. #116-1-5, you informed me of the steps being taken to provide our St. Cyprian School on the Peigan Reserve with a new Lister diesel engine, and from information which has reached me from the Principal, I gather that this engine is being provided by Mumford-Medland Limited, of Winnipeg.

The Principal of the School, the Rev. W. Barlow, keenly desires that the old engine be left at the school to operate a chopper which chops feed for the pigs. His letter reads, in part, as follows:-

"We spend about \$80.00 to \$100.00 per year for chopping, and are dependent on a farmer for this service. We cannot always get him when we want him, and when he does come we have to chop enough for six months. As we are without mice proof storage facilities the mice get in and a quantity of the feed is lost".

The Principal's request seems very reasonable to our Commission and if Government regulations will admit of the engine being left at the school for the purpose indicated, I will be obliged if you will notify me to that effect. As it has been, and is still, I believe, the policy of the Government to encourage the raising of hogs for bacon, I will hope that permission to retain the engine at the school may promptly be authorized.

Yours very truly,

T. B. R. Westgate

Secretary of the Commission.

Re: Diesel Engine -
St. Cyprian Residential School

Dear Doctor Westgate:

I have for acknowledgment your letter of the 3rd instant in which you intimate that the Principal of the above-noted school is anxious to retain the old engine so that it may be used to operate a chopper.

I have this morning discussed this matter with the Purchasing Agent, and we can see no objection to the proposal submitted by the Principal. It will be in order, therefore, for the Principal to retain this engine for the purposes he has in mind.

Yours very truly,

R. A. Hoey,
Supt. of Welfare & Training.

OFFICE THE
INDIAN AGENT

Peigan Agency,
Brocket, Alberta, October 21st. 1942.

Sir:-

Mr. Barlow, the Principal of St. Cyprian school, has been in to see me with regard to a Diesel Engine which has been shipped to him from Mumford, Medland Ltd of Winnipeg.

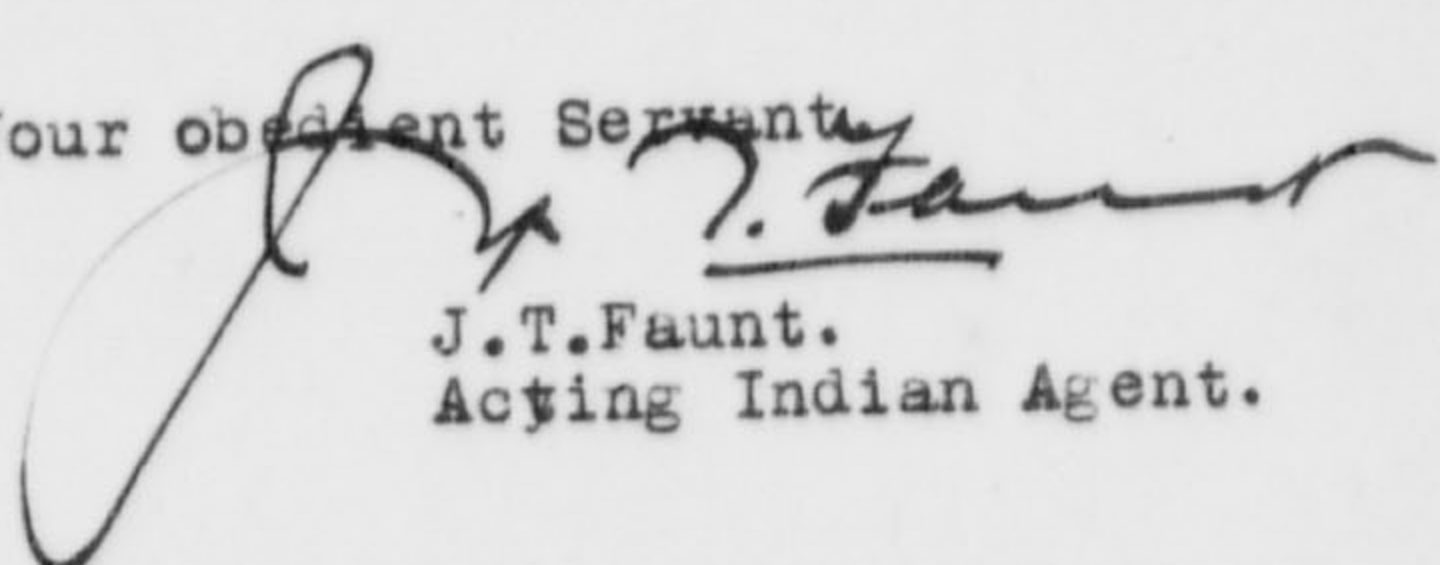

This engine I understand is to replace the one now in use at the school & has been at the local freight shed for some little time.

He wants to know who is supposed to instal this engine & when it will be done. He says the one they are using now is working allright & was wondering if it should not be allowed to continue working as long as it would, or until there was a holiday of a day or two, during which time the switch over could be made.

If the company furnishing the engine is supposed to instal it, this suggestion of Mr Barlows would not work out, as the Company no doubt would want payment of their account & we could not very well pass the account for payment, until we were satisfied that the machine was working properly.

I will be glad to receive your instructions in the matter as I can find nothing on the Agency files to guide me, the deal apparently having been negotiated through the church authorities.

Your obedient Servant

J.T. Faunt.
Acting Indian Agent.

EX'D.
A

Dear Sir:

I have your letter of the 21st instant, with reference to the Diesel engine purchased for the St. Cyprian Indian Residential School. I am disturbed by the statement in the second paragraph of your letter that the engine has been at the local freight shed for some little time. A copy of the purchase order was forwarded to the Principal on August 19 and he should have made arrangements to accept delivery of the engine as soon as it reached Brocket. Please let me know why he did not do so.

It is also difficult to understand your suggestion that the present engine be continued in use, as officials of the Surveys & Engineering Branch and the M.S.C.C. have been urging us for several months past to install a new engine. Recently we received a letter from Rev. T.B.R. Westgate stating that the Principal simply wanted to retain the old engine so that it might be used to operate a chopper. This is expensive equipment that we have supplied, after having had considerable difficulty in obtaining it, and consequently we would like to have a very full report from you regarding the points mentioned in this letter.

Yours truly,

Mr. J.T. Faunt,
Acting Indian Agent,
Brocket, Alta.

Your file No. 116-1-5

peigan Agency.
Brocket, Alberta. November 5th, 1942.

Dear Sir:-

In reply to your letter of October 29th. regarding Diesel engine purchased for St. Cyprian school, I beg to advise that I have seen Mr Barlow in regard to the several points mentioned in your letter & he advises me that he did not take delivery of the engine as he figured that there would be someone along to instal the engine as was done at the other school & that there would be no object in handling the thing twice.

He knows nothing about the installation of such a machine himself & at the present time is without the services of an engineer & is attending to the heating plant himself & also doing his best with the lighting & pumping plant. This new engine weighs somewhere in the neighbourhood of eighteen hundred pounds & the installation of such an expensive piece of machinery is no job to be undertaken by any ordinary layman, especially at this time of year when the lights are on about seventeen hours a day & when a switch over would have to be done quickly & by experts with proper equipment to properly handle the job.

It was not my suggestion that the present engine be continued in use, but Mr. Barlow's. He says it was not his idea at all that a new engine be installed at this time & that he had suggested that they try to get along with the old engine, especially in times like these when money was so urgently needed in war work. but that if they were bound to have a new engine put in, he would like to have the old engine to operate a feed chopper in connection with his stock raising operations.

I might say that I had already had the machine hauled to the school & it is stored in a shed pending instructions from you & that there is no bill for storage against it.

As to the condition of the old engine, I don't know a thing about it. It might run for years & it was Mr Barlow's hope that it would at least serve for the duration.

Yours truly,

G.T. Faunt

M Mr. P.D. Schmidt
Dept. of Indian Affairs
507 Calgary Public Bldg.,
Calgary, Alta.

Dear Sir:

Pursuant to our telephone conversation of today's date regarding the proposed installation of the Diesel engine at the St. Cyprian's Anglican School at Brocket, we can supply a competent Diesel man to install this engine, as per your request.

However, we would like to have some information something along the following:

What make of engine is this? How many cylinders has it? Is it a full Diesel or a semi-Diesel? Is it radiator cooled or a tank-cooled engine? Is the generator supposed to be direct connected to this engine, - or drive the generator by belts? If it is to be driven by belts, are they to be flat belts or Vee belts?

If belt drive is to be used, is the Department supplying pulleys?

When may we expect this installation work to come up? As you know, we are terribly short of man-power at the present time and we would naturally like a little notice in advance.

If at all possible, could blue prints or picture with dimensions of engine be supplied?

Yours truly,

BRUCE ROBINSON ELECTRIC LTD.

REGISTERED

406-11A. C.E.

Calgary, November 27, 1942.

Sir:

I beg to acknowledge receipt of your No. 116-1-5 of the 20th instant, re engaging a competent man in Calgary to install a new Diesel engine, purchased for St. Cyprian's Indian Residential School at the Peigan Agency, Brocket, Alberta.

In reply I beg to say that I phoned the Bruce Robinson Electric, Ltd., Calgary, who stated they had a man (or men) who could install Diesel engines. I asked them if they would quote me their rate (price) for labour: This is \$1.25 per hour, an 8-hour day, plus expenses - transportation lodging and meals. They stated they could not give me the approximate time it would take to install the engine, unless they knew the type of engine to be installed: If it is to be a replacement, the same as that provided at the Sacred Heart School in 1939 or 1940 - (Ref. Dept. letter #116-1-5 dated Sept. 28, 1939) - it would be an easy matter, as it was just a case of lifting the old engine off the concrete base, and placing the new one thereon, using the same stay-bolts without alteration; also, the generator could be direct-connected, as on the old one, and there were no changes of pulleys to be made.

If another type of engine has been purchased, it may mean making a new concrete base, and this will mean an extra trip to allow the cement to set; also, will changes have to be made to the pumping pulleys, &c.?

I am enclosing herewith, for your information, copy of a letter received from the Bruce Robinson, Ltd., Service Department.

Your obedient servant,

C. Pant. Schmidt
C. Pant. Schmidt,
Inspector of Indian Agencies,
Alberta Inspectorate.

Mr. C.P. Schmidt, Inspector of Indian Agencies,
Calgary, Alta.

With reference to your letter of the 27th ultimo, you may engage Bruce Robinson Electric Limited, Calgary, to install the new Diesel engine at the St. Cyprian Residential School. In regard to the letter from the firm, I may say that we supplied one Lister Type 10/2, Twin Cylinder Diesel Engine, developing 10 H.P. at 600 RPM. Engine complete with fuel tank, air and exhaust silencer, wrenches and coupling for direct connecting to present 6 K.W. generator. One Galvanized Tank 30" dia. x 70" high, constructed of 20-gauge galvanized iron, strengthened at top with a band of flat iron, with 2" opening 3" from bottom, and fitted with 1½" drain plug with nipple, and 1½" gate valve in the centre of the bottom; also having 2" opening 3" below top of tank, and fitted with removable plug.

The other information requested in the firm's letter can be obtained from the Principal of the St. Cyprian School.

I trust that this work will be done at the lowest possible cost.

R.A. Hoey,
Supt. of Welfare & Training.

EX'D.

Calgary, December 8, 1942.

Sir:

Reference your letter of the 23rd ultimo re the proposed installation of a Diesel engine at the St. Cyprian (Anglican) Indian Residential School at Brocket, Alberta, I beg to say that I am in receipt of a letter from our Branch at Ottawa, in which they state:

" In regard to the letter from the firm, I may say that we supplied one Lister Type 10/2, Twin Cylinder Diesel Engine, developing 10 H.P. at 600 RPM. Engine complete with fuel tank, air and exhaust silencer, wrenches and coupling for direct connecting to present 6 K.W. generator. One Galvanized Tank 30" dia. x 70" high, constructed of 20-gauge galvanized iron, strengthened at top with a band of flat iron, with 2" opening 3" from bottom, and fitted with 1 1/2" drain plug with nipple, and 1 1/2" gate valve in the centre of the bottom; also having 2" opening 3" below top of tank, and fitted with removable plug.

" The other information requested in the firm's letter can be obtained from the Principal of the St. Cyprian School.

" I trust that this work will be done at the lowest possible cost."

I have communicated with the Indian Agent at Brocket, who informs me that the engine and cooling tank have been received. I would therefore ask you to communicate with the Principal of the School, and arrange with him as to the most suitable time for you to make the change; viz., remove the old engine off the base, and install the new one.

Yours truly,

Bruce Robinson Electric, Ltd.,
CALGARY, Alberta.

BROCKET DEC. 11, 1942.

Bruce Robinson Electric Ltd.
CALGARY ALTA.

Dear Sirs : -

I am in receipt of your letter of Dec. 9th in regard to the installing of the Diesel engine at this school.

I most certainly agree with you that this would be no time to make the change over, as it would be impossible to get along without the power at this time.

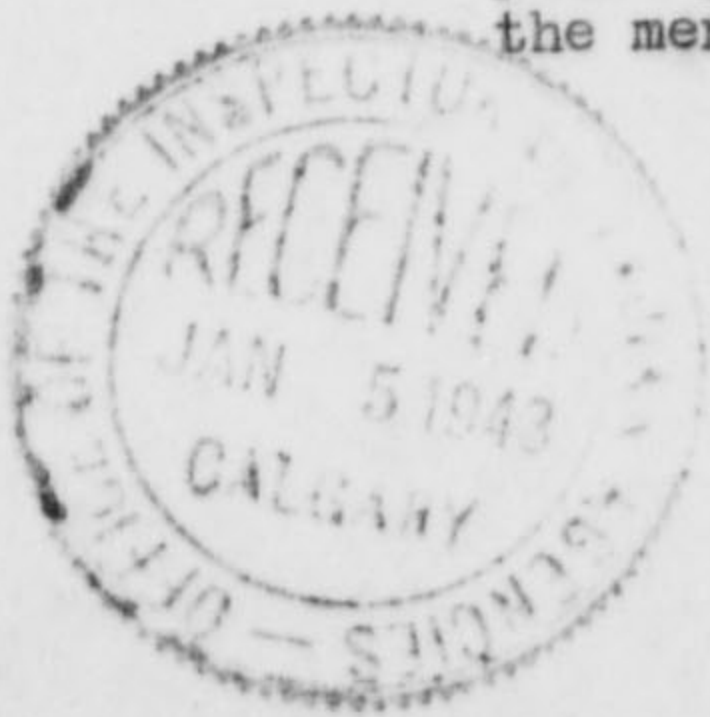

If the installation could be left over until Spring I think it would suit everyone much better.

Meantime the engine is stored in a locked building adjacent to the main school building.

Yours truly,

(SGD.) Rev. W. Barlow
Principal.

P S If you would kindly advise me a few days previous to your coming down I would arrange to pick up your men at whatever point you name, and bring them to the school. Accommodation for the men can be arranged here also. W B.

CALGARY -- ALBERTA
DEC' 9, 1942.

The Principal
St. Cyprian Indian Residential School
BROCKET Alta.

Dear Sir : -

We have been informed by Mr. C. P. Schmidt, Inspector of Indian Agencies, that the Department is desirous of installing the equipment at the St. Cyprian (Anglican) School.

Would you please inform us as to when it would be convenient for you to have our men go down to install the equipment?

However, at the present time we think this would be a very inopportune time for the changing of the equipment if the old machine is performing fairly satisfactorily, due to the shortness of the days, as we are sure it will take at least two to three days to make the change-over. Naturally you do not wish to be without power at this time of the year.

We believe that it would be better to have this work done when the days are a little longer.

Kindly advise us your wishes in the matter; and also advise us where the equipment is, which is to be installed, at the present time.

Yours truly,

BRUCE ROBINSON ELECTRIC LTD.

S. JOHNSON

Re: Installation of new Diesel Engine at
St. Cyprian's Indian Res. School - Peigan Agency.

Further to my letter No. 406-11A. C.E. of the 8th ultimo, addressed to Bruce Robinson Electric, Ltd., Calgary, copy of which I forwarded to the Department for their information: I beg to say that I had occasion to call at the Bruce Robinson Electric Company's place of business yesterday, and in conversation with Mr. S. Johnson of that firm, I was told that the change of engines had not yet been made. I am enclosing herewith copy of correspondence exchanged between the company and the Rev. Mr. W. Barlow, Principal of the School, which Mr. Johnson kindly let me have.

It will be noted that Rev. Mr. Barlow states that if the installation could be left until Spring, he thinks it would suit everyone much better. I would like to go one better and suggest waiting until the summer vacations, or at least until the long days in June, providing the Department will have funds for the purpose in the next fiscal year.

Calgary, January 22nd, 1943.

Rev. Sir:

Reference your letter of the 11th ultimo addressed to the Bruce Robinson Electric, Limited, Calgary, in connection with the installation of the new Diesel engine at your School, I beg to advise you that I have referred this matter to our Branch at Ottawa, recommending that the installation be deferred until Spring -- or preferably until the Summer vacations.

In a letter now received from the Superintendent of Welfare and Training, he states that the Department will leave the matter to my decision regarding the time when this engine should be installed, it being understood that it is properly stored so that it will not be damaged in any manner.

I suggest, therefore, that arrangements be made to have the engine installed during the Summer vacations. I shall expect to hear from you at a later date as to what action you take in this connection.

A copy of this letter is being sent to Mr. Faunt, the Indian Agent; and to the Bruce Robinson Electric, Limited, Calgary, for their information.

Yours truly,

Rev. W. Barlow,
St. Cyprian's I.R. School,

EX'D.

Mr. J.T. Faunt, Acting Indian Agent, Brocket, Alta.

The Department has not yet received the account covering the cost of the Diesel engine and tank supplied to the St. Cyprian Residential School. A copy of purchase order 14188 was sent to the Principal on August 19. As I understand from previous correspondence that the engine is at the school, although not yet installed in its proper position, I feel that the account should be paid, as money was provided for it in the current year's appropriation. It would, therefore, be appreciated if you would certify the account and forward it for payment.

PLEASE QUOTE
FILE 5-42

Your file 116-1-5

Peigan Agency,
Brocket, Alberta. March 23rd, 1943.

Indian Affairs Branch, Department of Mines & Resources, Ottawa.

I am in receipt of a letter from Messrs. Mumford, Medland Ltd of Winnipeg in regard to their account in the amount of \$533.00 for Diesel Engine supplied last September to St. Cyprian's school.

The engine has never been installed & has been the subject of considerable correspondence between your office, the Inspector's office in Calgary & this Agency.

If the account is not passed for payment immediately, I presume the appropriation would lapse as at March 31st & I cannot very well pass it until I am satisfied that the job is satisfactory.

Of course if Mumford, Medland Ltd. only contracted for delivery of the engine & not for the installation, their contract has been fulfilled as the engine was taken delivery of at the school.

I shall be glad if you will advise me as to what had best be done

The Bruce Robinson Electric in Calgary, who apparently had been consulted in the matter, suggested that the installation had best be left until along in the spring, when the shutting down of the plant would not interfere to the same extent with the operation of the school.

J. T. Faunt.
Acting Indian Agent.

Ottawa, August 10, 1943.

Mr. J. T. Faunt, Acting Indian Agent, Brocket, Alberta.

With reference to your letter of the 1st instant, the Department provided in the current year's appropriation the amount of \$ 300.00 for repairs and the purchase of new equipment for the St. Cyprian Indian Residential School. The same amount was provided for the same purpose for the Sacred Heart Indian Residential School.

Regarding the St. Cyprian School it is noted that they request 40 sq. yards of linoleum. I presume you want this in 6 foot width. Before placing the order would you let me know definitely the width.

I note that the Sacred Heart School requests 50 blinds. Please let me know the length and the width, also the colour of the blinds.

Regarding the request for a sewing machine for the Sacred Heart School you should advise me how many sewing machines there are at the school at the present time and also their condition.

Indian Affairs Branch, Department of Mines & Resources, Ottawa.

With reference to your letter of August 10th, regarding supplies & equipment for the schools, I beg to advise that six foot linoleum will fit in nicely in the infirmaries at St Cyprian's.

The size of the blinds required for Sacred Heart school is 32" x 70" & the colour wanted is cream & green.

There are five sewing machines at this school, two of which are in fair condition, but the other three are in poor shape.

J.T. Faunt.
Acting Indian Agent.

ADDRESS ALL COMMUNICATIONS
TO THE COMPANY, NOT INDIVIDUALS

October 26, 1943.

Department of Mines & Resources,
Indian Affairs Branch,
OTTAWA, Ontario.

Attention: R.A. Hoey

Dear Sir:

The writer just completed a trip through western Canada and made the following contacts:

- Brocket, Alta. St. Cyprian Residential School: Using Globelite type GD13, 56 cell, 110 volt, 180 A.H. battery. Battery is fair condition. Our only suggestion is that it be kept cleaner. On account of its location it is continually covered with dust and dirt.
- Brocket, Alta. Sacred Heart: Using Globelite type GD13, 56 cell, 110 volt, 180 A.H. Globelite battery. Water level down about $\frac{1}{2}$ " in all jars. Suggest that it be kept at proper level otherwise appears to be in good condition. This battery is very poorly located and is subjected to a lot of dust and dirt and we strongly urge that it be moved to some other location preferably out of the boiler room. The Indian Agent has a few suggestions about a location.
- Brocket, Alta. Peigan Indian Agency: Using Globelite type GD13, 56 cell, 110 volt, purchased October 20, 1938. The water level is down about $\frac{1}{4}$ " in each jar, suggested to the operator that it be cleaned up and given a good equalizing charge and if possible more attention. Considerable sediment has accumulated in the jars, however, it will possibly serve another 12 months.
- Lloydminster, Sask. Onion Lake Anglican School: Using Globelite type GD15, 56 cell 110 volt battery about a year old. Battery in good condition and well looked after.
- Lloydminster, Sask. St. Anthony's Indian School: Using Ecol 56 cell, 110 volt, 180 A.H. battery ready for replacement next year. Father Pascal is interested in our type WL7 360 A.H. battery which is not too large and can be operated far more economically than the present battery.

RESIDENTIAL SCHOOL
PEIGAN RESERVE

PRINCIPAL:
REV. W. BARLOW, L.Th. ~~XXXXXXXXXX~~ B.S. Greene, L.Th.,

Brocket, October 22nd. 1943
Alberta

Mr. J.T. Faunt,
Indian Agent, Dept. of Indian Affairs,
Peigan Reserve,
Brocket, Alberta

Dear Mr. Faunt:

Referring to your recent visit to the school when you inspected the very bad condition of the floors in the two dormitories.

Due to the fact that new flooring is so urgently needed I hereby make requisition to the Department of Indian Affairs for 2½" tongued and grooved flooring of ¾" thickness with ¼" tongue, to cover an area of 2000 sq. ft.

I believe it was suggested that paint for the interior of the school be requisitioned from the Department under grant for repairs and improvements, but due to the urgent need for above flooring I would suggest substituting it for the paint.

The size of the dormitories are as follows:-

Boys dorm. 31½' x 39'	-----1228½ sq.ft.
Girls dorm. 31½' x 36'	-----1134 " "
Total -----	2362½ " "

As above mentioned floors are in such bad condition that there is a danger of damaging the under flooring also if the top flooring is not replaced, I trust that the Department of Indian Affairs will be able to provide this flooring as soon as possible.

Thanking you,

Yours sincerely,

B.S. Greene

Schroeder
Peigan Agency,
Brocket, Alberta. October 26th, 1943.

Indian Affairs Branch, Department of Mines & Resources, Ottawa.

I am enclosing herewith a copy of a letter I have received from the Rev. Mr Greene of St Cyprian's school in which he makes the suggestion that he be authorised to purchase flooring instead of paint as estimated for in the 1942-43 estimates.

The floors are truly in pretty bad shape, whereas the condition of the paint throughout the building is excellent.

After paying for the linoleum which was ordered for this school, I think there should be around \$125.00 left of the \$300.00 which was allotted and I would suggest that I be authorised to spend this amount & possibly \$25.00 more on flooring as requested in Mr Greene's letter.

Calgary, November 11th, 1943.

EX'D.
A.

Reverend Sir:

The following recommendation was made by the mechanic from Bruce Robinson Electric, Limited, Calgary, who installed the new Diesel Engine in your school during the month of September, last:

" We would recommend that this engine be checked over at least once every 6 months. Carbon should be removed and the valves checked. The Injector Nozzle should be cleaned and tested as per instruction book supplied with the plant. "

This is work which can be done by the mechanic-engineer employed at the school. I understand that a mechanic-engineer has not been employed steadily at your school for some months: I think this is a big mistake; with the expensive machinery (equipment) installed for heating, lighting, pumping, laundry, &c., a competent mechanic should be employed steadily. Of course, it may be that a suitable man could not be found last summer.

I must ask you to please endeavour to get a mechanic as soon as possible, if you have not already done so.

I wish it understood, that we are aware that you have not been in charge, and have not lived at this School before September of this year.

J.T. Faunt, Esq.,
Acting Indian Agent, Brocket,
Alberta.

Yours very truly,

PLEASE QUOTE
FILE 2.43
5-43

Peigan Agency,
Brocket, Alberta. September 26th, 1943.

C. Pant. Schmidt Esq, Inspector of Indian Agencies, Calgary, Alta.

This is to advise you that the man from Bruce, Robinson Electric was down here & installed the new engine at St Cyprian's school & everything there is now running smoothly.

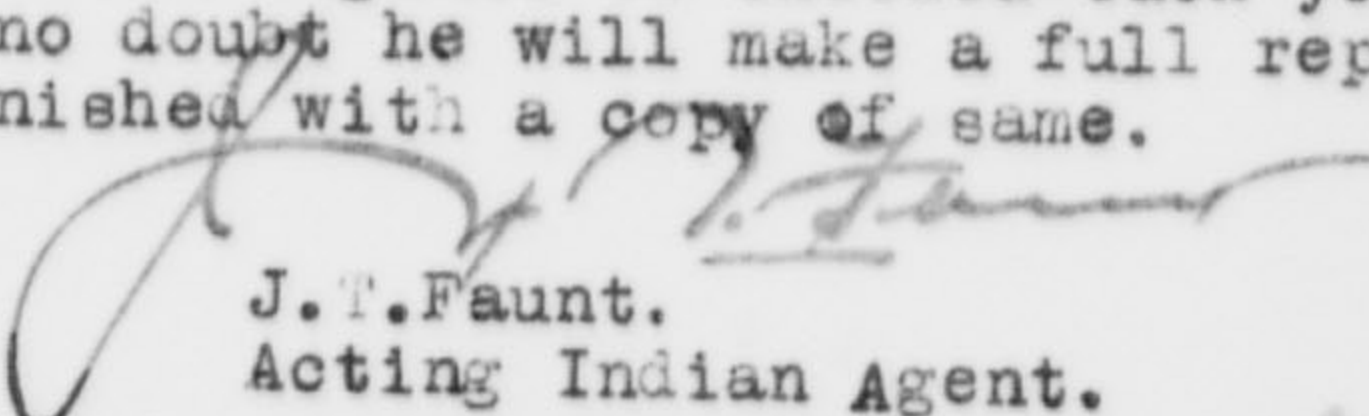

He reported that two new pinion gears were required for the pump to replace two there now, which are rather badly worn.

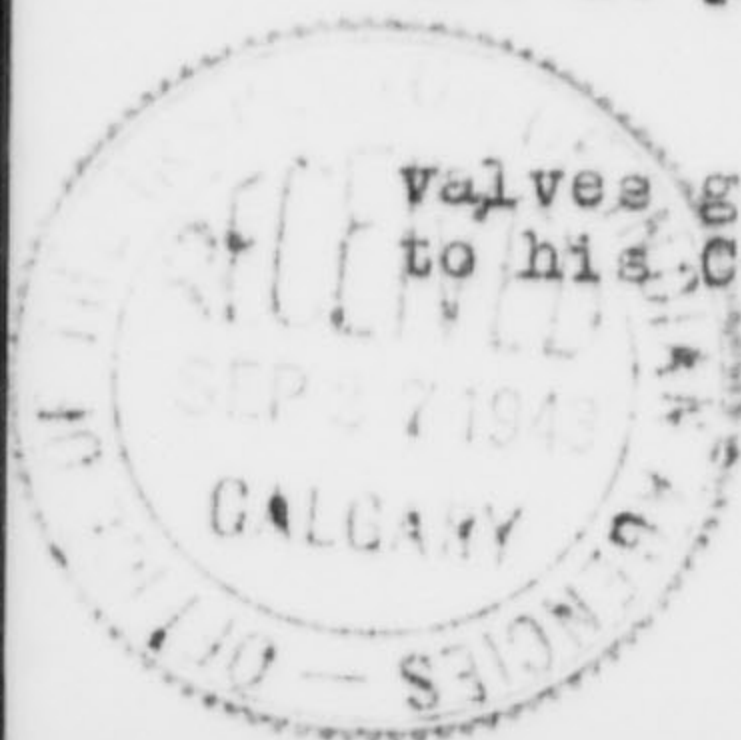

I will check on these gears, getting the numbers &c. and will submit a requisition for them.

I would suggest in connection with this school & in view of the expensive nature of the machinery at the school, that pressure be brought to bear on the school authorities to provide a mechanic to properly care for the equipment. They used to have one, but they let him go over a year ago & since that time have been more or less of a nuisance, as they keep calling on me to send Mr McKinnon up there to help them out & when he is doing that something else is being neglected.

While the man was here I had him check the equipment at the R.C. school & he advises that the pump needs overhauling and also recommends the moving of the storage batteries from where they are at present, to another location.

He also recommends that both engines be checked each year, valves ground & cleaned &c. but no doubt he will make a full report to his Company & you will be furnished with a copy of same.

J.T. Faunt.

EXT

Reverend Sir:

I have recently received a copy of the mechanic's report on the Diesel installation at the St. Cyprian Residential School.

I have also received a copy of Inspector Schmidt's letter to you dated the 11th instant.

I cannot too strongly stress the importance of your engaging a qualified mechanic-engineer at the earliest possible date. We have some expensive machinery installed at your school for heating, lighting, pumping, laundry etc. and it is absolutely essential that a qualified man should be in charge. I will be interested in hearing from you when you have secured someone.

Yours truly,

R.A. Hoey, Esq.,
Supt. of Welfare & Training,
Indian Affairs Branch, Dept. Of Mines & Resources,
Ottawa, Ontario

Dear Sir:

In reply to your letter of November 17, re mechanic-engineer for this school.

This is to inform you that Mr. J.A. Costello, has been transferred from our Elkhorn School, to take charge of the machinery at this school. I should also like to state that, whereas Mr. Costello, is not a fully qualified mechanic-engineer, he has had some experience with machinery and we trust that he will prove suitable for this important position. As you no doubt realize, it is almost impossible to find a fully qualified engineer for civilian work these days, but Mr. Costello was well recommended for this position and I feel sure that he will measure up to it.

Yours very sincerely,

B. S. Green
Principal.

P.S. Mr. Costello took over the Engineer's duties at this school on November third.

B.S.G.

Your file 116-1-5

Peigan Agency,
Brocket, Alberta. December 14th, 1943.

Indian Affairs Branch, Department of Mines & Resources, Ottawa.

With reference to your letter of November 30th, in regard to flooring for St Cyprian's School for which I requisitioned, Mr Greene, the principal got prices in Cardston from the Cahoon Lumber Coy & the Beaver Lumber Coy & submitted them to me.

I have been in touch with these people & find that although they quoted him a price, they did not & have not any flooring in stock. They also advise that the price quoted by them was \$95.00 for No. 1... \$85.00 for No. 2. and \$75.00 for No. 3.

There is no flooring obtainable in Pincher Creek, but the Beaver Lumber in Macleod has some and the price on that is \$35.00 per 1000'.

ATTENTION: Mr. R.A. Hoey.

Dear Mr. Hoey:

I have received from our Principal at the Peigan School, Brocket, a copy of his letter sent to the Department on March 13th addressed, "Sub. Division Fire Escapes."

May I strongly support Mr. Greene's request that something shall be done to remedy this serious defect. It is hard to understand how a splendid fire escape was allowed from the beginning to remain in a useless condition by ending some twelve feet from the ground. I know well the fears of our former Principal which led him to be satisfied with this condition rather than expect other dangers. I feel, however, that the defect is too serious to be left as it is and beg to express the hope that action may soon be made possible.

With kind regards, I remain,

Yours sincerely,

H.A. Alderwood

Secretary.

Indian Affairs Branch, Department of Mines & Resources, Ottawa.

With reference to the enclosed Voucher No. 229 for \$190.00 in favor of the Beaver (Alberta) Lumber Coy for 2000' of Edge Grain flooring, I would advise that I tried all over the neighbourhood for prices on this flooring, but none of the lumber yards had any & therefore I was unable to get any quotations.

I did find out however that the Beaver Lumber Coy were holding a quantity of the kind of flooring I wanted under contract to the R.A.F. so I got in touch with the C.O. and was able to get him to arrange the release of the 2000' I wanted.

The price is a little higher than I had bargained for.

Your file 116-1-5

Peigan Agency,
Brockton, Alberta. April 10th, 1944.

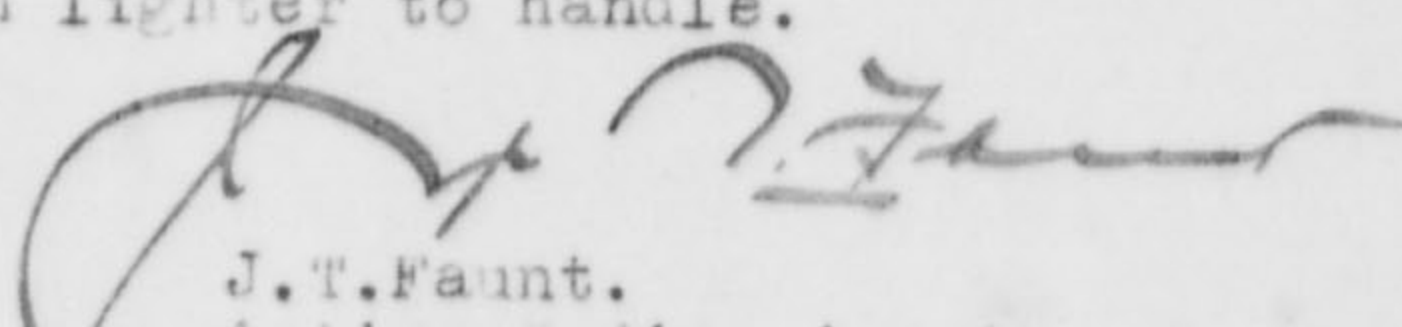

Indian Affairs Branch, Department of Mines & Resources, Ottawa.

Reference your letter of March 27th, regarding fire escapes at St Cyprian's School, no doubt you have now heard from Mr Inspector Schmidt in the matter, as I sent the report through his office on March 22nd.

Mr Greene's letter was written after we had gone into the matter together and conditions are just as he stated and there is no doubt that something should be done to remedy the conditions, as they are at present.

It seems to me strange however that the fire escape should not have been completed in the first place. I know Mr Barlow was opposed to having the ladder completed, but there was another principal before him and why the building inspector passed the job as complete is beyond me.

I mentioned in my letter of March 22nd that the estimate of cost of the proposed extension seemed exorbitant and I was just wondering if a wooden extension would not serve the purpose just as well & would be much lighter to handle.

J.T. Faunt.
Acting Indian Agent.

Mr. C.P. Schmidt, Inspector of Indian Agencies,
Calgary, Alta.

The Secretary of the M.S.C.C. wrote to the Department on March 24, regarding a letter of March 13 from the Principal of the St. Cyprian Residential School in connection with the fire escapes. Acting Agent Faunt was written on March 27 and in reply he states that he wrote to you on March 22 and forwarded to you Reverend Mr. Greene's letter. I should appreciate hearing from you in regard to this matter as soon as possible.

Calgary, Sept. 27th, 1938.

Sir:

Reference your No. 5-38 of the 6th instant, enclosing requisition for an extension to be put on the fire escapes at St. Cyprian's School, the following reply has been received from the Department:

"116-1-5

Ottawa, Sept. 20, 1938.

"Dear Sir:

" I am in receipt of your letter of the 13th instant enclosing correspondence with reference to an extension to the fire escape at the St. Cyprian Residential School.

" I am inclined to feel that the price quoted by the Lethbridge Iron Works is high. I would appreciate it if you would review this matter again with a view to determining whether some other procedure could be taken to obtain the same results but at less cost.

Yours truly,

(Sgd.) "R. A. HOEY,"
Supt. of Welfare & Training."

This for your information, please. You will please look into this matter and see if the Department's wishes in the matter can be carried out. Please let me have a report on the matter at your convenience.

Yours truly,

C. Pant. Schmidt,
Inspector of Indian Agencies,
Alberta Inspectorate.

Re: Fire Escapes - St. Cyprian's School.

I have for acknowledgment your No. 5-44 of the 22nd ultimo, enclosing letter addressed to the Department by Rev. B.S. Greene, Principal of the School. I am not forwarding same to the Department, but am returning same to you, because after looking over my file here, I find nothing to show that Mr. R.A. Hoey's letter #116-1-5 of Sept. 20th, 1938, was ever answered.

Vide:

Mr. T.W. V. Webb's letter No. 5-38 of Sept. 6th, 1938, addressed to the Secretary, with two enclosures, viz.,

(a) Mr. Geo. B. Davis' letter of Aug. 29th, 1938, addressed to Rev. W. Barlow, quoting a price of \$165.00, complete and installed;

(b) Requisition for supplies, Form 37½, dated Sept. 6th, 1938, for the above.

Also, my No. 406-11A. C.E. of Sept. 27th, 1938, to Mr. Webb, quoting Department's letter No. 116-1-5 of Sept. 20th, 1938, aforementioned.

Will you please keep this subject matter together.

What would you think of a good, strong, solid wooden stair-case, with extra strong hinges? This could be raised and balanced on a metal cable. As regards the railing on the porch top: could this not be made of strong wood also? I would ask you to please discuss this fully with Rev. Mr. Greene as soon as possible; we could then discuss it together when Mr. J.E. Morris and I again visit your Agency in the near future. A good carpenter could give you a close figure on the cost of this, complete and installed.

C. Pant. Schmidt,
Inspector of Indian Agencies,
Alberta Inspectorate.

EXD.

Calgary, April 27th, 1944.

Indian Affairs Branch, Dept. of Mines & Resources,
O T T A W A .

I have for acknowledgment your No. 116-1-5 of the 17th instant, in connection with the extension of one of the staircases on the fire escapes at the St. Cyprian Indian Residential School in the Peigan Agency.

I am attaching hereto copy of my letter to Acting Indian Agent Faunt, which explains why I have not yet referred the matter to the Department.

When at the Peigan Agency on the 24th inst., Mr. Faunt told me that he had asked Mr. Emile Ouellette of Pincher Creek, to go to the School and give him a price on a strong, wooden staircase, to be attached by extra strong hinges to the roof of the porch, and hung (balanced) by a pulley and small cable.

Mr. Ouellette had not yet been to the School. As soon as his price is received, it will be forwarded to the Department.

Handwritten signature: C. Pant. Schmidt

C. Pant. Schmidt,

Office of Indian Agent
Brockton
Alta.

Macleod Alta.
August 29th 1944.

Dear Mac;-

I am late sending this but I was delayed and I am sorry. Now what is required there according to what Mr Greene showed me is a 16 foot set of steps with an hand railing on both sides and a cement slab at the foot about 24" x 48" and 8" thick to set foot of steps on.

Sides of these steps should be made of 3" x 10" x 16 feet and the treads 2" x 12" stuff set into string about 3/8 inch. These steps are to be 36" wide and 4 1/2" Bolts should run across under treads to hold side strings from warping, these bolts would be about 42 inches long and could also go through the upright 2 X 4 pieces that hold the hand rail.

This would make a good strong job. Hand rail could be bolted to these 2 x 4 uprights and the whole thing well painted. There would be 15 pieces 7" x 11" treads 31" long.

Material.	2 pieces 3 x 10 x 16	}	\$59.00 per thousand.
	3 pieces 2 x 12 x 14		
	2 " 2 x 4 x 16		
	4 " 2 x 4 x 12		
	1 " 1 x 8 x 12		

4 Bolts 1/2" x 42"	}	about \$5.00
6 " 1/2" x 4"		
5 Lbs 4 1/2" Common nails		

1 Bag Cement
1/4 Yd of gravel
1/2 Gall Grey Outside Paint.

Cost will be ;*

Lumber	\$22.00	
Bolts \$5.00	5.00	
Paint	2.75	
Cement	.90	
Gravel	1.00	31.65
Hauling Staircase when made Macleod to School.		12.00
Labor to Build and paint at Macleod only		16.00
Coming out to fit steps and make cement form Labor at School		20.00

Total Cost \$79.65

I hope I have made all clear to you. At the moment we cannot get these 3 x 10 x 16 except at the Johnson Mill and they side they would have to cut them. I have so much on my hands here now that I havent time to run out there and I hope you can get some one else when the time comes and material is available. Hoping this will be of some use to you.

Frank Marshall

P.S I hope it is clearly understood I am not bidding for this job, and i dont want this to be considered that way. F.M.

C.P. Schmidt Esqr Inspector of Indian Agencies Calgary.

I beg to advise that further to your File 406-11AC.E. of the 13th April 1944; following up your remarks as made in the last paragraph of your letter of that date, I have discussed the matter with Mr Greene, and after doing so had Charlie Marshall a carpenter at Macleod, come out to the School and look over the possibility of a wooden Stair Case; with the necessary hinges and Concrete base.

Mr Marshall has written me re this matter and I am enclosing a copy of this letter in duplicate, so that you will have the whole story of what he considers necessary with the detail. This looks to me as if they will be able to have the necessary staircase put up if this mans estimate is accepted.

I have seen this man since he wrote the letter, and he advises me that although at present he is very busy he will see that this is put up this Fall if his estimate is accepted. It will be noted the lumber he quotes is not available at the Lumber Yard, and has to be got from the Mill.

I will be glad to have your instructions regarding this mans estimate; and instructions.

Calgary, October 4th, 1944.

Indian Affairs Branch, Dept. of Mines & Resources, OTTAWA.

Re Fire Escapes St. Cyprians Residential School
Piegan Agency. Your File 116 - 1 - 5.

Further to my letter dated April 27th last, I beg to enclose herewith copy of a letter with enclosure received from Mr. A. McMillan, Indian Agent.

I was at the school on the 26th ultimo with Mr. McMillan when we took the matter up with Reverend B. S. Greene, the principal, and he is quite satisfied with installing wooden steps which are to be securely fastened to the concrete block at the bottom. He remarked that there was no need for same to be hung by cable and pulleys provided the outside doors to the dormitories are equipped with an electric alarm bell which would ring immediately the door is opened. He remarked that the airing of the dormitories or the shaking of blankets etc., could be done through open windows.

The cost of installing the electric alarm will be approximately \$20.00, viz:

Bell wire 2 lbs. @ .60¢	-	-	1.20
Switches 4 only @1.10	-	-	4.40
Labour 8 hours @1.80	-	-	14.40
			\$20.00

Mr. McMillan stated that he had recently met Mr. Charles Marshall who said he would be able to go to the school and do this work sometime this autumn.

I recommend that authority be granted to have the steps and the electric bell installed.

Indian Affairs Branch Dept of Mines & Resources Ottawa.

I beg to advise that on my last visit to St Cyprians School, my attention was drawn to the dirty condition of the water now being pumped at this School, also that a leakage was showing coming through the Boiler room walls. I visited Mr Sills who was drilling South of Pincher Creek, and he made an inspection of the well, and decided that the well would have to be cleaned out, before he was able to ascertain whether the Casing had rotted and water was leaking through and coming into the Boiler Room.

He advised me that he would clean the well for \$100.00 and then further investigation could be made. The Boiler floor has now a hole cut where they can drain the leakage without much trouble, and the chance of any grave danger to the boilers is nil, while this hole is kept empty. May I have the instructions and authority to have the well cleaned out.

*Act should proceed

Re: Water Supply (Well) at St. Cyprian's Indian
Residential School, Peigan Indian Agency.

I beg to enclose herewith copy of letter received from Mr. A. McMillan, Indian Agent, re the above. Having nothing on file at this office regarding this well, I went to the School on the 21st instant while at the Agency, to look into the matter. Agent McMillan says that he cannot find anything on file at the Agency office re this well; Rev. B.S. Greene, Principal of the School, gave me the same answer.

The well is inside the building, in what is referred to as the Engine Room. The lighting plant, batteries, water pump and two pressure tanks are in this room.

I am told that this well was sunk in 1927, the year the School was built, by Mr. Ben Mills of Macleod, Alberta; that 6-inch casing was used for the first 80 feet; then this was reduced to 5-inch for the next 47 feet, which gives a total depth of 127 feet. I was also told that Mr. Mills says he does not remember these details.

This is an Artesian (flowing) well. The overflow is piped to stock-watering troughs in the barn-yard and piggery; another pipe inside the main building flows into a concrete tank near the kitchen. This is referred to as the "cooler tank" for milk cans, etc.; the overflow from this runs into the sewer pipe.

The seepage or leakage referred to by Mr. McMillan does not come through the boiler-room walls; it appears to come from underneath the floor in the boiler-room, and from the coal bin which adjoins same. These two floors are both on the same level, and are four or more feet below the basement floor level. A hole -- 18" x 24" x 14" deep -- has been cut out in the boiler-room, to catch this water, which is bailed with buckets and poured into a sewer-pipe connection, which is about three to four feet above the floor level. There is no sewerage trap in the floor of the boiler-room.

I am told that between two and three barrels of seepage water are bailed out each day; that the amount of seepage water is now less than it was a month ago; that water has been noticed in the coal bin floor for over a year; that the pressure of the overflow pipe is not as strong as it was before this seepage began to run into the boiler-room, about two months ago.

No one knows where this water comes from: It is thought that it might be from a perforated well casing, or pressure from the bottom of the well which soaked the soil outside the casing, and after years has found a passage near the surface, and seeps through the floor cracks and between the edge of the floor and boiler-room basement wall, which is not water-tight.

(OVER)

Indian Affairs. (RG 10, Volume 6370, file 763-5, part 6)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

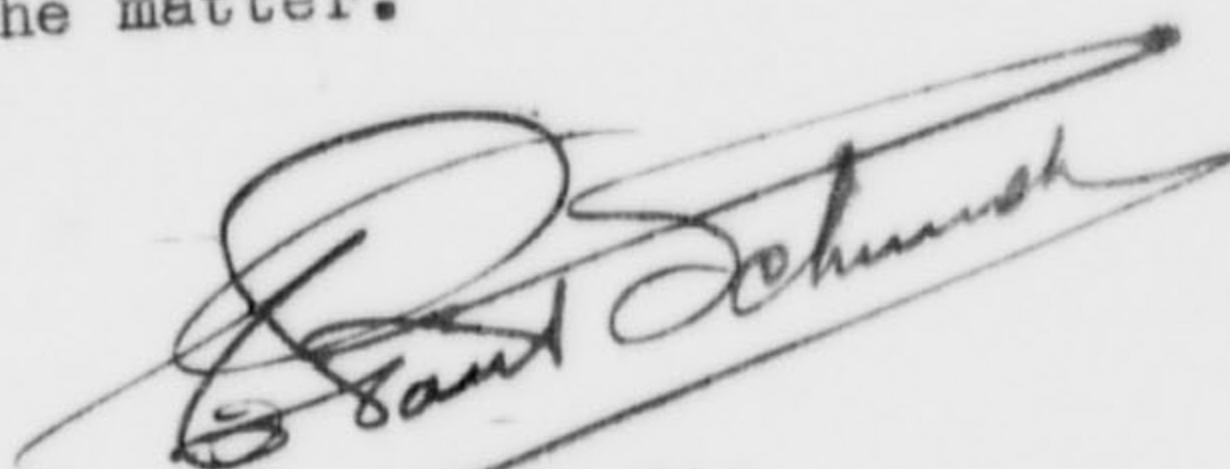

CANADA

2.

If the seepage becomes worse, it will be necessary to have someone on hand continually to look after the bailing. Otherwise there is danger of it getting under the steam heating boiler, and into the fire box.

As regards the dirty condition of the water, mentioned by Agent McMillan: I think that this is caused by dirt (silt) in the pressure tanks, as the water becomes clean after flowing through the taps for a few minutes.

I consider this matter quite serious and recommend that arrangements be made with the Surveys and Engineering Branch to have one of their engineers go to Brocket as soon as possible (immediately) to look into the matter.

C. Pant. Schmidt,
Inspector of Indian Agencies,
Alberta Inspectorate.

I beg to advise further to your letter of the 19th October File 406-11A C E. in which you quote a letter from Mr Hoey, regarding the Staircase for a Fire Escape at St Cyprians Indian Residential School and authority to go ahead. I have spent most of the winter after being advised by Mr Marshall that he could not locate any 3 X 10 for this Staircase in contacting various Lumber Camps, I have been promised delivery almost every month, but when I called them they were unable to supply. Mr Green has visited me lately and wishes with the late ness of the time to have this done, to place a requisition for Paint and allow the Fire Escape to carry over till this summer. I am sending forward his requisition, which is mostly paint, and one Hay Rake, for action at Ottawa, and although this Staircase will have to lay over, I will keep my eyes open for the lumber that has held us up, and if able to locate 2 of these 3 x 10 timbers, will take the building of the Fire escape up further with the Department through you.

MAR 6 1945

Calgary, March 1st, 1945.

Indian Affairs Branch, Dept. of Mines & Resources,
O T T A W A .

I am enclosing herewith letter received from Mr. A. McMillan, Indian Agent, together with a requisition for one Hay Rake, and some paint for St. Cyprian's Indian Residential School, Peigan Agency.

I took this matter up with Mr. McMillan and Rev. B.S. Greene, Principal of the School, when at the Agency last week, when I told them that I was not satisfied with the reason given for not having the fire escape stair-case completed; that if local lumber yards could not or would not take steps to get the two pieces of 3" x 10" x 16 ft. lumber, that these could be ordered elsewhere, and brought in by a cartage company at a reasonable cost. I stated that I insisted on the fire escape stair-case being put in, and that while I did not think that the cost of same -- \$80.00 -- would be charged to the amount of \$300.00 allowed this school, as stated on the requisition, I would mention same when submitting the requisition to the Department.

If funds are available, I recommend that the requisition be approved.

C. Pant. Schmidt,
Inspector of Indian Agencies,
Alberta Inspectorate.

Ottawa, March 7, 1945.

Mr. C. P. Schmidt, Inspector of Indian Agencies,
Calgary, Alberta.

I have your letter of the first instant, with reference to the St. Cyprian Residential School. It is noted that you have made arrangements for a new fire escape. When submitting the account covering the cost, it should read "Repairs to Fire Escape, St. Cyprian Residential School".

We are requesting the Purchasing Branch to order the paint, but we are not ordering the hay rake as it has not been our practice for some years to supply agricultural implements.

I have also received a letter dated February 15, from Indian Agent McMillan, requesting \$100.00 for cleaning the well. This expenditure is approved and in this case, too, the voucher should read "Repairs to Well". A copy of this letter is being forwarded to Mr. McMillan.

The Director,
Dept. of Mines & Resources,
Indian Affairs Branch,
Ottawa, Ontario.

Dear Sir:-

The Commission are in receipt of a letter from the Principal of the Indian Residential School at Brocket Alta to the effect that a hay rake, requisitioned from your department for the use at his school cannot be supplied. The payment of the rake is estimated at \$80.00 and was to be deducted from the grant of \$300.00 authorized for the current year.

In view of the shortness of time between now and the end of the fiscal year, would it not be possible for your Department to place an order with your suppliers to have it furnished in order that we might take advantage of the full amount of the grant authorized.

Trusting that this request may receive favorable consideration.

Yours faithfully,

E. J. McNamee

Assistant Secretary-Treasurer.

GENERAL NOTES ON CONDITIONS OF BUILDING AND
EQUIPMENT.

ENGINE

The pump, generator, and laundry machinery is run by a new Lister Diesel engine of two cylinders, generating twelve horsepower. This engine was installed in October, 1943. It is giving satisfactory service. The present cost per day for diesel oil runs around 30 cents. The 30" x 72" engine water cooling tank is in good condition.

GENERATOR.

The generator is rated 55 Amperes @ 110 volts, 550 R.P.M.; as the present load reaches a peak of only 20 amperes when all lights are on, it will be apparent that there is ample reserve power in the generator.

The 56 Cell battery is in very good condition.

Two pressure tanks of 4' diam. x 10' long are placed horizontally, one directly above the other. They are connected and when the tanks are filled to a 40 P.S.I. pressure the upper tank contains approximately 80% air and 20% water, while the lower tank contains 100% water. These tanks are in good condition except that the 4" pipe cleanout of the upper tank leaks and should be re-threaded and possibly fitted with a new 4" cap. These tanks should be cleaned out.

The Pump Jack made by F. and W. Mfg. Co. of Kendalville, Indiana is in fair condition. Guides and gears are not much worn.

Fire Hoses. There are two 1½" fire hose valves with fire hose attached on each of the four floors - eight 1½" firehose in the building. The hoses look like they might leak in an emergency and should have a periodical test.

All Plumbing, Toilets, Baths, Sinks, etc. seem to be in serviceable condition.

The building as a whole seems in good condition; no serious sags or cracks apparent anywhere. However, it could do with paint both inside and out.

The Septic Tank was inspected. It should be cleaned out; this has not been done for some 5 years. It is, apparently, structurally in good condition.

The Boiler is a Pascal portable straight draft made by the Port Arthur Ship Building Co. Ltd., Port Arthur, Ontario. It is in satisfactory condition.

The Well is reported to be 100 feet deep. Water will flow out of the top of the drop pipe.

The Laundry is equipped with a rotary washer and a Centrifugal dryer. All ironing is done with sad irons heated on a stove.

No electrical appliances other than two small radios and one electric iron are connected to the electrical system.

The set of photos made on this inspection will follow within the week.

Re: Water Supply, St. Cyprian Indian Residential
School near Bracket, Alberta.

In accordance with your request of the 15th instant
Nelson made an inspection of the above school's water
supply on March 21st.

about November First, 1944, water began coming
boiler room floor through cracks along the wall
well and through cracks throughout the middle
Considerable quantities of water also seeped
coal bin through breaks in the concrete floor
through cracks in the coal bin wall nearest

ceased to such an extent that in January,
over 8 barrels per day were dipped out of
the boiler room floor.

Inspection very little leakage
in charge of the pump, boiler, etc.,
hardly any bailing from the sump for
leakage or flow fluctuates and is apparently
changes in outside temperatures, nor does it
by days of heavy water use as on laundry

is not in operation water flows out of
pipe (a) into a 12" pipe that flows down
stock watering trough near the pig pens
approximately 30" high by 72" long
milk, butter, etc. It was
Mr. Green, that the flow
the excessive leakage through
room occurred -- filled a
the amount flowing into the
" pipe.

the artesian flow which
tank and to the stock water-
point below the pump head
may occur through a
ing, over water

Mr. C. P. Schmidt, Inspector of Indian Agencies,
Calgary, Alberta.

I desire to refer to your letter of February 26 and my reply of March 7, in connection with the water supply at the St. Cyprian Residential School.

I enclose, for your information, a copy of a report submitted by C. M. Walker, Supervising Engineer of the Surveys and Engineering Branch.

I wish to direct your special attention to paragraphs 7 and 8 of this report and would appreciate it if you would arrange to carry out the work recommended by Mr. Walker.

I also enclose the sketch to which Mr. Walker refers in his report.

In a supplementary statement regarding the building and equipment, Mr. Walker writes:-

"The septic tank was inspected. It should be cleaned out, as this has not been done for some 5 years. It is, apparently, structurally in good condition."

You should direct the school management to clean the septic tank and should give them instructions that this tank should be cleaned at regular intervals.

The Rev. H.A. Alderwood, D.D.,
Secretary,
The Bible House, Alexander Ave., E.,
Winnipeg, Man.

Dear Dr. Alderwood:

I am sorry to have to report that the Principal's apartment here makes a very unsatisfactory dwelling place and as the Indian Affairs Branch is making a lot of changes at this Agency for Mr. McMillan, the new Indian Agent, I would suggest that the Commission press the Department for a separate residence for the School Principal.

I had hoped to put up with conditions as they are until after the war, but I am afraid they are too unsatisfactory for the following reasons;

1. Directly under the apartment the Girls' Day Room is situated and over the apartment are the work rooms, and in a frame building such as this the noise from these two departments is indescribable. We have tried to bear with this condition, but over a period of time it is gradually wearing us down. The baby is unable to get the required amount of sleep which also effects Mrs. Greene and myself. The children are continually told to keep quiet which is not fair to them or the staff. You will remember that the children were suppressed under the last Principal with very unsatisfactory results.
2. The apartment is very drafty and cold and no amount of steam will heat it in this windy climate. At times we have to close all the doors between the rooms and live in the kitchen. The three of us have had continual colds all winter and this over a period of time is unhealthy and another winter under these conditions is extremely unpleasant to contemplate.
3. The Principal's apartment takes up at least half of the main floor and as this space is badly required for school purposes it would be an advantage to the school if the Principal was housed in a separate building.

These conditions were pointed out to Bishop Ragg, when he was here and he will be able to give you more details when he visits Winnipeg next month.

With kindest regards,

Yours very sincerely, *B. S. GREENE*
SGd Principal.

Attention Mr. Philip Phelan

Indian Affairs Branch,
Department of Mines & Resources,
Ottawa, Ont.

Dear Mr. Phelan:- Re: St. Cyprian's School, Brocket, Alta.

I beg to enclose copy of letter received from our
Principal at the above School, Rev. B.S. Greene.

This request for a separate Principal's residence
was considered by our Commission and was warmly endorsed.
I am, therefore, directed to bring the matter to the attention
of the Branch and to urge that it be given consideration
in your building program.

May I add my personal support to this request. I
do not know another School in which the Principal and his
wife have to live in such difficult circumstances. If the
children have their periods of freedom that are so essential
to their happiness the noise is frequently very considerable.
Whereas, in this case there is a young baby to be considered,
the matter becomes even more difficult. There is the further
consideration urged by Mr. Greene that the space is in the
very heart of the School and could be used to very good
advantage if it were possible for the quarters to be vacated.

Commending this matter to your earnest consideration,
I remain,

Yours sincerely,

H. A. Alderwood
Secretary.

Dear Doctor Alderwood:

I have your letter of the 20th instant, with reference to Reverend Mr. Greene's request for the erection of a Principal's residence at the St. Cyprian Indian Residential School.

No funds were provided in the current year's appropriation for the cost of such a building. Under these circumstances, it is not possible to give favourable consideration to Mr. Greene's request. I discussed the contents of your letter with Mr. Hoey, who suggested that on the occasion of your next visit to the Department you might again take up the matter with the officials here.

Yours sincerely,

Philip Phelan,
Chief, Training Division.

PLEASE QUOTE
FILE 5-45

Peigan Indian Agency
Brocket Alta.
April 28th 1945

Indian Affairs Branch Dept of Mines and Resources Ottawa.

I beg to advise further to Inspector Schmidt's visit to this Agency, when the report of Mr Snelson Engineer from Banff was discussed, in which he recommended the cleaning out of the Septic Tank, at St Cyprians School.

I took this matter up with Mr Pearson the Plumber in Pincher Creek and checked up on the last time this tank was cleaned out approximately five years ago; Mr Pearson will do this work for \$85.00. At the same time on a trip to the School this week it was found that the sewage pipe running under the basement floor of this School was blocked and this was also taken up with Mr Pearson; as the work may be easy, and also may necessitate the taking up of the concrete floor, Mr Pearson quoted approximately \$40.00. This would make a total of \$125.00; He advised me that the cleaning out of the sewage would only be charged for the work done, I will try to keep this as low as possible.

As this is not an emergency yet I would be glad to receive the authority as soon as possible.

Regarding the well I have contacted Joe Maughan at Macleod, and he is coming out to look at the well, and advise if the work needed can be done by his outfit. if so a quotation will be given.

Anthony McMillan

Indian Affairs Branch, Dept. of Mines & Resources, Ottawa.

Re. Cleaning of Septic Tank St Cyprian Residential School.

Peigan Indian Agency.

Referring yours No. 116-1-5 of April 3rd last: I beg to report that I visited the school April 19th with Mr A. McMillan when we discussed the matter with Rev. B. S. Greene the Principal and I asked that the tank be cleaned as soon as possible.

I am enclosing herewith Copy of a letter received from Mr McMillan on the matter, which is self explanatory.

Rev. B. S. Greene has not the equipments, rods & tools to clean out the Sewer Pipe which is partly plugged. Mr S. Pearson of Pincher Creek is prepared to do the work and recommends going over the whole system i.e. all pipes & traps in the building etc. while he is at the school. Or in other words make a thorough job of the whole system and thereby save the expense of making extra trips to do different jobs at different times. He remarked that he is very busy and cannot always get away when needed.

I recommend that Authority be granted to have the whole system cleaned at a cost of approximately \$125.00 and that Indian Agent Mr McMillan be authorized by Air Mail to have the work done at once.

The blockage of the Sewer Pipe is becoming worse.

C. Pant. Schmidt,
Inspector of Indian Agencies (Alberta)

5-45

C.P. Schmidt, Esq., Inspector of Indian Agencies, Calgary.

I beg to advise further to the Report of Mr. Snelson, Engineer, Banff, and the Blue Print you left with me at the Office for my information, I today went to Pincher Creek, and interviewed Mr. Fraser who is now in the dry goods business, and who looked over the Blue Print, and advised me to see his partner, Mr. Buchan.

I then went to the Plumber, Mr. Pearson, and found that Mr. Buchan was there, and discussed the whole matter with him and Mr. Pearson; I found that Mr. Buchan was busy and would be unable to do anything before July 1st. However he looked over the plans as did Mr. Pearson, and after considerable discussion the following is a resume of the discussion.

In discussing the main point was Paragraph 7 of Mr. Snelson's report, and after this paragraph had been looked over both parties, considered firstly, that the expense would be quite heavy, in sinking an inspection shaft as all the earth after the perpendicular portion of the shaft had been dug, would be gopher digging, meaning that every bit of dirt would have to be removed through the original opening, and if any trouble was found around the outside of the Pipe and grouting was necessary, this would be very difficult to do unless the water could be held back. Mr. Buchan advising me that if the water was coming up the inside between the earth and the casing it would be very difficult to grout if water was coming up in any quantity, as the cement would not have a chance to settle and harden, and if it did harden would mean that the casing would be there for keeps and could never be pulled out.

The Plumber, Mr. Pearson, suggested that as the possibility of after the inspection shaft has been dug that the leak may be hard to locate, as stated above it might be very expensive to take care of and might not be success, that the following means of taking care of this which might be cheaper and more satisfactory; would be on the basis of the third suggestion in Para. 7 of Mr. Snelson's letter, that is place an electric Automatic Pump in the boiler room, enlarge the sump in depth, and connect the Pump with the trap on the wall, thus allowing all the leakage to drain into the sump and when it gets to the level the Automatic switch would start the electric Pump and discharge the water in the sump into the sewer thus letting it run away.

He also made a further suggestion that the well be cleaned out and after all the sand and mud has been cleaned out and the well is running over as it did originally, that two cisterns be built for the water to flow into below the level of the overflow into the Dairy, so that when the water reaches the upper portion of the cisterns the overflow can then run into the Cooler in the Dairy. A small electric pump would then pump the water from the cistern into the Tanks and after using one cistern for a period it can be closed off and the sand cleaned out and while this is being done the other cistern can be of use. Mr. Pearson advises that when out checking the Pump leather at this School one month ago, he found that what little damage done to the leathers was from sand. He also states that the sand passing through the pump is filling up the Tanks in the School where it is now being pumped to. The Pump and equipment which has only one

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

2.

length in the well is built for a well of 3 or four hundred feet. and is much too large for well which is almost a flowing well. He advises that when the Pump leathers were checked the water was flowing into the Coller in the Dairy of its own accord.

It would seem from the opinions of the parties I have seen, that some thought should be given to the suggestion of the Automatic Electric Pump placed in the boiler room to keep the sump there cleaned out. This would take care of any danger of a large amount of water gathering in the Boiler Room.

With Mr. Buchan not available to work on an Inspection shaft till July 1st, but agreeable then to make the shaft and take care of the Bracing of the basement above the open hole, I would be glad if I could be advised if it is your wish to go ahead with the shaft, when I would contact Mr. Buchan for a tender for this work.

Mr. Bradley who you mentioned to me verbally has not come through this way yet, and the Mr. Fraser he mentioned is the partner in the Fraser & Buchan Contractors, Fincher Creek, but having purchased a Dry Goods store, leaves all the contracting business to Mr. Buchan.

Re: Underground Leakage from Water Supply (Well)
at the St. Cyprian Indian Residential School
on the Peigan Indian Reserve, Brocket, Alta.
(Ref. your File No. E.5-3A. of March 23, 1945)

Further to my conversation with your Mr. W.H. Snelson in this office on May 1st, last, re digging an inspection shaft under the floor of the pump house to try and locate the leakage, &c., I beg to enclose herewith copy of a report received from Mr. A. McMillan, Indian Agent at Brocket.

After an absence of several weeks from this office, I went to the Peigan Agency on the 18th instant and talked the matter over with Mr. S. Pearson, Plumber of Pincher Creek, who says -- that his opinion is that it will be most difficult and costly to dig an inspection shaft, and it will be difficult to pour in cement grouting. He suggests making a concrete reservoir and letting the water flow into same to settle; and from there pump the clear water into the pressure tank. (Vide: Paragraph 5 of Mr. McMillan's letter). This plan is to overcome deposits of silt or sand in the pressure tank, and through the water system and sewerage pipes in the building.

You will note by Mr. McMillan's letter that the question of installing an electric pump to keep the surface of the boiler room floor clear of water is mentioned.

All this does not solve the leakage from the well, the stopping of which is, in my opinion, the most important thing to do.

You will also note from Mr. McMillan's report that there is only one length of pump pipe in the well (approximately 16 to 20 feet).

In conversation I was told that the sand in the casing is now only sixty (60) feet from the surface.

The Principal told me that the pump cylinder leathers, which were changed less than two months ago, are again cut by sand or silt.

Mr. Joseph Maughan, Jr., well driller from Lethbridge, Alberta, arrived with his drilling outfit on the morning of the 21st instant at the R.C. Indian Residential School on the Peigan Reserve -- 4 miles North-east from St. Cyprian's School. He is to drill a new well at the R.C. School, and will be there four or five days. Do you not think that he should be asked to clean out St. Cyprian's School well before he leaves the Reserve?

June 28th, 1945.

Memorandum:

Report on Inspection of St. Cyprian Indian
Residential School. June 26th, 1945.

On the 22nd instant Mr. C.P. Schmidt, requested by telephone that I visit the St. Cyprian School and the Brocket Agency, and while there contact Mr. J. Maughan, well driller, with regard to having him clean the sand out of the well at the St. Cyprian School, while he was in that immediate vicinity; also to contact Mr. Pearson, plumber of Pincher Creek with reference to repairs to pressure tank blow off and the possible installation of a sump pump in the boiler room of the St. Cyprian School.

I met Mr. Maughan in the Queens Hotel, Macleod, on the 25th instant. He agreed to clean the well for the sum of \$100.00 to \$120.00, depending on difficulties encountered. This agreement was contingent upon Mr. Maughan getting authority to clean the well before June 28th. On the 26th instant, Mr. Schmidt advised me that he had wired Mr. McMillan, Indian Agent at Brocket, Alberta, authority to arrange with Mr. Maughan for the immediate cleaning of the well.

I advised Mr. Schmidt that I would recommend, for the present, that the well be cleaned; such cleaning should provide free enough passage for the water up the pipe, so that there would be very little, if any, leakage coming up along the outside of the casing. If such proves to be true, then all that may be necessary for the future, will be the installation of a small sump pump to keep any seepage out of the boiler room. This pump can be installed for approximately \$100.00 including labour and material.

Whether or not it will be necessary to sink an inspection shaft under the pump house to determine position or source of leak will depend on conditions as observed after the well has been cleaned. The repairs to the blow off from the upper pressure tank will cost approximately \$20.00 for a new 4" nipple to be welded to the tank.

I attach hereto a stenographer's memo. of my report to Mr. Schmidt on the afternoon of June 26th.

Encl.

I asked Mr. Schmidt to advise me a day or two in advance so that I could be present when the well was cleaned.

MEMORANDUM

Calgary, June 26th, 1945.

Mr. W.H. Snelson of the Surveys and Engineering Branch, Banff, called at this office on his return from Brocker today. He says:

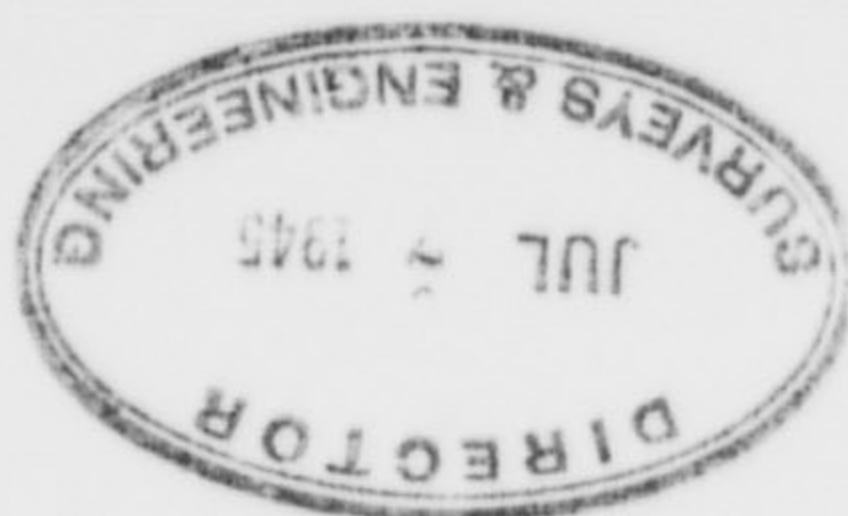

- " I met Mr. Maughan at Macleod yesterday; he agreed to clean the well for the sum of from \$100.00 to \$120.00, depending on the difficulties encountered; and providing such drilling contract could be given him within the next day or so, or before he moved his equipment South.
- " I visited Mr. McMillan at the Indian Agency, and talked over the situation in general with him, and explained that I would recommend, for the present, that the well be cleaned; such cleaning may provide free enough passage for the water up the pipe, so that there will be very little leakage, if any, around the outside. If such is the case, all that may be necessary in the future, is to provide a small sump pump for the installation in the boiler room; this can be installed -- equipment and labour-- for from \$90.00 to \$100.00.
- " I discussed with Mr. Pearson, Plumber, at Pincher Creek, as to whether or not he could fix the blow-off on the upper pressure tank: The threads on this blow-off had become stripped so that the tap is held on with difficulty. Mr. Pearson said this could be fixed by welding another nipple onto the pipe which contains the stripped threads. This would entail for him to bring an acetylene welder and tank down to the School and back. He considered that this repair -- labour plus material -- would run from \$15.00 to \$20.00.
- " I would recommend that no further action be taken with reference to the inspection shaft mentioned in my letter of March 23rd, 1945, until such time as results from the cleaning of the well have been observed."

QUARTERLY REPORT ENDING JUNE 30th, 1945, ON PEIGAN INDIAN AGENCY

XX

XX

XX

School (St. Cyprians)

During this quarter this School was visited by Myself and Inspector, and also Mr. Snelson the Government Engineer from Banff, regarding the leakage in the Boiler Room of this School from the Artesian Well; after considerable discussion and questioning by Mr. Snelson of the available Well Driller it was decided to have this well cleaned out, authority for same having been received some time ago, this to be done with Mr. Snelson would be in attendance so that he would be able to judge if the leakage was caused through the well being filled up with sand. This matter will be taken care of early in July.

Authority was also received to go ahead with the cleaning out of the Septic tank, and the cleaning out of the sewage pipes under the School basement, This work should be done early in July.

Closing exercises were held at the School on June 22nd when a short programme and presentation of Prizes, along with a dinner at which I attended. School was closed on the night of June 25th, and the children went home. This was done as Treaty day and the Indian stampede followed, and with the other School closed the parents were anxious to get their children.

Mr. C. M. Walker,
Banff, Alberta.

Dear Sir,-

In cleaning the well at St. Cyprien School, Brocket, Alberta, we run into trouble at a depth from ground level of 88 feet.

With all indications of the casing eaten through and causing the flow to run up around the outside of the pipe and getting into the boiler room.

I cleaned this same hole out in 1942 with very little trouble as at that time I got to bottom of 123 ft. No one seems to know the exact depth, there was only light silt and stale black muck in 1942. The well now is not in very good shape, as to well casing, the flow seems to be holding up yet.

The well head also caused us trouble as the stud bolts are getting very rusty and its hard to make a seal.

Hoping this information is what you are after. If any questions I'd be glad to answer. Hoping to be of service to you.

Yours truly,

(Sgd.) "W.W. Maughan",

Banff, Alberta.
August 13th, 1945.

Inspection of St. Cyprian Indian School near
Brockton, Alberta, August 8th and 9th, 1945.

Mr. William Maughan, well driller of Lethbridge, arrived at the St. Cyprian Indian Residential School at 11:00 A.M. August 8th, with a well drilling rig pulled by a large Ford truck.

The rig was set up against the outside wall of the pump-house, with the derrick inclined (by jacking up the front end of the rig chassis) from the perpendicular sufficiently to permit of the drill line dropping from the head block through existing openings in the roof and ceiling of the pump-house, to the exposed top of well casing in a cement block on the pump-house floor. The pump head and jack were removed from the top of the casing, and a length of 20" pump barrel and cylinder and 8 feet of 4" pipe below the cylinder, pulled out of the well casing.

The bailer was then run several times and cleaned some sand and silt out of the well to a depth of 88 feet below the outside ground level. At this depth some obstruction prevented the bailer from running any deeper in the well. The bailer was then removed and a drill string run into the well for the purpose of loosening up the obstruction, supposed to be hard packed mud. Drilling was continued for some twenty minutes without any footage whatever being gained. The drill was just bouncing back from some very solid obstruction. The driller was of the opinion that this obstruction was a break in the well casing, as he had experienced no difficulty whatever in running the bailer to the bottom of the well, 120 feet, when he had cleaned this well in 1942. Mr. Maughan stated that it was inadvisable to attempt to drill farther as the drill was getting stuck in the distorted casing and that further drilling might result in losing the artesian flow of the well.

The flow of the well was apparently the same after drilling operations as before, but, in the opinion of the school caretaker, not so much as after the well was cleaned in 1942. The 32 feet of mud and sand remaining in the casing below the break at 88 feet would certainly reduce the flow of the well from what it was with a clean hole. I would, therefore, recommend that nothing further be done to this well for the present and that a sump pump be installed at once in the boiler room.

Estimated Cost of Sump Pump Installed.

Re: ST.CYPRIAN INDIAN RESIDENTIAL SCHOOL
BROCKET, ALBERTA

Encl. Further to our memorandum of July 6th, a report has now been received from Mr. Snelson dated August 13th, duplicate copies of which are attached.

This report gives an account of an attempt to clean out the well which was not completely successful. It is suggested that the casing is broken at a depth of 88 feet and the lower section has moved so as to obstruct any cleaning below that level.

Mr. Snelson recommends that a sump pump be installed in the boiler room at a cost of \$100.00 and nothing further be done to the well at present.

It would seem that the broken casing may account for the seepage of water into the boiler room.

The behaviour of the seepage into the boiler room should be watched and noted carefully as to amount and whether there is any decrease after the cleaning of the well. After the installation of the sump pump observations of amount of seepage should be made and noted for future reference. It might be that a new casing will be needed for the well.

Ottawa, August 30, 1945.

Mr. A. McMillan, Indian Agent,
Brocket, Alberta.

I have just received a report from the Surveys and Engineering Branch regarding the water supply at the St. Cyprian Indian Residential School. The following is an extract from their report:-

"This report gives an account of an attempt to clean out the well which was not completely successful. It is suggested that the casing is broken at a depth of 88 feet and the lower section has moved so as to obstruct any cleaning below that level.

"Mr. Snelson recommends that a sump pump be installed in the boiler room at a cost of \$100.00 and nothing further be done to the well at present.

"It would seem that the broken casing may account for the seepage of water into the boiler room.

"The behaviour of the seepage into the boiler room should be watched and noted carefully as to amount and whether there is any decrease after the cleaning of the well. After the installation of the sump pump observations of amount of seepage should be made and noted for future reference. It might be that a new casing will be needed for the well."

I am requesting the Purchasing Agent to secure the pump recommended in the above report.

You should direct the Principal's attention to the request of the Surveys and Engineering Branch that the seepage into the boiler room be watched and noted carefully as to amount and whether there is any decrease after the cleaning of the well.

Dear Sir:

Further to our letter of the 16th of March, 1945, re: a payment of \$80. for a hay-rake for our Indian Residential School at Brocket, Alberta. At the time of writing our last letter on this subject the fact that the fiscal year was nearly over was considered and as the payment for the rake had been deducted from the grant of \$300 authorized for the current year the question was asked whether or not we would benefit by this \$80. As we have received no answer it has been impossible to ascertain your views on this subject. Could you, therefore, please inform us whether or not this part of our grant has passed beyond recall so that we may close the matter in our files?

Yours very truly,

JCHF/DH

Reverend Sir:

Subsequent to receipt of your letter of March 16th, we received a communication from the Indian Agent which reads in part as follows:

"I advised Rev. Greene that the Rake had not been allowed, and he requested the enclosed requisition in place of the amount shown for the purchase of a Rake".

The requisition mentioned covered shingles, lumber for repair to building also lumber to build swings. The total cost was \$79.85, and this purchase was authorized and the amount has been paid.

Yours very truly,

Philip Phelan,
Chief, Training Division.

Welfare and Training

Schools

St. Cyprians School. This school also reopened on September 4th, with 40 pupils in attendance.

During this quarter considerable work has been done on the well, Pressure Tanks, Septic Tank, and drains; this has placed the water and plumbing in this school in good shape to start the School year.

The well was cleaned out during the first week in August, when Mr. Maughan Well Driller started to clean out the well; At the depth of 88 feet the bit struck something solid and it was found that the casing was broken at that depth and they could not go any further. With Mr. Snelson Engineer from Banff in attendance at the time a complete report was made by him on this matter.

After the cleaning out of the well it was found that all the taps in the school were running muddy water, and as school was starting Mr. Pearson of Pincher Creek was called as an emergency to clean out the Pressure Tanks, they were found to be clogged with Sand and Mud, and this was taken out and the tanks are now functioning properly and the water though the taps is clear, while there he checked the sink tap etc.

The septic tank was also cleaned out during this quarter.

Attention: Mr. A. McMillan

NOV 6 1945

Dear Sir:

see agency 21-9-46
Our Calgary representative and the writer called at the Agency a few weeks ago to check the battery, serial #8082, type GD15, 56 cell and found it to be almost totally discharged. We drew this to the attention of the engineer who informed us that he found it very difficult to keep the battery up due to an overload. You will remember when you bought this battery that you intimated that some of your staff had become quite careless with lights and inclined to use appliances contrary to your instructions. As your current consumption now is exceptionally heavy we would like to suggest that you check into this and curtail the use of current as much as you possibly can, otherwise you will find the battery much too small for your requirements and it will not give the service you would reasonably expect.

12/2
In checking the battery at the St. Cyprian Residential School, serial #9203, type GD13, purchased in 1940, we found it to be in excellent condition, well taken care of and there is no question that it will deliver the guaranteed service of seven years.

12/2
The battery installed at the Sacred Heart Residential School, serial #9204, type GD13, 56 cell, purchased in 1940, while it is not in as good a condition as the installation in the St. Cyprian School it now appears to be getting good attention. Furthermore, it has been moved to a new location which will help considerably and the operator is now giving the battery every attention.

Yours truly,

IN YOUR REPLY REFER TO
No. 5-45
ALSO
TO DATE OF THIS LETTER

Indian Affairs Branch Dept of Mines & Resources
Ottawa.

Sir,—

Re;— St Cyprians Indian Residential
Well and Water supply.

I beg to make the following report on the well
at the St Cyprians Anglican School Peigan Agency Brocket.

History Since Cleaning out

Since this well was cleaned out early in August, it has given fair satisfaction, until early in November when the well stopped pumping. The Farm Instructor gave the Pump Rod a blow with a hammer releasing the plunger which was seized and the pump again started to pull water; This carried on till the end of November and again seized, this again was released and pumped for a few days. On December 1st the plunger again seized and the plumber again sent out his man to look it over, the leathers were badly out with sand but after putting it together with new Leathers it pumped the tank full to a Forty Pound Pressure; On the morning of the 2nd it again would not pump and the Plumber S Pearson came out with his man, and after considerable work again got the Pump going again this time it only worked for a short period, and then seized again, the spent the balance of the day trying to take the Pump rods out but to no avail, they reported to me that night and I contacted Mr W Maughan of Lethbridge who cleaned out the well, and he said he would come out with his truck and five ton wench, this he did on the morning of the 3rd, and with the full power of the winch, and four men on a crowbar we were able to pull the Pump rods which were unmovable owing to the plunger with leathers being tightly seized by sand.

Work done.

After pulling the Pump rods and plunger and getting the top valve out, I held a discussion with Mr Pearson and Mr Maughan, regarding the best way to continue a flow of water into the School through the tanks, It was decided the only way to get water through to the tanks would be an Electric Pump of a small type, which would go into the Four inch Pump Casing, and pump from the surface of the well this would take a longer time to pump but would not agitate the water in the well thus keeping the sand from being stirred up and clogging. This is being installed today and a further report on results will be made.

Condition of Well.

Mr Maughan's opinion.

The check up of this well since I cleaned it out early in August, and made my report to the Surveys and Engineering Branch at Banff Alberta in which I stated that the well would never be satisfactory and that the casing was rotted at 88 feet, and broken off, on this visit a Grench attached to string was dropped down the well and the lowest it would go was 78 feet.

Copies Inspector C P Schmidt Calgary.

Indian Affairs. (RG 10, Volume 6370, file 763-5, part 6)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

Mr Maughan's Opinion (Contd).

He advises that the large pump now in use will never be able to work owing to the strong agitation causing the sand and mud to come up in the casing, damaging the leather on the plunger in one pumping. The water still trickles over the casing and runs into the Dairy and Barns. In mentioning the advisability of drilling a new well, he stated that the old well would have to be cemented off, this he figured would force the cement up outside the casing and would gradually work up through the cracks in the Boiler room cracks closing them off. I understand that the only outfit who can do this is Haliburton Bros Turner Valley, and their price would almost be prohibitive.

Mr Pearson's Opinion.

Mr Pearson who today completed the installation of the Electric Pump, placed the one inch suction in the well to the depth of Ten Feet, but after a trial run of one hour found it was still bringing up sand and silt, and the water was dirty, He cut this pipe to five feet and again installed the Pump with the five feet of suction pipe, and tried pumping for approximately two hours, when it was found that the water coming through the Pump into the tanks was clear, while at the School I watched the Pump running and saw that the water in the well had only receded two feet from the surface of the well, thus leaving a depth of three feet of suction pipe continuously under water, this never varied for a period of three to four hours had not changed. Mr Pearson is satisfied that this is the most economic manner to provide water for the School, and is opposed to the drilling of a new well, which if done might have the same Sandy bottom as we have in the present well. As this well now stands it would be possible to keep a pressure of 35 lbs, with an automatic start at twenty three lbs, This ofcourse would ~~xxxx~~ give a pressure strong enough for the use of the fire Hoses, but would not be able to keep the volume up for use in the case of fire, but should keep the School on a very satisfactory basis, with the overflow to the Barn and Dairy running when the pump is not working. Mr Pearson also advised me that 1 year after the well was drilled some 19 years ago, he was called to clean the sand out of the tanks.

Agent's Comment.

I kept in close contact all the time this work was being done, and I feel on the results to date that Mr Pearson is correct in his opinion, that expenditure on a new well would be very foolish.

I would recommend that the present set up, as completed be left as it is till Spring if it proves a success, when the whole system as at present, and future action be placed in the hands of an Engineer of the Waters Branch, this will give time to see the results of the installation of the Electric Pump, and would also be early enough if any change of policy was considered, to have the work done during the summer holidays when the school is almost empty. As this work was a necessary emergency, owing to the time of year, and the risk of accidents to equipment from lack of water in the Boilers, I trust that the Dept will concur in the action I have Taken. Vouchers for work done will be forwarded as soon as received.

Richard McMillan
Indian Agent.

Log December 6th.

Accompanied by Mr Mc Kinnon I went to the School and made a check on the way the new installation was working and found the School using the maximum amount of water they would at any time with the Laundries and baths being used and found the pump was supplying

Indian Affairs. (RG 10, Volume 6370, file 763-5, part 6)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

was supplying all the water needed and maintaining normal pressure, this would mean that the change over was handling the water question of the School satisfactorily. The water coming through the tap at the pump was perfectly clear from sand or silt; altho the water coming through the taps in the School was still dirty most likely from the silt laying in the mains. The Principal advised me that the water was clearer than at any time during his regime.

A. A. C.
I A.

December 7th. Another visit was made this morning and the Gauge Checked and found it around 40 Lbs, washing was still in progress, and the Pump was handling everything perfectly, Water through the taps in the School was practically clear, and I would complete this report by saying the water system at present is in better shape than it has been for a considerable time.

Mr. A. McMillan, Indian Agent,
Brockton, Alberta.

I have your letter of the 5th instant,
reporting on the well and water supply at the
St. Cyprian Indian Residential School.

I note you consider that, as a result
of the work that has been done under your direction,
the water system at the present time is in better
shape than for some time past.

The Department approves of the action
you have taken and you may submit vouchers for the
expenditure incurred.

Philip Phelan,

January 8th 1945.

Indian Affairs Branch Dept of Mines & Resources Ottawa.

I beg to acknowledge receipt foy our
letter File 116-1-5 of the 5th inst regarding the account of
S Pearson Plumber; The answers are as follows.

- (a) Labor, December 2nd this was a Plumber & Helper one at 1.15 per hour, and the other at 80¢ per hour. On the 3rd 4th and 5th ultimo, the wages were for two Plumbers at 1.15 per hour.
- (b) The Electric pump was a Duro - 303 capable of 250 Gallons per hour, with the cost of a $\frac{1}{4}$ Horse Poer Engine attached to Batteries, this originally was a 32 Volt Motor and had to be attached to the Batteries for the first week while a 110 Motor was being ordered, it was two weeks before the change could be made, and a charge was made for the 32 Volt Motor, This Motor and pump has an automatic Control. The necessity of changing to the 110 was caused by the 32 Volt motor having to be attached to 16 Batteries each morning, while the 110 Motor runs right off the Engine.

I trust that this is the necessary information
you will need.

January 14th 1946.

Indian Affairs Branch Dept of Mines & Resources Ottawa.

I beg to enclose herewith a Tender given in January 1945 re the laying of a new Floor in the Girls Dormitory at the St Cyprians School; The Flooring for this work having been stored at the School ~~for~~ ^{during the} year before I Came here, In January after receipt of the Estimate which I am now enclosing Mr Greene decided not to have the work done and wished to use the amount allowed in the Estimates for that year for something else.

Mr C Middleton now in charge has asked that if sufficient monies are available for the school this year that this floor be layed.

*of further
for up
to 24*
The Bid which I am enclosing was made with the intention of taking up the Old floor, and laying a new one, with Mr Middleton and Mr Buchan this morning it was decided to lay the new floor on the top of the old one, this would mean fitting the floor around the plumbing, thus cutting out the expense of the plumber; the \$50.00 shown for taking up the old floor would be taken up with refitting the doors, and replacing the base board if necessary and the extra time for fitting around plumbing connections

The old bid of \$278.50 thus if it is decided to take up the floor and move plumbing is correct, if the new floor is laid on the old the price would be cut to \$225.00. I would recommend if Estimates for 1945-1946 are available that this be done before the end of the Fiscal Year, preferably February as Carpenter Labor will be hard to get after Spring opens for inside work.

Memorandum:

DEPARTMENTAL PURCHASING AGENT.

I attach account amounting to \$238.89, covering the cost of labour and material supplied at the St. Cyprian Indian Residential School, for cleaning the well and water supply.

The Agent's report indicates that the well stopped pumping early in November and immediate action had to be taken to clear the well in order that water might be available for school purposes.

I would appreciate it if you would issue purchase order so that the account may be paid. The coding is as follows: - 763 - 76 - 09-622.

Philip Phelan,
Chief, Training Division.

AGENT'S REPORT FOR THE QUARTER ENDING DECEMBER 31st, 1945.

XX

XX

XX

St Cyprians School.

This School has run into considerable trouble during this quarter and as things were slipping I kept a much closer check on this school than the other.

The Principal who last year gave hope of making a very good success both with the School work and the Manual Training, shortly after school opened began to show a lack of interest in the work, and the school as a whole showed the results. For a considerable time during this quarter it was found that he was very seldom available on my visits, this culminated with my taking this matter up with the Secretary of the Synod who happened to call at my home, when I found that his private life had forced the executive of the Synod to have him up before them, this they did and while there tended his resignation and left the School the following day, he was however replaced by Chas S Middleton from Cardston who took over and is given every satisfaction.

During this quarter the well again gave very serious results, and on going to the School with the plumber, I found the Tanks almost empty, and no action being taken as the Farm Instructor who acts as Engineer was on leave. Mr Pearson along with Mr Maughan cleaned out the well plunger, and after considerable discussion decided it would be best to install a electric pump with a very short length of pipe this has proved successful to date.

A complete report has gone forward on this.

PEIGAN INDIAN AGENCY-MARCH QUARTERLY REPORT.

31 March, 1946.

SCHOOLS (Continued)

St. Cyprians

This School has also been running smoothly, and under the charge of Charlie Middleton till a new Principal was appointed. This was done during this quarter when Rev. E. S. V. Cole was appointed. He has shown great interest in his work, and seems very keen in putting the School in good shape, and looking after the interest of his pupils.

The changes made last quarter regarding well is still proving very satisfactory, with the water clear and a sufficient supply to take care of the needs of the School.

Considerable small repairs have been suggested by the new Principal, and I have advised him that I will take up these matters after the new fiscal year comes in.

Indian Affairs Branch Dept of mines & Resources Ottawa.

I beg to advise that a short time ago when Dr Alderwood Secretary I R S Commission was visiting this Reserve, the question of moving the Church of England Mission House from the present location to the School grounds was discussed, and I was asked regarding whether the Department would be agreeable to take this over after it was moved to the School grounds, as Gov. Property and pay the cost of making the house habitable. I advised Dr Alderwood to take the matter up direct, and have the Rev Cole get quotations re the cost of making the house satisfactory to live in.

Rev Cole first of all brought in a quotation of his own figures, amounting to \$625.00; I advised him that this was away below the cost of the work he intended to do, and asked for information on a rough Estimate covering; MOVING? Digging and making concrete Basement; Incidental Repairs; and plumbing and lighting Fixtures with connections to sewer and water; I found this amounted to \$1250.00. This I am satisfied would be a correct figure to consider.

If the Dept considers this Offer, which would give either a Principals Residence, or a Farminstructors House may I be advised, when I will get concrete figures to place before you to cover the prices for the work considered necessary., ~~Maxxixna~~

I did show in last years Estimates, \$6000.00 for a House for the Principal of the School.

Copy to Inspector.

Mr. A. McMillan, Indian Agent,
Brockton, Alberta.

I have your letter of the 28th ultimo, with reference to moving the Church of England Mission House from its present location to the grounds of the St. Cyprian Residential School.

You may obtain concrete figures to place before us, but I trust the cost will not exceed \$1,250.00. When submitting the prices for any materials required, you should state if they can be secured locally and, if so, the name and address of the person from whom they can be purchased. I would also like to know the size of the house. I presume that you consider a \$1,250.00 expenditure would be to our advantage.

DEPARTMENT
OF
MINES AND RESOURCES

INDIAN AFFAIRS BRANCH

116-4B-5

Calgary, June 7th, 1946.

Indian Affairs Branch, Dept. of Mines & Resources,
O T T A W A .

On my visit to the Peigan Agency in May, the Agent and the Principal of St. Cyprian's Anglican Residential School had me look over the Church of England Mission House, now vacant, which was formerly occupied by the late Rev. Canon Haynes.

This is a well-built, 6-roomed cottage, and is still in reasonably good condition.

It is understood that Dr. Alderwood, Secretary of the M.S.C.C., wished to have this moved from its present location onto the School property, where it might be used as a residence for either the Principal or the Farmer.

On reference to the Estimates of expenditures for education on this Reserve, it is noted that the sum of \$6,000.00 was inserted on Page 11, for the erection of a residence at St. Cyprian's.

It was understood that the Church authorities would be prepared to turn this cottage over to our Department, provided the cost of moving, &c., would be born by us. This house would take the place of that which was included in the Estimates.

Indian Agent McMillan has submitted an Estimate of \$1250.00 to cover the cost of moving, digging and making a concrete foundation, and incidental repairs -- plumbing to connect with the sewerage system, lighting fixtures, &c...

Undoubtedly there is a need for such a building at this School, and as it stands, the house is of little or no value to anybody. If it is the policy to enlarge the residential school unit, I recommend that

IN YOUR REPLY REFER TO
No. 5-46.
ALSO
TO DATE OF THIS LETTER

Sir,—

I beg to advise that I have been able to get a rough estimate of the necessary requirements for the St Cyprian's School for the Fiscal Year 1946-47.

As I have not been notified of the amounts re this school allowed, I am quoting the Principals requests, and will be glad to be advised of the amount allowed, so that I may make requisitions, to cover the westimates.

They are as follows.

- | | | | |
|----|--|--------------|-----------------|
| 1. | Lockers for Boys Play Room. | 30 required. | \$100.00 |
| | Lockers for girls playroom. | 30 required. | 100.00 |
| 2. | Outside door into playground to be re hung on the inside this door is constantly banging in the wind, and is amenance to the children's hands. | | 25.00 |
| 3. | Compression Tank in Boiler Room has sprung a leak and should be welded. | | 20.00 |
| 4. | Boys Dormitory to be refloored. some Lumber is on hand, and the necessary lumber and Labor, | | 300.00 |
| 5. | Boiler Grates, (this has already been ordered on an emergency but no answer so far.) | | 75.00 |
| 6. | Grates for Jacket Heater (ordered but not yet received. | | 20.00 |
| | | | <u>\$640.00</u> |

In connection with the question of the moving of the house already written about, and which is awaiting an answer from me I have contacted the Principal, and the house has been moved and paid by the Commission, However they found the Basement dug was too large for the House, and with the shortness of Cement, they are doing nothing more until this can be got, so that this will hangg over till they are able to complete the work.

A further note was added to the request for the above drawing the attention of the necessity of two sewing machines; if this can be done, I would recommend this before school opens, as the present state of the machines are very poor.

They also mention an electric Mangle or Ironer this might also be given consideration, however they are on a Lister Bruston Engine, and would have to have the type of current that would carry a D.C.

Anthony McMillan
Indian Agent.

5-46

Ottawa, August 16, 1946.

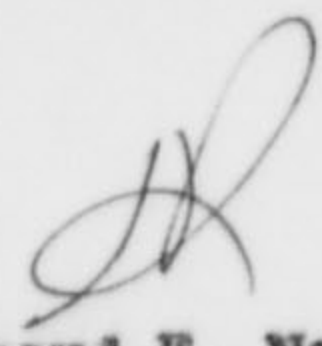

Mr. A. McMillan, Indian Agent,
Brockton, Alberta.

With reference to your letter of the 9th instant, the following expenditures are authorized for the St. Cyprian Residential School:-

1.	Lockers for Boys' and Girls' playrooms	\$200.00
2.	Repair outside door	- 25.00
3.	Weld compression tank	- 20.00
4.	Refloor Boys' dormitory	-
	material and labour	- 300.00

In regard to the boiler grates and grates for the jacket heater, you state that they have already been ordered. I presume you have ordered them as we have no record of having received such a request from your office. In any case, the expenditure of \$95.00 is approved.

We will request our Purchasing Branch to secure two sewing machines.

Bernard F. Neary,
Supt. of Welfare & Training.

Memorandum:

ACTING DEPUTY MINISTER

Re: St. Cyprian Residential School,
Peigan Agency, Province of Alberta.

The following telegram reached us this morning:-

"HORSE AND CATTLE BARN AT ST. CYPRIAN INDIAN SCHOOL
BURNED TO GROUND FIFTEEN TWENTY HOURS OCTOBER TWENTY
THIRD STOP FIRE STARTED FIFTEEN TWENTY AND COMPLETELY
DEMOLISHED BY FIFTEEN FIFTY HAY STILL BURNING STOP
ALL PUPILS SENT HOME FOR TWENTY FOUR HOURS OR TILL
FIRE IS OUT STOP REPORT FOLLOWING"

We have also been informed by Dr. Alderwood,
Secretary of the Missionary Society of the Church of England
in Canada, that four head of cattle, 80 tons of hay, and
harness etc. were also lost in the fire.

The St. Cyprian Residential School was erected
during the fiscal years 1926-27 and 1927-28. It has an
authorized pupilage of 50. It is a Government owned building
and is operated by the Missionary Society of the Church of
England in Canada.

G.H. Gooderham, Esq., Inspector of Indian Agencies, Calgary.

I beg to advise further to your letter of the 8th instant, File 116-4B-2 regarding the roofs of the two Indian Residential Schools here.

I have discussed this matter with both Principals, and as soon as the heavy farm work is done, they intend to clean out the pipes which are protruding from the roof, when I hope to get a screen to put over the tops of the pipes.

In both cases I would say that this will take care of most of the leakage, and when done will give us an idea as to any leaks in the roof proper, which I very much doubt.

TO DATE OF THIS LETTER

Brocket October 24th 1946

Indian Affairs Branch Dept of Mines & Resources
Ottawa.

Sir,—

I beg to advise that further to my Night Lettergram of the 23rd inst, I would report as follows on the loss of the Horse and Cattle Barn by fire at the St Cyprians Anglican School.

At approximately twenty minutes past three o'clock on the afternoon of the 23rd inst, I received a phone call from the Principal of the above school advising me that the barn was on fire; Accompanied by the Clerk I spread the alarm around Brocket; and left with a carload of Indians for the School; When we arrived there around 3.25 P.M. the Barn was a mass of flames and the roof had just fallen in, a large number of Indians had arrived from the threshing crew and surrounding farms, but were only able to help in keeping the other buildings wet so that a spark would not start some other fire. The fire was aggravated by the loft of the barn being full of hay approximately 30 Ton.

As soon as I arrived I checked with the Principal, on the boys to make sure none were missing, the only children playing in the school yard some distance away were the small tots. On the information of the Farm Instructor Engineer no one had been in the barn since early morning, and the fire was first noticed by him, when he saw a funnel of smoke come out through the cupola on the top of the Hip roofed barn, he rushed to the barn, and opened the door when he was met by a cloud of smoke, followed by flames, he was able to save one horse, but four two months old calves perished in the flames. The people who gathered there, helped in the saving of the other out buildings, and also from the sparks causing a prairie fire.

I would gauge the wind blowing at the time to be between 30 and 40 mile an hour wind, and as this kept up all night, I returned to the school at 6 P.M. and waited until 11 P.M. for the fire to get down to a reasonable size, it taking quite a period for the hay to burn down. When I left the embers were still burning, but with very little flame, and the principal had men on guard duty all night. We have one thing to be thankful for and that is that the wind was in the west, with no chance of sparks falling on the school.

I discussed the question of the Milk herd with the Principal, this can be temporary placed in the long Implement shed, until it is possible to replace the barn; in this connection if it is the Dept's wish to rebuild lumber for completion will be hard to get, however a barn could be put up as a shell when completed when finished lumber is available. This however can be taken up after the debris has been cleared up and the state of the Foundation is inspected.

I also discussed the question of Feed with Mr Cole they having lost their whole winters feed, and I offered him a small stack of 1942 old hay at the C.I. Ranch, which we do not intend to use, I can also if it is the wish of the Branch spare him some from my surplus from last year. I also gathered the Indians together and suggested to them that they put on a bee and put up as much possible before the weather breaks.

The children were allowed to go home for

Indian Affairs. (RG 10, Volume 6370, file 763-5, part 6)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

contd.

for twenty four hours in case of a change of wind causing the sparks to travel over the direction of the school.

The older boys were kept so that help would be available if needed.

After looking over the situation and discussing it with the Principal Mr Cole, and Mr Irwin it would look apparent that the fire was caused by combustion in the loft; I checked with Mr Irwin re the lighting of the barn, but found that during the day the main switch had been pulled, and he was satisfied that there was no possible chance of a short circuit. The children were all in their class rooms, except for a few small boys and girls playing in the grounds close to the school.

I would be glad to have the Branch's instructions as to whether immediate action will be taken to replace this building, or whether a temporary structure will be built to house the Milk cows. If such action is thought off, nails are practically not purchaseable, and it would be necessary if the Branch can locate any to have them shipped out from the East. At present building in this District is completely stopped through lack of nails.

This completes my report on the fire which I am very sorry to have to report.

Anthony McMillan
Indian Agent.

With reference to our conversation regarding the obtaining of a building at the Macleod Air Station to use as a temporary barn at the St. Cyprian Indian Residential School, we have been in touch with War Assets Allocation Committee.

MS
We are informed that there are several buildings at this air station which are available and it is felt that you should proceed there as soon as possible and choose a building or buildings that would be suitable and advise us immediately so that the further negotiations that are necessary can be completed as soon as possible.

Please note that the buildings numbered as follows are not available:- 2, 15, 16, 17, 23, 25, 27, 29, 49, 51, 52, and all hangars.

Building Requested at R.C.A.F. Station,
McLeod, Alberta.

Dear Sir:

Further to our recent telephone conversations, we wish to inform you that we have written to our Inspector of Indian Agencies at Calgary, informing him of your co-operation in helping to replace the building destroyed by fire at St. Cyprian's Indian Residential School, Brocket, Alberta.

We told him of the buildings not available as you listed them and expect an Air Mail answer as to his requirements. We will then notify you.

Sincerely yours,

Bernard F. Neary,
Supt. of Welfare & Training.

I beg to advise that the following account was placed before me for payment to the St Cyprians School.

It would seem that shortly after Rev Cole took over at the St Cyprian's School he found the clock used by the Night Watchman, was in bad shape and the clock would not work.

He took it upon himself to send it to Chicago, the only place it could be repaired, and it was there before I was notified.

I am making a Voucher out for this Article plus the Customs duty of \$15.20 which was also paid by the School.

I advised him that in the future any indebtedness incurred by the School expected to be paid by the department would not be touched without first of all requesting authority, through this Office.

Anthony D. Miller
Indian Agent.

Re: Barn for St. Cyrpian's Indian Res. School,
Peigan Agency, Brocket, Alberta.

Reference your letter No. 116-1-5 (W T 1) of the 31st ultimo, Mr. J.E. Pugh, accompanied by Mr. A. McMillan, Indian Agent at the Peigans, inspected the buildings at the R.C.A.F. Station at Macleod, on the 7th instant. Mr. Pugh had been in Calgary and was fully conversant with what might be required for this barn.

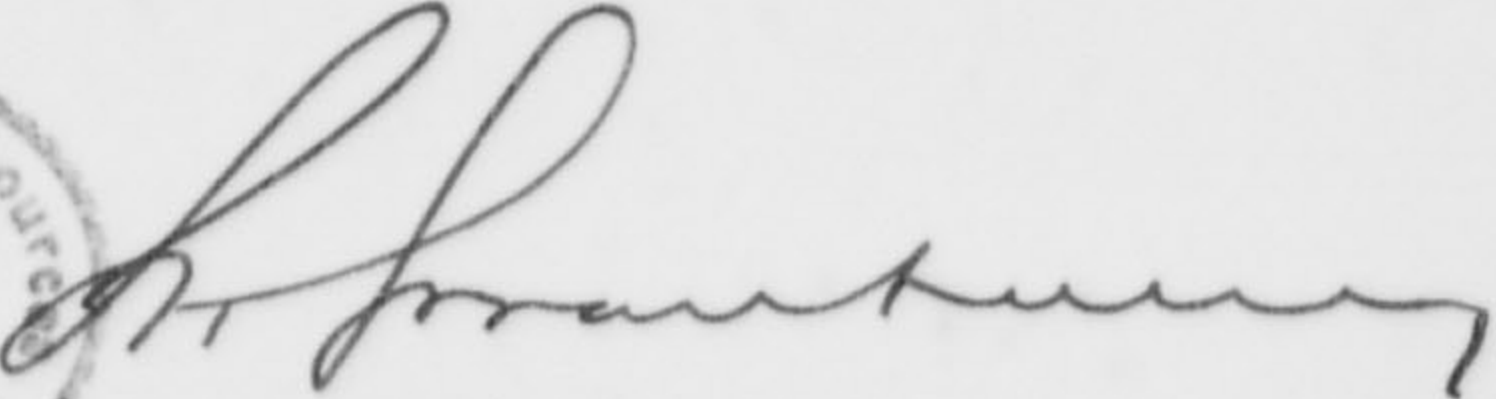

He reported that building No. 41 (Gasoline Compound Building) appeared to them to be most suitable to be used temporarily as a barn: It is 36' X 90', and reasonably well constructed; it might even be set on the foundation of the barn that was burned down.

It is believed that this building can be moved, and Mr. McMillan is now getting figures as to cost from a moving contractor.

Please advise at the earliest possible date if this building is available.

Building requested at R.C.A.F.
Station, Macleod, Alberta.

Dear Sir:

Further to my letter of similar file of November 4, I have just been advised by Inspector Godderham that building No. 41 (Gasoline Compound Building) appeared to the Indian Agents who visited the station to be the most suitable for use as a barn. It is 36 ft. by 90 ft. and quite well constructed; it might even be set on the foundation of the barn that was burned down.

Would it be possible for you to declare this building surplus to the Crown Assets Allocation Committee so that we can take the necessary steps to have it transferred for our use.

Sincerely yours,

Bernard F. Neary,
Supt. of Welfare & Training.

R. H. PALMER - BUILDING SPECIALTIES

10306 - 124th Street,
Edmonton, Alberta,
November 9th, 1946.

Inspector of Indian Affairs, Indian Affairs Branch,
Federal Building, Calgary, Alberta.

Dear Sir:

Your letter of November 6th at hand and we wish to thank you for authorizing us to go ahead with the two schools.

Am enclosing tender as you suggest but have made two changes from the original.

1st: Have changed rib top and bottom to pressure type bronze. It is not practical to use rib material with AA Parting Stop as the parting stop allows for expansion and contraction of sash due to weather conditions. Rib material can only be used where all members are rigidly held together, bronze is the more flexible and is ideal and advocated by the manufacturers of AA strip.

2nd: Have made any extra work on an hourly rate of \$1.25 which is fair.

If these changes are acceptable we shall commence work immediately upon arrival of the necessary materials.

As there are only two sizes of windows, we would appreciate it if the widths and heights of openings were taken by someone at the school and forwarded immediately. The measurement to be taken between jambs and from head jamb to sill. Measurement of one window of each size is sufficient.

It would be advisable if the pulley ropes were examined for breakage and frayed ropes and that replacement rope of the correct diameter be available. Also, any broken lights that require replacement should be counted and the sizes required should also be made available along with putty.

As soon as these sizes reach me will order the necessary materials.

There is no possibility of commencing work before January. This we trust is satisfactory, as materials are very slow in delivery.

Yours very truly,

(Sgd.) "R. H. PALMER"

Re: Two Indian Schools - Sacred Heart and
St. Cyprian's - Peigan Indian Agency.

Gentlemen:

We wish to quote you the price of FOUR
HUNDRED AND THIRTY TWO DOLLARS AND FIFTY CENTS
(\$432.50) to weatherstrip each school as follows:

65 windows approximately 3' X 6' - 6"

15 " " 3' X 5'

3 exit doors.

Materials: Dennis AA Bronze Parting Stop Strip
with bronze pressure type top and bottom - bronze
pressure type at checkrail.

Room and board be furnished without charge
for the time required.

Any replacements of broken window lights, cords
and repairs to be charged extra at an hourly rate of \$1.25
per hour. Such materials for repairs to be furnished by
the Department to the job.

Re: Sacred Heart and St. Cyprian's Schools -
Weather-stripping.

Authority has been granted to weather-strip the windows in these institutions, by Department's letter No. 116-1-5 (W.T. 1) dated October 30th, 1946.

Attached hereto please find copies of correspondence and tenders received from Mr. R.H. Palmer, Edmonton, who will do the work.

Please note that Mr. Palmer wants the measurements of the windows. In submitting his tender, he used the plans of the schools which were in this office, to arrive at his figure. It is assumed that the windows have remained as on the plan, and that they are only two sizes. Please verify this when you are having the measurements made. Submit this information through this office, in DUPLICATE, please.

December 11, 1946.

Mr. R.A. Hoey,
Dept. of Mine & Resources,
Indian Affairs Branch,
OTTAWA, Ont.

H&D.

Dear Sir:

Our representative called on a few more Indian schools and reports as follows:

St. Cyprian School, Peigan Indian Agency, Brocket, Alta. Using Type GD-13 56 cell 110 volt, 180 Ampere Hour battery, serial #9203, purchased October 3, 1940. This battery is ready for replacement and is operating at reduced capacity. An additional electrical load (refrigerator) has been added and the battery should be replaced with our Type W-13, 270 A.H. capacity.

Sacred Heart School, Peigan Indian Agency, Brocket, Alta. Using Type GD-13 56 cell 110 volt, 180 Ampere Hour battery, serial #9204, purchased October 3, 1940. Elements are badly expanded, a good many cases cracked with considerable sediment at the bottom of the jars. The battery should be replaced immediately. Father LaFrance indicated they expected to install a refrigerator. It would, therefore, be advisable to purchase our Type W-13, 270 ampere hour battery.

Peigan Indian Agency, Brocket, Alta. Using Type GD-15 56 cell 110 volt, 210 ampere hour battery, Serial #8082, purchased in March, 1945. This battery in reasonably good condition, specific gravity a little low and there is a slight trace of sediment. Understand now using automatic plant which will help considerably.

Indian Affairs Branch,
Department of Mines and Resources,
OTTAWA, Ontario.

Dear Mr. Neary:

Receipt is acknowledged of your letter dated December 12th, regarding the possibility of having Building No. 41 at MacLeod, Alta., transferred to your Department.

Following receipt of your previous letter dated November 19th, I telephoned you on November 20th to advise that the Airport at MacLeod had been allocated to the Department of Transport, and I suggested at that time that you contact Mr. T. E. Walker of the Department of Transport to arrange either for the use of the building or for the Department of Transport to report it surplus in order that allocation to your Department might be made. We have not received a report of surplus covering this building from the Department of Transport and consequently there is nothing further that can be done by this Committee.

Yours very truly,

C.A. Patterson

Dear Sir:

Further to my telephone conversation, could I please be advised if it would be possible to have Building #41 of the McLeod R.C.A.F. Station transferred to this Department.

As you are aware, we have lost a barn through fire at the St. Cyprian Residential School at Brocket, Alberta. The above-mentioned building was inspected by our Indian agent and he has reported that it would be most suitable as a replacement for the barn. We are quite anxious to provide shelter for the cattle at this school, as they provide much-needed milk for the Indian children.

If Building #41 is not available, could we please be advised if any other building is surplus to your needs.

Sincerely yours,

B. F. Neary,
Superintendent,

Ottawa, Ontario.
January 20th, 1947

Mr. Beranard F. Neary,
Superintendent of Welfare and Training,
Department of Mines and Resources,
Indian Affairs Branch,
Ottawa, Ontario.

Dear Sir:

Re: Building No. 41 - McLeod, Alta.

We wish to acknowledge receipt of your letter dated January 15th, 1947 with reference to the above noted building at the MacLeod Aerodrome, Alberta.

We have to inform you that we have taken action during the past week to declare this building surplus to the requirements of this Department, with a notation on our declaration to the Crown Assets Allocation Committee to the effect that this building is urgently required by your Department.

We would suggest that you communicate with Mr. E.E. Thompson of Crown Assets Allocation Committee, no 4 Temporary Building, Ottawa, for any further information which you may require in this connection.

Yours faithfully,

(sgd.) " T. Earl Walker,"
General Purchasing Agent.

Attention: Mr.C.A.Patterson

Gentlemen:

Re: Building No. 41, R.C.A.F.Station,
McLeod, Alberta

Reference your 223-26R-53 of Dec. 14, we are
in receipt of the attached letter from the Purchasing Agent of the Department
of Transport.

When this report of surplus is received,
could you please consider our application that this building be transferred
to this Department as a replacement for the barn which was burned down at
St.Cyprian's Residential School.

Yours truly,

(sgd.) " Bernard F.Neary",
Supt. of Welfare & Training.

Indian Affairs Branch,
Ottawa, Ont.

Dear Sir:-

I have your letter of January 24th,
requesting allocation of Building No. 41 at the former R.C.A.F.
Station, McLeod, Alta.

In view of the fact that the building
is required for removal from site, I regret to inform you that
under existing policy a direct allocation would not be possible.

A priority directive has however been
issued to War Assets Corporation, copy attached.

Yours very truly,

E.E. Thompson

Memorandum:

SURVEYS AND ENGINEERING

Care and Maintenance of Electrical Plants
in Indian Residential Schools.

Our Branch is now publishing a magazine called "The Indian School Bulletin" for all our branch officials, principals and teachers.

It has long been felt that more care should be taken with the electrical and mechanical equipment placed in our residential schools. We have recently received a typical report from the Southern Alberta Electric Limited concerning conditions at two Indian Residential Schools in Peigan Agency. The principal reported to the Agent that twice recently there had been instances of bulbs blowing out and sockets and electric wiring burning. Fortunately, in both instances there happened to be a member of the staff in the room when this had happened. Therefore, Mr. Indian Agent McMillan, in view of the evident fire hazard, called in the above company for an emergency inspection. I attach a copy of the above company's reports on both these schools.

Would it be possible to have an article prepared for a future issue of our magazine entitled "The Care and Maintenance of the Electrical Plants in Residential Schools" so that we may draw to the attention of all concerned the absolute necessity of careful maintenance and common sense in the use of the electrical plants provided.

Indian Affairs. (RG 10, Volume 6370, file 763-5, part 6)

Memorandum to Surveys & Engineering.

Feb. 8, 1947.

In the instance of these two schools we have requested Mr. Indian Agent McMillan to obtain estimates immediately upon the emergency repairs that will have to be carried out. It is felt that one of your engineers from Banff might visit these two schools in the near future to further report upon this situation.

Director.

Reference your 116-4-10 - Undated

Your letter and the reports of the Southern Alberta Electric Limited have been received and carefully considered. In paragraph three of your letter you refer to the cost of these reports, but you do not state what the cost is nor were vouchers included.

Your comments concerning the use of fuses of over fifteen amperes are very timely as we are having an article prepared on "The Care and Maintenance of Electrical Plants at Residential Schools" by the Surveys and Engineering Branch for publication in a future issue of the school bulletin.

Sacred Heart Residential School.

1. Globelite GD13 Battery. We have a report from the Globelite Batteries Limited concerning the present battery in use and are endeavouring to obtain a new one for this school.
2. Drop Cords from Ceiling Outlet Boxes. Can you please have estimates made as to the cost of having the present drop cords replaced with new ones.
3. Fire Alarm System. Will you also obtain estimates as to the cost of replacing the present fire alarm system with a complete new system in BX cable direct from the batteries and including proper tamper-proof switches and bells.
4. Fire Escape Lights. Can you please obtain estimates for the marking of the fire escapes with red light bulbs. It will be necessary to have

Re: Weather Stripping Contract-R.H. Palmer-
at Residential Schools.

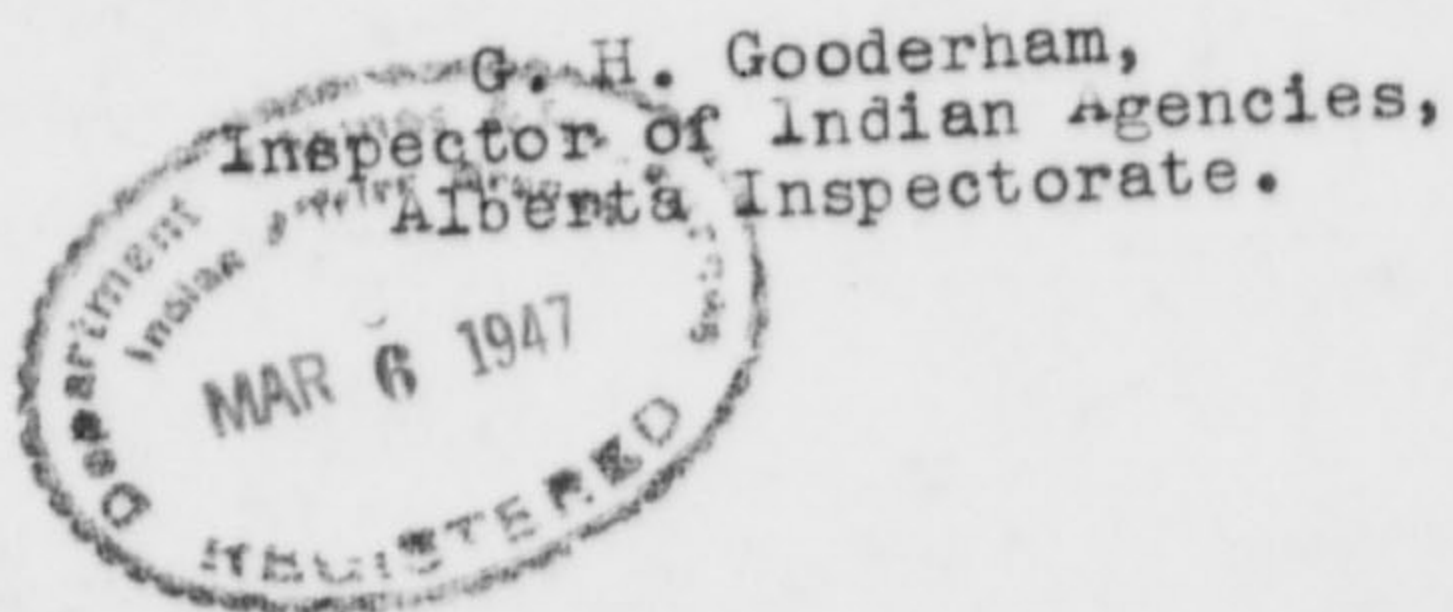

Enclosed herewith please find
Mr. Palmer's accounts for weather stripping at
the Sacred Heart and St. Cyprian schools. These
accounts should have been submitted to you.

It is noted that considerable extra
work was done and that the total excess is \$262.00.
There was some correspondence about this extra,
and it was understood that certain windows and doors
would not necessarily be done. It is realized here,
from our recent inspection, that this was a valuable
and necessary improvement to these buildings, and
undoubtedly some windows, which were omitted, cer-
tainly required insulation.

However, in submitting your voucher
covering this expenditure, you must fully explain
what extra windows were done and on what grounds
it was found necessary to do the work.

Please forward copy of voucher and
copy of your covering letter to this office.

Dear Sir:

Re: Building #41 - Service Car Garage-
MacLeod Aerodrome, Alberta.

1. This Department has had referred to it for disposal action the building set forth above. There is an indication contained within the Declaration file that your Department is interested in the purchase of this building in order to provide shelter for cattle at St. Cyprian Residential School at Brocket, Alberta.

2. The purpose of this letter is to ascertain your interest or otherwise in the purchase of this building. The original cost of this building is given as \$4,595.00, and our price will be based on 8% of this original cost, namely, \$367.60.

3. Opportunity is taken at this time to point out that this building, if and when sold, will be sold on the condition that it is to be removed from the site and the site restored.

Yours very truly,

Lands & Buildings Dept.

Dear Sir:-

Re: Building #41 - Service Car Garage -
MacLeod Aerodrome, Alberta.

We have already had correspondence with Mr. C.A. Patterson, War Assets Corporation, No. 4 Temporary Building, Ottawa, with reference to securing this building.

We were under the impression that there would be no charge for it. It is our intention to use the building for a barn at one of our residential schools which recently lost their barn by fire.

It is noted from your letter that the building will cost us \$367.60 and we are communicating with the Inspector of Indian Agencies for Alberta with a view to ascertaining if he considers the building is worth this amount for our purposes. As soon as his reply is received, we will advise you.

Yours sincerely,

Bernard F. Neary,
Supt. of Welfare & Training.

REPORT ON 10 H.P., DIESEL AT ST CYPRIANS SCHOOL
BROCKET ALBERTA

This Engine also needs check up once a year. This Engine will need a new Cylinder head in about a years time, providing engine is looked after and water is not allowed to get low in cooling tank and let Engine get over heated.

Water cooling tank should be replaced immediately as bottom of Tank is rotting and leaking pretty bad, "not dependable". Water jacket on cylinder should be cleaned out once a year on account of Heavy deposit of Lime corrossion caused by the water.

P.S. Shaft should be taken out and have Fly wheel trued up on shaft. Worn on account of being run with loose key. (Key in Engine now was not fitted, and is jammed in Key way.) J.A.Wilson.

Ottawa, April 3rd, 1947.

Mr. Anthony McMillan, Indian Agent,
Brocket, Alberta.

We have your voucher No. 58.

As you are probably aware, we keep separate files for all schools and consequently separate accounts should be submitted.

We are returning the account of \$55.08 for repairs at the hospital. You should prepare a new voucher for this amount and forward same to the Department as it is paid from the Medical Vote.

Bernard F. Neary,
Supt. of Welfare & Training.

116-4B-2.

Peigan Indian Agency
Brocket Alta.
March 12th 1947.

Indian Affairs Branch Dept of Mines & Resources Ottawa.

I beg to enclose herewith Voucher No
36A covering the wether stripping done on the *St. Cyrano*.
.....School a residential School on the Peigan
Reserve.

It will be noted that the original price
was for \$432.50 for each school, on the basis of Mr Palmer
checking the number of windows on the original plan, missing
out the windows in the rear wing which he shows on the
bills as extra work on each school.

The doors done were the outside doors,
from the corridors, and the Fire Escape doors, which were
very drafty, it was intended to do some work on these doors
but with the weather stripping, this will not be necessary.

The work was very well done, and the
principa; pf the above school was very enthusiastic as to
the type pf work done, and the final results.

The extra money expended has placed the
School in a position where the windows rattling and the dust
blowing in, during high winds is a thing of the past.

Anthony M. Mullan
Indian Agent.

~~TOP SECRET~~

Ottawa, May 22nd, 1947.

Mr. G.H. Gooderham, Inspector of Indian Agencies,
Calgary, Alberta.

With reference to your letter of the 20th instant, we decided it would not be advisable to purchase building No. 41 from the R.C.A.F. station, MacLeod.

No provision was made in the current year's appropriation for the funds necessary to erect a new barn this summer. However, if you wish to make a recommendation in the matter, giving an estimate of the cost, we will give your suggestions careful consideration.

Bernard F. Neary
Supt. of Welfare & Training.

116-4B-2

Peigan Indian Agency
Brockton Alta.
June 1st 1947.

G H Gooderham Esqr Inspector of Indian Agencies Calgary.

I beg to acknowledge receipt of your letter of the 26th ult File 116-4B-2 regarding the St Cyprian School barn, also the Building at Macleod Airport under the heading of building No 41.

I have noted the remarks, and concur, the Building not being suitable without a large expenditure being made on it; I have also noted the point of the necessity of the School having a Barn, and have made a sketch of the Floor plan approximately to the same size and space, as the old one.

In doing this I have made no effort to show a Front or side view of the barn, as the old one was built on the Hip roof type, which gave accommodation for 80 Tons of hay, I would more favor just a small loft, which could be filled weekly, and therefore at no time have the possibility of instantaneous combustion. The Barn is badly needed, and if it can be built this year it should be done, as the temporary accommodation will not suffice the next winter.

The question of the state of the cement floor if Iron cow stalls are going to be put in, would have to be checked by a man qualified to do so, as this cement took an awful licking from the heat, when the fire was at its worst.

Anthony McMillan

Re: Barn, St. Cyprian's Residential School, Peigan Reserve
Referring to your letter of May 22nd,
file 116-1-5 (WT 1).

It was a surprise to know that no provision was made in the current year's appropriation to erect a barn for this school. A barn is needed, and attached hereto is copy of a letter and sketch prepared by the Indian Agent. The sketch merely indicates the space that would be required: it does not indicate the type of barn that might be constructed.

It is our considered opinion that the barn should not have a loft, but that hay and roughage might be stored in stacks, or in a shed adjoining the barn. The construction would be simple and not so costly.

As you will, no doubt, have many plans of barns, no attempt will be made to submit an idea of what the construction would be.

As for cost, it would be a wild guess to say that it should not cost over \$5,000.00 fully equipped.

At your convenience, please advise what may be expected.

G. H. Gooderham,
Inspector of Indian Agencies,
Alberta Inspectorate.

June 2nd 1947.....19

Indian Affairs Branch, Dept of Mines & resources Ottawa

Sir,—

I beg to advise that this week I visited the St Cyprians Residential School with a view to checking over with Principal the necessary repairs to the above School.

As this will incur a very large expenditure I will be glad to receive your advice as to what can be done under the Estimates, and also if any further sum will be spent on the larger requests.

Some of the items are what would be classed Emergency repairs, while others come under the Estimates asked for every year.

The following are the items quoted by the Principal.

1. Chimney

The large chimney arising about 40 feet above the annex, was examined and it was found that numerous bricks are loosening up around the base, with some of them right out. Inspection of this chimney, especially the base should be made by some one who knows, and the necessary repairs made.

2. Painting.

I have been advised by the Principal that during last year he used with labor from the Staff approximately 26 gallons of paint for inside decoration, this paint being the property of the School, the Principal would like the value of the paint placed to the outside painting of the School Building. As quoted under the letter of the Sacred Heart School which is the same size, it would mean the purchase of at least 50 gallons Linseed Oil and 250 cans White Lead 25 lbs. There is no question that the schools should be repainted with window trim on the windows.

3. Dormitory.

The laying of the floor in the boys dormitory is badly needed and the cost will approximate \$400.00. This floor is badly rutted with the cuts made by the casters on the beds, and in some places the floor is worn right through. This is the boys dormitory the girls dormitory having been done.

4. Linoleum.

Battle ship linoleum is asked for the floors of the following room with the Yardage shown along side of the room, Boys Play Room 38 Yards, Girls Playroom 56 Yds Hall 28 Yards, Hallway 2. 40 yards, Dining Room 56 Yds a total of 268 sq Yards.

5. Lockers.

The Lockers in the Boys Dormitory are completely gone and will have to be replaced, this would mean two sides of the room with Boot Lockers, with cover for the seats.

6.

Items in last years Estimates according to available funds.

The Crash Panels in the Above school is now being done by the Principals Father in Law at a very small cost, and will be vouchered for when completed.

This School both the school and out-Buildings are badly in need of a coat of paint

Indian Affairs. (RG 10, Volume 6370, file 763-5, part 6)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

- 2 -

coat of paint, and I would like to have your opinion as to whether sufficient funds will be available, to do work of this kind as it will be necessary in next years estimates to include all the items brought forward in this letter.

I might state that today I have been advised of a change of Principals at this school, but I do not think that this will change the programme.

I will be glad to receive your authority of the amount allowed, and also whether other items will be taken care off, when I will get all the necessary figures prepared.

Dear Sir:

Further to our conversation this date. We quote an extract from a letter received from Rev. E. S. W. Cole, Principal, St. Cyprian's Indian Residential School, Brocket, Alberta, "I am wondering if your Administration would consider the following proposal, vis: The Indian School Administration erect a barn at a cost not to exceed \$5,000; the Government to repay the full cost of material, hauling and labour upon completion of building subsequent to their inspection and adherence to plans submitted beforehand."

The Administration passes this suggestion to your Branch for your further study and decision, please.

Yours very truly,

J. C. H. Forward

AIR MAIL

Ottawa, July 7th, 1947.

Mr. Anthony McMillan, Indian Agent,
Brockton, Alberta.

We received your letter of June 2nd with reference to repairs required at the St. Cyprian's Indian Residential School. In the current year's appropriation we provided an amount of \$800. for repairs and improvements and purchase of new equipment at this school.

Please let me know what requests of the principal we should consider, keeping in mind the amount available.

Bernard F. Neary
Supt. of Welfare & Training.

Memorandum:

DEPUTY MINISTER

Re: St. Cyprian's Indian Residential School,
Brocket, Alberta.

The above mentioned school is located in the Peigan Indian Agency and is operated under the auspices of the Church of England.

On October 23rd, 1946, the barn at this school was destroyed by fire. For the past few months we have been endeavouring to obtain a building from one of the airports or army camps in the vicinity but our efforts in this regard have been unsuccessful.

Reverend Canon Alderwood, Secretary of the M.S.C.C., interviewed Departmental officials recently and urged that the new barn be built immediately. Canon Alderwood states that he could arrange to erect a suitable barn at a cost not exceeding \$5,000.

Owing to conditions over which we have no control, our proposed building plans for the current year are proceeding very slowly and as a result there will be a considerable amount of money unexpended in the sub-allotment "Construction of Buildings and Works".

Re: Barn, St. Cyprian's Residential School,
Peigan Reserve.

Referring to my letter of June 3rd re the above. The Rev. Principal, Mr. Cole, was in this office today and is anxious to know if anything is planned to replace the barn at St. Cyprian's school.

It is possible that the school authorities can arrange for the building of this barn. Which ever course is followed, certainly something will have to be done soon in order to have this building immediately constructed in time for the fall and winter, as it is badly needed.

Your airmail instructions would be appreciated.

FILED

Ottawa, July 15th, 1947.

Dear Canon Alderwood:-

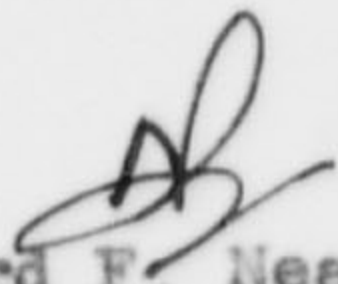

In a letter dated June 18th, Mr. Forward wrote intimating that the principal of the St. Cyprian's Residential School was prepared to proceed with the erection of a new barn provided the cost was paid by the Department.

We have now received the approval of the Minister for the expenditure of an amount of \$4,995. for the erection of a new barn at the St. Cyprian's School.

Please have Mr. Cole forward a requisition for the materials required. They will be purchased through our Purchasing Branch and when they reach the school Mr. Cole can arrange for the erection of the barn.

It must be distinctly understood by all parties that the total amount which the Department will provide for materials and labour is \$4,995.00.

Yours sincerely,

Bernard F. Neary
Supt. of Welfare & Training.

Re: St. Cyprian's Residential School

Further to our letter of the 11th, Mr. Freeze, Public Works Architect, was kind enough to inspect the school and submit his report and a plan of what should be done. Attached hereto please find copy of his report and copy of the plan.

Please study the plan in conjunction with the report; you will find that it is clear to even a lay man. Mr. Freeze stated that it would require expert tradesmen to do all the work, except that of recapping the kitchen chimney, which can be done by any handy man. The roofing repairs should be done by people who specialize in doing roofing. It is not known here whether you can find any qualified person or concern closer than Lethbridge. Please locate the nearest and get an estimate of the cost of the work, then submit same direct to Ottawa, as the Supt. of Welfare & Training has been advised. It is fully expected that he will authorize this, as it is urgently needed and any delay will mean deterioration inside the building.

G. H. Gooderham,
Inspector of Indian Agencies,
Alberta Inspectorate.

Ref. B-69

Department of Public Works, Canada
Chief Architect's Branch,
415 - Public Building,
CALGARY, Alberta,
July 21, 1947.

Inspector of Indian Affairs,
507 Public Building,
CALGARY, Alberta.

Dear Sir:

Re: Peigan Reserve - Bocket, Alberta.

On Tuesday July 15 I visited Bocket and examined the Protestant/School Building and have now to report as follows:
Indian

- (1) Regarding the boiler chimney, this chimney is in no danger of toppling because of high winds and does not present any hazard to the life of the occupants of the building. However, at the point where the chimney emerges from the roof the boiler house attention should be given to the brickwork. First of all proper flashing and counter flashing should be installed, as shown on the accompanying drawing, marked detail "A". When the flashing and counter flashing has been installed the brickwork should be pointed out with cement, mortar or asphalt gum. This is properly a tinsmith and roofer's job and I would strongly urge that you have a qualified man do the work.
- (2) Regarding the kitchen chimney I would recommend that the loose bricks at the top be removed and that it be recapped with a concrete cap, in the manner shown in detail "B" attached.
- (3) Regarding the roof the main building I would suggest that
 - (a) New down pipe be installed from the three hoppers to the main waste, i.e. the horizontal pipes be renewed complete with roof receivers of an approved type, the minimum construction being as shown on detail "C" attached. In order to instal these receivers it will be necessary to remove the roofing for a distance of about 4 feet all round each receive and to replace it at the time the receiver is being installed. This work should also be done by an approved roofer.
 - (b) Around the flashings and parapets the roof has perished and the following treatment is necessary.

Scrape off the gravel back from the flashings for a distance of about 15 inches. Instal two ply of 15

Indian Affairs. (RG 10, Volume 6370, file 763-5, part 6)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

pound roofing felt, carried up underneath the galvanized iron flashing and out onto the roof, the felt to be solidly mopped to the existing roofing and solidly mopped between the piles. After the felt is in place regravels up to the flashing. This work should be done by an approved roofer.

- (4) I would recommend that the various actions mentioned above be carried out at the earliest possible date, and certainly during this summer. I feel that these are emergency repairs and that the public interest will suffer if the work is not put in hand.

I trust that this report will be of value to you. If there is anything else that I can do, do not hesitate to call on me.

(sgd.) D. A. Freeze,
District Resident Architect.

I beg to advise that I have seen the copy of the letter Rev Cole received from the M.S.C.O. also a letter from the Inspector quoting the authority granted the Principal to spend \$4995.00 on the erection of a new Barn.

I am assisting Mr Cole in trying to get this Barn built, but from the writing of the letter I would surmise that the School authorities have the building of the Barn as their concern, and the sum allotted was \$4775.00.

I will be glad to receive any instructions as to whether this Office will be responsible for the Vouchers covering the amount allowed.

Anthony McMillan
Indian Agent.

Ottawa, August 11th, 1947.

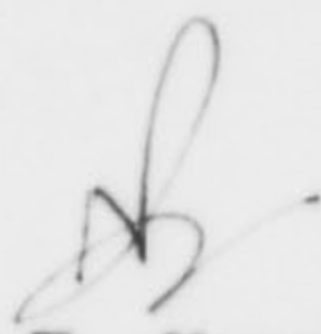

Dear Doctor Alderwood:-

With reference to my letter of July 15th regarding the erection of a new barn at the St. Cyprian's Residential School, we understand that Indian Agent McMillan is assisting Mr. Cole.

The accounts for the labour should be forwarded through Mr. McMillan's office and all requisitions for materials should also come forward in the same manner.

Incidentally, we have not received the requisitions for the materials required.

Yours sincerely,

Bernard F. Neary
Supt. of Welfare & Training.

TO DATE OF THIS LETTER

116-4B02

Indian Affairs Branch Dept of Mines & Resources Ottawa.

Sir,—

I beg to advise that I have spent considerable time with the Principal of the Anglican School re the work to be done on the Estimates, allowed him for this year \$800.00.

It would seem that with the shortage of Labor that nothing concrete can be arranged, and he has got his Father in Law to do considerable small jobs in the School, such as the Crash Doors, Lockers, cupboards, etc, this work has been done in a workman like manner, and is a very good job.

As this will mean considerable Vouchers and labor sheets, the following suggestion is made when we discussed the matter, and that is the that the following request be made which if allowed would take care of the Estimates, and at the same time refund the monies paid out, if this suggestion is carried out, then all the items of small repairs would be paid by the School from the proceeds of their Farm.

The two main items are as follows;

132
264
2754
100
Refrigerator. This was purchased and paid for by the School last year, and is now giving good service to the School it was purchased at the cost of \$456.00, and the receipt is available attached to the Voucher if authorized. To my mind if this is allowable, it would save considerable work, and the question of sorting out the little repair jobs would be done away with. If this is allowed may I be advised so that I may obtain the account and receipt.

Battleship Linoleum. The other request is for Battleship Linoleum, for the Boys and Girls play room and down stair toilets. This will be approximately 200 Lineal Feet, and should cost around \$ 240 00.

This would leave a little over \$100.00 for emergencies and could be left for that purpose.

The following are the small jobs done by Mr Channels Locker in Boys Playroom, Cupboards in Boys Play room, Repairing Lockers in Girls Play room, making cupboards in Girls playroom. Repairing Braed Mixer, Construction of Cupboard in Pantry. All this work has been done efficiently, and lumber or siding has been used of an old house at the school.

If the above suggestions are satisfactory I will be glad to receive the authority.

Anthony McMillan
Indian Agent.

Ottawa, August 27th, 1947.

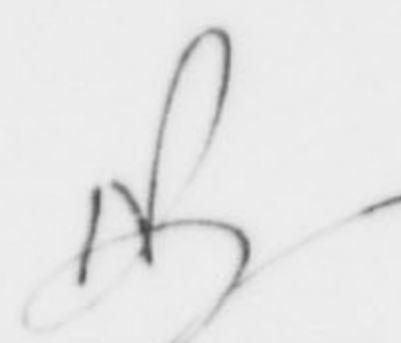

Mr. Anthony McMillan, Indian Agent,
Brockton, Alberta.

We have your letter of August 18th with reference to the St. Cyprian's Indian Residential School.

We note your suggestion that the Department pay for the refrigerator purchased by the school last year. Before payment can be made we would have to have the approval of the Departmental Purchasing Agent and approval is difficult to secure as all such purchases should be brought to Departmental attention before any purchase is made.

You should, therefore, forward the usual labour return forms in duplicate covering the expenditures incurred in making the repairs mentioned in the first part of your letter.

With reference to the linoleum, we are asking the Departmental Purchasing Agent to secure this but the cost will probably be more than the amount mentioned in your letter.

Bernard F. Neary
Supt. of Welfare & Training.

G. R. Turner

Colonel B. F. Neary,
Supt. of Welfare & Training,
Indian Affairs Branch,
Department of Mines & Resources,
Ottawa, Ontario.

Dear Colonel Neary: Re: Wabasca School Building

I have your letter of 25th September on the above subject and would advise that during the past week action has been taken to procure prices on materials for construction of this building.

When the matter was considered early in 1945, it was proposed to erect a $1\frac{1}{2}$ storey building 75' x 45' with full-sized basement partly above grade - the allocation of space to be

- (a) Basement Kitchen, Dining Room, Staff Dining Room, Play Room, Furnace Room, Stores and Fuel.
- (b) Main Floor Boys Dormitory, Girls Dormitory, Staff Living Room, Infirmary, Offices, Lavatories, etc.
- (c) Attic or Upper Half Storey General Storage

no action until further info received

The type of construction contemplated was solid masonry walls of local field stone for the basement, which would have a concrete floor. The walls of the main portion of the building were to be of logs obtained in the vicinity. The balance of the material required was to be finished lumber, doors, windows, cement gyproc, roofing, etc., shipped in from Edmonton.

Early in 1945, a bill of materials for a building as described above and an estimate of cost of the items not available locally at Wabasca were prepared for us by the W. H. Clark Lumber Co. Ltd. of Edmonton. However, in view of the general increase in prices since that time, we wrote them on 25th Sept. asking them to favour us with a revised estimate and

Indian Affairs. (RG 10, Volume 6370, file 763-5, part 6)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

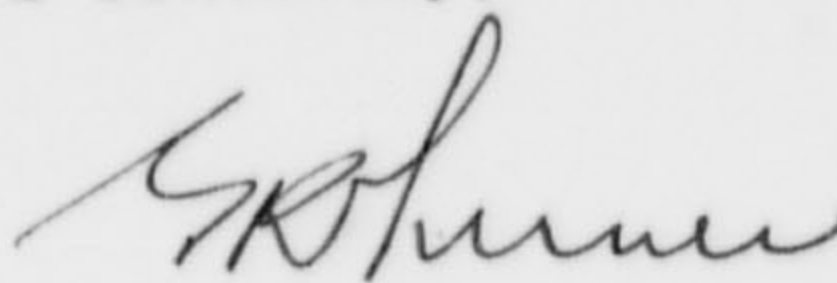

CANADA

also with an estimate of freight charges on this material from Edmonton to Slave Lake.

Also on 25th September we wrote (via air mail) the Principal at Wabasca asking if he could get a price locally for the supply of the necessary logs and their delivery to the site by the middle of March next. At the same time we asked him to report the approximate cost of procuring locally next spring the estimated 20 cords of field stone, 60 cubic yards of gravel and 30 cubic yards of sand required for the basement floor and walls.

As soon as replies are received to the inquiries indicated above, we should like to discuss the project with you in detail. We appreciate fully the need for early action in order to take advantage of the appropriation in your Departmental Estimates for the current fiscal year.

Yours sincerely,

G. R. Turner

Mr. P. N. Phelan,
Chief Training Division,
Indian Affairs Branch,
OTTAWA, Ontario.

Dear Sir:

Re: Mission House, Brocket, Alta.

As arranged by telephone on September 26th, I am sending you herewith a copy of a letter dated September 20th, 1947 from Rev. E.S.W. Cole, Principal of our school at Brocket. This is in reply to a letter written by my predecessor on September 12th, 1947 in which Mr. Cole was told that this office was taking up with you the question as to whether or not the plan authorized by your Branch in May, 1946 for moving and placing the house in first class order could now be proceeded with.

Apparently the estimated cost in May, 1946 was only \$1,250.00 compared to Mr. Cole's present estimated cost of \$3,000.00.

Will you please advise me whether you will be able to take any action towards reconditioning this building during the current financial year. We would like to see something done if it is at all possible.

We wired a week ago about an estimate for the barn at Brocket, and have hastened the Principal by wire again today.

Yours very truly,

G. R. Turner

102 Bank Street,
Ottawa, Ontario.

Dear Sir:

Mission House -- School

I acknowledge your letter d/12 Sept. with reference to the house and am glad to know you are taking this matter up at your office. Actually, it is much the better plan to put this house into shape but it will take a much greater sum of money than was first estimated of \$1,250. The house has been used to store grain, tractor fuel and turkeys. Unfortunately we had no alternative following the loss of the barn. The main timbers supporting the floor has given-way and due to the fact of our excavated basement caving in this has been filled.

In my opinion, about \$3,000. will be required now to make the house habitable.

Yours very truly,

(Sgd.) E.S.W. Cole
Principal.

The St. Cyprian Indian
Residential School
Brocket, Alta.,
29-9-47

Reverend Canon H. A. Alderwood, D.D.,
Superintendent, I.S.A.,
102 Bank Street, Ottawa.

Dear Dr. Alderwood: re Nightletter and Barn d/27.9.47

Name of carpenter: Mr. O. Playford. c/o Mr. W. D. Dyck.
Pincher Creek, Alta.

Wages:..... Skilled... \$1.25 per hr.
Labourer. 70¢ " "

Lumber:..... \$53.00 per 1000 ft.

(Note: Rough and ship-lap only, if
siding obtainable the price
of this may be slightly higher)

Nails:..... Owing to the fact that these cannot be
purchased in bulk lots, parcel must be
bought where obtainable and the price
can be up to 15¢ per lb. Shingle nails
25¢ per lb.

Shingles:..... No estimate as thus far necessary bundles
not available.

I am positive you will urge the Department to grant authority to proceed with this work. The year is late and the bad weather has already set-in. Unless an immediate start can be made we may have difficulty in keeping the ONLY carpenter we can find on the job. All statements, bills, wage sheets etc. etc. will be forwarded in triplicate to the Agent's office and will be paid by him, at least this is what I prefer. Due to the tremendous spurge in building and shortage of skilled hands we simply must accept this contract, even though a complete estimate cannot be submitted.

The measurement of the building is approx. 70' x 30' inside measurement, 12' studding and $\frac{1}{4}$ pitch roof.

I should have mentioned that lumber at \$53.00 per 1000' is cheap this year. The next lowest quoted three months ago was \$62.00 per 1000'.

Yours sincerely,

(signed)

Dear Sir: Re: Barn - Bocket

On 27th September under above file number I sent you a copy of a wire dated 26th September received from Rev. E. S. W. Cole, Principal of St. Cyprian's School at Bocket.

Following my discussion with you and Colonel Neary in the latter's office on 29th September, I despatched the following telegram to Mr. Cole:

"Telegram 26th barn discussed with Indian Affairs and following required. (a) Name and address of carpenter mentioned and his wage rate per hour. (b) Detailed bill of materials showing unit prices. Obtain above information from carpenter and forward airmail earliest possible date."

A reply dated 29th September, copy of which is enclosed, has just been received from the Principal.

I am not certain whether this reply gives sufficient information to permit you to authorize the early commencement of this work, but if you can see your way to doing so, it will be much appreciated by this Administration because the building is really needed very urgently.

Will you please let me know your decision or whether any further information is needed before you can reach a decision.

Yours very truly,

ATTENTION

October 4th, 1947

Major Gen. G. R. Turner

Mr. P. N. Phelan,
Chief Training Division,
Indian Affairs Branch,
Department of Mines & Resources,
Ottawa, Ont.

Dear Sir: Re: Estimates 1948-49, St. Cyprian's
Residential School, Brocket, Alta.

Following the recent conversation between you, Mr. Forward and myself, I asked the Principals of our various schools to consult with your Agents in their areas and then submit a list, in order of priority, of the major services required at their schools. Hereunder is the report from St. Cyprian's, Brocket, showing the Principal's classification as to urgency:

VERY URGENT

Re-flooring of boys dormitory 40' x 30'

The present flooring is patched with rough boards in places and is giving way in others.

Estimated cost, including labour - \$500.00

URGENT

(a) Re-painting exterior of School

The siding is now in a reasonable condition and painting as a preservative will prove economical in the long run.

Estimated cost (obtained some years ago and obviously higher now) \$900.00

(b) New Root-House

The present root-house was built 15 years ago. It was not well constructed at that time and now is unsafe besides being too small. A new structure 30' x 20' x 5' depth is suggested at an estimated cost of

\$450.00

Dear General Turner:

We have your letter of the 4th instant with reference to requirements at the St. Cyprian Indian Residential School.

The expenditures which you recommend will receive careful consideration when we are preparing our appropriation for the fiscal year 1948-49.

Yours sincerely,

Philip Phelan,
Chief, Training Division.

Major Gen. G. R. Turner

Mr. P. N. Phelan,
Chief Training Division,
Indian Affairs Branch,
Department of Mines & Resources,
Ottawa, Ont.

Dear Sir:

Re: Furniture, St. Cyprian's School,
Brocket, Alberta.

The Principal of the above school reports that the staff sitting room is badly in need of furniture and he has requested that one complete chesterfield suite be supplied at a cost of approximately \$200.00. He suggests that it be purchased from either Eaton's or the Hudson's Bay Company where a 10% discount could be obtained.

As this is a Government-owned school for which, I understand, you are prepared to procure essential furniture, will you please advise me whether or not you can purchase this furniture from your appropriations for the current year. If you can do so, the Principal will be asked for catalogue number, or particulars, so that the articles secured by your Purchasing Agent may be of the type, colour, etc. to satisfy the Principal.

Yours truly,

G. R. Turner

Dear General Turner:

With reference to your letter of the 4th instant regarding additional furniture for the St. Cyprian's Indian Residential School, the Principal should request the Indian Agent to forward a requisition for a Chesterfield suite. He should state definitely the type of suite required and quote a catalogue number from either Eaton's or the Hudson's Bay Company. We note from your letter that the set can probably be obtained for less than \$200.00.

Yours truly,

Philip Phelan,
Chief, Training Division.

Ottawa, October 27, 1947.

Memorandum:

DEPARTMENTAL PURCHASING AGENT

I attach the following accounts for material purchased in connection with the erection of a barn at the St. Cyprian's Residential School.

Voucher No. 223 - \$1,157.59 - Castel River Saw Mill.

Voucher No. 224 - \$ 518.30 - Beaver Lumber Co.

We have authorized the erection of a barn to replace one destroyed by fire last winter. The barn is being built under the direction of the school management. Approval for the expenditure was authorized by the Acting Minister in reply to our memorandum of July 5th, 1947.

Please issue purchase orders so that the accounts may be paid. Coding is as follows:

I beg to advise further to the new barn being built at the St Cyprians School, I would report that the building is now nearing completion, with the rafters up for a hip roof, and boarded in on both sides of roof and shingled partially on one side.

With the detail I have in my book for accounts sent in I find that there is hope of finishing the building with a slight credit balance.

The work to date looks very creditable for the amount of money spent, and although not finished off as good as the old barn, is the same size, and looks well braced.

One point I have been questioned on is whether when completed, there will be any funds allowed for the painting of this Barn, at the present the limit is \$4995.00.

I would like to have the Branch's opinion as to whether there is a possibility of funds for this purpose being made available.

ATTENTION

Major Gen. G. R. Turner

Mr. P. N. Phelan,
Chief, Training Division,
Indian Affairs Branch,
Department of Mines & Resources,
Ottawa, Ontario.

Dear Mr. Phelan:

Kitchen Stoves -
St. Cyprian Anglican Indian
Residential School, Brocket, Alta.

Below is a self-explanatory extract from a letter,
dated 27th October, from the Principal of the above school.

"Having an eye for economy, I have suggested to our Department of Indian Affairs servants that the 'white elephant' kitchen range, similar to many found in institutions, be scrapped and in place we have two ordinary kitchen stoves. I believe fuel saved in one year would more than pay for household size stoves. During the long summer months we must perforce pour the coal in our stove to cook for four or five staff members. Many afternoons during school sessions one stove would suffice. We must use on an average 200 lbs. of coal in one day in one kitchen range. The installation of two smaller kitchen stoves would at least fulfil one recommendation suggested by Miss McCready, the Dietitian, and this is, provision of more working space."

Can you do anything from this year's funds to provide the two new stoves recommended and, if so, do you want us to give you details for your Purchasing Agent, or will you get your Agent to submit them to you?

Yours truly,

G. R. Turner

Attention Mr. P. Phelan:

St. Cyprian Indian Residential School
Requisition November 5, 1947.
Your file 116-1-5

Item (1) 1 only book-case number 41 with sliding glass doors.

We have tried to secure this from several suppliers including the Moyer School Supplies of Edmonton but have not been successful. We can, however, get the following as a substitute:

1 Book-case section 9" high, 32 1/2" wide, 10" deep ✓
1 " " 11" " " " " "
1 " " 13" " " " " "

All inside measurements.

1 Top Section
1 Base Section

Item (2) 1 only book-case number 42 with panelled doors.

This item we can secure from Moyer School Supplies of Edmonton at \$51.25.

Please advise on item 1.

Very truly yours,

W. M. Vincent,
Departmental Purchasing Agent.

EX'D.
M

Ottawa, December 16, 1947.

Mr. Anthony McMillan, Indian Agent,
Brocket, Alberta.

The Department finds it necessary to return your voucher No. 265. We were under the impression from previous correspondence from the principal that carpenters and other laborers would be employed and the advance was sent so that you could pay those employed weekly.

[Handwritten: MP]

It now appears that either the principal or yourself obtained a contract from O. Playford, Esq. We will have to have a copy of this contract and a detailed account showing in what manner the amount of \$500. was reached.

It is also noted that cheque for the balance of \$500. is to be sent to the Royal Bank of Canada. Before we can do this we will have to have a Power of Attorney from Mr. Playford and I enclose the necessary forms for this purpose.

Rev. E. S. W. Cole
Brockton, Alberta

Dear Sir, - In regards to your letter of Oct. 23 about the price of those two kegs of nails we sent you. Those two kegs of nails were American nails weighing 125 (one hundred & twenty five lbs) per keg. So $250 \text{ lbs} \times 15 \text{ cent. a lb. comes to } \37.50 plus 75 cent education tax making a total of $\$38.25$, as our statement stated.

Hoping this clarifies matters, we remain

DEPARTMENTAL PURCHASING AGENT

Re: St. Cyprians Indian Residential School.

I attach two accounts, one for \$113.48 and the other for \$117.28 covering the cost of materials purchased in connection with the erection of a new barn at the above mentioned school.

Authority for the erection of this barn was requested in our memorandum of July 5, 1947 and was approved by the Acting Minister, Hon. C.D. Howe.

Please issue purchase order so that these accounts may be paid. The coding is as follows:

[Handwritten signature]
Peigan Indian Agency
Brocket Alta.
December 17th 1947

Indian Affairs Branch Dept of mines & Resources Ottawa.

I beg to advise that with the payment of the enclosed Vouchers, the amount allowed for the building of St Cyprians School Barn will have been used up, and the total of the Vouchers sent in total \$4995.00.

I am enclosing with the Vouchers a complete statement showing the number of the Voucher and the amount;

It will be noted in making the last Voucher that the sum of \$115.30 had to be taken of the Total to keep the cost within the money allowed. In this connection the Principal of the School has left over from the purchases made, shingles, nails, roofing paper, and cement, which would be useful for me in the building and repairing of Indian homes, and I would ask that permission be granted for me to take over his surplus and Voucher against the money allowed me to assist in building the homes for the aged and Destitute Indians.

All of the items he has surplus can be usefully used in the repairing of the Indian homes.

I will be glad to have your instructions re my request.

Anthony McMillan
Indian agent.

Indian Affairs Branch Dept of Mines & Resources Ottawa.

I beg to advise that on a recent inspection of St Cyprians School it was noted that the Batteries were failing, and would not hold the charge; As every year up till now we have had a visit from the Globelite representative, who usually makes a report direct to the Department, we have been expecting him to call. However he has not done so and as these Batteries have been in use for Seven and one half years I feel that this should be taken care of right away.

The report last year when the other school was taken care of, was that the batteries at St Cyprians were in fair shape, and would carry one more year without risk of going down completely. It is now over a year since inspection.

May I have your instructions, or acknowledgement that this matter is being taken care off.

Anthony McMillan
Indian Agent.

The Repairs to Night Watchman's Clock.

Yesterday the Principal of St Cyprians School came to the Office re the Night Watchmans clock, which is out of order and re which he had been in correpondence with the Chicago Watch Clock Division, re having a replacement while getting their clock repaired.

I find that the Customs at Lethbridge will not release the replacement until Duty of \$11.80 is paid, and as this clock to my belief is the Property of the Indian Affairs Branch I feel before I take this clock out I should get your advice as to whether we are dutiable, or whether the Branch knos of a place in Canada where this clock can be repaired, before I accept the customs notice.

May I have a reply by return.
According to the information on the clock this should have been sent away for cleaning in 1937.

Anthony D. McMillan
Superintendent.

Indian Affairs. (RG 10, Volume 6370, file 763-5, part 7)

AIR MAIL

December 8th, 1949.

Mr. A. McMillan,
Superintendent, Indian Agency,
Brocket, Alberta.

Re: St. Cyprian's Indian Residential
School. Your File 116-18-1

With reference to the repairs to the night watchman's clock at the above school, it is regretted that your letter is not clear to us.

It might be inferred from the first part of the second paragraph of your letter that the clock had already been sent to the United States for repairs, and on its return the clock was being held at the Customs Office at Lethbridge for payment of duty in the amount of \$11.80.

In the latter portion of the second paragraph, you ask if there is any place in Canada where the clock can be repaired. Please clarify the matter for us.

Can the Principal state the approximate date on which this clock was obtained by this school. We require this information before we can make a review of our file to ascertain if it was purchased by the Department or by the school management.

Re St Cyprians Indian Residential School.
Your File 763-5 (E1)

Further to your letter of the 8th inst regarding my letter re the repairs of the Night Watchmans clock.

What did happen the Principal wrote to Chicago Watchmans Clock Co, asking for a clock to replace the one they had in use at the School, which they intended to send there as soon as the replacement arrived. When the replacement arrived he was advised by Customs at Lethbridge that the duty on the Clock being sent for replacement was \$11.80.

He then came to me, and brought the clock for repair with him and that is when I wrote you, regarding the Duty on the clock for temporary replacement, which will be returned to Chicago when the original clock has been repaired and returned.

The remark in the latter portion of the second paragraph re whether the clock could be repaired in Canada was so if that was possible the replacement would be sent back.

The ownership of this clock is Department, and Vouchers 86 and 87 for \$38.59, and \$15.20 respectively sent forward on September 25th 1946 were paid by the Department. There has been three changes of Principals since then, and they would not know at present where the Clock came from.

May I have authority to pay the Duty, and also have the clock repaired, so that we will have the Clock in shape to have the Night Watchman punch it according to the rules governing the Night Watchman's duties.

Anthony J. Mullan
Superintendent.

Dept of Mines & Resources
Ottawa.

I have received two letters from the Alberta Government Telephone Company in regard to Telephones for Brockton District, on receipt of the first letter I wrote them for further enlightenment on what they had in mind, and have received their reply.

They claim that the line from Brockton to the two Indian Schools is a private line, according to their records, and have stated they wish to rebuild the whole line, this would be a matter of eight miles, and the cost would be \$4364.00 and have requested me to contact the Department to find out if they would be prepared to bear the cost of rebuilding.

On receipt of your answer I will advise A.G.T. Company of your decision.

Mr. A. McMillan,
Superintendent, Indian Agency,
Brocket, Alberta.

Re: Sacred Heart and St. Cyprian's
Indian Residential Schools.
Your File 116-22-5

With reference to your letter of the 14th ultimo, funds have not been provided for replacing the telephone line to the St. Cyprian's and Sacred Heart Residential Schools. We would appreciate it if you would send us copies of the letters which you have received from the Alberta Government Telephone Company.

Is there any special reason why the Alberta Government Telephone Company apparently consider it necessary to replace the telephone line at the present time.

In reply to your letter of the 29th ult
File 763-5 (E1) re the account of the Cahoon Lumber yard for
\$292.50 which you have sent back for information.

Purchase order No 265 for \$165.00 was issued
on the basis of the original bid on the Sacred Heart School, however
on delivery of the Moulding, and with the Contractor on the job it
was found that the Moulding was useless on the St Cyprians School
job, and I phoned the Cahoon Lumber Co for the cost of the Back
band Moulding, and he over the phone advised me that it would be
\$127.50 approximately \$50.00 than the original, and I wired for
instructions re the \$50.00 and got the authority, so that the
contractor could go to work immediately.

Later However I received his bill which showed
that the moulding for the St Cyprian's school was \$210.00, and in
talking to me over the phone he had at that time deducted the return
of 3000 feet of moulding at \$82.50 when quoting the sum of \$127.50.

It took me some time to satisfy my self re the
final account when sent in, as I could not see the extra, but when
I found that the original shipment had been charged and the replacement
charged and half of the original allowed credited I saw it was correct.

I regret that this error was made, as if the
account had been sent by letter I would have requested the extra
\$82.50 authority at the time of the wire.

I am returning the account, and hope the above
explanation is satisfactory, as I have been making an effort lately
to have everything authorized before send the Vouchers in.

Memorandum:

DEPARTMENTAL PURCHASING AGENT

Re: Purchase Order 46570

The above Purchase Order covers the purchase of 6000 lineal feet of Back Band moulding for the St. Cyprian and Sacred Heart Residential Schools.

On completing the work it was discovered that half of the back moulding was not required but what was required was 3000 lineal feet of Rabbitted casing and 3000 lineal feet of Back Band moulding.

It would be appreciated if the Purchase Order could be increased to \$292.50 in order that the attached account can be paid. The coding is as follows:

ALBERTA GOVERNMENT TELEPHONES

COPY

Lethbridge, Alberta,
November 28th, 1949.

Mr Anthony McMillan,
Superintendent,
Peigan Indian Agency,
Brocket, Alberta.

Dear Sir:-

Re: X-Line 24 - Pincher Creek (Brockett)

We wish to acknowledge receipt of your favor of the 19th instant, your file II6-22-5, and would advise that the price quoted, \$4,364.00, covers the estimated cost of rebuilding the 8 miles only of pole line running south and east ~~of~~ from Brockett across the Reserve.

This line is privately owned, according to our records and we would much appreciate it if you would ascertain through Ottawa if the Department of Indian Affairs would be prepared to bear the cost of the rebuilding.

Thanking you,

Yours very truly,

ALBERTA GOVERNMENT TELEPHONES

Signed T.C. Bradshaw

BROCKET? Alberta.

Dear Sir:

Re: X-Line #24 - Pincher Creek

According to advise received from the Engineering Department Alberta Government Telephones, The pole line serving the Village of Brocket and the Indian agency south of Brocket has deteriorated to a point where they are no longer capable of maintaining service and they advise that this portion of the line should be replaced.

The estimated cost of rebuilding this pole line is \$4,364.00 and since this line is privately we would much appreciate it if you would advise if the department of Indian Affairs would be prepared to bear the cost of rebuilding said line.

Your advise at your convenience will be much appreciated.

Yours very truly,

In reply to your letter of the 5th inst
File 763-5 (E1) re the Telephone lines to the two Residential Schools
and am enclosing herewith copies of the two letters I have received
from the Alberta Government telephones re this line.

In regard to the School lines, they are not in
the best of condition, with poles a little of line and a few broken
poles to be fixed at times, but it has been found that when our line
is in shape, that the school lines are always satisfactory.

I do think at this time, that is a large amount
of money to expend on these lines, as we are not getting from their
lines any better service that the schools are getting.

Anthony M. Gullane
Superintendent.

Requisition No.

Order No.

To The Departmental Purchasing Agent, Ottawa,

PLEASE FURNISH THE FOLLOWING SUPPLIES FOR USE OF St. Cyprian's Indian Residential
School.VOTE 516 PRIMARY 12 OBJECT 415 DATE REQUIRED at onceSHIP TO Mr. A. McMillan, Superintendent, Indian Agency, Brocket, Alta.MAIL INVOICES TO Mr. A. McMillan, Superintendent, Indian Agency,
Brocket, Alta.Purpose for which required Laundry, St. Cyprian's Indian Res. School #763.

QUANTITY		UNIT PRICE	TOTAL
1	electric washer <i>P.O. 57927</i>		
1	electric ironer. <i>P.O. 57926</i>		
<i>} 27/6</i>			
NOTE: In connection with the above, I attach a letter dated Nov. 26, 1949, received by Supt. McMillan from Washer Sales & Service, Lethbridge, Alta. The equipment mentioned in this letter is apparently suitable for this school, which has an authorized pupilage of 60. The equipment on which they quote is made by Beatty Household Appliances. The reason for the letter showing prices for 2 washers and 2 ironers, is due to the fact that we wish to order the same equipment for the Sacred Heart Res. School. We also attach a letter received by Supt. McMillan from Stanley Brock, Ltd. Presumably, the equipment on which they quote is larger than is necessary at these 2 schools. When placing the order the firm should be notified that we wish the equipment delivered before March 31, in order that			

payment can be made from the current year's appropriation.
I hereby certify that I have personal knowledge that all the above articles are required in the Department and for Departmental purposes only. The expenditure required by this requisition is strictly unavoidable and the public interest will suffer if it is not made.

OTTAWA

8867

February 7, 1950.

Colonel B. F. Neary,
Supt. of Indian Education,
Indian Affairs Branch,
Dept. of Mines & Resources,
Ottawa, Ontario.

Dear Colonel Neary:

Re: Snow Clearance, Brocket

In reference to the account for \$50 submitted
by Superintendent A. McMillan on January 24th, 1950.

When we received the account the following
questions were asked of the Principal and the following answers
received.

Question (a) When you "inquired in mid December about having
your road opened and the snow blade was sent"
was it attached to an Indian Affairs Tractor or
Sacred Heart Tractor or a hired tractor?

Answer (a) The snow blade was attached to the Sacred Heart
Tractor.

Question (b) About what date was the bull-dozer used for
which the account of \$50.00 has been submitted?

Answer (b) Date of Thursday January 19th, 1950 (Evening).

Question (c) Have you ever asked McMillan to let you have
the snow plow blade for use with your own
tractor and, if so, what was his reply?

Answer (c) No. Soon after the middle of December the snow
was too deep to clear with a light tractor.

The following information is also pertinent.

When Principal Woods enquired about use of the
snow blade (mid-December) it was sent to a point $\frac{1}{2}$ a mile from
the school and has never been used by St. Cyprian's.

The Principal did not ask that the road be
opened at the time for which the bill of \$50 is submitted. He
claimed that there was no thaw forecast and that the road was
completely blocked again within three days of its being cleared.

- 2 -

Under the circumstances as related above I feel the responsibility for payment of the account is not I.S.A's.

Recently - on January 27th - the same bull-dozer (owned by Aebli & Corrigan, Pincher Creek) cleared out the road at the mistake of the hired operator who had instructions to clear the road to the Sacred Heart School.

Yours faithfully,

Henry G. Cook.

HGC/PAL

Ottawa.

Dear Canon Cook:

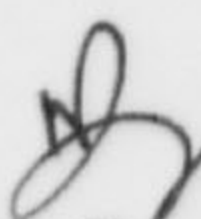

Re: St. Cyprian's Indian
Residential School.
Your File Pgn-2

I am in receipt of your letter of the 7th instant in connection with the expense incurred in clearing snow from the road leading to the above school.

Work of this nature has always been considered the responsibility of the school management, and consequently, we will not be able to pay the amount requested.

Early last year we supplied a snow plow to clear the roads to both schools, but by doing so it was only to assist the management, and as stated above, it is not our intention to assume the full responsibility for keeping the roads to the schools clear.

Yours sincerely,

Bernard F. Neary,
Supt. of Indian Education

Dept. of Citizenship & Immigration,
Ottawa, Ontario.

Dear Colonel Neary:

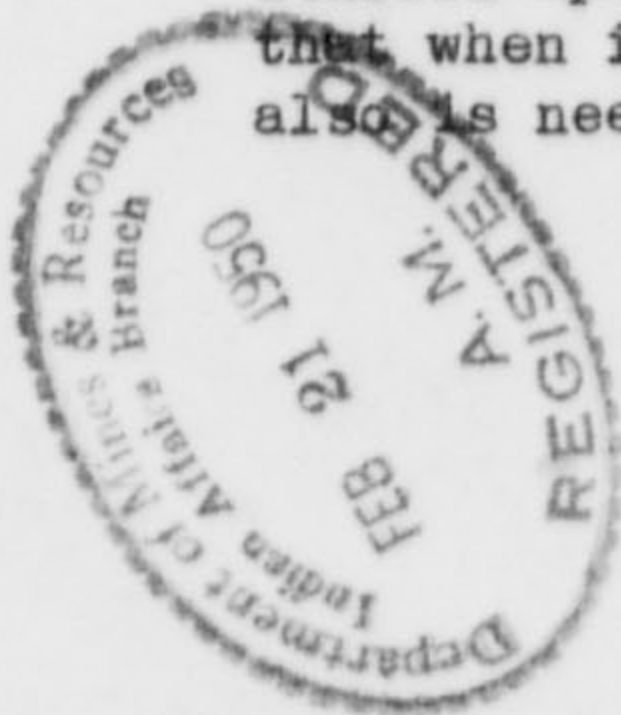

Re: St. Cyprian's Indian
Residential School,
Your File 763-5(EI)

Referring to the last paragraph
of your letter of 18th February, we must point out
that -

- (a) The plow supplied is far too light to
compete with snowfalls such as experienced
this winter.
- (b) The joint use of such a machine, even if
it were heavy enough, is not a practical
proposition from the standpoint of phy-
sical transfer of it between the two
schools apart altogether from the fact
that when it is needed by one school it
also is needed by the other.

Yours truly,

Henry G. Cook

Alberta Government Telephones.

Edmonton Alberta
February 9th 1950.

Mr S. Mc Millan
Superintendent
Peigan Indian Agency
Brocket Alta.

Dear Mr Mc Millan.

Re Pincher Creek - Brockets X Line.

Referring to previous Correspondence in connection with the above and your letter of January 30th, File 116-8-12.

As previously advised, the telephone running from Brockets to your Indian Agency, a distance of some eight miles, is owned by the Dominion Government; this is an extension of our line serving Brockets out of Pincher Creek. The condition of the Dominion Government owned section has become such that something must be done about it, as it is adversely affecting the service on our portion serving Brockets, which is properly maintained. It would not make matter so much if trouble on your section only affected that portion of the line, but when it reflects back on our own line and subscribers service, then you will appreciate it becomes serious.

We therefore, have no alternative than to respectfully notify you that if we do not hear within 60 days, advising that this matter is going to be taken care of by the Dominion Government instructions will be issued to disconnect your portion of the line from ours at Brockets.

We are prepared to build the line at a cost already quoted, but would much prefer that the Dominion Government do it themselves, as we actually have more work than we can handle, of our own, without doing custom work.

Trust that you will be able to make the necessary arrangements so that we will not be obliged to interrupt your telephone service.

Yours very truly

Thos Spalding
General Commercial Superintendent.

After advising the Alberta Government
Telephones, that we had not the funds available to pay for the replace-
ment of the line mentioned in their letter, I have received the
following letter, a copy of which I am forwarding to you for your
answer to their threat.

I might state that they quote the
line to the Indian Agency, this is not the line in question, the
line to this Agency being the same as the rest of Brocket, the line
which needs replacing, is the line running to the Residential Schools,
which goes East of the Indian Agency to the Sacred Heart School, with
a cut off going south to the St Cyprians School.

Further to my letter of the 14th February with enclosure, and my Night lettergram of today's date, I received a call from the Alberta Government Telephones Lethbridge enquiring as to what action we are going to take in connection with the line to the Residential Schools, as the time they gave us for doing something was almost up, and they had not received any word.

I told them I had forwarded to my Branch a copy of the letter from the Head Office, and thought that this would be handled direct from Ottawa with Edmonton, however he advised me that Edmonton had not received any reply from you. As the cutting off of the School lines will entail them considerable inconvenience, may I be instructed whether you will write Edmonton direct, or advise what answer you wish me to give to the Telephone Co, as to what is going to be done.

Memorandum:DEPUTY MINISTER

Re: St. Cyprian Indian Residential School,
Sacred Heart Indian Residential School

These two schools are located in the Peigan Indian Agency, Province of Alberta, electoral district of Macleod.

Indian Superintendent McMillan forwarded to us a few weeks ago, a copy of a letter he received from the Alberta Government Telephones regarding the telephone line to the above two schools. The company claim that the condition of this section of the telephone line has become such that something must be done about it immediately. The company further state that it would not matter so much if the trouble on our section of the line only affected that particular portion, but the trouble reflects back on the line of the Alberta Government Telephones and their subscribers are complaining.

We have not yet secured a firm price on replacing the line, but it has been estimated by the Alberta Government Telephones that the approximate cost of rebuilding this pole line is \$4,364.00.

The attendance at both the schools mentioned is approximately 113, and for medical and other reasons, it is most desirable that they have telephone service. It is our intention to include in the Supplementary Estimates an amount to cover the cost of replacing the present telephone line.

B. F. Neary, Esq.
Superintendent of Education,
Indian Affairs Branch,
Department of Citizenship and Immigration,
OTTAWA.

Re: Telephone Lines - Sacred Heart & St. Cyprian's
Residential School, Peigan Agency.

This office received a copy of Superintendent McMillan's letter to you of February 14th dealing with a telephone line that connects the system at Brocket with the two residential schools on the Peigan Reserve. Although we have no further correspondence on file I took the matter up with Superintendent McMillan on my recent visit to his Agency and he showed me your wire of April 19th in which you stated that you were submitting his letter to the Minister, as no funds had been specifically provided in the 1950/51 appropriation to rebuild the telephone lines.

We have just concluded a search of Commissioner Graham's file and we have found that these two lines were erected in 1927 and 1928. Correspondence indicates that the Department's share in the cost at that time was \$300.00 per school. This apparently provided all the materials needed to complete the installation and approximately \$185.00 left over from the Department's contribution was used to pay at least part of the cost of labour required to install the service. It is assumed that the schools themselves took care of any additional costs involved, if there were any. Our files make no mention of this except that the total of \$600.00 was to have been the only contribution made by the Department towards the cost of installation.

Mr. McMillan informed me that if the Alberta Government Telephones reconstruct these lines for us, the cost would exceed \$4,000.00. I considered this excessive, therefore, I interviewed Mr. J. Boorman, the local manager of the Alberta Government Telephones at Macleod in which I found that at the outset the poles would have to be replaced over a distance of 8 miles, requiring from 30 to 32 poles per mile with a minimum height each of 20 feet. Not only would these poles be expensive but they are a type which only the Alberta Government Telephones can supply. In addition to this the wire would have to be checked and if not replaced, certainly splices would have to be made in many places. Also involved is the installing of insulation and side blocks requiring expensive materials and the services of qualified servicemen. I conclude that even if we could obtain all necessary materials, it would be doubtful if we could effect any appreciable saving over the price quoted by Alberta Government Telephones.

Indian Affairs. (RG 10, Volume 6370, file 763-5, part 7)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

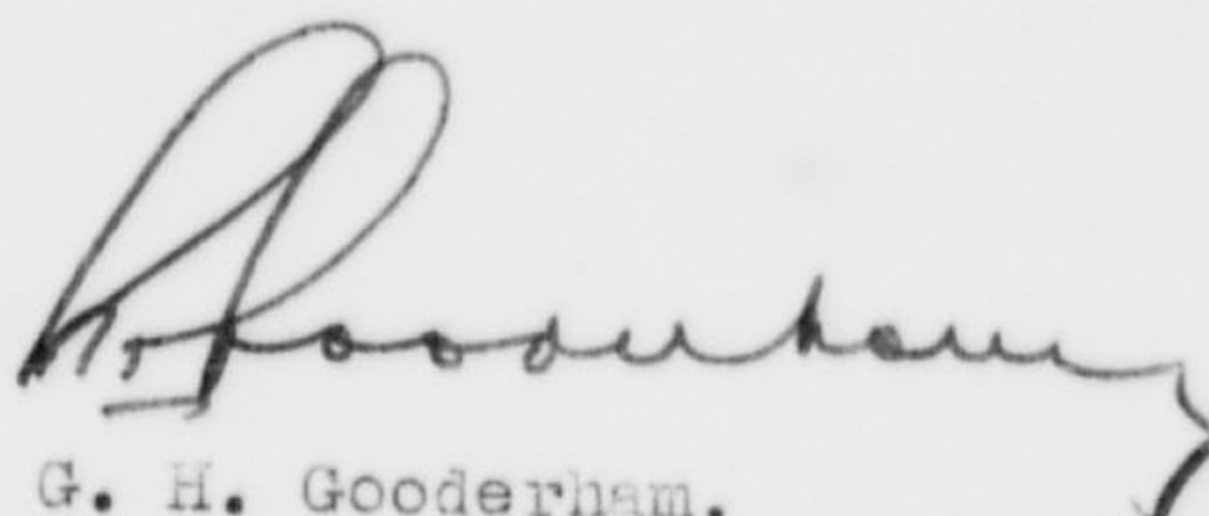

CANADA

B. F. Neary

I do not think there is any point in endeavouring to establish whether or not telephone service to these schools is required. The service was considered necessary in 1927 and can be considered just as much a necessity today. Since the poor condition of these telephone lines is causing a serious disruption of service in the whole system in the Brocket area, Alberta Government Telephones want an early reply. If we decide to not place the lines in good condition, they will disconnect this portion of the system.

Re: Telephone Line - Sacred Heart and
St. Cyprian Residential Schools
Your File 116/8-12

With reference to your letter of April 21st we have received previous correspondence from Superintendent McMillan, and we have just received authority to include the amount required to replace the line in the Supplementary Estimates. It is hoped that the item will be allowed, and if so, the construction of the new line can be started.

The price quoted by Mr. McMillan was \$4,364.00. We considered this high, but in view of the information contained in the third paragraph of your letter, it appears that it will not be possible to secure a much lower price.

Funds will not be available for a few weeks, and in the meantime, you might obtain a definite quotation from the Alberta Government Telephones.

Re: St. Cyprian's Residential School, Peigan Indian Reserve

During an inspection of this school on the 20th, the Principal stated that it was nearly impossible to keep the west end of the building warm during the winter months. Considerable has been done during the past three years to make this building more weather-proof; all windows were weather-stripped in 1948, and in 1949 it was covered with insul-brick. There is some additional work to be done on the insul-brick as the contractor had not fully finished this job when the weather became very cold.

quote
The winds from the west and south-west are terrible in this District, and the day I visited, it could be felt on the inside of the west wall at many points. The Reverend Mr. Woods stated that during the winter it was actually freezing inside the west wall when the east wall of the building was too hot. Would it not be good business to have an engineer inspect the heating plant and make the necessary corrections? There are no Indian Affairs field officials capable of making this inspection, and there certainly is no one on the school staff.

25/50
25/50
The girls' basement washroom is at the west end of this building and I marvel that all the pipes had not burst for the plaster walls are broken and there is nothing to prevent the wind and cold getting in. Much the same condition is evident in the pupils' dining room. These walls must be repaired, and I don't recommend that they be plastered again. Some good hard composition board, with insulation behind it, should replace this plaster. If money is available, kindly advise and Superintendent McMillan will obtain tenders.

give me must be made
This institution needs an electric ironer (mangle). The laundry is small and the pupils who should be in class spend hours with the flat irons.

There are 57 children on the roll, and I was satisfied that Mr. Woods and his staff are trying to run a reasonably good school. This cannot be expected unless the building is properly equipped and in good physical condition. It was noted that some pupils were working in the kitchen and the laundry, when they should be in school, and no doubt they could be in class if there was more modern equipment.

This residential school, like many others, must carry on for years, unless the Day school programme is speeded up. I, therefore hope that serious consideration can be given to the requests.

Re: St. Cyprian's Indian
Residential School.
Your File 116/6-1-2

We are in receipt of your letter of the 25th ultimo with reference to the above school. It is noted that you state there is some additional work to be done on the insul-brick as the contractor had not fully finished the job when the weather turned very cold.

In this connection, I would point out that we received from Superintendent McMillan, a letter dated October 15th, 1949, reading as follows:

"I am in receipt of your letter of the 5th instant re the insul bricking on the two residential schools of this Agency. I wish to report that the St. Cyprian's school has now been completed, and the contractor is preparing to do the Sacred Heart school as soon as he has completed the hospital building which should be the beginning of next week. The work done on the St. Cyprian school shows up very well, and should make the building warmer."

On the strength of this communication we paid the contractor in full, according to the terms of his tender for insul bricking the St. Cyprian School.

We were subsequently informed that he did not complete the insul bricking of the Sacred Heart School, and

....2

Indian Affairs. (RG 10, Volume 6370, file 763-5, part 7)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

consequently, we withheld part of the payment due him until the work was completed. It would appear from the Superintendent's letter that any additional work in connection with the insul bricking of the St. Cyprian school should be done by the contractor without cost to the Department.

With regard to the request for an electric ironer, please let us know the size of ironer required, and to facilitate the purchase you should quote a catalogue number.

We are requesting the Department of Resources and Development to make an inspection of the building in order to ascertain what repairs can be made to remedy the condition mentioned in the second and third paragraphs of your letter.

Re: St. Cyprian Indian Residential School
Your file 763-5 (E1) May 1st

Assuming that you did not do so, I am sending a copy of
your letter to Mr. McMillan.

With regard to the electric ironer, after we wrote you
on the 25th ultimo, we received a telephone call from Stanley
Brock Company, Calgary, in which they asked for information re-
garding the laundry equipment needed at the St. Cyprian and
Sacred Heart Schools. They had been asked by their Winnipeg
office to obtain this information. We could, therefore, only
assume that the Purchasing Agent had probably been asked to call
for quotations in view of the fact that these items had been
placed in the 1950-51 estimates.

The Calgary office of Stanley Brock Company states that
the type of ironer they recommend is a 56" Canada Simplex Master
electrically heated ironer. It has no catalogue number, but
the Company assures us that it would not be too large for this
school.

Memorandum:

DEPARTMENTAL PURCHASING AGENT

Re: Requisition March 8, Laundry Machinery,
Sacred Heart Indian Residential School.
Requisition February 11, Laundry Machinery,
St. Cyprian's Indian Residential School.

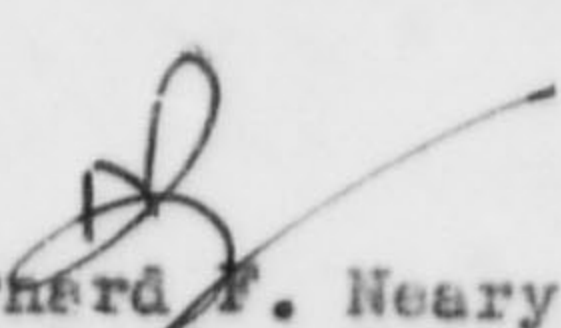

We have received the following telegram from
Superintendent McMillan:

C
"Re telegrams May 2nd and 9th, no high
pressure boilers in school.
Ironer will have to be electric at both
schools on DC current.
St. Cyprian can carry on with present
machine, but Sacred Heart needs washing
machine replaced.
High pressure at both schools limit 15 lbs.
Traveller unable to get to schools owing to
road conditions, and I have no idea of trade
in value."

In a letter dated May 5th which has just reached
us, Regional Supervisor Gooderham writes in part as
follows:

"The Calgary office of Stanley Brock Company
states that the type of ironer they recommend
is a 56" Canada Simplex Master electrically
heated ironer. It has no catalogue number,
but the company assures us that it would not
be too large for this school."

ALBERTA GOVERNMENT TELEPHONES

Edmonton, Alberta,
May 9th, 1950.

Mr. G.H. Gooderham,
Regional Supervisor of Indian Agencies,
507 Public Building,
Calgary, Alberta.

Dear Mr. Gooderham:

Pincher Creek - Bocket X-Line

This will acknowledge your letter of May 4, your file 116/8-12 in connection with the above.

Quite frankly we feel that we should not be asked to postpone action in this matter. It would not make any difference to us what condition the Dominion Government's portion of this line was in except that it is an extension of our line and troubles on your section reflect on ours with resulting deterioration in the service to our subscribers, which is something you will appreciate we cannot give them any excuse for when the remedy is in our own hands.

The condition of this line was drawn to the attention of your agent at Bocket in October last year, at which time we advised him that the cost of rebuilding would be \$4364. Finally, in January of this year we received a very curt communication from him of three lines advising that there were no funds available for the work, no suggestion was made to the effect that the matter was being given further consideration or anything of that kind, simply no funds and that was that. We of course, after receipt of this letter had no alternative than to take a serious view of the matter as our subscribers' service was definitely being adversely affected by the condition of this line.

In the event that finally authority is received to rebuild the line we would prefer that you arrange to do it yourselves as we are not particularly anxious to undertake any custom work, as our hands are more than full trying to take care of telephone needs today. However, if you cannot arrange to have it done by others than us we will do our best to help you out. We will delay any further action in this matter for 60 days to give you an opportunity to go into the matter further, except that at any time your section develops trouble that seriously interferes with our subscribers we reserve the right to immediately and without any hesitation disconnect your portion.

We trust that this will meet your requirements at least for the time being.

Yours truly,

Thos. Spalding

Re: Telephone Line - Sacred Heart & St. Cyprian's
Residential Schools
Your file 763 - 5 (E 1) dated April 26

On receipt of your letter, we wrote to the Alberta Government Telephones stating that an item was being placed in the Supplementary Estimates to rebuild this line, and requesting that the Company continue service until the work could be completed.

I am attaching a copy of a reply received from Mr. Thomas Spalding, General Commercial Superintendent, which is self-explanatory, although not very encouraging.

I am sending a copy of this letter to Mr. McMillan. He is being instructed to endeavour to obtain a quotation from some other source, although frankly I must say that this might be impossible. As an alternative, he should try to get a quotation on the poles and arrive at the cost of digging the holes and setting these poles in place. If this portion of the work is done we may be able to persuade the Alberta Government Telephones to carry out the technical part of the job.

In the meantime it is hoped that the item in the Supplementary Estimates will be allowed.

In connection with the Insull Brick work on the Indian Residential Schools, I wish to advise that at both schools it was necessary to ~~install~~ purchase 2 Kegs of Nails, for each school to nail down the drop siding which was loose and would not hold the Insull brick.

May I have the authority to Voucher for these nails which cost \$16.00 per keg, a total of \$64.00.

The Contractor did not charge any more for this work and his Contract will be the same amount, therefore the labor for this work, is not going to be charged.

C/c to Regional Supervisor.

B F Neary Esqr
Supt of Indian Education.
Indian Affairs Branch
Ottawa.

While the Chimney Sweeper was cleaning out the St Cyprian School chimney, he found that further to a few bricks at the bottom of the chimney being loose, the chimney was cracked all of the lower portion, as shown in his sketch.

A further check of the base of this chimney showed that it was rotted well in to the centre. he also advised me that on windy days that this chimney would sway almost 1 foot each way.

I am enclosing his report also his sketch of where the trouble is, and his bid to put this chimney in A.1 shape.

As this chimney if it falls will hit the main building of the school, as our south west winds are most prevalent and strong, I wish to place this report before you before any accident occurs.

If a qualified Engineer can be sent down to look this chimney over it will save a number of officials a considerable amount of worry.

no bid

Re: Telephone Line to Residential Schools,
Peigan Indian Agency.

Your file 763-5 (E.1).

Further to correspondence and messages, I instructed Superintendent McMillan to contact responsible Alberta Government Telephone officials to pass on all old poles which Contractor Cameron would creosote and reset under his alternative tender of \$2,080.00. I considered this necessary as the manager of the district of which this pole line forms a part, reported that no poles were fit for further use.

In company with Mr. Cameron, Mr. McMillan saw the manager at Macleod, who in turn directed him to his superior at Lethbridge, who also refused to make a decision and referred him to Mr. Thos. Spalding, General Commercial Superintendent at Edmonton. Mr. McMillan wrote to Mr. Spalding and his reply has not yet been received.

I considered this procedure necessary so that there will be no avenue left open for the telephone company to refuse service at some future date. I don't know what the reply will be from Mr. Spalding but by using the old poles a saving of \$1,150.00 is effected and should be considered.

In the final analysis, will not the decision rest with our Branch. If we are assured that the poles are sound and then properly creosoted and set, would we not be justified in accepting Mr. Cameron's lower tender?

You should receive this letter as early as a wire can reach you after hearing from Mr. Spalding and then be in a position to make a decision and wire instructions.

Extract from letter dated May 11th from Superintendent McMillan re ST. CYPRIAN'S RESIDENTIAL SCHOOL. Original on File 759-5.

St. Cyprian's School The washing machine in this school is in condition and is capable of the work that is necessary at the school.

Hot Water Tank This school has a hot water heater, heated by a jacket heater, so does not need anything under this heading.

Ironer This school also needs an Ironer, which will have to be electric, as the boiler carries the same steam pressure limit as the other school.

This covers the laundry equipment necessary at the Residential Schools, but I would like to draw to your attention in connection with the Ironers, that the Lister Bruston Engines in each school are 110 DC these Engines have to handle pumping of water, lighting, and refrigeration, and if the Ironers have to be run on them, I would like you have your Engineer decide whether these Engines will carry the load of the Ironers you are prepared to purchase. The running of the Ironers will approximate four hours per day for three days each week.

I trust this will give you all the information you require, and would add that the washing machine of ordinary size for the Sacred Heart School will have to be equipped with a motor.

Dear Colonel Neary:

Re: St. Cyprian's Residential
School, Brocket, Alberta.

Some time ago our Principal reported to the Agency Superintendent at Brocket the fact that the base of the brick smoke stack at his school was showing signs of structural weakness and in need of attention. I believe Mr. McMillan has examined it himself.

If the Agency Superintendent has not reported this condition to you I'd appreciate very much your office looking into the matter. It would be more convenient to everyone concerned if any necessary repairs could be administered while the children are out of school.

Yours faithfully,

Henry G Cook

Memorandum:DEPUTY MINISTER

Re: St. Cyprian Indian Residential School
Sacred Heart Indian Residential School
Peigan Indian Agency, Province of
Alberta, Electoral District of Macleod.

I desire to refer you to my memorandum of April 20th, 1950, which is attached. In that memorandum it was stated that the approximate cost of building a telephone line would be \$4,364.00.

Regional Supervisor G.H. Gooderham has now forwarded to us a tender from J.H. Cameron, Brocket, Alberta, in an amount of \$2,080.00 to reset and creosote old poles and renew 20 poles as well as complete all technical work to restore the telephone line.

Mr. Gooderham states that Mr. Cameron is the only contractor who was prepared to give us a quotation on this work. The Alberta Government Telephones have agreed that the repair job mentioned above will be satisfactory as far as they are concerned.

I, therefore, recommend for the Minister's approval acceptance of the tender of J.H. Cameron in an amount of \$2,080.00 to repair the telephone line from the above schools.

Recommended

Director.

Re: Telephone Line to Residential Schools,
Peigan Agency.

Your file 763-5 (E1).

On receipt of yours of the 2nd Superintendent McMillan was contacted. He has endeavoured to find someone besides Mr. Cameron to quote on this work but has not succeeded in locating anyone.

It is ^{not} expected that he will succeed; Mr. Cameron operates a sawmill and has access to timber where he can get poles. He also lives on the surrendered part of the reserve and is therefore close to the job and fully familiar with it.

Time is an essence and since the Provincial Government has submitted an offer to do the work, it is hoped that the offer of Mr. Cameron can be accepted. I am satisfied no better offer would be made even if someone ^{else} was found to do so.

Since that an overhead is above stack no broken
 stack is broke off at roof all way round.
 This chimney is unsafe for use.
 Should be repaired as soon as possible.

Indian Affairs. (RG 10, Volume 6370, file 763-5, part 7)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

This stack is unsafe for use, it may blow down anytime, if this should happen it will go right through the middle of the school. This stack can be repaired by running a high glazed tile linning inside, and cement same to outer wall, this tile is two feet long and fits to-gether, then we fill in with wire and pour cement in to fill in, this makes the stack very solid.

The price of building a new stack would cost about \$3500.00 Thirty Five Hundred Dollars.

The cost of repairing the ~~same~~ same stack would cost about \$1650.00 Sixteen Hundred and Fifty Dollars.

And the repair job is as good as a new stack you would not have to worry about it falling down.

I would advise the repair job to a new stack, as we do both.

I am sending you a copy of the stack so you can see what the trouble is, it has started to mushroom at the bottom and has started to split.

I have been inside of this stack and have seen the cracks. I have ~~xxx~~ advised the Agent Mr. McMillan at Brocket of the danger of this stack falling.

Yours truly,
Walter Williams,
Southern Alberta Chimney Sweeps.

Sacred Heart Indian Residential School

These two schools are located in the Peigan Indian Agency, Province of Alberta, electoral district of Macleod.

Indian Superintendent McMillan forwarded to us a few weeks ago, a copy of a letter he received from the Alberta Government Telephones regarding the telephone line to the above two schools. The company claim that the condition of this section of the telephone line has become such that something must be done about it immediately. The company further state that it would not matter so much if the trouble on our section of the line only affected that particular portion, but the trouble reflects back on the line of the Alberta Government Telephones and their subscribers are complaining.

We have not yet secured a firm price on replacing the line, but it has been estimated by the Alberta Government Telephones that the approximate cost of rebuilding this pole line is \$4,364.00.

The attendance at both the schools mentioned is approximately 113, and for medical and other reasons, it is most desirable that they have telephone service. It is our intention to include in the Supplementary Estimates an amount to cover the cost of replacing the present telephone line.

✓ Memorandum

DEPUTY MINISTER

Re: St. Cyprian Indian Residential School
Sacred Heart Indian Residential School
Peigan Indian Agency, Province of
Alberta, Electoral District of Macleod.

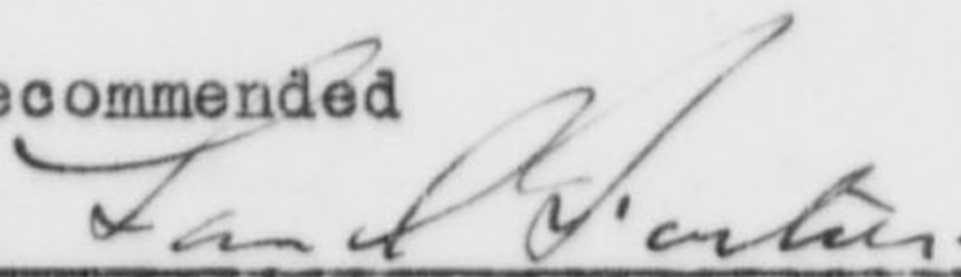

I desire to refer you to my memorandum of April 20th, 1950, which is attached. In that memorandum it was stated that the approximate cost of building a telephone line would be \$4,364.00.

Regional Supervisor G.H. Gooderham has now forwarded to us a tender from J.H. Cameron, Brocket, Alberta, in an amount of \$2,080.00 to reset and creosote old poles and renew 20 poles as well as complete all technical work to restore the telephone line.

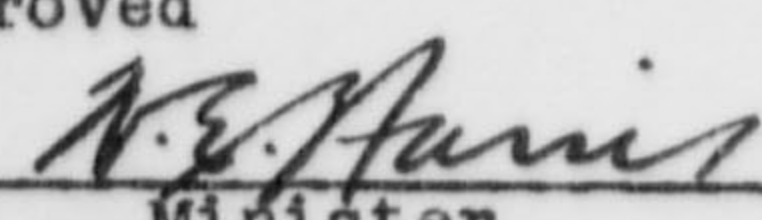

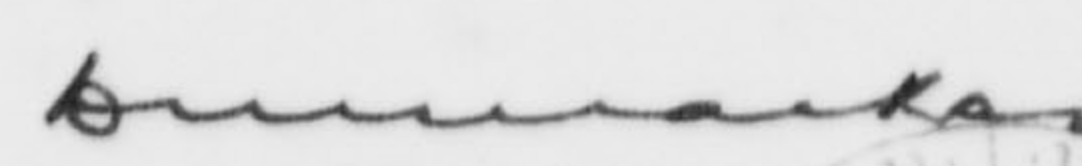

Mr. Gooderham states that Mr. Cameron is the only contractor who was prepared to give us a quotation on this work. The Alberta Government Telephones have agreed that the repair job mentioned above will be satisfactory as far as they are concerned.

I, therefore, recommend for the Minister's approval acceptance of the tender of J.H. Cameron in an amount of \$2,080.00 to repair the telephone line from the above schools.

102 BANK STREET

OTTAWA

July 4, 1950.

Colonel B. F. Neary,
Supt. of Indian Education,
Indian Affairs Branch,
Dept. of Citizenship & Immigration,
Ottawa, Ontario.

Dear Colonel Neary:

Re: Anglican Indian Residential School
Brocket, Alberta.

In a letter written July first Principal Woods reports that after a hailstorm on that date the melting hailstones on the roof of the school created quite a flood in the building. This flooding after snow or rain is no new experience at St. Cyprian's and has been reported to the Agency Superintendent a number of times. Requisitions for roofing and pipes have been placed also but apparently they get no farther than the superintendent's office desk.

Dr. Stone was on visit to the school at the time of the hailstorm and I understand from the Principal that he (Dr. Stone) is submitting a report on his observations to the Regional Supervisor of Agencies, Calgary. What Mr. Gooderhams action will be I know not but the situation is a critical one; to the building itself and to the health of children and staff. Sewer gas repeatedly backs up and permeates the building with an unsavory odour which is proof that something is wrong with the septic tank.

A few extracts from Principal Woods letter will give you an idea of what conditions are like:

"DRAIN Pipes: when the hail was thawing on the roof the water gushed out of the split and corroded pipes, again (for the second time) flooded the boys dormitory - a stream, like a creek came down the stair way to the basement. That is nothing unusual, it occurs every time there is a heavy shower. The dormitory floor does not hold water consequently it poured through into the Senior Class room and into the Staff rooms, running down the electric light equipment. In spite of catching as much as possible with wash tubs, boilers and pails and scooping it up with dustpans, etc, still it came through in the staff sitting room. Our Chapel was spared and consequently our apartment was protected. This was because we had detected the sewer gases coming through the roof

....2

Indian Affairs. (RG 10, Volume 6370, file 763-5, part 7)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

drain pipes in the girls dormitory and Irwin and I had found these pipes to be corroded - through and then packed the split with putty and wrapped flannelet sheeting around the split pipes, this checked the force of water coming into that dormitory; fortunately the girls supervisor was on the job and worked desperately to prevent the bed being soaked and water going through the floor. Apparently we must get more putty and sheeting and wrap more pipes. For years the pipe over the Boys Supervisor's room has been split and wrapped. Today the chief offending pipe was over the entrance to the boys dormitory. I am pleased to report that I had invited Dr. Stone -- Regional Supervisor of Health Services -- to come for consultations, I brought him out from Brocket and the hail commenced as he entered the School. I called him up stairs to see for himself how the roof water gushes out of the pipes. After helping the few staff members to scoop-up and mop floors I returned to the apartment, there I found Dr. Stone writing a report on the interial deluge; upon finding that he was reporting it to the local Agent I commented that that would lay on his desk with my requisitions and sundry estimates for roofing and pipe estimates, he then wrote another report to the Regional Supervisor of Agencies, Calgary. I trust you will convey the urgency of this matter to the Indian Affairs Branch. It is not reasonable to expect the staff to remain here another week, and be flooded out, and with the sewer gases backing up into the children's dormitory, and the rain water coming onto their beds. Neither is it reasonable to have them back while the Principal is responsible for their health. I understand, for ten years the roof has leaked and estimates have been going into the Indian Affairs Branch. For four or five years these pipes have been spilling water in the dormitories. Although I have made requisition regarding the sceptic tank and these pipes and urged contractors and the Agent to get things moving, I find that to yesterdays date nothing was further than the estimate stage in the local office."

I look upon this situation as an emergency and trust that Indian Affairs Branch will take immediate action.

Yours faithfully,

Henry G Cook.

Dear Canon Cook:

Re: St. Cyprian's Residential School
Your File No. Pgn.-2

We are in receipt of your letter of July 4th with reference to the above building. Previous to receipt of your letter we were advised by Superintendent McMillan what repairs were necessary to this building, and today we have received the following signal from Regional Supervisor Gooderham:

"Re St. Cyprian's School fully report on necessary repairs and replacements together with tradesmen's offers to make them being submitted through this office by McMillan to reach you with our comments July 10th. Replacement drainage pipe should receive priority and McMillan endeavouring to get competitive bids immediately. Kindly await our report."

As soon as Mr. Gooderham's report with quotations is received, it will have immediate attention.

Yours sincerely,

Bernard F. Neary,
Supt. of Indian Education

your file 763-5 (E)

Attention: Superintendent of Education.

With further reference to your letter of June 2nd, regarding the chimney at the above school, I am now attaching copy of a letter received from the Bird Construction Company, in which they too report on the hazardous condition of this chimney, and in which they quote a price of \$2250.00 for the complete demolition and rebuilding of the chimney. They are also prepared to do the work on a cost plus 10% basis.

A copy of this letter is being sent to Mr. McMillan and we shall await your instructions.

G. H. Gooderham,
Regional Supervisor of Indian Agencies.

Mr. G.H. Gooderham,
Dept. of Mines and Resources,
507 Public Bldg.,
Calgary, Alta.

Dear Sir:

We regret the delay that has resulted in replying to your letter dated June 7 but we were awaiting a report from Jahrig Brothers who are brick laying contractors in Lethbridge and this report has just been received today. Jahrig Brothers advise that they have checked the chimney at the St. Cyprian Indian School and they suggest that the existing chimney be demolished to a point 2' below the breech and that the entire chimney be rebuilt from that point with new material. While they could not closely estimate the cost of doing this work, they were prepared to quote a total maximum guarantee cost of \$2250.00 for the complete demolition and rebuilding of the chimney on the existing base; alternatively they would carry out this work on a cost plus 10% basis using the above figure as a maximum guarantee.

While we realize that you were primarily interested in a report on the condition of this chimney, we pass on the above quotation for your guidance. Jahrig Brothers suggested that we point out to yourselves the precarious state of the existing chimney. The condition that it is in at the present time makes it a very serious hazard since it is apparent that the complete structure is held in place by guy wires alone. We trust that you may find this information of some use and thank you for your inquiry.

Yours truly,

BIRD CONSTRUCTION CO. LTD.

SHEET METAL and ROOFING CONTRACTORS

Calgary, Alberta

May 2, 1950.

Mr. A. MacMillan,
Department of Indian Affairs,
Brockton, Alta.,

Dear sir:

In accordance with your request, we take pleasure in quoting you the following prices for re-roofing two schools at Brockton, Alberta,

Sacred Heart and Cyprian Schools

20 year, bonded, built up asphalt roof	\$3385.00
15 year, bonded, built up asphalt roof.	3026.00
20 year, bonded, tar and gravel roof.	3780.00
15 year, bonded, tar and gravel roof.	3288.00

All the above prices include tearing off old roof, carting away the debris and leaving the premises clean and tidy. Applying the type of roof as specified, according to the bonding inspector's instructions, installing metal eavestrip and wall flashings to a completed job. Installing metal caps for plumbers vents, where lead flashing is split. These prices are for both schools in each instance.

Any plumbing repairs to the drains would be extra and above the quoted prices, but, we would be pleased to arrange with a plumber to be on the job at the time of the re-roofing and take care of his charge in our billing to save separate charges.

We also call your attention to the cracked and broken glass in the skylights, on which it was impossible for us to quote a price, but, we would be pleased to replace these, while on the job, at an extra charge.

We trust that these prices will meet with your approval and that we may be favored with your order.

F. NEILSON & SON,

Per. *H. J. Neilson* m.

INDIAN AGENT'S OFFICE

Peigan Indian Agency,
Brocket, Alberta.

July 5th 1950

IN YOUR REPLY REFER TO
No. **II6/6-I-2(753)**

ALSO

TO DATE OF THIS LETTER

G. M. Gooderham, Esqr.,
Regional Supervisor of Indian Agencies,
507 Public Building,
Calgary, Alberta.

Reference your last visit when you inspected St Cyprian Residential School and we went over the necessary work needed. I have tried to get bids and yesterday received from Mr Osterberg from Lethbridge who built the Peigan Day School, a bid for the bulk work considered necessary to repair the interior of the above school and wish to report as follows;
Girls Wash Room - This bid is according as to what we figured to do although plaster is being used instead of some types of wall board.

Dining Room - This is the same as above.

Pantry - Just a very small item.

Laundry - I do not remember having decided to do all this work in the laundry that is placed in his bid, or the skylock. The new outside door was brought to our attention as was the entrance hall and stairway. Also repairing the south corner post of the sun porch a small item and should be done. We did not at the ~~time~~ discuss the new floor in the boys dormitory or the fir ply base in the hall where the burlap wainscoting is worn out.

Boys Wash Room - This place is in quite a mess and should be taken care of, in both the boys and the girls wash rooms much expense is being caused by the removal of wash basins and tanks so plastering can be done behind them, and then the basins and tanks being replaced. It will be noted that Mr Osterberg bid on this work ~~is~~ \$388.00, as you are well aware of the state of these rooms I would very much appreciate if you would report on what you would consider necessary to be done at present.

Roofs - In the early spring I was able to receive two quotations from a Calgary and Lethbridge firms, bids on bonded roofs as per their Tenders enclosed with this letter. I doubt whether the Dept, will have funds to go ahead with this work, but if funds are available would recommend acceptance of this work from whichever Tender the Dept would find satisfactory.

Plumbing - With considerable leakage of water from heavy rains and a odor returning from septic tank through the pipes which go through the roof, I and Mr Pearson inspected the school and checked what was necessary to make this so that no odor or leakage could come down these pipes. His report showed that these pipes were perforated and rusted with holes in them. Dr Stone on his visit to this Agency last week end was visiting the above ~~school~~ school when a severe rain storm accompanied by hail hit this ~~district~~ district, he left me a personal letter advising me that water was running down the staircase and that the odor coming into the school was terrible, and suggested that I take action immediately to have this work done. I immediately night lettered B.F. Neary, Esqr, advising of this emergency and quoting Mr Pearsons bid asking for authority by return, a copy of night letter as follows; B.F. Neary, Esqr, Indian Affairs Branch, July 3rd, 1950.

RE ST CYPRIAN SCHOOL / RAIN WATER PIPES PERFORATED AND RUSTED AWAY. REPLACEMENT NECESSARY AT ONCE AS SEWER GAS PASSES THROUGH THESE AND DURING HEAVY STORMS PIPES LEAK ALL OVER UPPER FLOOR OF SCHOOL. DR. STONE WHILE ON AVISIT RAN INTO HEAVY RAIN AT SCHOOL AND AS MEDICAL OFFICER ADVISES REPAIR WORK TO BE DONE IMMEDIATELY OR BEFORE SCHOOL TERM OPENS. PLUMBER NOW ON WATER SUPPLY AT AGENCY HOSPITAL AND SCHOOL AND AVAILABLE TO DO THIS WORK IMMEDIATELY. THIS IS AN EMERGENCY / continued next page-

Indian Affairs. (RG 10, Volume 6370, file 763-5, part 7)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

Page 2.

continuation of night letter;
AND AUTHORITY FOR PEARSONS BID OF \$825.00 IS REQUESTED BY RETURN.
Signed,
A. McMillan, Supt.

At the same time Mr Pearson bid \$145.00 for new grates and repairs to the steam heating boiler at a cost of \$145.00, the cost also quoted for supplying new grates for a domestic hot water heater for \$65.00 was also ~~xx~~ received as was a telephone bid of \$125.00 to cover the cleaning out of the sceptic tank. Mr Pearson recommends that if any priority is given to the school work it should be the roof pipes where the sewer gas is escaping.

I received this bid from Mr Pearson on June 7th and was awaiting a bid from Mr Osterberg who was to obtain a bid from a Lethbridge plumber, however when the bid arrived he only bid on a small portion of the necessary work and Mr Osterberg was not prepared to make any changes in the bid and recommended we go ahead with Mr Pearson.

I have tried to cover this school thoroughly as to what is necessary as you are well aware as to what state this school was in, I would be glad if you would write an accompanying letter or ~~xxxx~~ report with my letter recommending what you consider is absolutely necessary if funds are low.

AM/JRA

Attn: Superintendent of Education

Re: St. Cyprian Indian Residential School
Your file 763-5

Further to recent letters and wires re repairing and replacement required on the St. Cyprian Residential School, attached hereto is a copy of a report, with tradesmen's offers submitted by Superintendent McMillan.

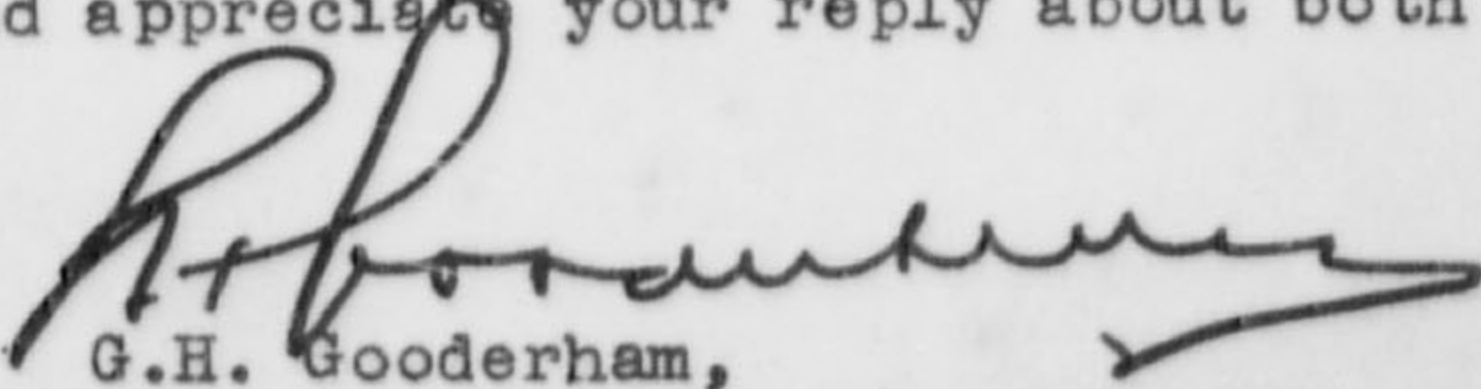

On April 25th I reported to you on an inspection made at this school. Owing to the limited time at our disposal, this was very hurried, but it was noted that the plaster in the basement rooms was in a terrible condition and should be replaced with something more substantial. I did not inspect the floors in the boys' auditorium. These floors have been in use for many years and are bound to be in poor condition, but replacement is not an absolute necessity.

It will be noted that the only contractor who has submitted a bid, Mr. Osterberg, has not submitted an itemized tender. A bid of \$2388.00 therefore, appears to be high. Furthermore, it is to be noted that he proposes to use cement plaster in replacing the existing plaster. I am not competent to state that this is the right thing to do, nor to pass judgment on his quotation. Mr. Osterberg erected the Day school and appears to be a conscientious, capable workman and I believe Mr. McMillan will have difficulty in getting a competitive offer.

The replacement or repair to the roof and down pipes which are leaking badly and allowing sewer gas to escape throughout the building is Number One. The replacement or repair of the roof Number Two and the wall repairs in the basement third.

To carry out the entire program would cost over \$6000.00, based on the present offers. The physical condition of this school is not good and sooner or later this expenditure must be made. If money is available now, it is recommended that a competent engineer inspect it and call for definite type of work to be done. If this cannot be done right away, the down pipes in the school should be replaced immediately and other replacements follow in due course of time. However, all of it should be done during the summer holidays.

I am also writing in respect to the physical condition of the Sacred Heart School, and would appreciate your reply about both schools as soon as possible.

G.H. Gooderham,
Regional Supervisor of Indian Agencies.

GHG/10
Atts.

P.S. Re: Building of large chimney stack - imperative add at least \$2000.00, making total \$8000.00.

Ottawa, Ontario.

Dear Colonel Neary:

Paints and Varnish
St. Cyprian's Anglican Indian School,
Brocket, Alberta.

The Principal of the above school reports that in March last he submitted a formal requisition to your local agent for a supply of paint and varnish for classrooms, kitchen, children's dining room, etc, with the intention of having the painting and varnishing done by the school staff during the present summer holidays. He further reports that your local agent informed him that he sent the requisition to Ottawa but that no authorization for purchase had been received up to 13th July, 1950.

local purchase
It will be appreciated if you can expedite the authorization of this purchase so that the paint and varnish can be applied before the children return for next term. Obviously it is much easier to do this work when the children are away and the staff comparatively free than to defer it until school re-opens.

Will you please let us know what action you propose.

Yours truly,

Henry G. Cook
Henry G. Cook,
Superintendent.

Re: St. Cyprian Residential School

With reply to your letter July 24, file 116/6-1 (753) quoting copy of wire received from Col. Neary, I am enclosing bids from J.C. Edgar, Macleod, Alberta, and a bid I received from R. Osterberg, Lethbridge, which was later cancelled.

It would seem that numbers 1 and 3 of Edgar's bid would take care of the roof, but I am informed by Mr. Pearson that his bid was made to cover all emergencies that might show up and that the account if bid accepted, would only contain the necessary work done.

In considering the bids I would compare the work quoted in each bid before price.

You mentioned tenders for the roof, the two bids I have enclosed originally, one from Calgary and one from Lethbridge are the only satisfactory men in the business I have been able to contact.

A. McMillan, Superintendent

Re: St. Cyprian School

To supplying C.I. sewer pipe roof boxes with lead flashings
and labour to make water tight the rain water lead offs
Firm price - \$425.00

To clean out septic tank and renew broken cleanout in basement
aproximately - 75.00

The fire wall all around this building is badly in need of repair, as the gal. iron flashing does not come down on to the roof and the tar paper roofing around is all broken, allowing all rain or moisture to run down the walls. This should be repapered and tarred all around and then the galv. iron flashing brought down to protect the paper.

Thanking you, we remain,

Yours truly,

J.C. Edgar and Sons,

Per J.E. Edgar

ARCHIVES PUBLIQUES

CANADA

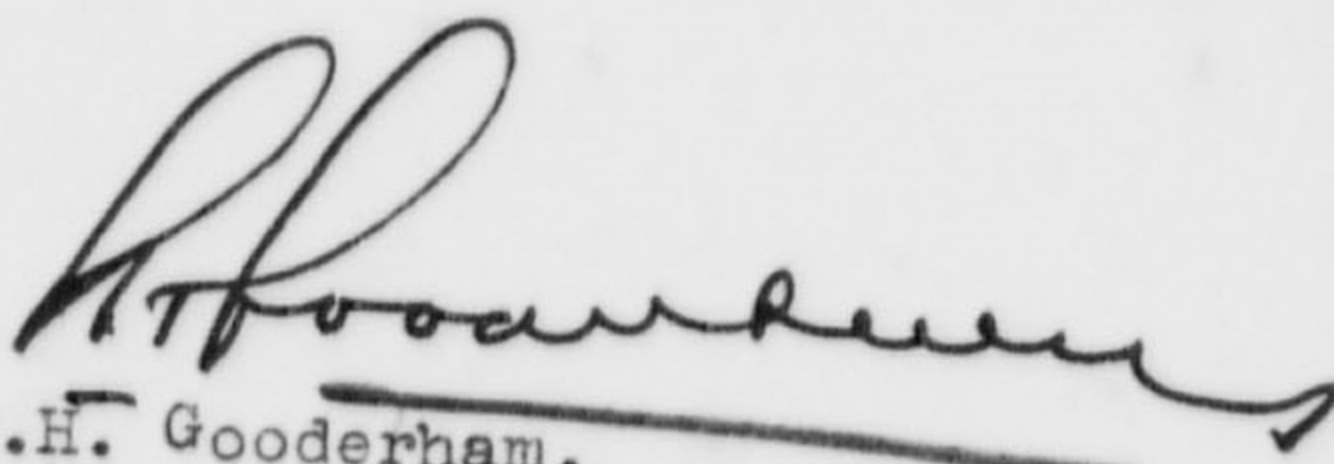

7

but to have him submit a tender on that basis. Then, in order to obtain a competitive tender we call in another tradesman who may have different ideas as to what work and materials are required, and he in turn will quote accordingly.

I am recommending that the rain leaders or drain pipe be repaired immediately because of the presence of sewer gas within the interior of the building. Although there is a vast difference between both quotations on this particular work I can see no alternative but to accept Mr. Edgar's tender.

With regard to the rest of the plumbing work, I can see no alternative but to try to get a plumber to do the work on a day labour basis, with the Department supplying the materials as required.

I do not feel that we will make any real progress with repairs to this school until it is viewed by a competent engineer who can prepare accurate specifications that will enable contractors to bid on the same basis. I therefore hope that you can arrange to have an engineer visit this school as soon as possible.

G.H. Gooderham,
Regional Supervisor of Indian Agencies.

Attn: Supt. of Education

Re: St. Cyprian Residential School

8705

Upon receipt of your Army Message of July 24th in which you asked for other tenders for the roofing and plumbing work required at the above school, I contacted Superintendent McMillan. I am now attaching copy of his letter of July 25th, together with copies of J. Edgar and Sons' tender on repairs to the rain leader, septic tank and roof flashing.

To summarize, Mr. Pearson has bid \$825.00 and Mr. Edgar \$425.00 to repair the drain pipes. Mr. Pearson has bid \$125.00 and Mr. Edgar \$75.00 to clean the septic tank. Mr. Pearson has bid on repairing the heating boiler and installing new grates in the hot water heater. Mr. Edgar has not bid on these. Mr. Edgar has bid on the roof flashing and Mr. Pearson has not.

Under cover of my letter of July 7th I sent you two tenders for reroofing both residential schools at Erocket. You will see that Mr. McMillan has not been able to obtain any more tenders on this work.

Quite frankly, we are getting nowhere with the repairs to these two schools for the simple reason that neither Mr. McMillan nor myself is competent to lay down accurate specifications that would enable contractors to bid intelligently on the same work. I am sure you will realize that these are sizeable structures and that it is unreasonable to expect a layman to decide specifically what repairs are needed and what materials should be used. Our only possible approach to a solution is to call in a practicing tradesman. He invariably recommends certain repairs and alterations and the use of certain materials, and we have no alternative.

Memorandum:

DEPUTY MINISTER

St. Cyprian's Indian Residential School,
 Sacred Heart Indian Residential School,
 Peigan Indian Agency, Province of Alberta,
 Electoral District of Macleod.

The above two buildings are of the same construction, and each of them requires a new roof. For a bonded tar and gravel roof on each school, Indian Superintendent McMillan has obtained the following tenders:

- (a) F. Neilson & Son, Calgary, Alta. - \$3,288.00
- (b) Charlton & Hill, 304 - 9th St. S.,
 Lethbridge, Alta. - \$2,394.00

As the information received from our officials indicates that a new roof is extremely necessary on both of the above mentioned schools, we recommend for the Minister's approval, the acceptance of the tender of Charlton & Hill, in an amount of \$2,394.00 for each school or a total of \$4,788.00.

Dear Colonel Neary:

Re: Services for inclusion in
Departmental Estimates, 1951-52,
St. Cyprian Anglican Indian
Residential School, Brocket, Alberta

It will be appreciated if you will make provision
in your 1951-52 Departmental Estimates for the following services
at the above school:

(a) Repairs to floors and walls of dormitories \$ 2,500

The repairs to the floors, which have been in
poor condition for some time, were requested for
inclusion in your 1949-50 and 1950-51 estimates

✓ (b) New roof for main building 2,500
Also requested for inclusion in 1950-51
estimates.

✓ (c) Repairs to brick chimney or stack 2,000
(if not carried out from 1950-51
appropriations)

✓ (d) Interior painting 500

(e) Painting of Outbuildings 500
Also requested for inclusion in your 1950-51
estimates

(f) Provision and laying of linoleum 100

Your File Est-1951-52

With reference to your letter of the 3rd instant requesting that certain amounts be provided in the 1951-52 Estimates for repairs and improvements at the above school, I supply the following information:

- (1) We have recently accepted a tender for a new bonded tar and gravel roof on this building, and it is understood that the work will proceed immediately.
- (2) We have only received one tender for the reconstruction of the chimney. An endeavour is being made to secure other tenders. In any event, a new chimney will be provided.
- (3) Indian Superintendent McMillan has been authorized to purchase paint at a cost of \$175.00 for interior painting as requested in your letter of July 18th.

Memorandum:

DEPUTY MINISTER

Re: St. Cyprian Residential School,
Peigan Indian Agency, Province
of Alberta, Electoral District
of Macleod.

Careful examination of the large chimney at the above school discloses the fact that the lower part of the chimney is cracked and that the base is rotted well to the centre. As a result, on windy days this chimney sways almost one foot each way. High winds are frequently experienced in this section of Alberta, and if the chimney fell it would hit the main building of the school.

Both Superintendent McMillan and Regional Supervisor Gooderham recommend that immediate action be taken.

Regional Supervisor Gooderham has obtained the following tenders:

1. Bird Construction Co., Lethbridge, Alberta:-

Completely demolish the present chimney and rebuild same on the existing base.....\$2,250.00

2. Walter Williams, Southern Alberta Chimney Sweep & Repairs, Strathmore, Alberta:-

Repair chimney and make it as good as new.....\$1,650.00

....2

Indian Affairs. (RG 10, Volume 6370, file 763-5, part 7)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

Regional Supervisor Gooderham recommends the acceptance of Mr. Williams' tender. I concur in this recommendation and submit same for the Minister's approval.

The work should be completed before the St. Cyprian School reopens on September 1st, and Mr. Gooderham states that Mr. Williams is prepared to begin work immediately.

Dear Colonel Neary:

Ironer for St. Cyprians Anglican Indian
School, Brocket, Alberta.

Confirming our discussion in your office this morning, hereunder is a copy of a telegram dated 6th Aug. 1950, from Canon Cook:

"Simplex ironer with D.C. motor supplied St. Cyprians unusable it draws sixty amps diesel can generate only thirty-five and insufficient reserve in batteries ironers not needed at Blood stop recommend Beatty model similar as shipped Japan stop please contact Neary and instruct Woods."

The Ironer referred to in the above quoted wire is a Beatty Model A, 110 volt $3\frac{1}{2}$ amps, retailing in Ottawa at \$189.50. It is emphasized that to operate at St. Cyprian it must be DIRECT current.

I understood from our conversation that you are prepared to place an order immediately for this Beatty Ironer and withdraw the Simplex Ironer.

Will you please confirm.

In regard to this surplus Simplex Ironer some weeks ago our Principal at Sioux Lookout wrote us that he had been advised by Mr. Swartman that you had informed him that you had been unable to procure quotations on a Thor Automagic or equal electric ironer powered by a 110 volt Direct Current motor. We are writing the Principal at Sioux Lookout to ascertain whether his power plant will stand a drain of 60 amps. for an ironer and, if he reports that it

Mr. G. H. Gooderham,
Regional Supervisor of Indian Agencies,
507 Public Building,
Calgary, Alberta.

St. Cyprian Indian Residential School.

1. Washing Machine:

We have received a telegram from the M.S.C.C. which they in turn received from Canon Cook, which reads as follows:

"Conner washer supplied Brockton too large for laundry recommend it be transferred to Blood where washer hopelessly outworn stop motor as supplied is direct current and alternating type necessary for Blood stop Ragan would approve transfer please see Heary and instruct Woods and Pitts."

We are prepared to approve the transfer of this machine from the St. Cyprian School to the St. Paul's School. Would you please check on the need for the machine at the Blood School and if you concur, would you please advise the two Principals and Superintendents concerned.

2. Ironer:

Another telegram was received from Canon Cook reading as follows:

"Simplex ironer with D.C. motor supplied St. Cyprians unusable - it draws sixty amps diesel can generate only thirty-five and insufficient reserve in batteries ironers not needed at Blood stop recommend Beatty model similar as shipped Japan stop please contact Heary and instruct Woods."

(Copies sent to Mr. Ragan and Mr. Macmillan)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

Would you please investigate the possibility of using this ironer at the Morley Residential School. It may also be possible for you to use it at another of your residential schools. We will expect to hear further from you in this regard.

The above two items of equipment will indicate clearly to you the necessity for complete details being sent to the Department by Indian Superintendents and Principals submitting requisitions, particularly for laundry equipment. We can only base our comments to the Departmental Purchasing Agent upon the information provided by principals and field officials.

I would strongly recommend that you place this matter on the agenda of your next Regional Supervisors' conference and that your officials be clearly instructed accordingly.

Bernard F. Neary,
Superintendent of Education.

Deputy Minister's Office

OFFICE OF THE
DIRECTOR

763-5 (E1)

DEPARTMENT OF CITIZENSHIP AND IMMIGRATION

12252

Ottawa, August 9th, 1950.

✓ Memorandum:

DEPUTY MINISTER

Re: St. Cyprian Residential School,
Peigan Indian Agency, Province
of Alberta, Electoral District
of Macleod.

Careful examination of the large chimney at the above school discloses the fact that the lower part of the chimney is cracked and that the base is rotted well to the centre. As a result, on windy days this chimney sways almost one foot each way. High winds are frequently experienced in this section of Alberta, and if the chimney fell it would hit the main building of the school.

Both Superintendent McMillan and Regional Supervisor Gooderham recommend that immediate action be taken.

Regional Supervisor Gooderham has obtained the following tenders:

1. Bird Construction Co., Lethbridge, Alberta:-

Completely demolish the present chimney and rebuild same on the existing base.....\$2,250.00

2. Walter Williams, Southern Alberta Chimney Sweep & Repairs, Strathmore, Alberta:-

Repair chimney and make it as good as new.....\$1,650.00

....2

Re: St. Cyprian Indian Residential School
Your file 763-5 (E)-Washing Machine

Superintendent Ragan is discussing this matter with Mr. Pitts and if the washing machine is found suitable for the St. Paul school, it will be transferred there.

Re: Ironer: We have written Mr. Wild today, giving him the specifications we have on the ironer, asking him to ascertain if it can be used effectively at the Morley Residential School. We are unable to contact him in any other way because a tornado which recently struck that Reserve, killing four people and injuring several others, has left them with no communication services other than mail.

We were guided in our request for equipment for the St. Cyprian and Sacred Heart Schools by the recommendation of Stanley Brock Limited. I am also informed by Superintendent McMillan that the new equipment supplied to the Sacred Heart school, which appears to be of identical size, is satisfactory. I believe both these schools are of the same size. The matter of supplying adequate and full specifications, with competitive quotations was discussed by Field Agent Battle with the Reverend principals who attended the conference at the Old Suns School recently. I note that you suggest that this matter be placed on the agenda of our next Regional Supervisors' conference and although I presume you mean the next Superintendents' conference, you can rest assured that this subject will be fully aired.

Dear Sirs:

Re: Purchase Order 57926

On the above Purchase Order you supplied us with
a 56" Simplex Master Ironer, all electric, 110 volt,
D.C. Motor.

When the ironer reached its destination, it was
found necessary to transfer it to another Indian
Residential School. The ironer was equipped with a
D.C. Motor and at the school to which it is being
sent, an A.C. Motor is required.

Is it possible to secure an A.C. Motor from your
firm for this particular machine? An early reply
would be appreciated.

Yours sincerely,

Colonel B.F. Neary
Supt. Education
Indian Affairs Branch
Dept. Citizenship & Immigration
Ottawa, Ontario.

Dear Colonel Neary: Ironer: Supplied to St. Cyprians School

Further to this office letter of August 9, 1950.

We have now received word from our Principal at the Sioux Lookout School that the Simplex D.C. Ironer surplus at Bocket draws too much current for use at the Sioux School. Other Principals have also informed us that they do not need this piece of equipment. Will you please therefore instruct us what you wish done with the ironer?

It is unfortunate that such an expensive piece of equipment was supplied the Bocket school especially when we asked especially for a much smaller ironer. It looks to me as though upon requisition from the Roman Bocket school duplicate equipment was supplied both schools. If the Simplex ironer is sent to a non Anglican school it would be appreciated if the value of same could be put to the purchase of new equipment for the St. Paul's (Blood) laundry. The equipment there (save a recently supplied washer) is in a dangerous and outworn condition.

Could you please confirm your arrangement, made in conversation with General ^{Turner} 9/8/50, to supply the Bocket School with a Beatty machine with a D.C. motor?

Yours faithfully,

Henry G Cook.

Re: Ironer, St. Cyprian School
Your file 753-5 (E)

The ironer supplied for this school is still
at the Peigan Agency.

As stated in our Army Message of August 28th,
if the Canadian Machinery Company can supply an A.C.
motor, they might ship it to the Morley Indian
Residential School. We would then have the ironer
shipped from Brocket to Morley and when the motor has
been exchanged, we could return the D.C. motor to the
Company.

QUEEN AND CHARLES STREETS

NEWMARKET, ONTARIO

October 19, 1950.

Department of Citizenship and Immigration,
Indian Affairs Branch,
Ottawa, Ontario.

Gentlemen;

5983
Attention - Mr. B. F. Neary,
Superintendent of Indian Education,
File #763-5 (E)

We are in receipt of a letter from you concerning a 56" Simplex Master Ironer, all electric, 110 volt, D.C. motor, as supplied by us to an Indian Residential School, under your direction.

In your letter you request a substitute A.C. motor in place of your present D.C. motor, for this piece of equipment. We believe that a 110 volt, 60 cycle, 1 phase motor will solve your problem. This motor will be one-quarter (1/4) horsepower.

At present we are in a position to supply this new A.C. motor on very short notice. However, there are just a few requests we must ask of your Department. As we do not know the present location of this machine, we would ask that you contact the School concerned and have them ship the present D.C. motor to our Home Plant here in Newmarket, as soon as possible. At the same time inform us (attention of this Department) the exact shipping address where the new motor is to be sent. This new motor will be shipped "Charge" and we believe the charge will be directed to your Department. However, will you please clarify this in your letter.

We also believe that the D.C. motor now on the machine has never been used. Upon receipt of this motor in our Plant, in unused condition, full credit will be directed to the Department concerned.

Hoping this will solve your problem with the least possible delay, we remain,

Yours very truly,
CANADIAN HOFFMAN MACHINERY COMPANY LIMITED.

Further your enquiry of the 5th inst
re the Purchase Orders No 57926, and 57927.
Vouchers 290 and 291 amounting to \$1503.46
and \$548.10, are enclosed.

Voucher 290 covering One Connor Washer is
shown as being supplied to St Cyprians School, but has been transferred
to St Pauls School Cardston. so the charge should go against that
School.

Voucher 291 covers Simplex Master Ironer
all Electric, which can not be run on the Motor at the School, and
is now in storage awaiting authority to transport it to some school
with Electricity available.

Anthony McMillan
Superintendent.

	price of \$1,612.40 for the two engines. In Paragraph 2 of Bruce Robinson's letter it is stated that these two engines could not be installed until January. However, we have received a signal from Regional Supervisor Gooderham reading as follows, dated October 26th: "Further to signal concerning power units Peigan schools, Bruce Robinson can supply two 10 HP Diesel Engines for \$1,612.40 net in two weeks." As the engine at the Sacred Heart School has broken down completely, necessitating the temporary close of school and as the condition of the engine at the St. Cyprian School is in poor shape, it would be appreciated if you would give this requisition immediate attention and place the order with Bruce Robinson at the earliest possible date.		

I hereby certify that I have personal knowledge that all the above articles are required in the Department and for Departmental purposes only. The expenditure required by this requisition is strictly unavoidable and the public interest will suffer if it is not made.

2	New 10 H.P. Tank cooled Diesel Engines		

NOTE: One of these engines is intended for the Sacred Heart Indian Residential School #759 and the other for St. Cyprian Residential School #763. We have just received a signal and a letter from Regional Supervisor Gooderham, advising that the diesel engines at both of the schools mentioned must be replaced at once. As a matter of fact, the engine at the Sacred Heart School has broken down completely, and it has been necessary to send the children home. Mr. Gooderham has received the attached letter dated October 25th from Bruce Robinson Electric Company, who offer to provide two new 10 h.p. 2 cylinder Lister Diesel engines, including labour charges and estimates repairs on the switchboards of the present units and taking present units in trade, at a net ...2

AIR MAIL

February 11, 1943.

Mr. G.H. Gooderham, Inspector of Indian Agencies,
Public Building, Calgary, Alberta.

We forwarded you a copy of our letter to the late Canon Alderwood dated July 15th, 1947 in connection with the erection of a new barn at the St. Cyprian's Indian Residential School. The Indian Agent was also advised about the matter and he subsequently advised us that he was assisting the principal in arranging for the new barn.

On October 4th we forwarded Mr. McMillan a telegram, a copy of which I enclose and following a telegram received from him we sent the Indian Agent an accountable advance of \$2,000.00 for labour. We heard nothing further from him regarding the barn until December when he forwarded a voucher requesting an additional \$500.00 over and above the \$2,000. advance. From the information on the voucher it appeared that either the principal or the Agent had made a contract with Mr. O. Playford for the labour. We requested and received a copy of this contract and I enclose copy of same for your information.

It was a very irregular procedure for the Agent to award a contract amounting to \$2,500. No official at head office can do this without the Deputy Minister's approval.

We are having some difficulty in having the account passed for payment by the Treasury Branch and we would appreciate it if you would let us have an early report on the barn, stating if you consider that we received full value for the money paid to Playford.

B
Bernard F. Neary
Superintendent of Education.

Attention B F Neary Esqr

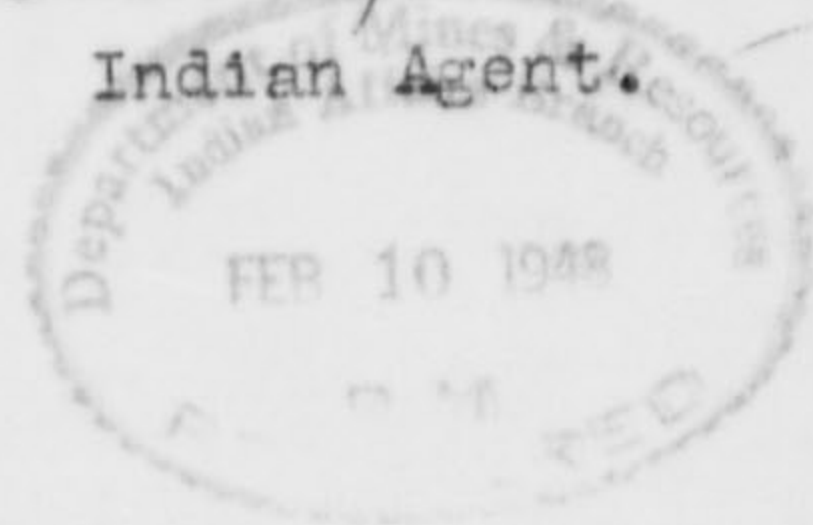

I beg to acknowledge receipt of your letter of 27th ult
File 116-1-5 (Wtl) regarding receipt missing from Voucher 17.

Mr Playford has been out in the country working and has
been very hard to contact, but I now enclose with this letter
signed receipt for \$1200.00 paid to him.

I regret that this was missed at the time.

I am having numerous enquiries from people who have supplied
materials for the St Cyprians Barn, as the reason for the delay in
their cheques, is it possible if they are to wait a little time that
I may be advised when they may expect same.

Anthony McMillan
Indian Agent.

Attention: Supt. of Education

Re: Barn - St. Cyprian's Indian Residential School,
Peigan Reserve.

This will acknowledge yours of the 11th, file
116-1-5 (E.1)

On reviewing the correspondence relative to the expenditure of an amount not exceeding \$4,995.00 for the erection of a barn at this school, it is noted that arrangements were made with the Secretary of the M.S.C.C. and their local representative at the Peigan Reserve, the Rev. Mr. E.S.W. Cole. Our Agent, Mr. McMillan was asked to assist and co-operate in having the work properly done and the total cost not to exceed the amount authorized.

We know Mr. McMillan carried out these instructions. He assisted Mr. Cole in securing the lumber. They got the services of Mr. Orin Playford, and Mr. Cole completed the contract which was submitted to you through the Indian Agency office.

As you no doubt are aware, the barn was erected on the site of a barn which was burned to the ground in 1946. At first it was thought that only a flat roofed building could be erected to replace this for the amount of money allowed, but the foundation was in such good condition that the contractor advanced more quickly in the replacement than expected, and it was possible then to put a good hip roof on it. Mr. Playford apparently was new in the district and wished to make a good name for himself. He proved to be a very capable builder and with his crew of four or five completed the building in about six weeks at a total cost of \$4,995.00 of which \$2500.00 was paid to him as per the contract of October.

On December 4, 1947, I inspected this building and was very well impressed with it. The workmanship was good. It was well equipped, and in my opinion the best value for the amount of money spent that I had seen in recent years. I complimented both the Agent and Mr. Cole on the very fine job they had done.

As for payment to Mr. Playford, it is hardly necessary to say that his contract was well within the amount that would be normally charged to a building costing \$5,000.00. As you know, labor costs on such invariably run to 60% of the total cost and in this instance, it is only 50%. I have no hesitation in recommending payment.

(Signed) G.H. Gooderham,
Regional Supervisor of Indian Agencies.

Mr. A. McMillan,
Indian Agent,
Brocket, Alberta.

We have your voucher No. 2 in favour of
S. Pearson covering repairs at the St. Cyprian's
Residential School.

No authority appears to have been obtained
before incurring this expenditure. I think you will
agree that it is impossible for the Department to
control our appropriation if unauthorized expend-
itures are made.

[Handwritten mark]

With reference to your voucher No. 38
issued in favour of Lafrance Fire Engine & Foamite
Ltd., the account includes an item of .50¢ for pre
paid freight. As no receipt was attached, present
regulations do not permit us to pay this item and
consequently we are forwarding the company a cheque
for \$13.50. If the company forwards a freight
receipt, the item of .50¢ will be paid later.

Indian Affairs Branch Dept of Mines & Resources Ottawa.

I beg to request that I may be advised
re the payment of Voucher 265 of December 2nd 1948 in favor
of the Royal Bank of Pincher Creek for \$500.00.

This has placed me in a very unfavorable
light with the Bank Manager there, as I led him to believe that
the Voucher would be paid by the end of January at the latest.

After reading a copy of the letter sent
forward to you by the regional Supervisor dated February 16th
1948, reporting on the barn where he advises you that the work
was well done, and he considered the labor well within the amount
that would be normally charged, I was led to believe that the
Voucher would be paid immediately you received his recommendation.

May I be advised as to when the Bank
may expect payment.

Memorandum re Voucher 265

It was originally understood that the barn would be built by day labour and consequently advance of \$2,000. was sent to the Agent. However, day labour was not obtainable and the Regional Supervisor and the Indian Agent considered it advisable to employ Mr. O. Playford. Attached to the voucher is correspondence in connection with the matter.

Authority for building the barn was given by the Minister in memorandum dated July 5th, 1947, on file 116-1-5.

We attach the following: Contract from Mr. Playford, letter of December 29th from the Indian Agent, letter of February 16th from the Regional Supervisor and Power of Attorney from O. Playford in favour of the Royal Bank.

A. MacMillan, Esq.,
Agent, Peigan Indian Reservation,
Brocket, Alberta.

Dear Sir:

On December 1, 1947 we advanced \$450. to Mr. O. Playford against money due to him from the government for construction work at the reserve. At the time you gave us your assurance that Mr. Playford had given you an order for the payment of the money due him, direct to this bank and that covering cheque would reach us in a matter of three or four weeks. As it is now over four months since this loan was arranged and as no word has been received by us from the government in connection therewith, we would ask you to investigate and advise us as soon as possible when payment will reach us.

Yours truly,

Manager.

Attention B F Neary Esqr.

I beg to advise that I have received from the Royal Bank of Canada at Pincher Creek, a letter regarding the balance of Funds owing by the Branch to Mr Playford, for which he signed an affidavit sent by the Branch to turn this money over to the Royal Bank.

At the completion of the work on the St Cyprians Barn he asked me to advise the Bank of the amount owing to him, so as to get a loan for his shop. Some correspondence resulted re the amount, but I considered the matter closed, and payment would be made when I received a copy of Mr Gooderham's letter to the Indian Affairs Branch of File 116-4B-4 of the 16th of February, when he recommended payment.

Can I be advised as to when payment will be made, and I am enclosing the letter from the Bank Manager.

Attention: Supt. of Education

Re: Barn - St. Cyprian's Indian Residential School,
Peigan Reserve.

This will acknowledge yours of the 11th, file
116-1-5 (E.1).

On reviewing the correspondence relative to the expenditure of an amount not exceeding \$4,995.00 for the erection of a barn at this school, it is noted that arrangements were made with the Secretary of the M.S.C.C. and their local representative at the Peigan Reserve, the Rev. Mr. E.S.W. Cole. Our Agent, Mr. McMillan was asked to assist and co-operate in having the work properly done and the total cost not to exceed the amount authorized.

We know Mr. McMillan carried out these instructions. He assisted Mr. Cole in securing the lumber. They got the services of Mr. Orin Playford, and Mr. Cole completed the contract which was submitted to you through the Indian Agency office.

As you no doubt are aware, the barn was erected on the site of a barn which was burned to the ground in 1946. At first it was thought that only a flat roofed building could be erected to replace this for the amount of money allowed, but the foundation was in such good condition that the contractor advanced more quickly in the replacement than expected, and it was possible then to put a good hip roof on it. Mr. Playford apparently was new in the district and wished to make a good name for himself. He proved to be a very capable builder and with his crew of four or five completed the building in about six weeks at a total cost of \$4,995.00, of which \$2500.00 was paid to him as per the contract of October.

On December 4, 1947, I inspected this building and was very well impressed with it. The workmanship was good. It was well equipped, and in my opinion the best value for the amount of money spent that I had seen in recent years. I complimented both the Agent and Mr. Cole on the very fine job they had done.

As for payment to Mr. Playford, it is hardly necessary to say that his contract was well within the amount that would be normally charged to a building costing \$5,000.00. As you know, labor costs on such invariably run to 60% of the total cost and in this instance, it is only 50%. I have no hesitation in recommending payment.

G. H. Gooderham,
Regional Supervisor of Indian Agencies.

Indian Affairs Branch Dept of Mines & Resources Ottawa.
Attention B F Neary Esqr.

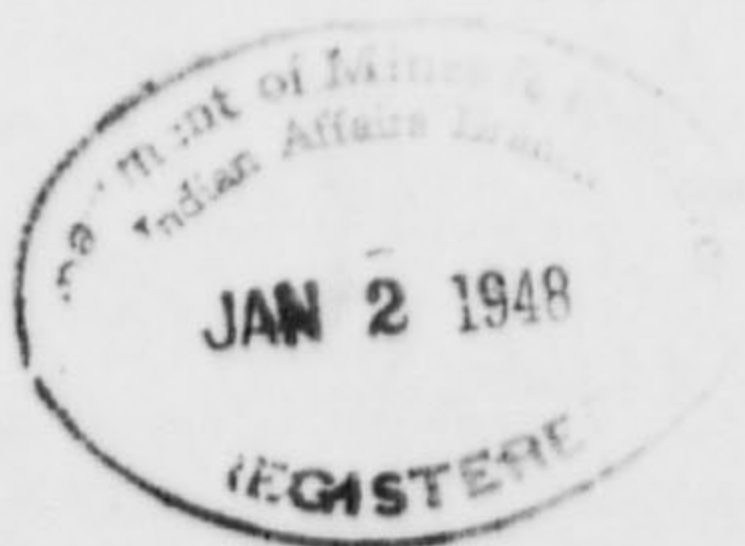

I beg to acknowledge receipt of your letter
File 116-1-5 (WT 1) of the 16th inst.

I am enclosing herewith a copy of the Contract
made between Orrin Playford Esqr and Rev E.S W Cole for the labor
in building the Barn at the St Cyprians School, also the affidavits
from Orrin Playford, authorizing the payment of the enclosed
Voucher to the Royal Bank of Canada Pincher Creek.

In regard to the Labor, Rev Cole advised me
that he had contacted Playford after I had mentioned his name to
him and made out a Contract with him for the building of the
Barn Labor only, and that Mr Playford would take care of his
helpers, Mr Playford, drew through this Office during the building
of the barn, cheques for \$1200.00 and \$800.00, and this Voucher
is the balance of monies due him.

We have no track of his payments, to anyone,
as we were so glad to get this work done, that the Principal made
the Contract with Playford for the completion of the Barn, and I
with the Principal made an inspection of the Barn when completed,
as did the Regional Supervisor on his visit to this Agency, every
one was well satisfied with the work.

I am placing one copy of Contract, and one
Copy of Affidavit on File and forwarding the balance to you.

Colonel Neary:

Reigan (C.E.) Indian Residential School:

In this school more space is needed.
I suggested Pearce Bldg # 3 for the R.C.
School. St. Cyprian's should be satisfied
with No. 34 which has some features much
needed at the central site.

With these additions (including full
basements) the Department will obtain
additional accommodation at much less
per cubic foot than new buildings would
cost, and will then possess school plants
which can cope with the situation for
at least five years.

ADDRESS ALL COMMUNICATIONS
TO THE SUPERINTENDENT
~~REV. CANON H. G. COOK, D.D.~~
Rev. Canon H.G. Cook, D.D.

June 24, 1948.

Colonel B. F. Neary,
Superintendent of Education,
Indian Affairs Branch,
Department of Mines & Resources,
Ottawa, Ontario.

Dear Colonel Neary,

Our Principal at St. Cyprian's Residential School, Brocket, and now General Turner, who is on an inspection trip of the Administration's western schools, both report the urgent need for the installation of a new and adequate pressure tank for the school water system. This is necessary not only for water for drinking and washing purposes but for fire protection, an ever-present hazard at a school so far removed from municipal utilities.

It is understood that the local Indian Agent plans to get particulars and submit recommendations. It is respectfully asked that this matter be considered as urgent.

Yours faithfully,

Henry J. Cook
Superintendent.

Mr. A. McMillan, Indian Agent,
Brockton, Alberta.

We are informed by Reverend Canon Cook, Superintendent of the M.S.C.C., that the management of the St. Cyprian's Residential School is urging the installation of a new and adequate pressure tank for the school water system.

We would appreciate hearing from you regarding the above matter.

Bernard F. Neary
Superintendent of Education.

Attention B F NEary Esqr.

In reply to your letter of the 26th June 1948 File 116-1-5 re the Pressure tank at the St Cyprians Residential School.

A short time ago one of the tanks started a leak and I had the plumber disconnect the tank and place the fittings directly to the other, and asked the plumber to get a price on another Tank, which he is now doing; the tank now in use has been repaired at times. the tank is shown on my letter on what has been allowed for this year, and with the wall having to be out to get a new tank in will run high.

In regard to the school as a whole I am rather in a quandry, as practically all the time I am dealing with the Farm Instructor, or a junior member of the staff; as with Rev Cole being appointed to Gleichen, and only coming on short visits about two weeks apart, I have not much chance in an emergency, would it not be possible for the Macc to decide on a new Principal. or place authority in someone at the school.

Anthony McMillan
Indian Agent.

Answered
I have been in touch with the Principal of St Cyprians Indian Residential School regarding the Estimates for this year, and was advised during Mr Turner's visit here that \$3000.00 had been allowed for each school.

On this basis I discussed with the Farm Instructor, who is the only responsible man there re what they wished to have done and the following is their request.

Root House	\$450.00
Overhaul	300.00
Painting Barn	\$1000.00
Pressure Tank	800.00
Emergency	450.00
	<u>3000.00</u>

OK
Lister Bruston Engine.

The prices shown are just Estimates, and may be more or less, but have taken no bids till I receive instructions that the above sum is allowed.

May I have your instructions regarding the amount allowed, and also which manner you wish me to have the estimates done, such as by Requisition or local purchase, and accountable cheques.

Attention B F Neary Esqr.

Mr. Anthony McMillan, Indian Agent,
Brocket, Alberta.

We have your letter of the 3rd instant, file
116-11-6, with reference to improvements required at
the St. Cyprian Indian Residential School.

You have already received the letter advising
you that a member of the Donald Inspection Limited
will visit the St. Cyprian Residential School. We
will delay action on the contents of your letter until
we receive that report.

Mr. Anthony McMillan, Indian Agent,
Brockton, Alberta.

I desire to refer to your letter of July
3rd and my reply of July 12th with reference to
the St. Cyprian Indian Residential School.

I note that you consider the Lister engine
requires an overhaul. You can arrange to have the
work done, on the understanding that the cost
will not exceed \$300.00.

Bernard F. Neary
Superintendent of Education.

Rev. Canon Henry G. Cook

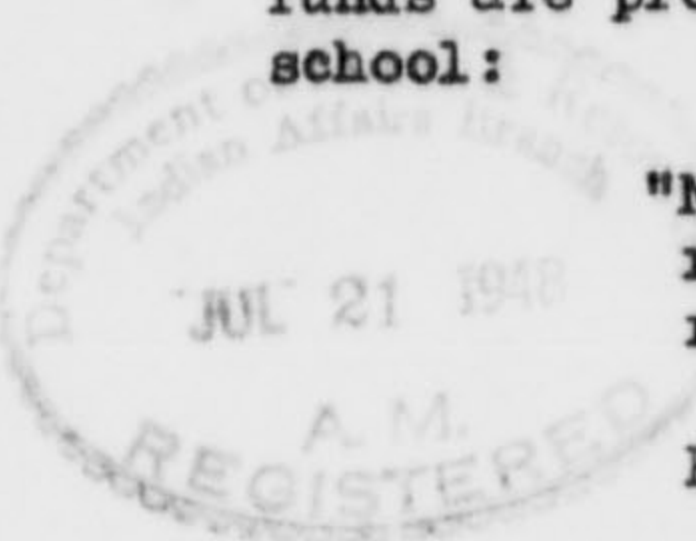

Colonel B. F. Neary,
Supt. of Welfare & Training,
Indian Affairs Branch,
Department of Mines & Resources,
Ottawa, Ont.

Dear Colonel Neary:

Repairs, etc.
St. Cyprian's Anglican Indian
Residential School, Brocket, Alta.

Early in April, 1948, you advised me that the following funds are provided in your estimates, 1948-49, for the above-named school:

"New roothouse and painting and repairs to staff rooms and residence	\$3,000.00
Refrigeration equipment	850.00"

I have just received word from this school that they are worried about the roothouse as your local Agent informs them that he has not yet received any authority for this work. I can assure you, from personal inspection, that the present structure is not only useless but is unsafe for anyone to enter. As the school has $1\frac{1}{2}$ acres of potatoes planted, in addition to other vegetables, it is of great importance that the roothouse be rebuilt before the crops are harvested and it is requested, therefore, that your Agent be given authority to proceed with the work of rebuilding as early as possible.

The report from the school also contains the following:

"There are several small repair jobs around the school which really should be attended to while the children are away; for example, some tables in the children's dining room need bracing and a few extra tacks and a coat of paint. Some places in the lower part of the dining room walls need patching with plaster and the whole lower half painting. The wash rooms need cement repairing, the kitchen also should have a coat of paint on the lower part and the floors of the halls and stairs around the battleship linoleum need stain varnishing, etc. etc."

p.t.o.

Indian Affairs. (RG 10, Volume 6370, file 763-5, part 8)

PUBLIC ARCHIVES

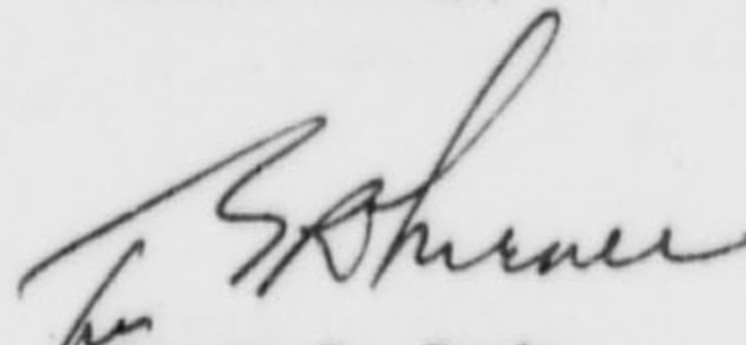

ARCHIVES PUBLIQUES

CANADA

It is requested that your Agent be authorized to have these minor repairs and painting carried out during the holiday period this summer. It is not very desirable to have wet paint around while small children are in residence if this can be avoided by carrying out the work when they are away.

May I be advised as early as convenient as to what you can do in regard to the above services.

Yours truly,

Henry G. Cook
Superintendent

Indian Affairs. (RG 10, Volume 6370, file 763-5, part 8)
